

Miramichi and the North Shore.

Go To the Redbank Dutchers' Picnic and Excursion to-day.

TEA SOCIETY.—A tea soiree is to be held by the D. T. R. of Douglasfield at the School House this evening.

THE DEBBY BAZAAR, held last week by the Ladies of the Church of England, at that place, realised the handsome sum of \$360.

THE "CORRESPONDENCE" in yesterday's Advocate is said to have all been written by the Newcastle Protectionist Correspondence Committee.

VALUABLE CARGO.—The brig, Maid of Lianholten, Phillips master, sailed from Liverpool, August 21st, for London, with a cargo consisting of deals, railway sleepers and lobstering valued at \$18,372.

INVENTIONS.—Some very silly tales, intended to enlist religious and race prejudices on the side of Mr. Mitchell are being set afloat in the County. Let all decent people be warned against those who make use of them, and treat them as their worst enemies.

THE NOTMANS have re-opened their Studio at St. John, N. B., and are now prepared to undertake orders for every description of Photographic Portraiture. Appointments for sittings can be arranged by mail. Their new establishment is fitted up with every convenience and visitors will receive careful attention.

BIBLE SOCIETY MEETING.—The Annual meeting of the Miramichi Ladies' Auxiliary Bible Society will be held (D. V.) in the Mechanics' Institute, Newcastle, on Thursday, Sept., 12th at 2 p. m.

Collectors will please complete their canvass before that time.

M. M. McBRIDE, Sec'y.

FIRE.—A house owned and occupied by Mr. Duncan Stevenson, and situated on the Buctouche Road about midway between Kingston and Buctouche, was destroyed by fire on the night of Friday, August 30th. The property was insured for \$1,200, viz: \$1,100 on the building and \$100 on the furniture. A portion of the furniture was saved.

CATCHING TARTARS.—Saturday evening last, about 9.30, Capt. Greenleaf and first officer of the ship Forest King, lying at the mill wharf of Hon. Mr. Muirhead, while on their way to their vessel, were drawn into a quarrel with a couple of the town boys and some blows were exchanged but a drawn battle seems to have been the result, without serious damage on either side.

RESIGNED.—Mr. Samuel Wilcox, who has been doing duty as sole policeman of Chatham for some time, has tendered his resignation. The reason is that neither he nor any other man can perform police duty in the town alone. Mr. Wilcox has been most efficient and faithful officer. Some steps should be taken to provide for our police necessities by the retention of Mr. Wilcox and the engagement of an additional officer.

DESTITUTE.—Dr. M. C. Clark, of Chatham, N. B., has made arrangements to visit Kingston and Richibucto, and can be found at the residence of James Porteous, Esq., Kingston, from the 1st of October until the 1st November, and at Wheten's Hotel, Richibucto, from the 1st November until November 20th, where he will be prepared to perform all operations pertaining to his profession in a neat and satisfactory manner, at moderate charges.

CONCERT OF THE D. T. R. A.—A Concert, by the choir of the Chatham Dutch Reformers, will be given in the Masonic Hall this (Thursday) evening. Preparations have been under way for this event for some time, and no pains will be spared by those in charge to bring it to a successful issue.

The fact that the weekly entertainments have been so satisfactory and have drawn full houses, should ensure a generous patronage for this special entertainment. For particulars see advertisement in another column.

SPECTACULAR ESCAPE.—At the Derby meeting on Tuesday night Mr. Mitchell was obliged, after denying that he ever voted for a tax on flour, to admit that he did so in 1867, but, he said, he had to vote for the tax at that time because if the bill was defeated the whole tariff would be upset.

In the same way, should Mr. Mitchell be elected and should Sir John get a chance to "re-adjust" the tariff—two very unlikely contingencies—Mr. Mitchell will again be obliged, as before, to vote for the flour tax to prevent "the whole tariff from being upset."

BELL FOR ST. MICHAEL'S CATHEDRAL.—The bell for St. Michael's Cathedral has arrived at St. John, from England. It weighs 2,500 lbs., and was cast by the well-known bell founder, McShane. It bears the following inscription:

Saint Michael, Chatham, N. B.

To replace the bell consumed in the Cathedral, burned February 14th, 1878.

A COWARDLY BLOW.—On Friday evening last, about 9 o'clock, Policemen Wilcox, while trying to make an arrest on Water St., in front of Bower's Hotel, was struck on the head by a missile thrown by some cowardly hand, and received so severe a blow as to render him insensible for a few minutes.

