John Bartlett the champion Sunbury bear killer on the 7th inst., near his home at Maugerville, shot a mother bear and despatched her three cubs with his axe, in almost as short a time as it takes to tell the story. Cropley to give more attention to the *Capital*.

Among the successful stories which have appeared in the Ave Maria during the past year, says the Boston *Republic*, are a number from the pen of Miss Mary Crowley. These, together with an interesting sketch called "A Family Frolic," furnished by the same writer to the Ladies Home Journal of Philadelphia, are, we are happy to announce to be issued in book form, early in the spring. [This book will be on sale at the well known bookstore of T. O'Brien & Co., St. John.]

McCready will be returned by acclamation; in Carleton Ward the candidates are Ald. Estey, P. Farrell and M. S. Hall; in Queens Ward Ald. Macnutt and John Moore are the only candidates who have yet issued their cards, and in Kings Ward there is no opposition to Alds. Richey and McKay.

R., and other members of the High Court.

The Calais correspondent of the *Courier*, says: Our community was somewhat agitated on Sunday last, and more or less since, over the disappearance of a young man named Clendennin, belonging to Fredericton, N. B., and up to the time of writing, no tidings of the missing youth had been obtained. Young Clendennin, with his parents and two brothers, had been here for several weeks on a visit to a relative, and the family were about to return to St. John when the sad occurrence took place. Searching parties were then organized and search made in all directions, but as yet no clue of the missing one has been obtained. A deranged mind is supposed to be the cause of his disappearance. A reward of $50 has been offered by the parents for the recovery of the young man dead or alive.

A "death" meeting was held in the Salvation Army Barracks last Sunday evening. Many touching death-bed scenes were given by the members of the Army. To-night they hold a "narrow escape" meeting, which, no doubt, will be interesting to those who will attend. Capt. Jewer expects the Household Troops' Band, 26 strong, here about the 26th February. They have been received with crowded houses everywhere in their tour in the Dominion, and they are pronounced by the press a fine musical organization.

The magic lantern entertainment by Rev. J. C. Titcombe in the Church Hall, will be repeated this evening, and the price of admission has been reduced to 10 cts. for adults and 5 cts. for children. Ticket holders of last night will be admitted free. The views this evening will be an entire change from last night's. The entertainment is well worthy of patronage and the Hall should be packed this evening. Music will be given during the evening by the young ladies of the Mission Band under whose auspices the entertainment is to be held.

This is the way a lady correspondent of the Lewiston *Gazette*, writing from Calais, writes about society growth on the St. Croix:—"Miss Smith's party Wednesday evening was a charming success. It was given in honor of Mr. Herbert Tilley, son of Sir Leonard Tilley of the Provinces. 'A room full of pretty girls,' was the verdict of all present. It was generally conceded that Miss McNicol, daughter of Hon. A. McNicol, was the belle on this occasion. She is a tall, slight, fair girl, with a mass of golden hair, a pleasant girlish face, and quiet, easy manners. She sings like a lark."

The members of the Farmers' Association were entertained at supper at the Queen Hotel, by the agricultural society, district 34, Friday evening. The dining hall of the Queen presented a magnificent appearance, the tables being well arranged and decorated with flowers. The supper was an enjoyable affair. President Inches of the local society presided, having on his right Sir Leonard Tilley and on his left President Peters of the Association. The vice chairmen were Harry Beckwith and M. Tennant. The following toasts were honored: The Queen, the governor general, the lieutenant governor (responded to by his honor) the Provincial Farmers' Association (responded to by President Peters), the government of the province (responded to by R. Bellamy, M. P. P.), the bench and bar (responded to by Judge Stevens and Geo. F. Gregory), agricultural interests (responded to by C. H. Lugrin), the mayor and corporation (responded to by Mayor Hazen), the municipal council (responded to by Coun. Pinder), the ladies (responded to by Mr. Gellibrand, Mr. Hubbard and Mr. Hall). The dinner was a great success and the speeches were excellent.

Mr. E. S. Williams, the Superintendent of Construction C. P. R. Tel. Co., arrived at Fredericton Junction yesterday morning, and at once set to work putting in the office into Mr. Shehan's hotel, and by seven o'clock in the evening connection was made with Montreal, when a spirited conversation was kept up with the different operators along the line, in which all were pleased at the early completion of the work, many enquiries being made as to where Fredericton Junction was. The new line works very finely, showing it to be constructed in first-class order, good insulation, and reflects great credit on Mr. Williams, who is much pleased with the result. Mr. J. T. Buchanan manipulated the key at Fredericton Junction, assisted by Mr. J. Small, the Fredericton Agent of the C. P. R. The office is now opened for business at Fredericton Junction, this being the first office in New Brunswick. To-day Mr. W. J. Camp, chief electrician, accompanied by Mr. F. Richardson, will arrive from St. John to commence the fitting up of the office here. Mr. Geo. C. Hatt will be Mr. Small's assistant. It is the intention of the company to place an office in the Parliament buildings during the session.

