Facts Relating to the Election Law.

Enquiries in reference to the working of the New Election Law are now quite frequently made, and, for the information of those of our readers generally who have not studied the subject for themselves, we present the following in reference to the leading features for their guidance.

HOURS FOR VOTING. The Poll in each District is to open at nine o'clock a.m., and close at five o'clock in the afternoon.

PERSONS QUALIFIED TO VOTE. A Deputy Returning Officer shall preside at each Poll, who shall be provided with a List of the Electors of the Polling District, persons qualified to vote for Members of Assembly to be also qualified to vote for Dominion Candidates. PERSONS DISQUALIFIED.

The only persons (qualified as above to vote) who are disqualified under the Dominion Act, are "Judges of any Court now existing, or to be hereafter created, whose appointment shall rest with the Governor General of the Dominion." Each Deputy Returning Officer shall have a Poll Clerk, who shall record the name

of each voter as he presents himself, setting against his name a number indicating the order in which he appears to vote. PLACE WHERE VOTING IS DONE. The room in which the voting takes place is provided with one or two compartments made of boards, or by screens, so that each Voter may, without interference or inter-

ruption, mark his ballot. WHO MAY BE PRESENT WHERE VOTING IS GOING ON. In addition to the Deputy Returning Officer and Poll Clerk, the Candidates and their Agents (not exceeding, however, two Agents for each candidate) may be present in the room where the votes are given, during the whole time the Poll remains open. No other persons except the above named shall remain in the room while the Polling

ELECTORS MUST VOTE, EACH IN HIS OWN DISTRICT. Each elector shall vote at the Polling Station of the Polling District in which he is qualified to vote and no other. The Returning Officer, however, on the request of any Elector entitled to vote at one of the Polling Stations, who shall be appointed Deputy Returning Officer or Poll Clerk, or who shall be named the Agent of any of the candidates for a Polling Station other than the one where he is entitled to vote, shall give to such elector a Certificate that such Deputy Returning Officer, Poll Clerk, or Agent is entitled to vote at such election at the Polling Station where such elector shall be stationed during the Polling day, and on the production of such Certificate shall be stationed during the Polling day, and on the production of such Certificate such Deputy Returning Officer, Poll Clerk or Agent shall have the right to vote at the Polling Station where he shall be placed during the Polling day, instead of at the Polling Company of the Polling District where he shall be placed during the Polling day, instead of at the Polling District where he shall be placed during the Polling day, instead of at the Polling District where he shall be placed during the Polling day, instead of at the Polling District where he shall be placed during the Polling day, instead of at the Polling District where he shall be placed during the Polling day, instead of at the Polling District where he shall be placed during the Polling day, instead of at the Polling District where he shall be placed during the Polling day, instead of at the Polling District where he shall be placed during the Polling day, instead of at the Polling District where he shall be placed during the Polling day, instead of at the Polling day, instead ing Station of the Polling District where he would otherwise have been entitled to vote :- But no such Certificate shall entitle any such elector to vote at such Polling Station unless he has been actually engaged as such Deputy Returning Officer, Poll Clerk, or Agent during the day of Polling.

MODE OF VOTING. Each Elector, being introduced, one at a time for each compartment, into the room where the Poll is held, shall declare his name, surname, and addition [that is occupation or other distinctive fact by which he may be properly identified. EDITOR] which shall be entered on the Voter's List by the Poll Clerk, and if the same be found on the List of Electors for the Polling District of such Polling Station, he shall receive from the Deputy Returning Officer a Ballot paper, on the back of which such Deputy Returning Officer shall have previously put his initials, so placed that when the Ballot is folded they can be seen without opening it; and on the counterfoil to which he shall have placed a number corresponding to that opposite the Voter's name on the Voters'

Provided that such Elector, if required by the Deputy Returning Officer, the Poll

