SNOWED IN KENT.—Monday afternoon Richibucto and vicinity were visited by a severe thunderstorm, accompanied by a heavy fall of rain and hailstones, or more correctly speaking, showers of ice. Some pieces of the ice were measured and

found to be nearly one inch square, and one piece on being weighed turned the scales at one ounce. The heavy rain attending this storm, while proving very beneficial to farmers generally will, doubtless, have a material effect in extinguishing the fires raging in the woods. The damages done in Richibucto by the hail stones and showers of ice was not large, resulting only in the breaking of a few panes of glass.

MIRAMICHI METHODIST DISTRICT.—The annual meeting of this District commenced at Chatham on Wednesday last under the Chairmanship of the Rev. Stephen T. Teed. Rev. George Steel was elected Secretary, with Rev. S. C. Caldwell as his Assistant. The first day was occupied with ministerial matters. Rev. H. Penna, of Tabusintac mission, who has finished his usual four years' probation, was recommended to be ordained at the ensuing conference in St. John. Mr. Clement Williams, who has been employed for some months on the Richibucto Circuit under the superintendency of Rev. Isaac N. Parker, was recommended to be received on probation.

On Thursday morning the finances of the District and of the returns were duly considered. Circuit receipts were slightly in advance of last year, while all the Conference funds had been well supported. Membership was about the same as last year. It was reported that during the year sites for new churches had been obtained at Colesville on the Richibucto Circuit, Escuminac on the Campbellton Circuit and on the Tabusintac Mission.

At Derby a handsome Parsonage had been built. Baie Du Vin and Tabusintac were recommended to be united in one Mission. Value of church property was reported to be \$22,500. The meeting broke up at 9.30 p. m. on Thursday.—Advocate.

THE STEAM PUMP OF THE TUG "GLADIATOR."—Captain E. Brown of the barque Mallard expressed himself much pleased with the performance of the pump of the Tug Gladiator, Captain Ross, owned by George McLeod, Esq. The Gladiator's pump was used as a wrecking pump for the first time in pumping out the Mallard when she was aground on the outer bar, and it accomplished the work in an excellent manner. The vessel had 7 1/2 feet water in the hold, and the pump took out six feet of this in 30 minutes, proving the capability of the apparatus for wrecking purposes. The pump throws a six inch stream, and it pumped out the Mallard twice on the bar and once at Mill Cove, with equal celerity, and will no doubt prove valuable to the port in such special cases.

The last piece of the first part is the 3-Act Drama, "Demetrius, or the Grecian Slave" which promises to be an attractive effort. The second part consists of a Comic Song, a Declaration, Orchestral Music, the Farce "Wanted, a Male Cook" Distribution of Prizes and Medals, Vaudeville, etc.

The doors will be opened at 7 o'clock and the performance will commence at a quarter to eight. The admission has been placed at 25 cents and reserved seats, including admission, at fifty cents. Go early if you wish to secure good seats.

St. Louis will be represented by Rev. M. P. F. Richard, U. Johnson, Esq., M. P., Councillor, J. L. Richard and Michel Vautour. Rev. F. X. Cormier and three others will represent the southern and eastern portion of Richibucto Parish known as the Lower Village. Wellington Parish sends two representatives—Rev. Father Michaud and the Rev. Father, Antoine Bourque. St. Mary's, according to latest advices, will be represented by Rev. M. Ouillette and Oliver J. Leblanc, Esq.

REV. MR. FOGO'S DEPARTURE FROM Tabusintac, for a visit to his native place in Scotland, was made the occasion of a tangible expression of the esteem in which his services are held in that community, where he has labored for the past two years and eight months. The settlement is not a wealthy one, by any means, and we understand that the Rev. gentleman was taken quite by surprise when he was presented with the sum of \$72, which had been quietly collected for him as an agreeable surprise on the eve of his departure. The present was accompanied by an expression of the good will of the people and of the hope that Mr. Fogo would soon return recruited in health, to resume his acceptable ministrations. To many the sum may seem small but to those who know the circumstances of the people and the scarcity of money that has prevailed of late the collection of even \$72 at the short-notice is an indication of the esteem in which the recipient is held. Mr. Fogo has been absent from his home in Scotland for twelve years and we wish him all the enjoyment possible to one revisiting old scenes and friends.

Induction of the Rev. W. Aitken. On Wednesday the 9th June, the Presbytery of Miramichi assembled in St. James' Church, Newcastle for the purpose of inducting the Rev. W. Aitken of Vaughan Ontario to the charge of St. James' Church. The attendance of the congregation on the occasion was good. The Moderator, the Rev. John Robertson of Black River preached from John xviii. 22, 23.

And the glory which thou gavest me, I have given them; that they may be one, even as we are one." "I in them, and thou in me, that they may be made perfect in one, and that the world may know that thou hast sent me, and hast loved them, as thou hast loved me."

