

Miramichi and the North Shore.

EASTER SUNDAY brought very disagreeable weather. THE MILLS of the Miramichi have nearly all commenced operations.

THE "ANSOVER" is to be ready for her season's work week. THE "NEW ERA" is expected to commence her trips to-day or to-morrow.

THE "PRINCE" has been laid up during the winter and being refitted against the opening of navigation.

THE COUNTY COURT for Kent County will meet at Richibucto on Tuesday next. His Honor Judge Bedford presiding.

CHATHAM RAILWAY.—The annual meeting of the Chatham Branch Railway Company is to be held on Tuesday 7th May.

STRING BEANS, some three inches long, grown in the house by a son of Mr. James Scarle, Napan, were lately shown in town.

RAPTING.—About eighty thousand of logs were rafted at the South-west Boom on Monday and we are informed, about one hundred thousand on Wednesday.

SHIPPAGAN.—Advices of last week from Shippagan inform us that the Gulley was clear of ice and work on the Breakwater had been resumed. On 15th several ships were seen outside bound for Quebec.

ST. GEORGE'S DAY.—Tuesday last was St. George's Day, in honor of which "St. George's banner broad and gay," floated from the roof of the Canada House, the headquarters of the St. George's Society.

LOGS LOST.—Logs in considerable quantities went to sea with the ice on Monday and Tuesday. It is estimated that nearly a million feet were among the drift ice.

THE LOSS generally on the Operators. GOOD FRIDAY.—Last Friday being Good Friday, was observed by many people as a holiday, although the stores were not generally closed. Services were held in the Episcopal and R. C. Churches.

MR. JOES FENTON, a well known and highly esteemed resident of Napan died on Tuesday afternoon last. The funeral is to take place at twelve to-day, the interment to be at St. John's Church burial ground.

BENEVOLENCE.—On Wednesday evening next, the Students of St. Mary's College, Montreal, will give a dramatic entertainment in the Academic Hall, for the benefit of the fund for the relief of the Diocese of Chatham, N. B.—Freeman.

POSTAGE STAMPS.—The Post Office Department has appointed Mr. Herbert Pailton of Chatham, and Mr. E. Lee Street of Newcastle agents for the sale of Postage stamps in the respective towns. This arrangement will be a very convenient one for the public of both places.

PROVINCIAL APPOINTMENTS.—Jas. Harnett, Esq., to be a Coroner for the County of Northumberland. Thomas C. Miller, Augustin A. Richard, Alexander Strathairn, James Somers, David Petrie, Edmund Whitney, and Francis Jardine, to be Justices of the Peace for the County of Northumberland.

PERSONAL.—His Honor Judge Botsford is at Kouchibouguac Beaches for a few days sport, among Geese, Brant, etc. Mr. W. F. Hannay, of the "Union Hotel," Richibucto, returned home on Friday last after two days shooting. He brought thirty-one ducks and one goose as the result of his sport.

THE ICE went down the river leaving clear water at Chatham on Monday last. The following are the dates at which it has gone out for the past ten years:—

1869—April 23. 1874—April 18. 1870— " 17. 1875—May 4. " 10. 1876—April 25. " 18. 1877— " 16. " 25. 1878— " 14. " 28. 1878— " 22.

"SHAQ'G"—The people of Lower Napan are getting very suspicious about the Indians who have been spring-making back in the woods all the Spring but now are coming out and have been seen lurking about their barns late at night. It is said some one shot a dog belonging to them last fall and they are determined to have revenge.—Com.

SUDDEN DEATH.—James Fraser, Esq., barrister, died suddenly at the St. John Hotel, Moncton, on Friday last. Hon. Mr. Kelly, his brother-in-law, who was on that day returning home from St. John, had the remains brought to Miramichi for interment. The funeral, which took place on Sunday afternoon, was largely attended.

TO CORRESPONDENTS.—"Old Times," Derby—Your interesting letter came too late for this week. It will appear in next issue. The valued favor of our correspondent who sends the cheering Temperance news from Tabusintac, Burnt Church, etc., will also appear next week. We are also obliged to hold over letters of "The Teacher's Friend" and "Teaser" until next week.

CRUSHED TO DEATH BY A BROW OF LOOK.—On Friday the body of a young man named Menard, who was recently crushed to death while in the act of breaking a brow of logs on the Miramichi, was brought to Fredericton for interment. The deceased, who was about 23 years of age, was unmarried, but we believe has relatives residing in Sunbury County.—Telegraph.

