SURPRISING CURE.

Gentlemen. - About twelve years ago. while travelling with Father Kemp's Old Folks Concert Troupe as a tenor singer, I took a severe cold and was laid up at Newark, N. J. This cold brought on a severe attack of Catarth, which I battled with a severe attack of Catarrh, which I battled with every known remedy for four weeks without avail, and was finally obliged to give up a most desirable position and return home, unable to sing a note. For three years afterwards I was unable to sing at all. The first attack of Catarrh had left my nasal or-gans and throat so sensitive that the slightest cold would bring on a fresh attack, leaving me pros-trated. In this way I continued to suffer. The last attack, the severest I ever had, was terrible. I suf-fored the meet ever had, was terrible. I suffered the most excruciating pain in my head, was so hoarse as to be scarcely able to speak, and coughed incessantly. I thought I was going into quick consumption, and I firmly believe that had these symptoms continued without relief they would have rendered me an easy victim. When in this distressing condition, I commenced the use of SANFORD'S RADICAL CURE FOR CATAREN, very reluctantly, I confess, as I had tried all the advertised remedies without benefit. The first dose of this wonderful medicine gave me the greatest relief. t is hardly possible for one whose head aches, eyes ache, who can scarcely articulate distinctly on ac count of the choking accumulations in his throat, to realize how much relief I obtained from the first application of SANFORD'S RADICAL CURE. Under its influence, both internal and external, I rapidly recovered, and by an occasional use of the remedy since, have been entirely free from Catarrh, for the first time in twelve years.

Respectfully yours, GEO. W. HOLBROOK.

We understand that many of the gentlemen who signed the requisition asking Mr. Tilley to stand for St. John City, did so under the impression that he would run as an independent candilate. A large number of the old "Tilley Liberals" joined in the requisition, and these declare that if he comes out under the ægis of "the Liberal-Conservative Chieftain," Sir John Macdonald, they will neither support him

nor work for his election. It is, therefore, to be hoped that Mr. Tilley will not, when he declares his political platform, disappoint his many friends by expressing his willingness to condone the offences by which Sir John disgraced Canada and he, himself, lost much ground as a public man.

It is true that many of Mr. Tilley's friends have refused to believe that he was guilty of personal knowledge of or complicity in the political crimes of the late Government, and when he defended Sir John, in that matter, it is believed that he had been deceived by that wily leader into a belief in his innocence.
