A valued correspondent sends the following Report :- The Annual Methodist Meeting of the Miramichi District was held in Bathurst on Wednesday and Thursday of last week, according to announcement. Rev. H. McKeown, Chairman of the District, presided over the exercises which opened with prayers and thanksgivings to the Great Head of the Church for the many tokens of his favour through the year. The most important part of the work of the District, was the examination of ministeral character, and of the candidates. All present felt the solemnity of this trial, and at its close were prepared to offer to God gratitude and praise for the satisfactory state of each brother, and for the blessings of his Providence and grace, with which they had been favoured through their year of toil. The Annual Reports were received from the different circuits, showing the total amount of expenditure for ministerial support, to have reached the handsome sum of \$4.680,00. From the spiritual gratefully to record a large increase of membership. Congregations are encouraging, and increased accommodations are very much needed in many places. Letter from the Pope.

West Coast, Ireland

Mr. Laflamme, Minister of Justice, ha received the following letter from Leo XIII, in response to a congratulatory ad- \$5.00. dress forwarded to Rome by the Catholic members of the federal cabinet on the occasion of His Holiness' elevation to the Pontificate:

To our well-beloved sons, the Hon. Rudolphe Laftamme, Minister of Justice, and the other Catholic members of the Council of the Governor-General of Canada, at Ottawa.

Our well-beloved sons, greeting, and

apostolic benediction! If the manifestations of affection on the part of the desires to express its deep sympathy with | faithful always inspire us with the most | agreeable emotions, surely we must give a first place in importance to those emanating from men entrusted with the management of public affairs, for we have good reason to expect from their pious counsel and their good works, a substantial profit not alone for the Catholic religion, but for society, because "Justice elevates the people," and we whose every wish is for the people's good, were greatly pleased with your expressions of attachment; and as acknowledgement, we ask for you assistance from heaven, as well as its favors. In the mean time as surities for those favors, and at the same Staple Tinware, Stoves and Fittings, time, as the radiance of our fraternal and special watchfulness, we very affectionately bestow upon each one of you, wellbeloved, our apostolic benediction. Given at Rome, at St. Peter's, 6th May, 1878,

Liver is King.

The Liver is the imperial organ of the whole human system, as it controls the life health and happiness of man. When HIOUT it is disturbed in its proper action, all kinds of ailments are the natural result. The digestion of food, the movements of the heart and blood, the action of the brain and nervous system, are all immediately connected with the workings of the Liver. It has been successfully proved that Green's August Flower is unequalled in curing all persons afflicted with Dyspepsia or Liver Complaint, and all the numerly in old ground flours, the holders of ous symptoms that result from an unhealthy condition of the Liver and Stomach.