Clerk, one of the candidates or one of their agents, or by any elector present, shall, before receiving his Ballot, take the Oath or oaths of qualification required by the laws of the Province, from a voter at elections for the Assembly, the words "House of Commons of Canada" being, in such case, substituted for "House of Assembly," which Oath the Deputy Returning Officer or Poll Clerk is entitled to administer. The elector, on receiving the ballot paper shall forthwith proceed into one of the compartments of the Polling Station and there mark his Ballot paper, making a cross compartments of the Polling Station and there mark his Ballot paper, making a cross with a pencil on any part of the Ballot paper within the division containing the name of the candidate for whom he intends to vote, and shall then fold up such Ballot paper so that the initials on the back can be seen without opening it, and hand it to the Deputy Returning Officer who shall, without unfolding it, ascertian by examining his initials and the number upon the counterfoil that it is the same that he furnished to the Elector, and shall first detach and destroy the counterfoil, and shall then immediately, and in presence of the Elector, place the Ballot paper in the Ballot Box.

We herewith present our readers with a fac-simile of the Ballot to be used in North-umberland

Election for the Electoral District of Northumberland, 1878.

MITCHELL.

Peter Mitchell, City of Montreal, Gentleman

SNOWBALL.

Jabez Bunting Snowball. Chatham, Merchant.

The cross within the space occupied by Mr. Snowball's name indicates that the Vote has marked his ballot for that gentleman. Any voter desiring to vote for Mr. Mit. chell will, of course, not make the cross in the space in which it is shown above.

Should the voter be unable to read, or from any other cause be unable to understand how to mark the Ballot, the Deputy Returning Officer and the representatives, who have previously been sworn to secrecy, will retire with the voter, who will then be privately asked for whom he wishes to vote, and the Deputy Returning Officer will mark, in the presence of the representatives, the Ballot as designated by the Voter. The voter on returning to the outer room, will present his Ballot to the presiding officer who will tear off and destroy the counterfoil and place the Ballot in the box.

Our friends who know voters who may not be able to properly understand the marking of the Ballot might cut the above out and use it for the purpose of instructing such Voters. That would render the assistance of the officers unnecessary.

SECRECY TO BE KEPT UNDER PENALTIES.

No elector shall be allowed to take his Ballot paper out of the Polling Station, or (except in cases of persons who through incapacity must be assisted as above in making the Ballot) to show it when marked to any person so as to allow the name of the candidate for whom he votes to be known, under a penalty of two hundred dollars; and no person shall directly or indirectly induce, or endeavor to induce any voter to show his Ballot paper after he has marked it, under a penalty of two hundred dollars for so doing and for each case of such offence.

Immediately on the close of the Poll the Deputy Returning Officer shall, in the presence of the Poll Clerk and the Candidates or their Agents, and, at least, three Electers are the Poll of P tors, open the Ballot Box and proceed to count the Votes given for each Candidate.

In doing so he shall reject all Ballot papers which have not been supplied by the Deputy Returning Officer, all those by which votes have been given for more Candidates than are to be elected and all those upon which there is any writing or mark by which the Voter could be identified.

The good Ballot papers, being counted, a proper list shall be made of the number of votes given to each Candidate and the good and rejected Ballots made up in separate packets, endorsed and replaced in the Ballot Box, which shall be locked, to be sent to the Returning Officer. Each Candidate or his Agent may obtain from the Deputy Returning Officers certificates of the voting at each Polling Station.

I do not expect you to canvas for mycelebrated Beatty's Pianos and Organs unless you see fit to; but the service I require of you is both pleasant and profitable. Full particulars free.— ORDER ABOUT THE POLL. Stringent provisions are made for the maintenance of order at and in the vicinity of

Bar rooms and Taverns are to be closed on Polling day.

CONVEYING VOTERS TO THE POLL. No Candidate is allowed to pay for conveying voters to the Poll, and no Agent or other person is allowed to pay for such service. This does not, however, debar neight bors and friends from assisting each other in getting to the Poll.

