

Miramichi and the North Shore, etc.

THE ANNUAL MEETING of the "Ladies Miramichi Bible Society" will be held (D. V.) in the Temperance Hall, Chatham, on Wednesday, Sept. 17th, at 3 p. m. Collectors will please act accordingly.

THE SHIP "ELIZA E. KENNEY" which left Chatham on Tuesday for sea, drawing 21 feet of water is grounded on the Horse-shoe. It is expected that she will be detained for a fortnight.

CREDIT.—We omitted last week to credit the matter relating to the Newcastle Field Battery which was transferred to our columns from the Advocate. The credit was made by the editor and overlooked by both compositor and proofreader.

DEDICATIONS.—The dedication of the R. C. Church of Kouchibouguac by Miss Lorkship, the Bishop of Chatham, will take place on Tuesday next, 9th inst. The ceremony will commence at 9 o'clock a.m. After the religious ceremony there will be refreshments and different kinds of games and amusements in the form of a picnic on the Chatham grounds.

THE MOLLAMO.—The above vessel, owned by Alex. Morrison, Esq. made the run from Belfast to Chatham in 23 days, arriving here on Wednesday last and leaving next day for Montreal, where she is to load grain for Queenstown for orders. A number of the owner's friends visited the "Molly" and report that she is one of the handsomest vessels in her internal fittings that has ever visited the port. Her work is very creditable to Capt. O'Neil.

"ST. MICHAEL'S."—Our readers who are interested in St. Michael's Educational Institutions in Chatham will be glad to learn that arrangements have been made for teaching the classics, in addition to the branches heretofore taught. This is a progressive step in keeping with the commendable enterprise of those who control the college and one which constitutes an additional claim upon the support of those who benefit it is maintained.

A LAWYER'S OPINION.—A correspondent, writing from Newcastle says Mr. Davidson, Q. C., in the assertion that the other day, that editors were apt to make statements with which to back up their position, without considering whether they were true or not. This is pretty hard, coming from a prominent member of a profession which would sooner lose cases than resort to misrepresentation. Mr. D. is an M. P., and we fear he draws his conclusions from his experiences with the M. P.'s, of the Telegraph and News. It is the M. P.'s, and not the editorial spirit which makes them evade. What would they be were they both lawyers and M. P.'s?

NEWCASTLE BATTERY of Artillery closed its annual drill at Camp Hamill, on Friday last. The inspection by Lt. Col. Price Lewis, assistant Inspector of Artillery, and Lt.-Col. Mansfield Deputy Adjutant General, came off on Thursday and was very satisfactory. The Battery was addressed by the inspecting officers as well as by the commanding officer, Major Call, each of whom had only good words for the men who deserved every credit for their good and soldierlike behavior while in camp. The Advocate says prizes amounting to \$46 were distributed as follows:

- Hon. M. Adams; gift of \$20 for the various subdivisions according to the number of points made.
No. 4 Sub-Division, 156 points, \$7 00
No. 2 " " 159 " 6 00
No. 1 " " 147 " 4 00
No. 3 " " 139 " 3 00
Hon. Senator Muirhead's gift of \$20.
Corporal Murray, best shot, \$2 00
Corporal Weldon, best time, " 2 00
Corporal J. Murray, best shot in No. 4, 1 50
Gunner W. Stewart, " " " 2 10
Corporal Copp, " " " 1 50
Bomb. Thos. Russell, " " " 1 50
To be equally divided between leading and wheel drivers for best fitted and cleanest harness on parade also best driving:

- First Prize, Sub-Division No. 1, \$4 00
Second " " " 4 3 00
Third " " " 2 3 00
Fourth " " " 1 1 00
\$6 00 from L. J. Tweedie Esq.,
For best rank and File No. 1, 1 50
Commissioned Officers doing duty during late inclement weather in camp on ground:

- Bombardier Thos. Russell, \$2 50
Corporal Cameron Smallwood, 2 00
Bombardier Jas. Matheson, 1 50
Sergt. Major Hughes of St. John was Instructor to the camp, as he has been at every annual drill since the Battery was formed and we are pleased to note that his services are highly appreciated, by both officers and men.