Although there were a number of bystanders at the time not one went to the policeman's assistance when he was struck down, but he was allowed to lie where he fell until he regained consciousness and was able to help himself. When he rose he still felt the effects of the blow, which had not entirely disappeared the next day.

Keep Cool.

The "Tooley Street" meeting and its endeavors to have Mr. Snowball comply with his best interests, are the subject of a very angry editorial in the Advocate of yesterday. Well, the little scheme did not work, but as Mr. Mitchell and the Surveyor-General had the "Grand Public Meeting" all to themselves, their friends ought to be in better temper. If they will keep cool until Tuesday next they may rest assured that Mr. Snowball will discuss political matters with Mr. Mitchell, as he did only a few weeks ago in Newcastle Court House and as he has done at several places since.

A committee of Mr. Mitchell's friends' must not expect to have things all their own way, and if they are the fine gentlemen the Advocate proclaims them to be, they ought not to permit their organ to call the Advocate and its Editor hard names, and accuse both of lying, when they all know the Advocate tells the truth, omitting only those parts of it which are of the unpleasant kind for Mr. Mitchell, that "ought not to be told at all times." Respecting the Advocate's intimation that Mr. Snowball might have been a bad lot of getting a fair hearing in Newcastle, we may remark that both Mr. Snowball and his friends have every confidence in the fair spirit which pervades the Newcastle people. The

great mistake the Advocate and Mr. Mitchell's Committee make is that of assuming to speak for "the people of Newcastle," as a body. This they cannot fairly do, for very many Newcastle people repudiate them and their little schemes and are desirous of giving them assurance of the fact on 17th inst.

Entertainment of the Dutch Reformers.

On Tuesday evening the weekly entertainment of the Dutch Reformers was held in the Masonic Hall. The chair was occupied by the president A. D. Shirreff Esq., who called upon the Rev. T. L. Smith to open the meeting with prayer. Miss C. Johnston presided at the organ.

PROGRAMME.

Chorus—"In the Palace of the King" by the Choir.

Address—By Rev. Mr. Brown of Moncton.

Duet—"I am Waiting," by Miss Annie Shirreff and Miss Jessie Johnston.

Chorus—"Hear the Call," by the Choir.

Solo—"Nora, the Pride of Kildare," by Miss Emma Burns.

Accompaniment by Miss Annie Shirreff.

God save the Queen.

There was a fair attendance, and a portion of the entertainment, Mr. H. Patterson stated that Thursday evening's concert under the auspices of the Dutch Reformers, would take place as announced, but as there had been objections made to the clog and jig dances, they would be erased from the programme, but a good concert would be guaranteed.

Another "Grievance."

The St. John Star, referring to the fact that the Intercolonial Railway authorities obtain a killing of wool from Mr. Snowball of Chatham, says:

"This refuse is purchased from Mr. Snowball, who receives a 'paying' figure for it. The Government pays about \$4 a car load for handling the refuse from the mill to the Chatham Branch Railway depot, (and it is fair to assume that Mr. Snowball makes a profit on that.) It next pays about \$4 a car load for freight over the Chatham Branch, and Mr. Snowball claims to be the proprietor. We presume Mr. Snowball receives a profit on this part of the transaction also."

The above is all based on the fact that after the gross earnings of the Chatham Railway were handed over to the Intercolonial there was a large balance still due and Mr. Snowball took it, at \$2 a cord, delivered at Chatham Junction. The Intercolonial pays nothing for the hauling to the station or transportation over the Chatham Railway to the Junction. The Railway man who furnished that item to the Star was therefore simply indulging in falsehood.

Who Manufactures the Stories.

There is a story going in Hardwick to the effect that Mr. Snowball told Mr. Joseph B. Williston that if he would vote for him, he (Mr. Snowball) would secure for him an office worth \$1000 a year. It has also been said that at a meeting held in Hardwick by Mr. Mitchell and presided over by Mr. Joseph B. Williston, Mr. Mitchell said Mr. Snowball had been promising officers in order to secure votes, and that Mr. Williston publicly endorsed the assertion. On Saturday last Mr. Joseph B. Williston was in Chatham and was fairly questioned on the subject in presence of three gentlemen. He said, 1st, that as Mr. Snowball never offered him an office or anything else for his vote, he could not have set the report first mentioned afloat; 2nd, that he heard of no such statement having been made at any time or place; 3rd, that Mr. Mitchell did not say what was reported of him at the meeting referred to, but did say "doubtless the 'opposite party will promise offices or anything else to get votes," and that he (Mr. Williston) signified neither approval or disapproval of what Mr. Mitchell said. He intended to vote for Mr. Mitchell but had promised Mr. Snowball that he would not canvass either for or against either candidate and he had kept his word. The three gentlemen who received these assurances from Mr. Williston made no remarks that there had been misrepresentation somewhere in Hardwick and he hoped that the above will assist in the detection of those who are engaged in the unfair work.