BE CAREFUL.—We have received information to the effect that reports of threatened violence upon some fishermen at Napan have been set at rest in official quarters. While we believe that there is no truthful foundation for the statements that are being made, it may be as well for fishermen to be on their guard against those who would endeavor to make trouble among them.

NEW STRAVER.—Messrs. J. & J. Miller & Co., of Derby, have purchased a handsome propeller called the "Grip," of Kingston, Ontario. This vessel is fitted up as a pleasure yacht and will no doubt prove very fast. The vessel now being built by Mr. Richard Blake, of Chatham, for which engines and boilers are being prepared at the Miramichi Foundry, is intended principally for towing purposes in connection with the factory of Messrs. J. & J. Miller, Derby.—Advocate.

ACCIDENTS from the careless use of Firearms have been of frequent occurrence lately. Quite recently Master William Dibble of Richibucto had his left hand damaged, a pistol having suddenly discharged its contents into the hand.

One day last week Jacob Robertson of Welford had his left hand damaged by a shot from a revolver. Medical skill from both Welford and Richibucto failed to remove the ball which still remains in Robertson's hand.

RECITAL.—"Temperance Poem" by Mr. D. Loggie. Address.—By the Rev. Mr. McKewen. Chorus.—"The Maltese Boat Song."

Streets which will be occupied early in May by Mr. Sydney Carmichael as a Grocery Store. This young gentleman was in business in the old store on the same site for about a year, and his attention to customers, combined with an advantageous situation has given him a measure of success which we have reason to believe will be made complete by the change of premises. The new store is 30x20 feet, and its interior arrangements which are made entirely by Mr. Carmichael, will render it one of the best in Chatham for the business.

SERIOUS ACCIDENTS.—On Monday John Wilson of Harley Road Settlement, Welford, Kent had his left leg broken while working at a brow of logs. The accident is of a serious nature, being a compound fracture. Dr. Moody of Richibucto was sent for to attend Wilson who is doing as well as can be expected under the circumstances.

It was reported in Richibucto on Tuesday that a man named Cail of Trout-Brook, Welford, had both of his legs broken a few days ago.

ROBBERY OF A STORE.—During Friday night last, the store of Mr. E. Strang on Snowball's Wharf was broken into by parties unknown, and as far as could be ascertained, some \$40 worth of goods were taken, the articles consisting of two tubs of butter, one side of bacon, and one ham. The thieves entered by the back door of the premises, which seems to have been secured by a wooden rail placed from the door against it. The instrument used was a pick-axe which was found with its handle broken lying outside the door when the store was opened in the morning.

SCHOOL EXAMINATIONS.—The semi-annual examination of the public schools in District No. 1, Chatham, will be held as follows:—

Miss Alexander's Department, on next Friday forenoon.

Miss Haswell's Department, on the afternoon of same day.

Mr. Okes's Department on next Monday (forenoon and afternoon).

Miss Willson's Department on next Tuesday forenoon.

The presence of parents is requested.

POLITICS.—The opening spring brings with it activity in politics. Candidates for the Local Legislature are testing the electoral pulse. Messrs. Kelly, Tweedie, Gillespie, and Adams appear to be on the qui vive in Chatham, and some of them have also been in the country. Mr. Swim is on hand again for the suffrages of his friends, and we presume Mr. Davidson has not allowed any of his political opponents to beat him in preparation for the coming contest.

Mr. Snowball's friends are beginning to look after their interests in the matter of the Dominion elections, which are expected to come off in three or four months.

NEW PILOT BOATS.—The following new Pilot Boats have been built this season by different Pilots of this port.

Mr. A. McEachern, a boat of 23 tons, 43 ft. keel, 15 ft beam and 7 ft hold. Building at Johnston's old Shipyard and intended to be launched to-day.

Mr. William Tait, a boat of 25 tons, 48 ft. keel, 16 ft 9 in beam and 7 ft hold. Building at Esplanade, and to be launched next week.

Mr. Joseph Jimmo, a boat of about 25 tons, 47 ft keel, 16 ft beam and 7 ft hold. Building at Esplanade and to be launched next week.

Mr. Frank Martin, a boat of about 24 tons, 46 ft keel, 16 ft beam and 7 ft hold. Building at Esplanade and to be launched the last of June.