The above embraces the leading features of the Law which are of interest | \$10, and for every Organ \$5, to be applied on payto voters. Should any of our readers desire information on any other matter in reference thereto we shall be glad to furnish it, so far as the Act itselt informs us. Catarrh of the Nasal Cavities, Acute, Chronic, and Ulcerative, Hay Fever, or Rose Catarrh, Catarrh of the Eye and Ear, and Catarrh of the Throat, SUCCESSFULLY TREATED WITH

SANFORD'S RADICAL CURE. CATARRH is a disease of the mucous membrane. emperaments and constitutions vary its sever-individual cases. Catarrh may arise from a cold or a succession of colds, from sudden change of atmosphere, wearing wet clothing, or exposure to inclement weather, and becoming thoroughly chilled when the digestive organs are in a morbid or inactive condition, and the strength and vital forces exhausted. The disease may arise from a scrofulous condition of the blood, from Scarlet Fever, Measles, and Diphtheria, in which cases the eye and ear are generally involved and discharge quantities of matter. The discharges from the nose, the distinctive feature in all catarrhal cases from whatever cause they arise, may be thin and watery, and so acid as to cause redness and exceriation of the skin with which they come in contact, or thick and yellowish, emitting a foul odor, or clear and white like the white of an egg. There may be an entire lack of secretion, the surfaces being dry and feverish, the face, front and upper part of the head feeling uncomfortable, and as if it was encircled by a tight, unyielding band. This latter phase is called Dry Catarrh. The free mattery discharges cause the passages to swell and become thickened, rendering breathing through the nose difficult or impossible, and the sufferer finds it necessary to breathe through the mouth, thereby permitting cold air to pass directly to the bronchial tubes and lungs. The matter passing freely down from the nose and throat, the mucus becomes hard and forms into scabs, incrustations, and hard lumps, which adhere so firmly to the nasal passages and throat as to require very persistent efforts to dislodge them. The eye in sympathy becomes inflamed, red, weak, and watery, or in the morning the lids may be found glued together, and matter is secreted in more or less quantity. The car also becomes scriously affected, discharging quantities of matter the side of the cold or a succession of colds, from sudden change of atmosphere, wearing wet clothing, or exposure

DEAR SIR,—Being desirous that others may know something of the merits of your Constitutional Cataerh Remembry, I wish to inform you what it has done for me. I am 39 years old; had been out of health for about five years. I has employed three or four different doctors, and tried various medicines, without receiving any permanent bonefly but continued rather to grow worse, until last [21] when I had been one of health to do an health to the make to be unable to do an health to the second of the ecome so bad as to be unable to do an hour's work at Had severe soren ess and pain under the shoulde blades and through the sho ulders, with very ame back and a feeling in my right lung as though there was a weight bearing it down, with continual dropping in the throat and down upon the lungs. Such was my condition when I connenced to take your Catar rh Remedy, one bottle of which eased my pains and gave me an improved appetits after taking four bottles I was restored to health so as able to endure hard and continued labor, such as el-ping and clearing land, at which I have been engaged past senson. My recovery I attribute solely, with God's blessing, to the use of your Catarrh Remedy. Yours truly ASE FOR LITTLEFIELD' S CONSTITUTIONAL CATARILE

TO THE FARMERS OF MIRAMICHI. We have been Manufacturing

IRON FRAME MOWERS

For the last four years, and are now offering to the farming community this, the BEST MOWER licity together with greater durability and entire reliability for all the requirements of the field, than any other Mower extant. —In construction they are nilar to the celebrated Walter A. Wood's Iron Frame Mower, and the Richardson Buckeye, both American Machines. Of the former there are over 200,000 in use, and the extraordinary number of 20,000 were manufactured and sold last season, by 1878. Summer Arrangement. 1878. the Wood Company of United States. We have over 500 of our manufacture now in use, every one of which (no exceptions) stands as a monument of the grand and unprecedented success of home nanufacture and our enterprise. A list of our Agents in this section of the Province will be found appended, and farmers are requested to ask infor-mation of them relative to our Mowers in use in their respective localities, which will establish beyond doubt their unquesti-nable superiority over any other mower to be had in our market. The facility of procuring all parts or pieces within a nominal length of time must show beyond the shadow of a doubt the claims such an enterprise has upon the farmers of the Maritime Provinces.

For the coming harvest of 1877 we will manufacture LARGELY in excess of our numbers of last season, and trust that our growing enterprise may find such inducements held out to it as will be commensurate with its merits. Accommodation for Rivere du Loup and Way Sta-

> all times, in entering into a friendly competition in the field with any other machine in our market. WEGUARANTEE OUR MOWERS TO BE INFE-RIOR TO NONE.
