Among the successful competitors at the final examination of the Medical University of New York, we are pleased to notice the name of Mr. Hiram A. Fish, of Newcastle. Mr. Fish evinced a complete and satisfactory knowledge in the various branches and was highly complimented by the professors, receiving honorable mention for his proficiency and marked studiousness throughout the course. His success is the more commendable in view of the fact that he has performed the rather exceptional task of crowding into a two years' course what is generally done in three, a success that only the eager and ambitious would aim at and the studious accomplish.

Entertainment of the Dutcher Reformers.

On Tuesday evening the weekly entertainment of the Dutcher Reformers took place in the Masonic Hall. Vice President John Shirreff Esq., occupied the chair, and after the meeting had been opened with prayer by the Rev. Mr. McBain, the choir gave the opening piece.

The Rev. Mr. McBain delivered an excellent address on the moral and physical benefits which might be expected to accrue to members from taking stock in the company proposed to be formed for building a new hall for the use of the Dutcher Reformers, and the good which a reading room and library connected with it, would likely confer upon Chatham.

"Acushla Macree" was next sung by Messrs. Andrew Burr and A. McCosh, accompanied by Miss Annie Russell at the organ, after which Master Stafford Benson gave a recitation "We want recruits, to night," which was followed by a song "Our Boat" by Misses Jessie Wallace, P. Lamont and A. Henderson.

Mr. C. Bourne of Newcastle next gave as a recitation Hood's "Bridge of sighs." The "Village Choristers," a chorus, was given by Misses Jessie Patterson, E. Loggie, M. Haviland, Mary Johnston and L. Loudoun, and Messrs. H. Patterson, L. Desbrisay and D. Chesman.

Mr. Grierson, of Halifax, gave an amusing and instructive address abounding in statistics shewing the great work that needed doing in the temperance cause, in this country and in Great Britain. The Chairman now called for signers to

the pledge, the band of the 73rd Batt. playing meanwhile. S. Thompson Esq., Q. C., of Newcastle now delivered a temperance address,

treating the subject with his usual ability. "The old Kentucky Home," was sung by Mr. L. Desbrisay, accompained by Messrs. H. Patterson and D. Chesman.

Master James Brehaut, a little fellow from Douglasfield aged 5, delivered a short d pithy temperance address, in which he apologized for not being in bed, and

brought down the house. Miss Hattie Knight sang, "Kathleen Mayourneen," accompanied by Miss Fairey on the organ.

Mr. Thomas Myers came forward amid loud applause and gave his practical experience both of intemperance and temperance. "Cousin Jedediah," a humourous song was given by Mrs. J. R. Goggin, Miss L. Loudon and Messrs. H. Patterson

D. Chesman. The Secretary Mr. I. B Oakes now read over the minutes of the meeting E. A. Strang. which had been held that afternoon.

The Chairman then announced that after singing by the choir, the meeting would close and the stock book would be opened for signatures in accordance with

Yes, sir, he is the man who will represent the County of Gloucester for the next five years, notwithstanding the eloquence shown by certain gentlemen, who profess to be Conservatives, but who might be Reformers or Grits, if they saw any prospects of putting anything in their pockets.

In conclusion, Mr. Editor, it is possible, and I think it is quite probable, that the Session will be extended to a rather protracted period, owing largely to the foolish charge brought against the Government by their hon, enemies, which, course, hon, members on the other side have to respond to, thereby taking up time which might be devoted to more important business and thereby save a large expense to the country. Last evening (Tuesday) the St. Peter's Village Glee Club gave its first concert in the Masonic Hall in town to a crowded house of the most respectable people of the town, village and vicinity. It is only a few weeks since the Club was organized under the leadership of Dr. Duncan. The result shews that there is first class musical material in the village, and that the three or four weeks have been spent in diligent and painstaking practice. Quite

a lengthy programme was gone through and in such a way as to bring down the plaudits of the audience. There appear to be some 13 members of the Club including the leader. If it goes on as it has begun it will not fear comparison with any Amateur Musical Society in the Province. The proceedings of the evening were varied and enlivened by readings given by Dr. Gordon and Mr. Girdwood. Your correspondent heard several say that they never heard the latter read so well before. As for Dr. Gordon his reading could with difficulty be surpassed. In the Irish and Yankee characters he is equally at home. All who were there last night will wish to

It is dangerous thing to trifle with a cold. A darkey preacher once told his hearers that he thanked God "that the devil went about as a roaring lion, seeking whom he might devour. tarch for ten years, and for the last six years have been a terrible sufferer. I was rendered partially deaf, had buzzing in the head, pains across the tem-ple, dizzy spells, weak and painful eyes, swollen and ulcerated tonsils, hard and constant cough, and dicerated tonsils, hard and constant cough, severe pain across the chest, and every indication of consumption. My head ached all the time. The matter accumulated so rapidly in my head and throat that I could not keep them free. Frequently at night I would spring out of bed, it seemed to me, at the point of suffocation. I would then have recourse to every means in my power to dislodge the mucus from my throat and head before being able to sleep again. For a period of six years my tonsils were ulcerated and so much inflamed that I could with difficulty swallow. I finally consulted an could with difficulty swallow. I finally consulted an minent surgeon in regard to an operation on them, ut at his request postponed it. The constant in ammation and ulceration in my threat caused by flammation and ulceration in my threat caused by the poisonous matter dropping down from my head had so irritated and inflamed my lungs that I coughed incessantly.—a deep, hard cough. Meanwhile my system began to show the effects of this disease, so that I lost flesh, grew pale, and showed every symptom of an early death by consumption. When matters had reached this stage, or about six months ago, I began the use of Sanford's Radical Cure for Cataerh. After using the first bottle I began to improve rapidly. The first dose seemed to clear my head as I had not known it to be for years. It seemed gradually to arrest the discharges. It stopped my cough in three days. By using it as a gargle I soon reduced the inflammation and swelling of my tonsils, so that they soon ceased to trouble gargiel soon reduced the inflammation and swelling of my tonsils, so that they soon ceased to trouble me. The soreness across my chest disappeared, the buzzing noises in my head ceased, my senses of seeing and of hearing were completely restored, and every symptom of disease that had reduced me to the verge of the grave disappeared by the use of Sanford's Radical Cure for Catarrh.

I have been thus explicit because, as a druggist, I have seen a great deal of suffering from Catarrh, and hope to convince many that this is a great remedy. I am familiar with the treatment of Catarrh as I am familiar with the treatment of Catarrn as practised by the best physicians, and have consulted the most eminent about my case. I have used every kind of remedy and apparatus that have appared during a period of six years past, and have, wile following their use, taken great care of my general health, but obtained no relief or encouragement from any of them. oston, Feb. 23, 1875. Messrs. Week. & Potter: Gentlemen, — Having for many months past suffered with a very lame side, called by my physician Chronic Pleurisy, caused by a former injury and strain, and for which I used many prescriptions and liniments, as well as the so-called rheumatic cures, without the least benefit, my physician recommended one of your Collins' Voltaic Plasters, which, to my great surprise, relieved the pain and soreness almost im-COLLINS' VOLTAIO PLASTERS, which, to my great surprise, relieved the pain and soreness almost immediately, and I have been able to attend to my household affairs ever since with perfect ease and comfort, whereas, before the application of your invaluable Plaster, I was scarcely able to do anything. I consider them inestimable, and shall with pleasure recommend then to the afflicted. Yours respectfully.

MRS. FRANCES HARRIMAN.