AN ESQUIRE M. P.—The Ottawa Press despatches contain the following:— "Mr. Mitchell wanted to know if certain changes in Northumberland were made on the recommendation of D. G. Smith, Snowball, or whom?"

Mr. Mitchell seems to have forgotten not only parliamentary decency but the simplest rules by which Ministerial privileges are protected. When Mr. Mitchell asked the above question he was desirous of ascertaining whose advice it was that was taken against his own and that of his satellites in his late Department in the matter of the Gaspareaux and Bass fisheries. He knew, however, that the question was an impertinence of which a sober-minded man would scarcely be guilty. We hope he was satisfied with Sir Albert's answer.

REPAIRS ON THE TUGS.—For some time the Miramichi tugs have been undergoing repairs for the coming season's work, and a fortnight or so will see most of them ready for service.

The Sultan, Capt. Carter, was launched in Miramichi on Friday, the 19th inst. Her hull has been thoroughly overhauled and strengthened, recaulked and fastened.

She has also been fitted with a new steam and stern post, and the afterpart of her keel has been renewed. Her machinery has been overhauled and she has been supplied with a new four-bladed propeller and shaft, and also a new iron balance rudder. Her boiler has been thoroughly overhauled and she has been supplied with a new heater.

The Ladies, owned by Mr. James Neilson, is undergoing repairs at Mr. Fraser's Foundry, and will have her boiler and machinery thoroughly overhauled.

The Relief, Capt. Allan, owned by Messrs. Gray, Bevan & Co., has been fitted with a new compound condenser. The high pressure cylinder, 18-inch diameter, is placed immediately above the low pressure cylinder, 30-inch diameter, and supported on top by six iron columns 10 inches long, the piston rod working through both cylinders, which have a stroke of 22 inches. This engine was supplied by Messrs. Allen Bros, of Carleton, St. John. The hull and boiler of the Relief have also been overhauled, and she has been fitted with a new deck and keel, which will be painted and grained.

The St. Patrick, Capt. Phipps, owned by W. Davidson, Esq., and others, has been overhauled in boiler, hull, and machinery, and will be newly painted and grained.

Entertainment of the Dutcher Reformers.

Easter Meetings.

At the regular Easter Meetings held on Tuesday the 24th, Chatham, on Monday last, the Rector in the chair, the following were elected:

Wardens—Geo. Burchill, M. Scarle, Hodgson—G. A. Blair, W. B. Howard, S. Haberly, D. G. Smith, Wm. F. Kinslow, T. F. Gillespie, R. Hocken, F. E. Winslow, C. Sargent, R. Carman, John Baldwin, Capt. John Brown.

Treasurer—G. A. Blair.

Vociferous Clerk—W. Wilkinson.

And—S. Haberly, W. B. Howard, Delegates to Diocesan Synod—Wm. Wilkinson, G. A. Blair. Substitutes—George Burchill, W. B. Howard.

Several Committees were appointed for different purposes. The new Rectory was reported upon as completed, and the Parishioners' meeting discussed the desirability of making the seats in St. Paul's Church and St. Mary's Chapel free, and although no determination was reached, all present were favourable to the proposed change, which will doubtless be carried into effect sooner or later.

In Great Trouble.

The Advocate is in great trouble over fishery matters, two articles on the subject, written after the Inspector's best style, being devoted to alleged mismanagement by the Department. These articles state that the fishermen are deprived of the privilege of using nets, that Mr. Snowball wants to "suppress" the Hatching House, that Gaspareaux and Bass seining are ruinous, etc.

If stakesmen are prohibited the Inspector and the Advocate are to blame. If Gaspareaux and Bass seining are such evils, it is a wonder Mr. Mitchell never found it out while he was in charge of the Fisheries Department and if the Hatching House is a failure, it is not the fault of either this paper or Mr. Snowball, as the Inspector, through the Advocate, would have us all believe. If the Inspector and the Advocate would only cease their unnecessary meddling with our fisheries, and if we had a representative at Ottawa disposed to advise the Minister correctly, a good deal of trouble would be avoided and even the Advocate would be in better temper.

Correspondence.

Esplanade Church.

MR. EDITOR.—Communications on this subject have occupied your columns for some time past, censuring the good people of Esplanade with collecting moneys under false pretences, and the Methodist Church with fraud. These anonymous writers were fully and manfully refuted by the Trustees of the said Church over their own names. I then thought the matter was at an end, as one of these writers proposed to write for the information of the Presbytery, especially, as I never dreamt of this ecclesiastical body arrogating to itself the exclusive right to occupy this region of country, and sit in judgment on the religious faith and actions of others.