Entertainment of the Dutch Reformers.

On Tuesday evening the weekly entertainment of the Dutch Reformers was held in the Temperance Hall. L. J. Tweedie, Esq., President in the chair. The President opened the meeting, and during his temporary absence, the chair was taken by Vice-President C. Tweedie. An address was delivered by L. J. Tweedie Esq., Reading by Mr. A. W. Paterson, Recitations by Miss Nellie Benson and Charles Kelly. A Duet was sung by Misses A. Shirreff and E. Burns. Solo by Miss Gertie Goggin. Trio by Misses A. Davidson, Etie Loudoun and J. Shirreff, and Instrumental music by Miss Haviland, accompanied by Miss B. Haviland on the Drum; Choruses by the Choir. Miss A. Shirreff and Miss C. Johnston presided at the piano.

A FRIENDLY MEETING.

At the close of the entertainment the President, Mr. Tweedie, suggested that as there had been no meeting of the Executive, those present should resolve themselves into an informal friendly meeting to discuss matters relative to the welfare of the Society. The first matter that presented itself for their notice was the subject of changing the name of the Society. Mr. A. W. Paterson said that this matter had been left in the hands of the Executive Committee.

The Metropolitan in Chatham Parish.

The Services in St. Mary's Chapel on Sunday last were of a very interesting character. Some time before the appointed hour—11 a. m.—a large congregation filled the Chapel and manifested a deep interest in the Confirmation Service about to be held by the Metropolitan and in late improvements which had been made in the interior of the building.

The new Chancel, although but partially furnished, presented an attractive appearance, with its floral and evergreen decorations, so kindly offered and taste-

fully prepared by the Ladies of the Congregation, and friends. The external appearance of the new organ has been universally admired and it has been proved to possess qualities of especial excellence, giving entire satisfaction. The clergy present with the Metropolitan were the Revs. H. H. Barber of Newcastle and E. P. Flewelling of Baie des Vents and the Rector of Chatham. At the beginning of the service His Lordship offered up suitable dedicatory prayers taken from the appointed Service of consecration, for the Divine blessing upon the use of the new Chancel.

Morning prayers were then said by the Rev. H. H. Barber, the lessons being read by Rev. E. P. Flewelling. Hymn 319 H. A. & M., was then sung effectively by the Choir; after which the Rite of Confirmation was administered to 35 Candidates from the parish of Chatham presented by the Rector, and to two presented by Rev. E. P. Flewelling of Baie des Vents.

After the solemn and beautiful Service of Confirmation the Hymn 271, H. A. and M. "Oh, Jesus I have promised," was sung after which the Communion Service was said by the Rector. Hymn 209 H. A. and M. "Hark, my soul it is the Lord's," was then sung and the Bishop delivered an able and most appropriate sermon, remarkable for its fullness of instruction and simplicity and beauty of language. His Lordship's text was Psalm 119, verses 81-82.

"My soul hath longed for thy salvation, O how I have longed because Thy word is precious to my soul. Mine eyes long for Thy word; saying, O when will thou comfort me?"

The Bishop referred to the intense desire which the Psalmist manifested for divine blessing, as evidenced by the expressive words of the text, and he thence took occasion to show in what manner God's people should seek His best gifts. He pointed out that it was not by dwelling upon one or two doctrines of Christianity, or the exclusion of others, that the greatest comfort of the Gospel was secured. He showed that this could only be drawn from a practical obedience to the Word and Commandments, faithfully observed, and as gathered from the whole Scriptures. He reminded his hearers how admirably the church provides for the impartial declaration of the Gospel, in the arrangement and use of the Liturgy, by the Scriptural language of which it was composed and the frequency with which it was appointed to be employed. He dwelt upon the importance of the means of grace which the church so constantly placed before her people according to Christ's command. He spoke of the blessing and comfort which all who had faithfully come to confirmation might look for, and exhorted the candidates to remain faithful to their profession and to earnestly seek strength and comfort in the faithful use of the other means of grace which would be within their reach. His Lordship also exhorted parents to lead their children to Christ by the force of a good example of faithful obedience to the requirements of the Gospel themselves. He dwelt upon the importance of the means of grace which the church so constantly placed before her people according to Christ's command. He spoke of the blessing and comfort which all who had faithfully come to confirmation might look for, and exhorted the candidates to remain faithful to their profession and to earnestly seek strength and comfort in the faithful use of the other means of grace which would be within their reach. His Lordship also exhorted parents to lead their children to Christ by the force of a good example of faithful obedience to the requirements of the Gospel themselves.

