The fiscal policy of the Opposition an improved pad for the ox to butt has usually been expressed in such against, and he might develop the idea vague, meaningless resolutions and speeches that the public have had much difficulty in getting a clear idea of its meaning. Fortunately, however, the leader of the party, Sir John Macdonald, once came down to something England, and coming into use in Amerpractical. In a speech in the Province of Quebec, not long ago, after speaking | have a right to their tails to fight flies; of the obstacles presented to Canadian trade by the United States tariff, Sir John said

"We were in favor of an exchange across and cease to wag his tail, and this the border on equal terms, of the products | quietude will react upon the health of of the two countries, but we said then, and we say now, the policy is this: If the United States will not grant us reciprocity of trade let us have reciprocity of tariffs. (Cheers and cries of 'correct,' 'that's it,' etc.) If they shut the door absolutely and positively against us, if they will raise up a Chinese wall by which not a single article you produce can go untaxed, WE WILL RAISE to be about equally divided between A SIMILAR WALL."

We here give, on Conservative authority, a comparison of the present Canadian tariff (which most tax payers think is quite high enough) and the "Chinese wall" tariff which it is Sir John's avowed policy to establish in Canada. The comparison only covers sixty articles; a fuller and better one might be made, but we take this because it is from Conservative authority. and therefore its fairness cannot be challenged: Canadian American

The Miramichi Taxationist.

The Freeman says: The canvass in Miramichi, we are told, is very active, but the papers are extremely dull, especially the Advocate, which this week makes a dull, stupid attack on Mr. Snowball, makes another complaint about the fishery regulations, republishes part of Mr. Tilley's Carleton speech, and dwells lovingly on that part in which Mr. Cartwright is groundlessly charged with having opposed the commutation of the New Brunswick export duty, and publishes another letter complaining of the waste caused by the Americans who use immense seines in which great quantities of fish too small for their market are caught. These, after the large fish are sorted, are thrown overboard. The Advocate persists in pretending that the Dominion Government could do some thing to prevent this waste. It calls Mr. Mitchell the people's candidate. The man who receives the majority of votes is the people's candidate. The Advocate does not say much about the National Policy and the increase of taxation by way of Protection, of which Mr. Mitchell is now an advanced advocate. The less said about Protection in Northumberland the better for the Protectionist candidate. Mr. Mitchell and the Advocate know that Protection would be ruinous to Northumberland, and, therefore, they say little about it; but, nevertheless, he who votes for Mr. Mitchell votes for taxation.

Medical.

SANFORD'S RADICAL CURE FOR CATARRH is a safe, certain, and permanent cure for Catarrh of every form, and is the most perfect remedy ever devised. It is purely a vegetable distillation, and is applied locally by insufflation, and constitutionally by internal administration. Locally applied, relief is instantaneous. It soothes, heals, and cleanses the nasal passages of every feeling of heaviness, obstruction, dulness, or dizziness. Constitutionally administered it renovates the blood, purifies it of the acid poison with which it is always charged in the acid poison with which it is always charged in Catarrh, stimulates the stomach, liver, and kidneys, perfects digestion, makes new blood, and permits the formation of sound, healthy tissue, and finally obtains complete control over the disease. The write about except fine views of the remarkable curative powers, when all other remedies utterly fail, of Sanford's Radical Cure, are attested by thousands who gratefully recommend it to fellow-sufferers. No statement is made regarding it that cannot be substantiated by the most respectable and reliable references. It is a great and good medicine, and worthy all confi-Alps and Mont Blanc. The city seems most respectable and reliable references. It is a great and good medicine, and worthy all confidence. An Enthusiastic Friend of Sanford's Radical Cure.

MCHATTON, GRANT & BOWEN'S FIRE AND MARINE INSURANCE AGENCY, 225 Pine Street, St. Louis, Mo., Feb. 7, 1877. A. A. MELLIER, Washington Av., City.—Dear Mellier: I have for some years been troubled with Catarrh, and for the past two years have suffered seriously with it. Noticing your advertisement of SANFORD'S REMEDY (RADICAL CURE), I decided to try it. Lhave need only two battles and as a result. Sanford's Remedy (Radical Cure), I decided to try it. I have used only two bottles, and as a result I feel so much relieved that I presume on our personal relations and write this to you and ask that you take some measures to get it more prominently before the public, that others may have such relief as I have. I have recommended it to quite a number of my friends, all of whom have expressed to metheir high estimate of its value and good effects with them I really think it particularly adapted to wants of St. Louis people, and they all ought to know of it, and those who need it should try it. I will risk the assertion that 1000 1 oz. vials (as a sample) to be given away will sell as many bottles. Try some plan. Let the people have it; they need it. I believe I could sell 5000 bottles myself—of course you could largely increase this number. Why not try it? Yours truly, WM. BOWEN.

