## Facts Relating to the Election Law.

Enquiries in reference to the working of the New Election Law are now quite frequently made, and, for the information of those of our readers generally who have not studied the subject for themselves, we present the following in reference to the leading features for their guidance. HOURS FOR VOTING.

The Poll in each District is to open at nine o'clock a.m., and close at five o'clock in the afternoon. PERSONS QUALIFIED TO VOTE. A Deputy Returning Officer shall preside at each Poll, who shall be provided with

a List of the Electors of the Polling District, persons qualified to vote for Members of Assembly to be also qualified to vote for Dominion Candidates. PERSONS DISQUALIFIED. The only persons (qualified as above to vote) who are disqualified under the Domin-

ion Act, are "Judges of any Court now existing, or to be hereafter created, whose appointment shall rest with the Governor General of the Dominion." Each Deputy Returning Officer shall have a Poll Clerk, who shall record the name

of each voter as he presents himself, setting against his name a number indicating the order in which he appears to vote. PLACE WHERE VOTING IS DONE. The room in which the voting takes place is provided with one or two compartments made of boards, or by screens, so that each Voter may, without interference or inter-

ruption, mark his ballot.

WHO MAY BE PRESENT WHERE VOTING IS GOING ON. In addition to the Deputy Returning Officer and Poll Clerk, the Candidates and their Agents (not exceeding, however, two Agents for each candidate) may be present in the room where the votes are given, during the whole time the Poll remains open. No other persons except the above named shall remain in the room while the Polling is going on.

ELECTORS MUST VOTE, EACH IN HIS OWN DISTRICT. Each elector shall vote at the Polling Station of the Polling District in which he is qualified to vote and no other. The Returning Officer, however, on the request of any Elector entitled to vote at one of the Polling Stations, who shall be appointed Deputy Returning Officer or Poll Clerk, or who shall be named the Agent of any of the candidates for a Polling Station other than the one where he is entitled to vote, shall give to such elector a Certificate that such Deputy Returning Officer, Poll Clerk, or Agent is entitled to vote at such election at the Polling Station where such elector shall be stationed during the Polling day, and on the production of such Certificate such Deputy Returning Officer, Poll Clerk or Agent shall have the right to vote at the Polling Station where he shall be placed during the Polling day, instead of at the Polling Station of the Polling District where he would otherwise have been entitled to vote :- But no such Certificate shall entitle any such elector to vote at such Polling Station unless he has been actually engaged as such Deputy Returning Officer, Poll Clerk, or Agent during the day of Polling.

MODE OF VOTING. Each Elector, being introduced, one at a time for each compartment, into the room where the Poll is held, shall declare his name, surname, and addition [that is occupation or other distinctive fact by which he may be properly identified. EDITOR] which shall be entered on the Voter's List by the Poll Clerk, and if the same be found on the List of Electors for the Polling District of such Polling Station, he shall receive from the Deputy Returning Officer a Ballot paper, on the back of which such Deputy Returning Officer shall have previously put his initials, so placed that when the Ballot is folded they can be seen without opening it; and on the counterfoil to which he shall have placed a number corresponding to that opposite the Voter's name on the Voters'

Provided that such Elector, if required by the Deputy Returning Officer, the Poll Clerk, one of the candidates or one of their agents, or by any elector present, shall, before receiving his Ballot, take the Oath or oaths of qualification required by the laws of the Province, from a voter at elections for the Assembly, the words "House of Commons of Canada" being, in such case, substituted for "House of Assembly," which Oath the Deputy Returning Officer or Poll Clerk is entitled to administer.

The elector, on receiving the ballot paper shall forthwith proceed into one of the

compartments of the Polling Station and there mark his Ballot paper, making a cross with a pencil on any part of the Ballot paper within the division containing the name of the candidate for whom he intends to vote, and shall then fold up such Ballot paper so that the initials on the back can be seen without opening it, and hand it to the Deputy Returning Officer who shall, without unfolding it, ascertian by examining his initials and the number upon the counterfoil that it is the same that he furnished to the Elector, and shall first detach and destroy the counterfoil, and shall then immediately, and in presence of the Elector, place the Ballot paper in the Ballot Box.

