

Miramichi and the North Shore, etc.

THE METHODIST LADIES of Chatham are preparing for an Annual Fair and Grand Christmas Support to be held in the Temperance Hall on Tuesday the 21st inst.

PERSONAL.—Urbain Johnson, Esq. M. P. is in town on Wednesday, Thursday and Friday last.

A POSTPONEMENT.—The ticket holders in the Lottery which was to take place on the 10th inst. in the Masonic Hall (Chatham), will please take notice that owing to tickets not all being disposed of, the drawing will be postponed until the evening of the 29th of the present month. T. R. COFFIN.

VENISON, the weather prophet promises a remarkably heavy snow-storm on Monday next, which may impede people's movements when they desire to visit the annual Bookstore and purchase Christmas presents.

BRIDGE PURCHASE.—The Local Government has purchased the Woodstock Bridge for \$5,000, the rails excepted, and will maintain it at the public expense. What about the bridges in this county? When does the Board of Works intend to restore the Eskedoloue Bridge? A mere fraction of the money given for the Woodstock Bridge would do the work.

THOSE SAILORS.—Capt. Armstrong of the barque Favorite informs us that he does not believe the sailors who walked out by the Chatham Branch Railway, and of whom one had a foot frozen, belonged to his ship as reported in last week's ADVANCE.

SHIPWRECK.—There is excellent sleighing on Shippagan harbor, though it came a little too early for business in that locality. A Caravel schooner from Quebec is frozen in there and the cargo is being hauled ashore and forwarded to its destination. It is reported that over half a dozen teams broke through the ice the other day at Shippagan.

THE CURLING AND SKATING RINK is ready for use. We learn it is the society's intention to open it to skaters as well as curlers this season in conformity with their agreement with the Public Square Committee, who kindly permitted them to erect an ante room in the Square.

"PRO AWAY, SIR," was the subject of a lecture delivered in the Methodist Church Chatham, on Tuesday evening by Rev. S. C. Wells. There was a fair audience who were very effectively advised to "peg away" at everything that was in the way of true advancement.

A GREAT PAPER.—We desire to call the attention of our readers to one of the greatest newspapers of the age—one that secures the best writers in this country and Europe, regardless of expense; has the best and latest news of any paper in the country; has able articles upon financial subjects; has departments devoted to Fine Arts, Biblical Research (such that cannot be found in any other newspaper in the United States), Farm and Garden, Landmarks, Weekly Market Reports, Cattle Market, Poultry Market, Dry Goods Quotations, etc.—in fact, a newspaper fully suited to the requirements of every family, containing a fund of information which cannot be had in any other shape, and having a wide circulation all over the country and in Europe. We refer to The Independent, of New York.

"The largest, the ablest, the best." See advertisement, in another column, and send for specimen copy.

Harry Lindley's Comedy Company. Harry Lindley's Comedy Company appeared here on Friday, Saturday and Monday evenings last, producing "Our Boys," "The Two Orphans," and "Cote" with success as spectators. The company was small, but made up in the way of talent, for numerical weakness. Lindley was, as usual, a host in himself. Mrs. Lindley (Louise Foster) and Lindley Jr., together with Mr. Walsh, were received as old favorites. Miss Violet Campbell and Miss Lucy Cutler and others, were new to Chatham audiences and soon gained admirers by their excellent acting. Notwithstanding their merits, the company were not patronized as well as they deserved. Mr. Lindley is a capital actor, but he does not seem to understand the art of business management. The fact that he did not do better business here was owing to inadequate announcement of his coming, and the talent he intended to bring with him. We have known inferior combinations with little dramatic merit to be nagged by flaming posters into what modest Lindley might truthfully say of his company and be believed. He ought to allow himself to be properly announced, who he is fairly well known and deservedly appreciated. We hope he will come back again at some time, bring as good a little company and let the people know of his intentions beforehand.

Northumberland Agricultural Society. The annual meeting of Northumberland Agricultural Society was held at the Canada House, Chatham, on Friday, 26th inst. The meeting was held on the 26th inst. in order that the returns for the year might be forwarded, as required by the Provincial Board, and as it happened to be the period between open water and safe crossing on the river, the Newcastle and Douglastown members could not be present.

In the absence of Hon. Edward William, President, Vice President, R. Stapleton was called to the chair. The accounts and reports of the year were submitted, showing that the usual exhibitions had not been held, owing to the funds of the

society having been devoted to paying off the debt incurred by the purchase of the horse "Victor Hugo." It was shown that \$1,100 had been paid on the horse, which had been purchased by the delegates of the Society at the suggestion of the Local Government, with the understanding between the Government and the delegates of the Society; that the latter body should have their obligations of payment remitted to a certain extent in consideration of their assisting in the debt of a ring formed for other societies to secure the imported stock at a great loss to the Government.

It was decided that an exhibition should be held next autumn, however, as a general belief was expressed that the balance nominally due on "Victor Hugo" would be assumed by the Board of Agriculture as a discharged obligation. A Committee was appointed to consider the claims of the Society in the matter upon the Board of Agriculture, and to have them forwarded by the President.

The officers called for the ensuing year were:— Hon. Edward William, President. Jas. Fris, 1st Vice President. H. R. Snowball, Esq., M. P. and Hon. Senator Murdoch held Chatham for Ottawa on Monday evening.

ANONYMOUS correspondents cannot have attention. Our friends who desire to send their communications in print must send their real names in confidence. We may also remark that the ADVANCE is able to defend itself when it decides such a course necessary. Contentment may be expressed by silence, better than by words.