The sermon was practical and a very suitable one for the occasion, the Rev. gentleman giving a sketch of some of the privileges of Christians, and dwelling on the necessity of their carrying out the principles of Christianity in their everyday life, thus attaining the greatest spiritual good.

At the conclusion of the sermon the measures taken relative to filling the vacancy left by the retirement of the Rev. J. Anderson from the Presbytery, were related. The questions prescribed by the General Assembly were then put to the Rev. Mr. Aitken, and having been satisfactorily answered by him, he was then declared pastor of the congregation, and received a hearty welcome from the members of the Presbytery.

The Rev. F. J. Johnstone of Blackville addressed the Rev. Mr. Aitken on his duties as a pastor in a very able manner. The Rev. J. A. F. McBain, addressed

the congregation with much earnestness, on their duties towards their pastor, and as a congregation generally. The blessing was then pronounced and the newly inducted minister received the cordial welcome of the people present. The settlement is in a very harmonious condition, and the Rev. Mr. Aitken commences his labors under the happiest auspices with the good wishes of all.

Rural Deacons Meeting. The Clergy of the Rural Deacons of Chatham met at Baie des Vents on Wednesday and Thursday the 16th and 17th inst. On Wednesday evening Divine Service was held in the Church of St. John, the Evangelist, and the Deacons' Session was preached by the Rev. T. Nelson Jones, Rector of Richibucto. On Thursday morning there was Morning Prayer with the celebration of the Holy Communion at 11 o'clock. In the afternoon the Clergy met at the hospitable house of the late Alexander Williston Esq., and after routine business, spent some time in the reading and critical study of the Scriptures. On the evening of the same day, Missionary Services were held in the Parish Church by the Revs. H. H. Barber and A. F. Hiltz, and in the village school house by the Revs. T. N. Jones, D. Forsyth, R. D., and E. P. Flewelling. Large congregations assembled at all these Services.

On Friday the Clergy returned to their several homes, after an enjoyable and profitable reunion. The next meeting of the Chapter was appointed to be held in Richibucto.

'Let's Talk of Graves and Worms and Epitaphs'—Shakespeare. A Newcastle correspondent says that some amusement has been caused in a limited circle by the owner of the long coat, one and chocolate beard going about and telling how Mr. Richards called at his office and paid him five years arrears, together with a subscription for five years in advance. The Advocate refers to the episode, and goes into the particulars of the transaction very minutely. A portion of the story as given in its columns is as follows:—

On asking for his account, it was found that he was just five years in arrears, upon ascertaining which he said—"Well, sir, you have waited five years for your pay, you may credit me with five years in arrear." In reply to a remark that many things might occur before the expiration of the time, the publishers might be dead and the publication of the paper discontinued, he said—"Well, even so, the loss would be trifling."

The St. John News quotes the whole account from the Advocate and remarks— "It must have been very discouraging to the Advocate man, however, to learn that if he were dead and the paper suspended the 'five years would be lost for nothing.'"

The job, however, is dead to any joke at its own expense. Having killed off its political friends, it seems to be in a suicidal mood, for it has, doubtless, learned that the portion of the party in which vitality remains is encouraging the revival of an organ in Chatham. The subject, however, is too grave for the present warm weather. Mention Mr. Richards is credited with saying he knew when he made the compromise that the point of his grim joke was lost on the ears to which it was addressed.

The Man Who Wanted "A Puff." The Editor of the Advance happened to call at a store in town on Tuesday and, being addressed by name by a friend who was there, a little eager-looking young man of "illuminated" style, who seemed about to leave the store, stepped up and enquired if he was addressing the Editor of the Advance. Being answered affirmatively, he at once extended his hand with a patronizing grace and flourish that is always so flattering to persons who live in the country. The Editor timidly gave his hand to the young man, who interpreted his shyness as meaning that he was not recognized.

"You don't seem to know me," said the little stranger. The editor felt very badly over the thought that he failed to recognize one who treated him with such generous cordiality and he replied— "I do not" and being of an enquiring turn of mind, meekly interrogated "Who are you?"

"Currie," replied the little man and, seeing that the editor failed to show he was startled by the announcement, he continued, in the tones of an accusing angel—"you have never given me a puff."

"This was, indeed, a serious matter, THE ADVANCE had never puffed 'Currie,' and the editor felt correspondingly humble, but managed to falter out— "How could it when it didn't know you?"

"Never mind, it's not too late," said "Currie" and as he reached out for a piece of wrapping paper which lay on the counter, he said, "When does the ADVANCE go to press?"

"To-morrow," said the editor. "In time for the morning mail?" "No," in time for the next morning's mail.

Then "Currie" busied himself writing on the brown paper and soon handed the finished copy to the editor. "There still remains a few more bridges to be noticed by 'Traveller' and these will form the subject of letter No. 4. Yours etc. TRAVELLER. Richibucto, June 4th 1880.