We herewith present our readers with a fac-simile of the Ballot to be used in North-umberland

Election for the Electoral District of Northumberland, 1878.

MITCHELL.

Peter Mitchell, City of Montreal, Gentleman.

SNOWBALL.

Jabez Bunting Snowball. Chatham, Merchant.

The cross within the space occupied by Mr. Snowball's name indicates that the Voter has marked his ballot for that gentleman. Any voter desiring to vote for Mr. Mithas marked his ballot for that gentleman. Any voter desiring to vote for Mr. Mitchell will, of course, not make the cross in the space in which it is shown above.

Should the voter be unable to read, or from any other cause be unable to understand how to mark the Ballot, the Deputy Returning Officer and the representatives, who have previously been sworn to secrecy, will retire with the voter, who will then be privately asked for whom he wishes to vote, and the Deputy Returning Officer will mark, in the presence of the representatives, the Ballot as designated by the Voter. The voter on returning to the outer room, will present his Ballot to the presiding officer who will tear off and destroy the counterfoil and place the Ballot in the box.

Our friends who know voters who may not be able to properly understand the marking of the Ballot might cut the above out and use it for the purpose of instructing such Voters. That would render the assistance of the officers unnecessary. such Voters. That would render the assistance of the officers unnecessary.

SECRECY TO BE KEPT UNDER PENALTIES. No elector shall be allowed to take his Ballot paper out of the Polling Station, or (except in cases of persons who through incapacity must be assisted as above in making the Ballot) to show it when marked to any person so as to allow the name of the candidate for whom he votes to be known, under a penalty of two hundred dollars; and no person shall directly or indirectly induce or a penalty of two hundred dollars; and no person shall directly or indirectly induce, or endeavor to induce any voter to show his Ballot paper after he has marked it, under a penalty of two hundred dollars for so doing and for each case of such offence.

Immediately on the close of the Poll the Deputy Returning Officer shall, in the presence of the Poll Clerk and the Candidates or their Agents, and, at least, three Electors, open the Ballot Box and proceed to count the Votes given for each Candidate. In doing so he shall reject all Ballot papers which have not been supplied by the Deputy Returning Officer, all those by which votes have been given for more Candidates than are to be elected and all those upon which there is any writing or mark by which the Voter could be identified. which the Voter could be identified

The good Ballot papers, being counted, a proper list shall be made of the number of votes given to each Candidate and the good and rejected Ballots made up in separate packets, endorsed and replaced in the Ballot Box, which shall be locked, to be sent to the Returning Officer. Each Candidate or his Agent may obtain from the Deputy Returning Officers certificates of the voting at each Polling Station.

Stringent provisions are made for the maintenance of order at and in the vicinity of Bar rooms and Taverns are to be closed on Polling day.

CONVEYING VOTERS TO THE POLL. No Candidate is allowed to pay for conveying voters to the Poll, and no Agent or

other person is allowed to pay for such service. This does not, however, debar neighbors and friends from assisting each other in getting to the Poll. The above embraces the leading features of the Law which are of interest

to voters. Should any of our readers desire information on any other matter in reference thereto we shall be glad to furnish it, so far as the Act itself informs us. Sneezing Catarrh, Chronic Ca-

tarrh, Ulcerative Catarrh, permanently cured by SANFORD'S RADICAL

SANFORD'S RADICAL CURE FOR CATARRH is a safe, certain, and permanent cure for Catarrh of every form, and is the most perfect remedy ever devised. form, and is the most perfect remedy ever devised. It is purely a vegetable distillation, and is applied locally by insufflation, and constitutionally by internal administration. Locally applied, relief is instantaneous. It soothes, heals, and cleanses the nasal passages of every feeling of heaviness, obstruction, dulness, or dizzmess. Constitutionally administered it renovates the blood, purifies it of the acid poison with which it is always charged in Catarrh, stimulates the stomach, liver, and kidneys, perfects digestion, makes new blood, and permits the formation of sound, healthy tissue, and finally obtains complete control over the disease. The the formation of sound, healthy tissue, and finally obtains complete control over the disease. The remarkable curative powers, when all other remedies utterly fail, of Sanford's Radical Cure, are attested by thousands who gratefully recommend it to fellow-sufferers. No statement is made regarding it that cannot be substantiated by the most respectable and reliable references. It is a great and good medicine, and worthy all confidence. Each package contans a Treatise on Catarrh and Dr. Sanford's Improved Inhaling Tube, and full directions for its use in all cases. Price \$1.

