

Miramichi and the North Shore, etc.

A FULL TOWN—There is not an unoccupied dwelling house to be had in Richibucto for "love or money."

ST. PIERRE TRADE.—Our Richibucto correspondent says there is quite an abundance being done in Kent County in shipping lumber to St. Pierre, Miquelon.

FOR ST. PIERRE.—J. C. Vantour, Esq., Postmaster at Richibucto, sailed for St. Pierre Miquelon on Wednesday in the S.S. Henry Swan, Long master.

THE R. C. PIONEER, RICHIBUCTO.—The Pioneer held by the Roman Catholics at Richibucto on Tuesday of last week, netted \$300, a handsome sum considering the stringency of the times.

MR. Wm. MURRAY, Newcastle, has sent us a letter referring to the Annexation Resolutions matter, which we regret reached us too late for this week's issue. It will appear next week.

THE PROVINCIAL RIFLE ASSOCIATION Matches took place at Sussex last week. We regret that we are obliged to hold over the report of the affair, which was a very successful one.

NEW MANSE.—The contract for building the manse, which the Presbyterians of the Parish of Richibucto purpose erecting, has been awarded to Messrs. Lancaster and Little for \$1,500. The building will be completed during the summer of next year.

IN THE COUNTRY.—The Editor of the St. John Sun has been visiting his Kent County friends lately. It is to be hoped that in the pure surroundings of the scenes of his early life he has been brought to a sense of the enormity of the Sun's generally wicked character.

HEBLY V. WILKINSON, Esq., M. D., has located himself at Bathurst. He graduated with honors at McGill College, Montreal, a few months since, and will, doubtless, find a fair field in the neighboring County for the practice of his profession.

ABANDONED.—Bark "Stanley," of Mandal (Norway), from Glasgow, in ballast, for Miramichi, was abandoned at two o'clock on the morning of the 21st ult. lat. 44.57, lon. 45.01, in a sinking condition. Capt. Arnesen and the crew, exhausted by pumping and exposure, were taken off by the bark "Frier" (Nor.), Capt. Carlson, to Philadelphia, from Kuluah.

SUDDEN DEATH.—Dr. J. E. James, son of J. A. James, Esq., Richibucto, died very suddenly at his father's residence, Richibucto, on Monday. Dr. James had been in poor health for some time past, but his death was quite unexpected. He walked across the floor of his room and seated himself on a chair, from which he fell to the floor, and immediately expired.

THE SHIP "ELIZA KENNY"—On Friday evening last about 8 o'clock the Ship Eliza Kenny, which had grounded on the Horse Shoe Bar, was got off without sustaining any damage, and after three nights work, the tug Relief, Laidie, and Sulltan, being assisted by the Steam Dredge in the work. The vessel had to discharge her deckload before being taken off.

A RAID was made on the wine vaults of Mr. McAlmon of the "Kingston House," Kingston, Kent, on the night of Monday last. The spirits of the vaults were not satisfied with the "caps" open, and the loss therefore is unknown to the general landlady who smugly mingles over the visit of the midnight marauders.

STARVED.—On Saturday night about 9 o'clock, a fisherman named Jorgensen, was set upon in Upper Foundry Lane by three young men, and stabbed in the left side. He was taken by Policemen Wilcox and Reynolds, to Dr. McCurdy's surgery. The wound, although rather deep, was not very dangerous and the man is doing well. The young men concerned in this affair have since left town.

SINGULAR ESCAPE.—On the arrival at this port of the barque Sunshine on the morning of the 25th Aug., a little before daylight, a young French seaman on board fell from the foretop-gallant yard, a distance of about 70 ft., to the deck. It is probable he struck the yard below in his descent. It is a singular fact that the only injury he sustained, in addition to the left leg which was fractured by Dr. McCurdy. He was taken to the Marine Hospital, where he is doing well.

A CARRIER PIRATE AT SEA.—The Norwegian barque Yocco, bound from St. Nazaire to Chatham, on July 29th, long. 12°, latitude 45°, was boarded in the evening by a carrier pirate. The crew were taken, and the vessel was set on fire. The vessel was abandoned, and the crew were rescued by the cutter of the U.S. Navy.

A SEVERE THUNDERSTORM passed over a portion of Kent County on Monday night, Sept. 1st. The house of Mr. Bartholomew Richard, (situated near the parish line between Richibucto and Wellington), was struck by lightning and considerably damaged. The telegraph poles in the vicinity of Richard's house, for the distance of nearly a mile were more or less damaged, some being split in several pieces. The recent heavy rains in Kent have retarded the farmers' harvesting operations. In some cases fields of wheat and oats have remained in stock for nearly a fortnight.