Abusing "the Elder."

BLACK RIVER, Sept. 2nd. To the Editor of the Miramichi Advance.

MR. EDITOR.—After Mr. Mitchell's very generous donation of \$5 to our Manse fund it is a pity he allowed "the Elder" to be abused in his interest. We are really ashamed of him in connection with both matters.

Question for Mr. Mitchell.

To the Hon. Peter Mitchell:—Sir:—Being one of your supporters in the past I intended to vote for you in this present contest until I came across the address of the Hon. Mr. Jones to his Dartmouth constituents, and I am informed that Mr. Jones is a very honest and reliable gentleman, and that as I am in the fishing and lumber trade of our County should Mr. Jones' statement be a fact I cannot see how I am to vote for you and help to destroy, by so doing, the two largest interests in this County for the benefit of a few manufacturers in Montreal, Toronto, Hamilton, etc. I will most surely do if I vote the "Liberal Conservative" ticket at this election.

Correspondence.

[We invite correspondence on all local subjects, and will be glad to publish anything that will advance the interests of our readers, individually or collectively. We are desirous of receiving News Items, Notices of Improvements—either moral or physical, Reports of Meetings, Agricultural, Horticultural, Fisheries, and other Industrial notices, especially those which are of a practical nature. We are also desirous of receiving news and letters, but that should not deter those who wish to see that it goes into the paper.]

Will it be Recouped?

Sir: Can you tell me whether or not the \$350,000 advanced by Sir Hugh Allan for the Pacific Railway charter, and which Sir John A. Macdonald promised him would be recouped, has ever been recouped. If it has not, may not the people of Canada fear that, in the event of Sir John & Co. getting back to power, they would endeavour to carry out their promise of recouping, and through the means of a "secret service" fund, or some house-pouca charges in the contingent account, accomplish their design?

Yours, B. W.

A Farmer's Letter.

BLACK RIVER, August, 78. To the Editor of the Miramichi Advance.

DEAR SIR:—Seeing by the ADVANCE of the 29th inst., that you have not had any particular report of the political meeting held at Cameron Settlement, Black River, on 29th inst., I will briefly state what most interested us as farmers. Mr. Mitchell and Mr. Snowball were both present. Mr. Mitchell addressed the meeting first, but had not said much till I was convinced that farming was not one of the industries he was so anxious to encourage and promote. He may put our farms in a carpet bag and leave, to give room for manufactures, some of which he mentioned, viz., paper and starch factories (which no doubt would benefit editors and those requiring starch.) He said these factories would consume our surplus sugar and potatoes, but he could not give us a remedy for the potato blight. When told that we could scarcely live now and asked how we were to live when we had other enormous duties to pay on our farming implements and all other necessary things we require, he replied that we would require to patch up our old houses and barns, &c., if we could not wear broad-cloth, wear home spun, and if we could not dress our wives and daughters in silk, then dress

them in cotton. Very good advice, no doubt, but at the time we had Mr. Mitchell and Mr. Snowball our humble servants it was not well received.

Mr. Snowball next addressed the meeting, he did not appear to be much interested in any particular industry except the manufacturing of logs into deals. All he could suggest for the present was that we should be industrious in raising produce from our farms so as to be able to supply lumber parties cheaply. But Mr. Snowball explained with great care the enormous amount of duties we would be required to pay if we sent Mr. Mitchell to Ottawa, and that gentleman's party were to succeed in getting into power. Now, Mr. Editor, do not you think if there is a calling in the County deserving encouragement and protection is it farming? Farmers are clearing the country and raising food for man and beast. Our politicians say they can't put duty on a poor man's bread, but think it no harm to put duty on farming implements which the poor man's bread cannot be produced without. What is the use of filling the country with manufactures when there is no consumption for what they may manufacture? Let our men of wisdom encourage the farming interests and get the country cleared up and settled. Then factories will spring up without our encouragement. But encouraging manufactures first is like putting the cart before the horse.

