EVERYTHING PROCEEDING SATISFACTORILY

He found that everything was proceeding satisfactorily and that the Groceries, Provisions & Crockery; management was in excellent hands. The following is the report of the Mayor of Halifax and Mr. Rose to the Halifax Council on their visit -R. FLANAGAN.

> In accordance with the Committee's resolution of 29th November, the undersigned visited Stellarton on Thursday, 2nd inst., and held an interview with the "Albion Mines Central Relief Commttee, treasurer; Rev. D. C. Moore, Rev. I. E.

Thurlow, Rev. Charles Dunn, Rev. Thos. Cumming, Lewis Johnston, M. D., Mr. John Greener, Manager Vale Coal Co., Mr. W. H. Angel, Manager N. S. Coal Co. The Manager of the Albion Mines, Mr. Hudson, was prevented from attending by indisposition. These gentlemen expressed themselves much pleased that we had adopted the course of seeking, in person, the explanations which ing, in person, the explanations which had been deemed desirable and replied readily and fully to the queries we submitted. We consider it unnecessary to state these in detail further than to say they elicited the following, among t other facts: That the number of adults and child-ren rendered helplessly destitute by the deaths resulting from the late disaster was 162. That to these alone was relief to be extended, and on the following

That no distinction has been drawn between the recipients-the family of an Overman receiving the same allowance as that of an ordinray miner. That following the example of other countries where similar calamities had called forth large subscriptions, and where a feeling existed endowment was called for. The Committee had hoped to obtain such a sum as would enable them to extend the relief over a period of from 4 to 5 years. In the case of a fund recently raised in England, under circumstances, very much like those we are now considering, a term of 10 years was stated as the period it should cover. Judging however from present appearances, the Committee fear their means will be comparatively small and that the relief will partake of little more than a temporary character. With the particulars of the Foord Pit horror still fresh in our minds, and with the facts be-fore us that the local charities and the people of the surrounding district, though contributing nobly (the employes at some of the mines giving their whole day's wages) were powerless to cope with the necessities of the occasion. We are of the opinion that the appeal for outside assistance was not only justifiable, but became imperative. Believing, therefore, that the charity of our citizens has been well directed, and that thehandsome contribution they have given to this Relief

As a flesh Esq., Lindenbank, Guelph, who is widely producer one pound of eggs is about known as at one time the editor of the Canada Farmer and more recently the "Witness" lecturer on agriculture. His editorial articles and "Agricultural Letter Box" are especially attractive. The "Witness" Markets are all perfectly reliable and very full. Hardly less valuable is the veterinary column conducted by D. McEachran, F. R. C. V. S., Principal of the Montreal Veterinary College, and the Dominion Inspector of live stock. His name stands in the front rank of veterinary surgeons on this continent, and the prompt replies given to correspondents are valuable. A "Poultry Column" has just been added, and promises to be of great assistance to poultry farmers, who are growing in number. In cities and towns especially the raising of fowls is increasing in popularlity. While these departments are of especial value to the farmers, the cultivators of the soil in a smaller way, and the gentlemen and ladies who are fond of gardening, are not neglected. The Legal Department, in which all legal questions are answered by one competent to perform this work, is a valuable assistance to all men of business. And then the paper is full of information of especial interest to the family, even the little children having a column to themselves. An especial feature about this two thousand years.
