Dear Sir,-From exposure, I took sick about nine years ago with Rheumatic Fever, from which I suffered about four months. When I recovered from the fever I found myself suffering with pain in my side and constipation, which brought on the piles. I consulted a physician, and paid him over \$200 for attending me, and all the while I was gradually growing worse. Then one physician after another was employed, until seven of the best physicians of Boston had taken my case in On consultation between several of the leading

physicians, they concluded my complaint was asthma and general debility. I had great difficulty n breathing and an inhaler was required to afford ne breath. Through the treatment of one vsician I took from 75 to 100 boxes of calomel lls, and faithfully tried all the medicine that each physician prescribed. From my long sickness, and the vast amount of medicine used to overcome the eat pain, my kidney s became badly affected, and suffered excruciating pain in the small of my ack, with great difficulty in passing my urine. One physician said I was diseased all through my system, and he regretted that he could give me no ope for health. My suffering from indigestion was great that it was impossible to keep any solid ood on my stomach, and the whole nature of my food was broth from oatmeal. I also took a prescription from a celebrated English physician, who said my trouble was Bronchitis and Dyspersia. I took 18 bottles of medicine specially prepared for Dyspepsia, and I have used a great deal of medicine from apothecaries' prescription. I have taken Sarsaparilla until vo could count the bottles by the dozen, and indeed have given nearly all the popular advertised medi-

cine a fair trial I had a dreadful cough, and did not average over two hours' sleep a night for 8 A brother policeman urged me to try VEGETINE but for a long time I refused, having got completely discouraged from taking so much medicine without any benefit; however, after urgent persuasion, I concluded to try it, and before I had used one bottle I could eat and hold on my stomach a beef steak, a thing I had not been able to do before for years; indeed, I obtained more substantial benefit from the first bottle of VEGETINE than from all other medicines which I had taken. I kept on improving, and kept on using the VEGETINE, until I was perfectly cured and able to de duty all day, eat and digest my food, sleep well at night, and I am now 40 pounds heavier than I ever was before in my life, and am, as I think, a living contradiction of the prophecies of the most learned medical tal ent of New England, for with all of their combined wisdom, they could not accomplish so much as that simple vegetable medicine called VEGETINE to which I am indebted for health, life and happiness

VEGETINE.

Further Proof. FACTS WILL TELL, GOFFSTOWN, N. H., Aug. 1, 1875.

Dear Sir. - Allow me to say a word in favor of VEGETINE. During the past year I have suffered from a complication of diseases. I lay in bed from the 3d of November until the middle of the following June, and on an average did not sit up two ours a week; I had eight of the best physicians in the state, but got no help, and constantly grew worse. They agreed that I had heart disease. phthisis, pyaemia, and kidney complaint, and could never be any better. I was reduced in weight 50 pounds, which is much, for I am naturally thin. In June, finding I was failing under the treatment of the physicians, I commenced the use of VEGETINE through the earnest persuasion of friends and, I am happy to state, with good results. have gained ten pounds in weight, and can sit up all day, walk half a mile and ride six. I am greatly encouraged, and shall continue using the VEGETINE if I can get it. I am a poor man, but for the truth of this statement I refer to any man in Goffstown or vicinity. Your, very thankfully, A. J. BURBECK.