The venerable prelate concluded with a reference to his great gratification at the good work which had been done in the erection of the new Chancel, expressing his confidence that it would soon be followed by the refurbishing of the Nave. He spoke of the blessing of the great harmony among the congregation, as evidenced in the accomplishment of works so praiseworthy and so becoming the sacred purpose of honoring the Almighty, and he invoked a heavenly blessing upon them.

After his Lordship's powerful and eloquent Sermon, which cannot soon be forgotten, the Holy Communion was administered to a large number of persons, 32 of whom were among the newly confirmed.

In the afternoon, the Bishop attended Service at St. Paul's Church where evening prayer was said by the Rector, and his Lordship preached a beautifully instructive sermon on the duty of Christian gratitude from the text: "We are not to be clean, but where are the things that God has given us." His Lordship's text was Luke 17, 10.

A third Service was held in St. Mary's Chapel at 6.30 p. m. at which the prayers were read by the Rector, and the lessons by the Rev. H. H. Barber, who also preached to a large and attentive congregation. The Choir again performed their parts well in the chanting of the Psalms, the singing of the Hymns, and the Anthem "I will lift up mine eyes," etc.

The offerings at the Services were in aid of the Organ Fund and amounted to \$81.00. The Metropolitan proceeded to Richibucto on Monday, accompanied by Rev. D. Forsyth, Rector of Chatham. He held confirmation service in St. Mary's, Richibucto, on Tuesday forenoon. The Litany was read by Rev. Mr. Jones, the Epistle by Rev. Mr. Armstrong of Wolford, and the Gospel by the Bishop. Rev. Mr. Forsyth read the Communion service. There were six candidates for confirmation. His Lordship delivered a thoughtful and effective address on the duties of Christian life. Yesterday he proceeded to Wolford.

Presbytery of Miramichi.

This Presbytery met on Tuesday 26th ult., in St. James's Hall, Newcastle, S. E. Presbytery. Rev. Messrs. McBain, Jardine, McKenzie, Herdman, Johnston, Honston, Nicholson, Fogo and Anderson, with Messrs. Edger and Nicholson, Elders. The Presbytery, after disposing of some preliminary business proceeded to take up the resignation of Rev. James Anderson, tabled at last meeting. The letter of Mr. Anderson was read, after which he was asked if he still adhered to the terms of his resignation, as set forth in said letter. In reply Mr. Anderson stated that he decidedly still pressed his resignation on the Presbytery.

Dr. Jardine stated that according to appointment he had preached for Mr. Anderson on the preceding Sabbath and had cited the congregation to appear for their interest at this meeting, and that he presided at a meeting of Kirk Session held immediately after morning service and at a meeting of the congregation held on Monday in reference to the matter, and that John R. Nicholson and W. Falconer Esqs. were appointed commissioners for the Kirk Session and congregation respectively. The commissioners being allowed an opportunity to be heard stated that while they individually and the congregation at large esteemed and admired Mr. Anderson, yet in view of his decision to resign, could not see it to be their duty to interpose any barrier in the way of acceptance of Mr. Anderson's resignation.