Messrs. Weeks & Potter: Gentlemen, - One year ago I was seized with a severe attack of Rheumatism in my right hip, to waich I was subject. I tried the various limiments and rneumatic cures, but without the least benefit, when my son, a c uggist suggested one of your Collins' Voltale Plasters The effect was almost imagical, for, to my grateful surprise, I was almost immediately well again, and was able to work upon my farm as usual, whereas, before the application of the Plaster, I could do before the application of the Plaster, I could do nothing, and every step gave me pain. A few weeks since, one year from the first attack, the disease returned, but I am happy to say the second Plaster proved as efficacious as the first, and I am now well. My wife wishes me to add that one Plaster has cured her of a very lame back. We think there is nothing in the world of remedies that can compare with the Collins' Voltaic Plasters for Rheumatism and Lame Back, and cheerfully recommend them to the suffering. Yours very respectfully, Orland, Me., June 6, 1876. ROBERT COTTON.

DEAR SIR,—Being desiro us that others may know something of the merits of your Constitutional Catarri Remedy, Iwish to inform you what it has done for me. I am 29 years old; had been out of health for about five years. I had employed three or four different doctors, and tried various medicines, without receiving any permanent benefit but continued rather to grow worse, until last tall, when a had become so bad as to be unable to do an hour's work at a time. Had severe soren ass and pain under the shoulder blades and through the shoulder's, with very same back, and blades and through the sho uider's, with very lame back, and a feeling in my right lung as though there was a weight bearing it down, with continual dropping in the throat and down upon the lungs. Such was my condition when I commenced to take your Catar rh Remedy, one bottle of which eased my pains and gave me an improved appetite, and after taking four bottles I was restored to health, so as to be able to endure hard and continued labor, such as chopping and clearing land, at which I have been engaged the next season. My recovery I attribute solely, with Gold. past season. My recovery I attribute solely, with God's blessing, to the use of your Catarrh Remedy. Yours truly, Price \$1 per bottle.

We have been Manufacturing

IRON FRAME MOWERS For the last four years, and are now offering to the farming community this, the BEST MOWER, bining greater excellence of mechanical simicity together with greater durability and entire reliability for all the requirements of the field, than any other Mower extant. —In construction they are similar to the celebrated Walter A. Wood's Iron Frame Mower, and the Richardson Buckeye, both American Machines. Of the former there are over 200,000 in use, and the extraordinary number of 20,000 were manufactured and sold last season, by the Wood Company of United States. We have over 500 of our manufacture now in use, every one O'N and after MONDAY, 29th APRIL, trains of which (no exceptions) stands as a monument of the grand and unprecedented success of home

the grand and unprecedented success of home manufacture and our enterprise. A list of our Agents in this section of the Province will be found appended, and farmers are requested to ask inforation of them relative to our Mowers in use in heir respective localities, which will establish beyond doubt their unquestionable superiority over any other mower to be had in our market. The facility of procuring all parts or pieces with-n a nominal length of time must show beyond the adow of a doubt the claims such an enterprise has upon the farmers of the Maritime Provinces. For the coming harvest of 1877 we will manufacture LARGELY in excess of our numbers of last season, and trust that our growng enterprise may find such inducements held out it as will be commensurate with its merits. Let it be remembered we have no hesitation at Il times, in entering into a friendly competition in the field with any other machine in our market.

WEGUARANTEE OUR MOWERS TO BE INFE-RIOR TO NONE. Farmers would do well to enquire prices and terms before purchasing else-AGENTS: Campbellton-MALCC M PATTERSON. Dalhovsie—DAVID RITCHIF. Bathurst—Charles Ross. Newcastle-Stephen Y. MITCHELL. Doaktown-Robt. Swim & Son. Richibucto-WILLIAM WHETEN.