An Enthusiastic Friend of Sanford's Radical Cure.

MCHATTON, GRANT & BOWEN'S FIRE AND) MARINE INSURANCE AGENCY, 225 Pine Street, St. Louis, Mo., Feb. 7, 1817. A. A. Mellier, Washington Av., City.—Dear Mellier: I have for some years been troubled with Catarrh, and for the past two years have suffered seriously with it. Noticing your advertisement of Sanford's Remedy (Radical Cure), I decided to the transfer of the past two years have suffered seriously with it. Sanford's Remedy (Radical Cure), I decided to try it. I have used only two bottles, and as a result I feel so much relieved that I presume on our personal relations and write this to you and ask that you take some measures to get it more prominently before the public, that others may have such relief as I have. I have recommended it to quite a number of my friends, all of whom have expressed to me their high estimate of its value and good effects with them. with them.

I really think it particularly adapted to wants of St. Louis people, and they all ought to know of it, and those who need it should try it, I will risk the assertion that 1000 1 oz. vials (as a sample) to be given away will sell as many bottles.

Try some plan. Let the people have it; they need it. I believe I could sell 5000 bottles myself—of course you could largely increase this number. Why not try it? Yours truly, WM. BOWEN.

Messrs. Weeks & Potter: Gentlemen, - One year ago I was seized with a severe attack of Rheumatism in my right hip, to which I was abject. I tried the various liniments and rneumatic cares, but tism in my right hip, to which I was abject. I tried the various liniments and rneumatic cares, but without the least benefit, when my son, a chaggist, suggested one of your Collins'Voltate Plasters. The effect was almost magical, for, to my grateful surprise, I was almost immediately well again, and was able to work upon my farm as usual, whereas, before the application of the Plaster, I could do nothing, and every step gave me pain. A few weeks since, one year from the first attack, the disease returned, but I am happy to say the second Plaster proved as efficacious as the first, and I am now well. My wife wishes me to add that one Plaster has cured her of a very lame back. We think there is nothing in the world of remedies that can compare with the Collins' Voltate Plasters for Rheumatism and Lame Back, and cheerfully recommend them to the suffering. Yours very respectfully, Orland, Me., June 6, 1876. ROBERT COTTON-

St. Armand, P. Q., Sept. 12, 1976.

Mr. T. J. B. HARDING.

Dear Sir,—Being desirous that others may know something of the merits of your Constitutional. Catarrh Remedy, I wish to inform you what it has done for me. I am 28 years old; had been out of health for about five years. I had employed three or four different doctors, and tried various medicines, without receiving any permanent benefit but continued rather to grow worse, until last fall, when a had become so bad as to be unable to do an hour's work at a time. Had severe soreness and pain under the shoulder blades and through the shoulders, with very jame back, and a feeling in my right lung as though there was a weight bearing it down with continued descripting it down with continued descripting it down with continued the shoulder the shoulder bearing it down with continued descripting it down with continued descriptions. blades and through the sho ulders, with very lame back, and a feeling in my right lung as though there was a weight bearing it down, with continual dropping in the throat and down upon the lungs. Such was my condition when I commenced to take your Catar rh Remedy, one bottle of which eased my pains and gave me an improved appetite, and after taking four bottles I was restored to health, so as to be able to endure hard and continued labor, such as chopping and clearing land, at which I have been engaged the past season. My recovery I attribute solely, with God's blessing, to the use of your Catarrh Remedy. Yourstruly, Price \$1 per bottle.