It was moved by Mr. Houston seconded by Mr. Thomas Nicholson that the resignation of our brother, Mr. Anderson, be accepted. The other members of Presbytery severally spoke in order, all expressing their great respect for Mr. Anderson as a member, the warm attachment to him as a brother, their high appreciation of his services as a Minister, and their deep regret at the prospect of severing the tie which so long and kindly

bound them and him together. The motion moved by Mr. Houston was as follows:—"That under the circumstances the Presbytery is shut up to the acceptance of Mr. Anderson's resignation, and hereby does so, with every reluctance, and to take effect after 12th Oct., next; also that a committee consisting of Revs. Messrs. T. Nicholson, J. C. Herdman, and W. Fogo, be appointed to draw up a minute expressive of the esteem in which he is held by this court; and further, the Presbytery hereby appoints Dr. Jardine to preach in Newcastle and declare the Church vacant on the Sabbath of following, also that Dr. Jardine be Moderator of Kirk Session during the vacancy."

This motion being put it was unanimously adopted. Mr. Anderson, himself, then proceeded to address the court, thanking the members for the words of kindness and sympathy which had been expressed by them, all regretting that circumstances led him to see that the path of duty now before him was to sever the tie which bound them together, and return to Scotland, his native land. But though separated from them he would never cease while he lived to take a deep and cordial interest in the Church in Canada and more especially in the Maritime Provinces—having laboured eight years in Wallace, N. S. and six in Newcastle, N. B.

Thereafter Mr. Anderson tendered his resignation of his office as clerk of Presbytery. It was then moved by Mr. T. Nicholson, seconded by Mr. McKenzie and unanimously adopted. "That the resignation be now accepted and the thanks of the Presbytery be given to Mr. Anderson for the efficient services he has rendered to the Presbytery as clerk, as well as for the general manner in which said services have been performed," M. McKenzie, Presbytery Clerk pro tem.

Death of Charles F. Bourne, Esq.

It is with more than ordinary regret that we record the death of Charles F. Bourne, Esq., Warden of the County of Northumberland, which took place at early dawn on Monday morning last at his residence, Newcastle. The disease of which he died was diphtheria, in a very malignant form. A just tribute to the many virtues of the deceased would occupy more space than can be accorded in a weekly journal. In all the relationships of life Mr. Bourne was an exemplary man, if we may judge the tree by its fruits, he was a sincere christian and, at no time, permitted himself to depart from a course consistent with his professions as such. Though but thirty years of age he had, for a long time, been actively identified with public affairs in his town and county. In town affairs his services seemed almost indispensable whether in matters purely public or affecting the various semi-public organizations to which he was connected. Though active as a politician and heartily espousing the cause of his party, no others, friends of the Gov't, and used his influence to prevent any change being made in the length of the nets, in which he was connected, this being in violation of the Regulations then being enforced.

Now, as Mr. Bourne has no paper as he did not go down river last year with a departmental officer and other friends of the Government; as no change was even attempted to be made in the Fox Island nets last season; and as there is not, and never was a regulation of the Department affecting the length of the Fox Island nets, it will be realised that the above is very silly and misleading. Next week, when the *Sin raps the Advocate* over the knuckles for its blunder, as it did for letting the cat out of the bag in reference to the salmon fishing permitted by the officers up Miramichi, it will have to explain that the paragraph was not intended for publication.

We may mention to the *Advocate*, for its enlightenment, that in 1877, the Commissioner of Fisheries, Mr. Whitcheer, was instructed to proceed to Miramichi and enquire into the circumstances connected with the obtaining of an order by Inspector Venning for the shortening of Fox Island nets. Mr. Whitcheer went down in the tug *Ladde*, to Bay du Vin, and his personal enquiries so satisfied him that Inspector Venning had misrepresented the matter that he at once directed Overseer Williston not to enforce the order. It was not enforced either that season or the next. Mr. Whitcheer's conduct was open and honest. He did right, because it was right; and the course of the Inspector and Senator was not of that character.

We have only to add that these tricky gentlemen will have to abandon their regular method of meddling with our public interests, unless they are prepared for the expenses which invariably follow their operations. In any case the ability displayed by their organ in fighting their battles is of such a character as to render them objects rather of pity than punishment. Public justice, however, requires that they be punished and they may rest assured that the reward of their doings will come in good time, which its efforts are calculated to do.