The death is announced of Mr. Thomas Wetmore Bliss at Richibucto, on the 17th inst. He was a native of Fredericton, and brother of Mrs. G. G. Roberts. He has been practising as a Barrister and Notary at Richibucto for a great many years, and has also filled the local offices of Registrar of Probates and more recently of Stipendiary Magistrate, with great acceptance to the people. At one time he also acted as Sheriff of the county. In his early life, Mr. Bliss was one of the most active, as he has ever been one of the most earnest advocates of temperance in New Brunswick. In 1852-3, he filled the office of Grand Worthy Patriarch of the Grand Division of S. of T., when that Society was a great power in the land, and both by precept and example has constantly endeavored to advance the work. Kind, courteous, hospitable and warm hearted, all who knew him will be sorry to hear of his demise. Like his brother, the late Clerk of the House of Assembly, Mr. Bliss died suddenly. He had not been very well for a day or two, but was able to go about as usual. On Thursday night at nine o'clock, he was stricken with apoplexy and he died at eleven. Mr. Bliss was a widower. His wife, who was a Miss Taylor of Fredericton, died some years ago. He leaves three sons, two of whom live in Kent, and the third is in the west. He was about 70 years old.

Halifax Curlers.

Preparing for the Bonspeil.

(Halifax Mail.)

A special meeting of the Halifax curling club was held last evening in the rink. There was a large number in attendance. The following named were decided upon to play in the bonspeil on the 5th, 6th and 7th of February next:—

J. G. Morris,	S. Howe,
L. R. Kaye,	A. C. Edwards,
J. P. Dillon,	H. P. Fidler,
C. J. Kerr,	J. Muirhead,
Aubrey Smith.	

The last two were appointed skips.

The following places will be represented in the match:—St. Stephen, Fredericton, St. John (2 clubs), Moncton, Truro, New Glasgow, Stellarton, Pictou and Halifax.

Committees were appointed as follows:

Reception—Hon. Wm. Rose, J. Symons and Aubrey Smith.

Ice—Ald. Pickering, Sheriff Archibald, W. H. Neal, Jr., A. Brown, Aubrey Smith and H. B. Fidler.

Stones—L. D. Wier, C. W. Tupper and J. G. Sievert.

Sir John Ross and Lieut. Governor McLelan were elected honorary members. A number of names were added to the membership roll.

The cup offered by the Halifax club for the winning team in the bonspiel, has arrived and is on exhibition in M. S. Brown & Co.'s store window, Granville street in that city. The trophy consists of a very handsome punch bowel, in the form of a full sized curling stone of polished silver, with a belt of satin relief and ebony handle; the tap is of rustic silver and the spigot in the form of a thistle. The bowel is supported by two pairs of crossed besoms of whitened silver, each pair joined with a ribbon of polished silver, the one in front bearing the words "a canny draw." The name of the winning team will be inscribed on the other ribbon; under the bowel is silver lamp. The whole is mounted on a base of polished silver. The cup was imported by Brown & Co., who have given the Halifax club the greatest satisfaction in the splendid selection they have made, and (says the *Chronicle*) visiting curlers will be delighted when they behold the magnificent prize which goes to the lucky winning club.

Over 1,000,000 acres of land held by companies for grazing purposes, has been thrown open for lease or settlement by the government, the companies having failed to comply with regulations.

A CARD OF THANKS.

(*To the Editor of the Farmer.*)

DEAR SIR.—Will you kindly allow me space to express my heartfelt thanks to the many generous friends through whose benevolence my dear son was supplied with all needful comforts during his long illness, and buried at last with every token of respect and love. For the christian sympathy which cheered him on his bed of sickness, and which comforted me in my bereavement, and for the help which has so lightened my heavy burden, I can find no fitting words to express my gratitude to *all* the kind friends God sent me in my time of need, but I think it my duty to name one, Mr. A. L. F. Vanwart, the Undertaker, who, free of all charge, furnished a beautiful casket and performed all the necessary duties of his office with as much care as he could have done for his wealthiest patron. May God reward all who for the love of Christ our Lord, have been "a strength to the needy" in the time of distress and trouble.

The Electric Light Question.

(*To the Editor of the Farmer.*)

SIR.—I read, with interest, a "Heavy Taxpayer's" letter in the FARMER of the 9th inst. I hope the citizens will give no uncertain sound on this electric light question. Our assessment is already heavy enough without adding $2,500 or $3,000 additional to it for something that is not wanted. Our city is now lighted well enough. We are an orderly community, not like a seaport town, and people now have no difficulty in getting around the town at night. If extra money is to be spent I would prefer to see it go on the roads and sidewalks where necessary repairs are required. Of course both electric light companies will endeavor to have as large a vote polled in favor of the adoption of their light as they can, so it is the duty of every citizen to go to the polls and vote against this extravagant and unnecessary expenditure. If they do not do so, they will have themselves to blame for an increase in their taxes.