"MAHOMET" FOR SEA.—Capt. Mitchell of the barque Lamerrier has purchased the bay cot "Mahomet" from Edward Sinclair, Esq., for Alexander King, Esq., of Bathurst. The cot is intended to take the animal home with him in that vessel. Mahomet is a promising three-year-old and we are informed that he comes of excellent stock having been sired by "Woodbrook Messenger" which is almost sufficient guarantee for future fame. He has for dam Mr. Sinclair's beautiful driving mare "Mattie" which combines "Black Hawk and Messenger" blood. The parties interested were exercised about getting "Mahomet" on board the barque which is at present loading deals at Mr. Sinclair's Mill in Bridgetown, but although an unbroken colt, he deliberately walked up the gangway and seemed to feel himself one of the ship's company at once. Captain Mitchell's numerous friends with him a satisfactory run and good luck with his passenger.

DROWNED.—On Monday morning at 9 o'clock, Coroner Dr. J. S. Benson held an inquest on the body of W. J. Gunn, a lad 9 years of age, son of Mr. William Gunn, junior, Chatham. It appears that he and his elder brother, John Gunn, were sent by their mother with a parcel of clean clothes to the barque Heide, lying at Snowhill's Mill wharf. The deceased went on the stage leading from the wharf to the vessel, intending to receive the parcel from his brother. He happened to tread on a plank not very well secured which tilted and threw him into the river. Deceased's brother gave the alarm which brought to the spot the second mate of the French barque, Providence, who immediately stripped and dived twice between the wharf and the ship, but in consequence of the small space between the two, he failed in rescuing him, although he felt him the first time. After deceased sank he never came completely to the surface again. His body was found about 8.30 on Sunday morning. A verdict of accidental drowning was returned. The body was interred in St. Andrew's burial ground, at 4.30 on Monday afternoon. Much sympathy is felt for the lad's parents.

CHURCH ENTERPRISE.—The Methodist Church of Canada propose raising a fund of \$150,000 to be designated the "Relief and Extension Fund." The object of the proposed fund is, 1st, to pay the debt with which the Missionary Society is now burdened, 2nd, to extend the work of Missionary operations, and 3rd, to aid other enterprises of the church. Sermons in behalf of said fund will be preached in the Methodist Church, Chatham, on Sunday next, in the morning by the Rev. S. T. Teel, pastor of the church, and in the evening by the Rev. John Prince ex-President of the Conference of New Brunswick and Prince Edward Island.

FATAL ACCIDENT.—On Monday afternoon an inquest was held by Coroner Dr. J. S. Benson on the body of Andrew Hansen, seaman of the barque President Harbitt, lying at Ritchie's wharf. The evidence showed, that about 1 o'clock p. m., on Sunday, the Boatwain of the ship went down in the hold to sleep. He laid down on a coil on the second deck with his back to the hold and his face towards the side of the ship, after lying about 15 minutes he heard some one walking the lower deck, but did not turn to see who it was. He then heard a fall, but no cry. He jumped up and looked into the hold and saw deceased lying on his side. He went down and tried to lift him up. He was insensible and blood flowed freely from his mouth and ears. He tried to revive him with cold water but failed. Dr. McCurdy was summoned to the spot within 15 minutes of the time of the accident, but the man only breathed slightly once or twice. It was supposed by the Captain that deceased went below also to have a sleep, having no other business there, and in passing the hatchway in search of a suitable place, slipped and fell into the hold. A verdict of accidental death was returned. The funeral took place on Tuesday afternoon and was quite fully attended by seamen and captains of Norwegian vessels in port.

Circuit Court.—The Circuit Court is in session at Newcastle, His Honor, Mr. Justice Wetmore, presiding. The Grand Jury have found a true bill for Murder against Joseph Malor of Nelson Parish whose trial is to commence to-day. A report of the Court's proceedings will appear next week.

Misleading Beacons.—Some months ago we directed attention to the fact that the old Talusante Gully had become almost useless owing to the action of the tide having forced a new passage through the beach some two miles away and made a new and much better Gully in which there is some seven or eight feet of water at low tide. The old Gully was a difficult one to enter, while the new one is the reverse, the passage leading square off from the shore. The beacon on the old Gully, which is reported to be filling up, as misleading as owing to the channel being shoaler than before and having shifted, they serve only to ruin boats and vessels ashore instead of being a guide to them. It is to be hoped that the Government will pay immediate attention to the matter and cause the beacon to be moved from the old to the new Gully and a Lighthouse to be erected on the new Gully.

Miramichi Lumber Shipments.—The Miramichi lumber export trade to British and foreign ports for the portion of the present season ending 31st, August 1879 compared with the corresponding period last year was as follows:—

Table with 4 columns: Ports, S. Ft. Deals, S. Ft. Deals, and S. Ft. Deals. Lists various ports like British Columbia, New York, etc.