Correspondence.

Kent Railway.

To the Editor of the *Miramichi Advance*. In your issue of last week I observed a communication signed "Enquirer"—the avowed object of which was to obtain information respecting the sixteen hundred dollars alleged to have been paid by Brown & Co., or Brown, for the expense of the survey of the southern line of Railway in Kent County, and the appropriation of the said money. I think another object is apparent, namely, the desire to calumniate the character and reputation of one of our leading and public men. If the sole object of the writer was as claimed by him, why did he not make a personal enquiry of some of those referred to in his letter, where the fullest information could and doubtless would have been given. Did "Enquirer" expect anything but "silent contempt" from Brown & Co., or Brown, to the enquiry, was your letter paid as a "bribe"? These gentlemen have other correspondents with any worthless scribbler, for whether he resides in Baiebonne or is merely a frequent visitor there—it is quite evident the vicious and diseased state of his mind, results from abuses of the body, augmented largely by the rapid progress made already in the construction of the Kent Northern Railway.

For years past, every effort has been made by a few individuals here, to prevent the building of this road. Added to this was the great difficulty of procuring the rails from the Dominion Government by the Railway Company, without which our Local Government would not grant the subsidy. It is true, that our late Dominion M. P. succeeded in obtaining a por-

tion of the rails—sixty per cent.—but was utterly unable to procure any more, according to his positive assurances publicly and privately given; and this, in the face of a letter received by the Company from Mr. Brydges, then Railway Superintendent, stating there were plenty of rails outside the sixty per cent, at the disposal of the Government and although somewhat inferior to those obtained, would answer the purpose, and he saw no difficulty in getting them. It is scarcely credible, that with the knowledge of this information, the most urgent request of the Company, and the pledges of our late M. P. to do all in his power to secure the balance of the rails, he failed to do so, stoutly declaring his inability to induce the Government to grant them. I must not forget here to state, that our late M. P. was one of the "Whippers In" of the Government, a fact, that the Company, in their simplicity, conceived rendered him more influential, than otherwise. At length, old time, rolled on, and another opportunity was afforded the people of electing their M. P. for a new parliament, when the "Whipper In" was left at home, and our present one returned in his stead. Then, at the request of the Company, and for the general benefit of the County, the balance of the rails, was asked for by him and obtained from the Government without difficulty or delay. So much for the change in this particular, a more fortunate one for poor suffering Kent (to use Enquirer's expression) could not have occurred, had the "Whipper In" been sent again to Ottawa—I say "sent," because elected by law, he never was, and never can be in this, his native County; the balance of the rails would be wanting for five years more, and the Company and people consoling or exulting by him as heretofore. I must not Mr. Editor trespass further on your time and patience, but cannot conclude without saying that your persistent and able advocacy of the road in question on various occasions has placed the Company under sincere obligations to you, which are not likely to be soon forgotten. And to our late M. P. "Whipper In" I would say: since the people have so very wisely directed their public services, it will be well for you to submit with dignified resignation to the quiet insignificance to which they have consigned you." Graciously permit the railroad to be constructed by Brown & Co.; extend your aims and consolation to McDonald & Co., and to your leisure, endeavour to solve the "stupendous mystery" why, with such a record as you left of your parliamentary achievements, the people should prove so ungrateful. Not Brovs.

The Rifle.

At the competition of the Northumberland County Rifle Association, held on Thursday last, the marksmen of the Miramichi were well represented. There was one match at 200, 500 add 600 yards, 5 shots at each range, and the prizes numbered 18. The winners, their scores and prizes were as follows:—

Table with 3 columns: Name, Points, Prize. Includes names like John MacRae, Allan Cameron, etc.

On Monday quite a number of our best shots left for Sussex and are now engaging in the Provincial Association matches there.

A Weak Champion.

The *Advocate* referring to the facts published by us in reference to the Fox Island nets, which it does not undertake to contradict, endeavors to dodge them by saying:—"Last season Mr. Snowball actually did what his paper is now accusing others of doing. He proceeded down river in company with a departmental officer and others, friends of the Gov't, and used his influence to prevent any change being made in the length of the nets, in which he was connected, this being in violation of the Regulations then being enforced."