I have carefully watched the spirit and actions of the few, who have with a zeal worthy of a nobler cause, endeavored to disturb the peace of a community, arouse the spirit of persecution, and charge a Christian Church with dishonesty. But to my surprise, your last issue contained a report of a Committee who profess to have investigated the whole affair. This official makes my duty plain, and, however reluctantly I enter the field of religious strife, duty calls me to the aid of injured innocents. God will defend the right. We must speak with ecclesiastical and all needed authority for the full discharge of the duty assigned them, as they have given their report to the public. From their report we find that the Methodist Conference, and the Trustees of the Esplanade Church were not to trial their past offences. Here are two distinct charges: one against the Conference of the Methodist Church, the other against the actions of the Trustees of Esplanade Church. Now, if the spirit of christianity or even fair play, had actuated this Committee in their investigation of the acts of the Conference, they should have, to say at least, requested the Chairman of the District in which the offence was committed to be present, and answer to the wrong doings of which the Conference had been guilty. The burden of the offence, and that in which all the following evils are found is contained in the first section of the report as follows:—

"After careful and extensive enquiry your Committee find—that the Methodist Conference had sent a preacher to that section of the country before the District meeting had been petitioned to do so.

In defence of this charge against the Conference I have to say, that if the Committee had made themselves as well acquainted with the records of the District meeting of which they write, as they profess to be with the County records, they would have seen that for two years previous to the appointment of which they complain, a young man was asked for in this part of our work. In possession of this information the Committee would not have been driven to such extremities in their attempt to establish what they hoped was a fact, which had no foundation in truth. The first fact with which this Committee would corroborate their statements and condemn the action of the Conference in their appointment of a young man to labour in this section of country, is certainly conclusive in making manifest the spirit of the Committee and nothing more. Must not the readers of that report be amused, to say the least, when they learn that the Methodist Conference of New Brunswick was arranged before the Miramichi Presbytery for appointing the officers of their ministers to a certain field of labour. However the heart might be under the influence of a narrow theology, and a sectarian bigotry, I was not prepared in this age of intelligence to see such statements made by any persons, more especially Christian ministers. To save the Presbytery of Miramichi from again putting themselves in such an unenviable position before the country, as to call in question the action or authority of the Methodist Conference as to the stationing of its ministers, I will give to the Com-

mittee, the commission under which the Methodist Church is enrolled, Mark 16 chap. 15 v. "Go ye into all the world, and preach the gospel &c."

As to the charge against the Trustees of the Esplanade Church, they are quite able to answer for themselves, which they have done to the satisfaction of all who are not under the power of sectarian bigotry.

The committee would make their report to resemble the scorpion that has its sting in its tail, when it states that these Lay preachers administered the ordinances of baptism.

To the intelligent who know that there are no Lay Preachers in the Methodist Conference the report will lose its sting, although the viper will be apparent to every reader.

H. McKEOWN.

The Esplanade Church.

GLENELE, 22nd April, 1878.

To the Editor of the Miramichi Advance.

DEAR SIR.—After reading the Report of the Presbytery on the Esplanade Church, it is needless for me to reply to Mr. Lewis, Wilson and the correspondent in the Advocate. Those correspondents and the public must now see how the game was worked, and they must also see that the Presbytery have made a report sustaining me and the position I took in the matter.

I am really sorry for those gentlemen, and the position they occupy now. What will be done now; will they hold property that has not been fairly got, or will the Trustees now try to undo what has been done, and use their influence to have the deed cancelled, that even Mr. Lewis has had to acknowledge was the fault of the Trustees.

Mr. Wilson and the correspondent of the Advocate will have to excuse me from going into personalities, as it is I who I have not done yet, nor do I intend to do so. If they cannot discuss a question on its merits they have no case at all, and the less they say now about it the better the public will be. The last letter of Mr. Lewis was one that was a credit to him, but he had a poor case to work on.

I am, Mr. Editor, BIBLE CHRISTIAN.

D. T. R. A. Douglassfield.

To the Editor of the Advance.

