

Miramichi and the North Shore, etc.

STREAM was put on at Sargent's mill yesterday. HOUSE TO LET.—See Mrs. Geo. Letson's advert. FLETT'S MILL, Nelson, is to start on Friday. SNOWBALL'S Mill is to commence saving to-day. THE WATER MILL.—Messrs Guy, Bevan & Co.'s—has been saving for several days. DIVIDEND.—The Bank of Montreal has declared a dividend of 4 per cent. for the half year and a bonus of two per cent.

A NEW ENGINE, built by John Flett, Esq., in his workshop, during the past winter, is now in position in that gentleman's mill Nelson. EXODUS.—Another "interesting" passenger went away from Newcastle last Wednesday night. The attention paid to "persons in the lumber camps" is becoming very noticeable. SAWDUST.—The Inspector of Fisheries for New Brunswick writes in the News—over his own signature this time—prohibiting people to allow sawdust they may make from going into the St. John River. What about the Miramichi and its sawdust—now floating "fresh and crisp."

PERSONAL.—A letter has been received by Dr. Travers of St. John from Bishop Sweeney. It was written when the steamer in which they sailed was 1,800 miles from St. John, and was posted on Palm Sunday, at Moville, Ireland. The Bishop and Rev. Mr. Michaud were in good health. REV. DR. JARVIS preached his farewell sermon in St. Andrew's Church on Sunday last. It was listened to with great interest, being an effort well worthy of the occasion. In compliance with the wishes of the congregation the reverend gentleman has consented to its publication. It will, therefore, appear in the ADVANCE next week.

COMING BACK.—Among the passengers of the St. John and Maine Railroad last evening was a family of ten persons, consisting of an aged grandmother, father and mother and seven children. Some of the children were sick and their mother delicate. Under a rough exterior the husband concealed a kind and gentle disposition, evinced in his thoughtful, kind, gentle attentions to his wife and children. They had been in living in Houlton for some time and were returning to Chatham.—Tel.

CREDITABLE.—Mr. Thos. Marquis, of Chatham, who entered Queen's College, Kingston, last fall, has written the Prize Poem, winning over the heads of a number of competitors. The subject of the poem is the interview between Nautica and Ulysses on the sea-shore as depicted in the Odyssey. We congratulate Mr. Marquis in the distinction he has achieved so early in his collegiate career. ST. MARY'S, RICHMOND.—At the Easter meeting of St. Mary's Church, Richmond, the following were elected:—Wardens—James C. Moody, M. D., Wm. Hudson. Vestrymen—Charles J. Sayre, Robert Hutchinson, Thomas W. Bliss, James W. Foster, John Stevenson, Jr., Allan Haines, Thomas G. Dickinson, John M. Watheh, Sr., Caleb Richardson, Louis Neilson, Wm. Whelan, David Palmer. W. McEabern, Jr. Vestry Clerk—Caleb Richardson.

TIMELY HELP.—Mr. Michael O'Brien, of Renous River has been afflicted for some time with a swelling or rupture of old standing and has thereby been unable to work. Knowing his lack of the means for obtaining the best surgical advice, the men employed in the different camps on Renous River subscribed \$164 to enable him to proceed to Boston for eminent surgical treatment. Of this amount, the sum of \$82 was collected in the camps of D. McLaughlan, Esq.—Advocate.

THE ANDOVER commenced running on Thursday last, making trips to Indiantown and Chatham. She runs to Indiantown once every day now and also makes two trips to Chatham. She leaves Newcastle for Chatham at 8.30 a. m., and Chatham for Newcastle at 10 a. m. After waiting half an hour at Indiantown, she returns, leaving Newcastle for Chatham at 4 p. m., and Chatham for Newcastle at 6.30 p. m.—The New Era will be on her usual route in a few days.

THE PILOTS.—At the annual meeting of the Pilotage Commissioners of the Miramichi, held at the office of R. R. Call, Esq., Secretary, Newcastle, on Tuesday, the following were entered as licensed pilots for the present season:—

Table with columns: No. of License, Name, License, Name. Listing various pilots like Joe Jimmo, Oliver Foster, Louis Jimmo, M. Miron, Angus McEabern, Wm. Wall, Mitchell Martin, Geo. Tait, Francis Martin, etc.

Presbyterian.—We have received the first number of the Maritime Presbyterian—a very interesting publication. It announces itself in the following terms:—A Monthly Pamphlet Devoted to Christian Work—Published at New Glasgow, N. S., on the 15th of every month. Terms: 25 cents per annum, in parcels of five and upwards, to one address. In parcels of ten and upwards, Single copies, 50 cents. For the remainder of the present year, nine months, the price is 20 cents, in parcels of ten and upwards, to one address. 25 cents in parcels of five to nine. Single copies 30 cents. The more lengthy articles for insertion will require to be in not later than the first of the month: items of news, notices, &c. not later than the 10th. Its receipts after paying its own cost are given to the work of the Church. All communications to be addressed to Rev. E. Scott, New Glasgow, N. S.