ST. ANN'S WARD.

Fredericton, Jan. 21, 1889.

What Electric Lights for the City will Cost.

(*To the Editor of the Farmer.*)

SIR,—On Monday next the ratepayers of this city are asked to go to the polls in their respective wards and record their names in favor or against the lighting of the streets of this city with electricity. Believing that the great majority of the people do not understand what the proposed change really means, I wish to point out the difference in cost of the two systems of lighting. There are now 53 gas lamps on our streets at an annual cost of $1,300. The tenders for electric lighting of the streets, submitted to the City Council last year, were at the rate of $73.20 per light for one year. I am reliably informed, however, that should electric tenders again be invited, the price will be at least 25 per cent. greater, which would bring the cost of each light up to $91.50 a year. At this rate 38 lights, (a sufficient number to put a lamp on every corner on Queen street and one on every alternate corner over the remainder of the city) for one year, would amount to $3,477, or $2,177 more than it now costs to light the city with gas. But even if this were done, just one half the people would be dissatisfied, and there would soon be a general demand for a light on every corner, which sooner or later would be complied with. To substitute each of the 53 gas lamps with an electric light would increase the cost to the city from $1,300 to $4,850, over one tenth of the whole assessment, and nearly as much as it now takes to pay the annual interest on our water debentures. I do not wish to occupy your space further, and have stated the above facts in order that the ratepayers may not be hoodwinked by such misleading articles as have appeared in some of the papers. If you do not want your taxes increased ten per cent. vote against electric light on Monday next.

Inspector Howe was heard before the Board and made a very lengthy speech showing how certain newspaper reports had interfered with the success of his labors. He entered into minute details of certain cases to prove that he had not been a partisan officer, as charged in certain quarters.

Coun. Colter made a lengthy speech, concluding by asking Inspector Howe if he would resign if a majority of the Council desired him to do so.

Mr. Howe replied that he would give a definite answer next morning.

On the following day Inspector Howe was again heard before the Board, and brought his remarks to a close by handing to the Warden the following communication:—

I hereby tender my resignation as Scott Act Inspector of the County of York,

W. T. HOWE,
Scott Act Inspector.

On motion of Coun. Colter, seconded by Coun. McElroy, the resignation was accepted.

At a later stage of the meeting Coun. Nason moved seconded by Coun. Rowley, that the Council do agree to order to be paid out of the Scott Act fines, all legally incurred and properly audited accounts of expenses for enforcing said Act, the claims of parties who have secured convictions to be first in order considered—said claims to be passed upon at the first session of this Council after they have been incurred. The resolution was carried.

A good deal of excitement has been caused by a military arrest which occurred at the Quebec Citidal shortly after church parade at the English cathedral on the 13th inst. The Protestant members of "B" Battery, Royal School of Artillery, and of the Cavalry School parade together for church, and it is said that the present difficulty is the outcome of jealousy between the officers of the two schools. Major Short, who is commandant of "B" Battery, and second in command in the citidal to Col. Montizambert, is said to have failed to salute or report to Col. Turnbull, of the cavalry corps, the senior officer on parade, when the men of the two corps formed up after divine service on Sunday morning in the cathedral. At all events, Col. Turnbull turned and said to Short: "Consider yourself under arrest, sir." The gallant major who is well known for his exploits in the Northwest, handed over his sword to Captain Farley, and has been confined to barracks ever since. Meanwhile on Major Short's appeal, the whole affair has been reported to Ottawa for the decision of the general commandant. The Department of Militia is waiting for Major Short's version, General Middleton says he will settle the matter when he receives a reply from Major Short. He supposed it would not be a serious matter. There had been a little outburst of temper in the case, and it would not mean a hanging affair for either officer.

Don't Hawk, Spit, Cough,

suffer dizziness, indigestion, inflammation of the eyes, headache, lassitude, inability to perform mental work and indisposition for bodily labor, and annoy and disgust your friends and acquaintances with your nasal twang and offensive breath and constant efforts to clean your nose and throat, when Dr. Sage's "Catarrh Remedy" will promptly relieve you of discomfort and suffering, and your friends of the disgusting and needless inflictions of your loathsome disease?

Buildings to the value of $3,447,000 were erected in Montreal last year.

By an accident on the Northwestern Railway in Michigan, Monday, Governor Macdonald of that State a native of Nova Scotia, was almost instantly killed.

India is not merely competing with other grain-growing countries for the supply of the British markets with cereals, but is also threatening to become a very formidable rival to both British and American manufacturers in the production of cotton goods. The number of factories which have been established in Bombay and the surrounding districts is already large and is rapidly increasing. The supply of cheap labor is practically unlimited and much skill is being developed among the native operatives.