SIR.—On last Wednesday evening the weekly meeting of the Douglassfield D. T. R. A. took place in the School House where a large number of the population were assembled. The meeting opened with singing by the choir. After half the programme had been disposed of, a committee of five gentlemen was appointed by the members, to retire to elect officers for the ensuing quarter. Those elected were R. Thompson President, Jas. Irving and M. King V. Presidents, J. Thompson Secretary and J. Baldwin Treas.

Gentlemen's Executive Committee:—A. Irving, T. Baldwin, W. Delaney, S. Harper, W. Baldwin and S. McDonald.

Ladies' Executive Committee.—Mrs. J. Irving, M. Williams, M. C. Baldwin, E. Jackson, E. Baldwin, M. A. King and M. Trevors. The first and last mentioned Ladies objected to having names and were excused from serving. Messrs. D. Baldwin and J. Trevors were appointed Marshalls.

After the officers were installed the new President took his place, making some very appropriate remarks. The meeting closed by the choir singing "Good Night."

ASON.

Napan Letter.

Napan, April 18, 1878.

To the Editor of the Miramichi Advance.

SIR.—I see in last issue of the Gloucester article finding fault with the Hon. A. J. Smith, Minister of Marine and Fisheries, for allowing the Napan people to seine bass in the spring. It says that there are 200 fishermen that are deprived of the privilege that the Napan people have. Now, Sir, I will tell you what privilege those people have, on those rivers that are spoken of. They can take licence out in May for Salmon Fishing and in that month they can catch Salmon, Shad and bass, and all the fish we get, are a few bass. This present regulation, the good satisfaction to the fishermen, the people of which get no Fish in Summer excepting bass and a few gaspareaux. The people outside, that the Gloucester speaks about should be satisfied with their salmon, shad gaspareaux and bass. I wonder if the Minister of Marine has to ask the Gloucester if he is right or not. If Hon. A. J. Smith has to please everyone he has a hard road to travel. The inhabitants are very thankful for his giving them the privilege they have always had. Fishing for bass in the Spring of the year, is a privilege the Napan people always had. I understand some of the residents of Napan have been seining for bass these 45 years and others fished them long before that. We are all very thankful to get hold of a fresh fish, I am no fisherman myself.

Yours, A FARMER.

Shippagan Letter.

To the Editor of the Miramichi Advance.

SIR, I notice an article in the Newcastle Advocate, signed "News," and dated from Gloucester in which the writer appears to be very anxious for information, especially concerning the salary of the Hon. William Taylor as Inspector of the Breakwater at Shippagan, and also of the appointment of T. Blanchard, Esq., as Inspector of Weights and Measures. With respect to the former query, I can only say that I do not see any reason why Mr. Taylor should not get paid even if he is not going on, for who is to blame for that? I should say it was the contractors, who I have not carried out their agreement, and who have been trying to shirk the work all winter, thereby occupying Mr. Taylor to keep his eyes open and visit the work every other day, so as to see that they do their duty, which in my opinion is rather a profitable investment for the Government, but not so doing all the while. With respect to the latter accusation "News" endeavors to throw out a slur against the Hon. Mr. Anglin on account of Mr. Blanchard's appointment to the office in question. Well, who is the father of this Bill? I would like to know if it is not the Hon. Charles Tupper, the Champion that "News" and the remainder of his clique are so fond of quoting. So long as the Bill has become law, I do not see any reason why a political supporter of the Reform Administration should not have the preference instead of a Tory, whose party are doing all in their power to oust the present Government from power, and restore their Pacific Scandal Secret Service money, and Northern Rail Secret Service money, power once more, and thereby give them another opportunity of committing a few more of their depredations, out of the pockets of the people of this County, and help "News" and the likes of him to a share of the spoils, "News" thinks that I am a Prophet, on account of my presuming to express my views as to what I think will be the result of the next general elec-

tion and imagines that I am from the Old Sol (as he expresses it) and am too young in the country to form an opinion as to the politics of the majority of the electors in the County of Gloucester, but time will tell; my firm conviction at present is, that if "News" and his Tory associates do not succeed any better in the future than they have in the past with their "political campaigns," it will be some time yet before their hopes are realized and if the Hope of their party do not mind his eye, the probabilities are, that he will not figure on the floors of our Local House at Fredericton, much less in the House of Commons at Ottawa. Thanking you Mr. Editor, for the space allowed.

I remain, Sir, yours &c.

A REFORMER. Shippagan, Gloucester Co., Apr. 13, 78.