One word of advice to my brother farmers.—Let us vote this time for Mr. Snowball. By so doing we will be, at least, not worse than we are. But if we vote for Mr. Mitchell we vote for a law that will compel us to uphold men who work less and live and dress better than we can afford to do now, and if Mr. Snowball fails to meet our just expectations, and we should live to see another election, let us be prepared with a candidate who will look after our interests. We all know how they have been neglected for the last five years.

Liberality.

(2 CORINTHIANS, CHAPTERS 8 AND 9.)

CHATHAM, SEP. 2ND, 78. To the Editor of the Miramichi Advance.

DEAR SIR:—Will you be kind enough to publish this to inform those who wish to help, that there will be collectors out next week for the China Manse Fund. Housekeepers, in the meantime, will be able to save a small sum, say ten cents out of table luxuries and men who smoke deny themselves a little for those who are without the necessities of life and who cannot be breathing very pleasant odors with all their unbrained deal around them.

It may be said that the plague-stricken in the Southern States have greater claims upon us but it is not doubtful, with plenty of friends and all the modern sanitary appliances at their door, while poor John Chinaman and the missionaries to whom he is beginning to look for help are likely to be diverted from them into the very channel of the Chatham Branch. As soon as a collector to publish this to inform those who wish to help, that there will be collectors out next week for the China Manse Fund. Housekeepers, in the meantime, will be able to save a small sum, say ten cents out of table luxuries and men who smoke deny themselves a little for those who are without the necessities of life and who cannot be breathing very pleasant odors with all their unbrained deal around them.

Our Market Report.

ST. JOHN, N. B., Sept. 4, 1878.

Our market has ruled very quiet and dull during the past few days. Merchants complain of general slackness in both wholesale and retail departments. Money is getting stringent. Banks are not discounting very freely. Sterling exchange holds at 97 for 60 days 107 for sight.

Bank of England rate of discount holds at 5%.

Wool.—Market fairly supplied, prices are easy.

Flour.—Market is active for all good grades of old wheat. Bakers flour is in quick demand and full prices are paid for all strong Minnesota.

From present outlook we should say that, all old flour will keep firm this month, but in October we look for lower prices.

THE COLLECTORS.

[We have, in previous issues, published some scant details of the famine abroad referred to. Those who cry from China to the humane world for aid are counted by millions. Let anyone who can give something do so.—EDITOR.]

which you can increase the value of the articles they produce.

THE FISHING INTEREST. The value of the fish exported last year was \$5,800,000. No one will contend that the value of fish exported can be affected by local legislation. The fish are sent to the United States and the West Indies, and bring just such figures in these markets as the markets will afford, and are not affected in their value, in any way, by any regulations that may be imposed here or elsewhere. But, sir, what would be the result to these fishermen, pursuing, as they do, one of the most laborious and dangerous modes of life, if, by increasing the tariff, you take such a large amount out of the product of their industry, because while you cannot in any way increase the selling price of the articles they produce, you will make them pay so much more for those they consume.

Barl Dufferin's Administration.

The years of Lord Dufferin's rule in Canada have been big with great political events that will always attract the attention of the writer of our annals, and furnish him themes for interesting chapters. The book which the Rose-Belford Publishing Co. have in preparation, entitled, "Canada under the Administration of Earl Dufferin," will deal fully with the Parliamentary battles and other interesting occurrences of the period. The author, Mr. George Stewart, Jr., has had access to all the public sources of information, and been favored with the use of private papers and memoranda bearing on the secret history of the time. Agents are doing a big business with this book. Territory can be secured by applying at once, personally or by letter to J. L. Stewart, 89 Prince William street, St. John. Agents are wanted for the North Shore Counties.

General News.

FOUR YOUNG LADIES DROWNED.—An Ottawa despatch dated Sept. 2nd, says four young ladies were drowned at Pembroke, to-day, while bathing in the river. The accident has caused deep distress.

THE COUNTESS OF DUFFERIN'S DEPARTURE.—On Saturday last the Countess of Dufferin sailed from Quebec in the S. S. *Sardinian*. The event created quite a sensation and the Countess, who received every token of affectionate regard, was much affected on the occasion.

APPOINTMENT.—Alfred E. Oulton, Esq. of Dorchester, has been appointed Judge of Probates for Westmorland, to fill the vacancy caused by the resignation of Hon. E. B. Chandler, on his accepting the Governorship. The other applicants were C. Milner and C. A. Holdfast, Esqs.—Telegraph.