Now, as Mr. Snowball has no paper as he did not go down river last year with a departmental officer and other friends of the Government; as no change was even attempted to be made in the Fox Island nets last season; and as there is not, and never was a regulation of the Department affecting the length of the Fox Island nets, it will be realised that the above is very silly and misleading. Next week, when the *Sin raps the Advocate* over the knuckles for its blunder, as it did for letting the cat out of the bag in reference to the salmon fishing permitted by the officers up Miramichi, it will have to explain that the paragraph was not intended for publication.

We may mention to the *Advocate*, for its enlightenment, that in 1877, the Commissioner of Fisheries, Mr. Whitcheer, was instructed to proceed to Miramichi and enquire into the circumstances connected with the obtaining of an order by Inspector Venning for the shortening of Fox Island nets. Mr. Whitcheer went down in the tug *Ladde*, to Bay du Vin, and his personal enquiries so satisfied him that Inspector Venning had misrepresented the matter that he at once directed Overseer Williston not to enforce the order. It was not enforced either that season or the next. Mr. Whitcheer's conduct was open and honest. He did right, because it was right; and the course of the Inspector and Senator was not of that character.

We have only to add that these tricky gentlemen will have to abandon their regular method of meddling with our public interests, unless they are prepared for the expenses which invariably follow their operations. In any case the ability displayed by their organ in fighting their battles is of such a character as to render them objects rather of pity than punishment. Public justice, however, requires that they be punished and they may rest assured that the reward of their doings will come in good time, which its efforts are calculated to do.

three months will change the blood in the entire system. The Supreme Court of the State of New York has decided that J. C. AVER & Co., of Lowell, have the sole right to use the words *CHERRY PECTORAL* for a medicine, and has issued an injunction against F. V. Rushton, of New York City, for selling Rushton's Cherry Pectoral, or Cherry Pectoral Lozenges, or making any other use of the name to deceive the public. This decision of the high court includes all dealers who sell any similar article. —Port Jefferson (L. L.) Leader.

Way Will You

Allow a cold to advance in your system and thus encourage more serious maladies, such as Pneumonia, Hemorrhages and Lung Troubles, when an immediate relief can so readily be attained. *Beecher's Cherry Syrup* has gained the largest sale in the world for the cure of Coughs, Colds and the severest Lung Diseases. It is Dr. Beecher's favorite German prescription, and is prepared with the greatest care, and no fear need be entertained in administering it to the youngest child, as per directions. The sale of this medicine is unprecedented. Since first introduced there has been a constant increasing demand and without a single report of failure to do its work in any case. Ask your Druggist as to the whereabouts of the nearest Large sized 75 cents. Try it and be convinced.

DIED.

At Newcastle, on Monday, 1st inst., after a short illness, of diphtheria, Charles F. Bourne, aged 30 years. Specially at Newcastle, August 30th, Zephia, only daughter of Sarah and Agnes Johnson, aged 13 months.

Way Will You

Allow a cold to advance in your system and thus encourage more serious maladies, such as Pneumonia, Hemorrhages and Lung Troubles, when an immediate relief can so readily be attained. *Beecher's Cherry Syrup* has gained the largest sale in the world for the cure of Coughs, Colds and the severest Lung Diseases. It is Dr. Beecher's favorite German prescription, and is prepared with the greatest care, and no fear need be entertained in administering it to the youngest child, as per directions. The sale of this medicine is unprecedented. Since first introduced there has been a constant increasing demand and without a single report of failure to do its work in any case. Ask your Druggist as to the whereabouts of the nearest Large sized 75 cents. Try it and be convinced.

DIED.

At Newcastle, on Monday, 1st inst., after a short illness, of diphtheria, Charles F. Bourne, aged 30 years. Specially at Newcastle, August 30th, Zephia, only daughter of Sarah and Agnes Johnson, aged 13 months.