Of other lumber, not enumerated as deals, there were 1,929,000 palings, 287 tons of bark, and 212 tons pine timber shipped the present season, against 1,988,000 palings, 27 tons bark, and 45 tons pine timber last year up to Aug. 31st, 1878. The leading shippers of palings, were the three firms first named in the above list, Messrs. Guy, Boyan and Co., however, leading all the rest, combined in this item, their shipments in 1879 being 1,102,000, and in 1878 no less than 1,046,000. Messrs. D. and J. Ritchie and Co., and Mr. Snowball have shipped the larger proportion of timber this year, Messrs. Ritchie having shipped 296 tons and Mr. Snowball 192 tons. Mr. Morrison comes next with 40 tons.

Miramichi Fish Shipments.—The following figures represent the fish shipments of Miramichi for the month of August 1879, compared with the corresponding month last year:—

Table with 4 columns: Salmon, Fish, and other fish. Lists quantities for 1878 and 1879.

Entertainment of the Chatham Temperance Reformers.—On Tuesday evening the Chatham Temperance Reformers gave their weekly entertainment in the Temperance Hall. The chair was occupied by the President, L. J. Tweedie, Esq., and the meeting was

opened with prayer by the Rev. Dr. Teed. Addresses were delivered by the Rev. Mr. Teed and Mr. W. H. Frecker. Recitations by Master C. Johnston and Miss Lucy Craig. Solos by Miss Burns and Capt. Brown. Instrumental music by Miss E. Haviland on the piano, and Miss Bertie Haviland on the drum. Chorus were sung by the Choir, and Miss C. Johnston presided at the piano. The proceedings concluded with the National Anthem. The attendance was larger than usual.

DEATH OF THE REV. DR. COSTER.—Rev. Dr. Coster of St. John died last week on his way back to that city from New York, to which place he had gone for medical treatment. He was a clergyman of the Church of England, a son of the late Archdeacon Coster of Fredericton, and formerly teacher of classics of the Collegiate School in that city. He subsequently became classical master and afterwards Principal of the Grammar School in St. John. The Telegraph system in private and social life, Dr. Coster was one of the most amiable of men. He was a sincere friend and high-toned gentleman, as well as a most accomplished scholar.

HAULAN AND COURTNEY.—NEW YORK, Sept. 6.—The Herald publishes an Auburn, N. Y., despatch announcing that Hulan and Courtney have accepted the Rochester offer to row for \$8,000. It also publishes a Toronto despatch stating that Hulan insists upon his conditions before agreeing to row.

FALSE IMPRESSION.—It is generally supposed by physicians and the people generally that Dyspepsia can not invariably be cured, but we are pleased to say that GREEN'S AUGUST FLOWER has never, to our knowledge, failed to cure Dyspepsia and Liver Complaint in all its forms, such as Sour Stomach, Costiveness, Sick Headache, Pain in the Heart, Indigestion, bad taste in the month, &c. Out of the 50,000 dozen bottles sold last year, not a single failure was reported, but thousands of complimentary letters were received from Druggists of wonderful cases. Three doses will relieve any case. Try it. Sample Bottles 10 Cts. Regular size 75 Cts. For sale by Dr. Pallen, Chatham, E. Lee Street Newcastle and all other first class druggists.

NO RISK.—Thomson's Electric Oil Worth Ten Times its Weight in Gold. Do you know anything of it? If not, it is time you did. Pain cannot stay where it is used. It is the cheapest medicine ever made. One dose cures common sore throats; one dose cures BRONCHITIS. Fifty cents worth has cured an OLD STANDING COUGH One or two bottles cure bad cases of COLIC and KIDNEY TROUBLES. Six to eight applications cure ANY CASE OF EXCORIATED NIPPLES OR INFLAMED BREAST. One bottle has cured LAMB BACK of eight years' standing. Daniel Plank, of Brookfield, Tioga County, Pa., says: "I went thirty miles for a bottle of your Oil, which effected a WONDERFUL CURE of a CROOKED LUMB, by six applications." Another who has had ASTHMA for years, says: "I have had a 50 cent bottle left, and \$100 would not buy it if it could get no more."

REPRESENTABLE.—General Sir Patrick McDougall is shown up in the Halifax Chronicle for having driven a four-in-hand team through a funeral procession in Halifax. The act was one displaying an unfeeling discourtesy which, in an officer of such high official rank as Sir Patrick, is calculated to bring discredit on the whole garrison.

