Presentation to D. T. Johnstone, Esq.

From the P. E. Island Patriot, June 7th. Yesterday (Thursday) afternoon, a number of the employes met in the Railway Reading Room for the purpose of presenting Mr. D. T. Johnstone late chief clerk in the Mechanical Department, with a purse of gold and an address, on the occasion of his leaving Charlottetown to take up his residence in Chatham, N. B. The address was beautifully printed and framed, and, with the purse, made a handsome present to one who was well worthy of it. In the absence of the Superintendent, G. C. Cunningham, Esq., Resident Engineer, made the presentation on behalf of the employees and in a few well chosen remarks expressed the general regret that the department was losing so efficient an officer and the employees so genial a friend, at the same time assuring Mr. Johnstone that all were gratified to hear of his advancement and hoped he would in the future meet with every

The address read as follows :-To D. T. Johnstone, Esq.

tering address and well filled purse on the eve of my departure from you, I beg to make a few remarks. I can assure you it is with feelings of deep regret that I resign from the Railway service, as I think it will be difficult for me to get associated with better friends than I have found in you individually and collectively. The substantial token of your esteem and friendship contained in this purse, although very acceptable, yet such is not at all necessary to prove, if proof were required, the high estimation I feel you have of me. Since I entered the Railway employ it has been my constant aim to perform my duties to the best of my ability, and it is gratifying to learn that my labors have been so highly appreciated. It has always been, and I ope always will be my endeavor to work for my employers as best I can, feeling it not only a pleasant duty, but knowing that in satisfying them it is a satisfaction to In accepting this address and purse believe me I cannot find words suitable to express my feelings as I would wish. Though we are about to be separated, yet

distance cannot blot out the warm. heartfelt feelings I have towards you all. It seems that there is nothing like separation to bring to the surface that friend ship and brotherly love so essential for our weltare in life. Hoping that in the future as in the past, I will merit by attention to Caraquet. Mr. Brine was formerly in the duty the respect and appreciation of my employer, and, again thanking you most sincerely for your handsome and valuable gift, I bid you farewell.

I am, Yours, very Truly, D. T. JOHNSTONE. Mr. Johnstone has accepted a place in the Counting Room of J. B. Snowball.

Shippegan Letter.

Shippegan, June 1st., 1878. To the Editor of the Miramichi Advance DEAR SIR :- Although the snow has disappeared much earlier than last year,

still the spring will be fully as late, owing to a continuation of easterly winds which have kept the ground cold and wet, thereby retarding farming to a considerable extent. Within the last two or three days, however, the weather has changed resigned the position of Chief Clerk in the | for the better and has every appearance of continuing so for a time.

> Farmers are all busy now improving the time by getting their crops in as soon as possible, especially as a great many are in a hurry to get away to their fishing. Codfish have put in an appearance, a good many having been caught with set-

Though absent from us we shall long re- lines along the coast, and are, I understand, very large. The boats are all launch ed and ready for fishing and I think the majority will commence on Monday. Large quantities of spring herring have

been taken here this spring; they have not been so plentiful for a good many years back. All along the beach, outside of the Gully, they have been spawning for the last ten days; and the harbor has also been full of them, and quite a number of barrels have been taken in the coves and creeks where they have never been known to go before. In fact they have been seen almost everywhere where there was water enough to cover them. Notwithstanding the large take here, I am informed they have been a total failure in the adjoining Parishes of Caraquet, Poke-

mouche and Tracadie. Although only within a few days of an election, there don't seem to be much excitement and very little interest taken in the matter. The candidates in the field (as doubtless you are aware) are Messrs. Ryan, McManus, Sivewright and Meahan. It is said that the latter will withdraw in favor of Sivewright. There is also some talk of William Ferguson, Esq. Tracadie being brought out. Should Mr. Ferguson be induced to come forward will poll a large vote in this and neighboring parishes. As matters stand now, Mr. Ryan's election is a foregone conclusion and the fight will be between McManus and Sivewright, but if Mr. Ferguson steps into the ranks it will mince matters up considerably.

Mr. John W. Brine arrived here from Halifax last week with a schooner load of provisions and a general assortment of dry goods &c., and is going to do business at Little Shippegan. I understand employ of Messrs. Wm. Fruing & Co., of this place.

William J. Brown, Esq., also arrived during the week to resume his usual summer business of canning lobsters.

Yours, &c. CHARLEY.

PUBLIC FEELING IN GERMANY .- Public feeling is much disturbed in Germany. In private the prosperous condition of France under a republic is contrasted with that of Germany under an Emperor, when an immense army has to be maintained, and many find it difficult to get bread' to eat. Since the attack on the Emperor, Bismarck's nervousness is said to have increased so, that it is probable a colleague will have to be appointed.