THE LIGHTING OF PARIS.—The principal thoroughfares of Paris, such as Avenue de l'Opera, Boulevard, etc., are lighted with electric lamps, which at night make the streets almost as bright as day. The inventor is a Russian, and he has succeeded in toning down the glare so that it has not that blinding effect caused by the display of the same description of light from some of the theatres on Broadway, New York.

PROTECTION AND WORKING MEN.—Horace White, former editor of the *Chicago Tribune*, in his examination before the Labor committee, is thus reported:

He had discovered no method by which these financial crises and the consequent depression could be stopped, nor could he make any suggestions about the matter. As for a Protective tariff, he did not think it might raise the prices of some of the commodities to be bought.

AN ADDRESS TO THE QUEEN FROM BRITISH COLUMBIA.—A despatch dated Victoria B. C. Sept. 2nd, says an address to the Queen passed in the Assembly by a vote of 14 to 9, praying that in the event of the Dominion Government failing to carry into effect the settlement of 1874, before the 1st May next, the Province shall be permitted to withdraw from the Union and receive compensation for the delay in carrying out the Railway Policy.

From a Distinguished Jurist.

"I have tried the PRUVET'S SYRUP and the result fully confirms your prediction. It has made a new man of me, infused into my system new vigor and energy; I am no longer tremulous and debilitated, as when you last saw me, but stronger, heartier, and with larger capacity for labor, mental and physical, than at any time during the last five years."

Testimonial from Capt. Joshua Harper.

SACKVILLE, N. B., Feb. 13, 1877. J. H. ROBINSON, Esq., St. John, N. B.

Dear Sir:—Early in October last I took a severe cold which settled on my lungs. After having a bad cough for about six weeks, I had a severe attack of bleeding from the lungs, while on a voyage from Queenstown to Dover. I had daily spells of bleeding for some days, until I lost about two gallons of blood, and so weak as to be scarcely able to stand. I put back to Queenstown, where I received such medical assistance as enabled me to get home.

I saw an advertisement of your Phosphorized Cod Liver Oil Emulsion in a paper. I immediately sent and got a half dozen bottles, after taking which I feel myself a well man again. My weight which was reduced to 120 pounds, is now up to my usual standard of 152 pounds. Seeing what it has done for me, I can confidently recommend it to others afflicted with lung diseases.

Yours very truly, (Signed) JOSHUA HARPER, of the barque "Mary Lawlor."

Robinson's Phosphorized Emulsion of Cod Liver Oil with Lacto-Phosphate of Lime is prepared solely by J. H. Robinsons, Pharmaceutical Chemist, St. John, N. B., for sale by Druggists and General Dealers. Price \$1.00 per bottle; six bottles for \$5.00.

Enjoy Life.

What a beautiful world we live in! Nature gives us grandeur of mountain, glens and oceans, and thousands of means for enjoyment. We can desire no better when in perfect health; but how often do the majority of people feel like giving it up, disheartened, discouraged and worried out with disease, when there is no occasion for this feeling, as every sufferer can easily obtain satisfactory proof that Green's Augur Flower will make them as free from disease as when born. Dyspepsia and Heartiness, Nervous Prostration, Dizziness of the Head, Palpitation of the Heart, and other distressing symptoms. Three doses of August Flower will prove its wonderful effect. Sample bottles, 10 cents. Try it. Dr. Pallen agent for Chatham.

NO RISK.

Thomas' Electric Oil! Worth Ten Times its Weight in Gold. Do you not know anything of it? If not, it is time you did.

Pain cannot stay where it is used. It is the cheapest medicine ever made. One dose cures common sore throat; one dose cures BRONCHITIS. Fifty cents worth has cured an OLD STANDING COUGER. One or two bottles cure cases of PILES and KIDNEY TROUBLES. Six to eight applications cure ANY CASE OF EXCORIATED NIPPLES OR INFLAMED BREAST. One bottle has cured LAME BACK of eight years standing. Daniel Plank, of Brookfield, Tazewell County, Va., says: "I went thirty miles for a bottle of your oil, which effected a WONDERFUL CURE of a CROOKED LUMB, by six applications." Another who has had ASTHMA for years, says: "I have had a 50 cent bottle left, and I should not buy it if I could get no more."

Robinson's Phosphorized Emulsion of Cod Liver Oil with Lacto-Phosphate of Lime is prepared solely by J. H. Robinsons, Pharmaceutical Chemist, St. John, N. B., for sale by Druggists and General Dealers. Price \$1.00 per bottle; six bottles for \$5.00.