THE FAILURE of the firm of Cushing & Clark, lumber manufacturers and merchants of Salisbury, has been the principal subject of conversation on the street, since the report became confirmed. Messrs. C. & C. have for some years done a very large business in lumber, manufacturing a great deal themselves and buying largely from other makers for export to Europe. Their business connections were, therefore, quite extensive, and proportionally will be the damaging effect of their suspension. It is said their liabilities will reach \$65,000, a good deal of which, we regret to hear, is due to merchants and lumber manufacturers in Albert and Westmorland. Moncton Times.

SHERIFF HARDING'S OPINION OF ROSS.—The St. John News says:—Sheriff Harding in the course of an interview with a News reporter, expressed his opinion that Ross had been beaten on his merits; that he was properly boated and properly looked after, and when he (the Sheriff) left Halifax, was in excellent condition, and he certainly thought he would win; but, judging from the telegrams received, it would seem as if Smith ran away from him. He did not know what excuse Ross could have. If he had led his opponent at the start, he might have laid the blame of the defeat on the condition he was in, but he had not this excuse, for he did not lead him. The Sheriff said he therefore thought that Ross had been fairly beaten by a sculler better than himself, and he gave this as his opinion, although he was strongly in favour of Ross.

THE LATE MAJOR CAVAGNARI.—The London Graphic of July 5th contains a portrait of the late Major Cavagnari, murdered at Cabul, a few days ago, a fine soldier like man in the prime of life with his breast covered with medals. The following particulars are given respecting his antecedents:—Major Pierre Louis Napoleon Cavagnari was of Corsican origin. His grandfather was private secretary to Napoleon I., and his grandmother was a French lady and became Secretary to Prince Luchan Bonaparte. His mother however, was an Irish lady named Montgomery, and his education has been almost entirely English, as he passed his early days in Christ's Hospital, and subsequently became one of the East India Company's direct cadets. A man of powerful energy, great gentleness and personal courage, he speedily rose to distinction as one of the best frontier officers, acquiring a more thorough knowledge of the frontier tribes than any other living. He was ultimately nominated Deputy-Commissioner of Kohat, where he conducted numerous negotiations between the Government and unruly Afrid tribes. When it was decided to dispatch a mission to Cabul under Sir Neville Chamberlain last autumn, Major Cavagnari was attached to the staff, and when the mission halted before the entrance to the Khyber Pass, he with a small escort of guides rode forward to demand a safe passage. The result of the interview was a direct refusal, and the consequent commencement of the late war with the Afghans.

THE EDITOR OF THE ADVANCE.—Sir:—Is it not customary for the Sheriffs of Counties to give Bonds to the Provincial Government; and is it true that the High Sheriff of this County has not filed his bonds as by law required? On a former occasion our Local Government had to "foot the bills," because they failed to get bonds from a Sheriff of this County. Yours, &c.,

Kent Sheriff's Bond.—We give the above memorandum up, but hope the bond will be given if it has not already been duly executed.—EDITOR

INDIAN DEGRADATIONS.—The fair reader shudders when she thinks of the settler's wife watching, from the door of her rude hut, the retreating form of her husband going out to his daily labors—going out perhaps to return not again, for before nightfall a savage hand may have laid him low among the prairie grasses. Or it may be a child, a bright-eyed daughter, is snatched away in an unguarded moment, to grace the next war dance. When we read the heart-rending details of these savage degradations, we are apt to blame the government for not taking more strict precautions to insure the settler's protection. But we daily read of the degradations of that arch-fiend,

consumption, with scarcely a thought of the terrible inroads it is making in human life. Tens of thousands of homes are annually desolated by consumption to one by Indian outrage. Like the Indian, consumption often comes stealthily, and no danger is apprehended until the victim suddenly finds himself hopelessly enfeebled, and death's fatal arrow ends the scene. Dr. Pierce's Golden Medical Discovery, a powerful alternative, a blood purifier, and tonic, has restored thousands of consumptives who had tried every other remedy recommended to them, without obtaining any relief, and are willing to testify to its remedial powers. If any of the readers of this paper do not know of Johnson's Anodyne Liniment we urge them to find out about it. Write to Dr. Johnson & Co., of Bangor, Me. It is the most marvellous remedy in the world.

Dyspeptic symptoms, low spirits, restlessness, confusion, sour stomach, pain in the bowels, sick head ache, variable appetite, low fever and languor, Parson's Purgative Pills give immediate relief and will ultimately cure the disease.

FOR YOUNG LADIES AND MISSES.—The "Baby" Paperette for correspondence of young ladies. The "Clare" Paperette for Misses. A nice new lot just received at the MIRA MICH BOOKSTORE.

CHECKER BOARDS.—Wax Figures in Glass Shades at the MIRA MICH BOOKSTORE.
