BROCKVILLE, ONT., March 23, 1880. Dear Sir-1 have sold your Vegetlne since it was first introduced into Canada, and most cheerfully mmend it to all who are in want of a blood ourifier, and believe it is just what it is advertised to be, a purely vegetable compound. My customers all speak in its favor. My sales are steadily increasing. I have sold many articles of the same description, but Vegetine gives the most universal satisfaction. G. T. FULFORD & CO.,

CLIFTON, ONT., Jan. 16, 1880. Dear Sir -I advise you of the good results of your Vegetine. My wife's father, now nearly eighty-five years old, was attacked with Erysipelas in its worst form. His head and face were swolen so that he was blind, and one of his limbs was badly swolen and discolored, and broke out in several places and discharged. His physician said there was no remedy that could cure him, as he was such an old man. To gratify a son-in-law he was persuaded to take your Vegetine. This was an important duty for this Diocese, and as one member had before advised them to pray for direction now, so there was need to pray still more that the Coadjutor might be guided in his duties. His Lordship said that as long as he could he would work-as long as God gave his strength and the spirit. He stated that he did not intend to go to England to seek rest. In conclusion he trusted that

the members of this Diocese would give him and the Coadjutor a hearty support. On motion of Mr. G. A. Schofield, seconded by Mr. Hurd Peters, it was reance with the Canon, to the Most Rev. the Metropolitan, announcing Mr. Kingdon's election by the Synod.

The Coadjutor Bishop.

The Rev. Mr. Kingdom who has just been elected Coadjutor-Bishop of the Die ese of Fredericton, is about 45 years of age, and is a very active man. He is a member of the English Church Union, and also of the Sancta Trinitas Confraterni tas. (the Confraternity of the Holy Trinity) of Cambridge. It was probably this fact which gave rise to the statement that he was a member of the Confraternity of the Blessed Sacrament. Mr. Kingdon was at one time the curate of St. Andrews, Wellstreet, but we do not know whether he is the carate to whom reference is made in this paragraph from the Rock, of March. 1878, in which that journal professes to give an outline of the objects of the above named Confraternity: The society turns out to be even more

formidable than we apprehended, and will require to be carefully watched. It appears to have been founded in 1857earlier, that is by some years, than the Society of the Holy Cross-and now numbers about 350 "brethren," all members of Cambridge University and all, with very few exceptions, either already in holy orders or seeking ordination. R. Churton, B. D., of King's llege (a member of the E. C. U.). is president, assisted by a Conneil consisting of four vice presidents, two secretaries. twelve "Senior Brethren," and an "Almoner," who is in fact, the treasurer. Chapters are held twice a month at 9 p.m., after which addresses are delivered. There are also devotional exercises, conversational classes on "Dogmatic Theology," and at stated times early celebratures have been obtained. The National Webb's curate. The members of the contraternity are distributed through all the towns and dioceses of England and Wales, some (e. g. Mr. Greathead) have even found their way from Cowley to India. Among the earlier nembers we meet with the names of Mr. Body and Mr. Bagshawe (St. Barnabas. Pimlico) both belonging to the Society of the Holy Cross of which Mr. Bagshawe is at present "Master." In 1867 the first name on the list was that of the Rev. J. G. Greene, who has just passed from Mr. Wagner's church at Brighton into the Church of Leo XIII. Dr. Woodford, the present Bishop of Ely, is also a member, a circumstance which may perhaps explain Archdeacon Dennison's bitter dispointment-vented in a recent "letter" at not finding him quite the high sacredotalist that he had a right to expect. The S. T. C. has also furnished some of the most mischievous curates who ever assisted the incumbents of St. Andrew's, Well-Street; St. Barnabas', Pimlico; St. Augustine's, Kilburn: St. Agnes'. Ken

It is only right to say, on the other hand, that the Rock is a very extreme paper, whose view of any matter is to be taken with much allowance. It is in Mr. Kingdon's favor that his name is not on the lists of the more marked societies and movements, such as the Confrate nity of the Blessed Sacrament, the Society of the Holy Cross, or the petitions in favor of the Confessional, etc.; and he does not appear to have in any way connected himself with the recent Ritualistic movement, or with the Ritualistic party, so called, as distinguished, and most properly, from the historic high church school in the English Church. He is said to be of moderate views. If he can readily accommodate himself to the circumstances

THE "HISTORY OF ACADIA."-The Edinburgh Scotsman has the following friendly notice of the History of Acadia, of which Mr. James Hannay, at present of the Telegraph staff, is the author :-

the Church in Canada, he will make a use-

ful man. -Globe.

Mr. James Hannay's History of Acadia is in two ways a monument of the author's industry and perseverance. In the first place it must have involved a vast amount f labor and research to extricate from musty official documents, old manuscripts, the records of the explorations of sixteenthcentury voyagers, and many other sources. the facts he has collected about the first settlement and early history of Acadia, D. M. FERRY & CO., Detroit, Mich. and to weave them into the form of a continuous and intelligible narrative. But further. Mr. Hannay mentions in his preface that the book was nearly finished so far back as in the early months of 1877, but that the whole of the manuscript in the printing office, together with his own library, was destroyed in the great fire which, in the summer of that year, devastated St. John, N. B., so the greater part of his work had to be done over again. The manner of its performance, on the whole, reflects great credit on the author. There is no attempt at fine writing, but there is a simple narrative of the misfortunes, the efforts, and the successes of the early French colonists; of the long warfare between France and Great Britain in North America, which ended in the transfer of all the French possessions to the latter Power; and finally, of the circumstances attending the famous deportation of the Acadians in 1755. There are few events

in modern history, as Mr. Hannay has succeeded in showing, which have been more widely misrepresented and misunderstood than this. Ninety-nine people out of every hundred form their impressions of it from Longfellow's "Evangeline," and believe that the Acadians were a gentle, innocent, pastoral people who were cruelly oppressed by the British authorities. The actual fact is, that the utmost patience and even indulgence were exercised toward them; and that it was not until after the Government had had long experience of their readiness to aid the arms of France-from which their colony had been formally separated by the Treaty of Utrecht-and after they had again and again refused to take the oath of allegiance to King George, that their deportation was at last carried out. They soon found out that the Government to which they so

persistently and perversely refused allegiance was far better than that for which hey had made fruitless sacrifices, and the greater number of them ultimately found their way back to Acadia, which their descendants still inhabit, and are among the most loyal of Her Majesty's colonial subjects. Mr. Hannay attributes the irreconcilable attitude of the Acadians before the deportation to the evil influence of the French Jesuits and other missionary priests, against whom he makes out a very strong case. Altogether his book, unpretentious though it be, is entitled to take its place as a standard authority on the 20 Violins, \$2.50 to \$8.50. subject with which it deals.

Yesterday's meeting of English and

Irish Liberals to express dissatisfaction at the incompleteness of the changes proposed in the land system, is attracting much attention The Daily News says: It becomes

abundantly manifest that a strong measure will receive abundant support, while a weak one will cause defections from Liberal ranks and strengthen the hands of the House of Lords.

The Times says the body of politicians. English as well as Irish, are conveying the menance, not in words, but quite intelligibly, that unless sweeping changes in the land system, going far beyond the Act of 1870, are proposed, a stand will be made against coercion. The London correspondent of the Man-

chester Guardian mentions, with some degree of credit, a rumor that Earl Cowper desires to resign the office of Lord Lieutenant of Ireland, principally, however, for private reasons.