The New Mainhead Mill

The finest 2-gang steam saw-mill in the Maritime Provinces is that belonging to Hon. Wm. Muirhead, Chatham, erected on the site of that destroyed by fire last summer and which will commence saving next week. The main structure—the mill proper—is 138x46 ft. and 27 ft. post. Separated from this by an entirely open passage of ten feet is the Engine House, 40x16 ft., with a 16 ft. post, and next to the Engine House—separated by a brick wall, common to both—is the Boiler House and sawdust Kiln, which is 70x40 ft. and has also a 16 ft. post. The main mill has a pitch roof on each side, with a crown roof in the centre covered with asbestos.—The Boiler House has a pitch roof and the Engine House a flat roof. The chimney, which is located at the South-west corner of the Boiler House is the same one that survived the fire of last year in such excellent condition. Entering the mill on the ground floor the visitor is at once impressed with the excellence of the workmanship and material in every part. The old four-

dations having been laid bare and built upon, the greatest solidity for the walls, gang-foundations and other parts upon which great strain must come, has been secured. An idea of the wood used in construction may be formed from mention of the size of some of the timber. The sills are 14 inches square and the posts 12 inches square. Pine bed-pieces 16x20 inches, and 35 feet long, lie on the foundations of the line shafting and galls. These have birch timber 16x18 in., 28 ft. long lying upon and fastened down to them. The gang-posts are 16 in. square and are braced on either side with timber 10x16 in. The bolts and other fastenings of these important parts of the mill are of the strongest description and the workmanship is faultless—every joint being well made, and the large surfaces fitting together with an accuracy that must secure steadiness and durability under any jar or strain that may test them. The line shaft has a total length of seventy feet. The part nearest the engine is 8 in. diameter, the next length 7 1/2 in. and the section furthest from the engine, 7 inches. The two drums which drive the pulleys of the gang shaft and other machinery are each 10 in. in diameter and have faces 10 ft. wide. They are made on three iron ring frames having radial arms meeting in the centre about the shaft, and the faces were turned off a few days ago, steam having been got up and the machinery set in motion for the purpose.

There are, in all, about 1200 running feet of rubber and other belting in the mill. The longest rubber belt is that which passes round the 1st line shaft drum, and drives the edgers, trimmers, lath, piling and some other machines. It is 86 ft. long, 16 inches wide and six ply. The gang belt is of the same size and make and 75 ft. long.—Other belts of rubber, of large and small size, drive the haul-up, wood cutters, trimmers, etc.

The gangs are of steel and they are constructed extra strong and heavy. The guide-rolls of one gang are 4 1/2 in. in diameter and those of the other 4 1/2 inches. The stroke is 26 inches. The gangs are worked by balance cranks, each 25 cwt. weight. These are of cast iron hooped with heavy wrought iron. The crank and other pins are of steel. The connecting rods of the gangs are 12 ft. long and 4 1/2 inches diameter. Attached to one side of each of these, well down on the shoulder, near the crank pin, a close fitting brass box has been securely fastened. The lid is also set down with a screw so as to make it perfectly secure. A hole leads diagonally down from the bottom of the box to the crank pin. This contrivance is in consequence of Miss Alexander's ill health, however the school, since the middle of December last, has been in charge of Miss Gertrude Thomson of Newcastle.

The proceedings commenced about 9.30 a. m., with devotional exercises, after which the various classes were severally examined in Reading, Printing and Drawing on slates, component sounds of words on the black board, lessons in Geography and Form, Elementary Arithmetic, etc. The Reading and Printing on slates was particularly good, and the school appeared generally in excellent order. The number of pupils on the register of this school is 60, and the average attendance 46. The Trustee present was G. A. Blair, Esq., and among the visitors were F. E. Winslow and W. Murray, Esqs., and a number of ladies. The exercises were relieved at intervals by songs and recitations, the latter being as follows:—"The Noble Boy," by Maggie Johnston. "When I was a Man," Barnaby Wyatt, Eddie Raddock, Wm. Murray, Stuart Benson, Clifford Hickey. "Hildegard, or The Broken Doll," Polly Winslow. "Little Loves," Mary McCurdy, Louisa Howard, Minnie Crobie, Maggie John, Howard, Bessie Vanstone, Minnie McLean. "Birdie," Mary McCurdy.

A song entitled "The Farmer," was also given by five little girls—named Maggie Johnston, Minnie McLean, Louisa Howard, Ada McDonald and Bessie Vanstone, which was given in very good voice. G. A. Blair, Esq., briefly addressed the children, who he said were probably more interested in getting a half holiday than in speech making. He was pleased with their neat and happy appearance, and he was sure all present must be gratified.—They loved their teacher, who had evidently taken great pains with them, and the rest of the day they might enjoy as a holiday.

The children were then dismissed. EXERCISES.—In the afternoon at 2 o'clock, the examination of the Intermediate department in charge of Miss M. Haviland took place. This school has 58 pupils on the Register, with an average attendance of 42. The grades are 3, 4 and 5.

Round the walls on the black-boards were a number of very well executed maps, from memory, and drawing executed by the following pupils, viz.—Carrie Cherry, Alfred Steves, Ida Henderson, Minnie Carmichael, Arthur Raddock, Lillie Cherry, Wm. Staples, Lottie Kethro, Maggie Shank, Maggie McNaught, Maggie Walls, W. D. McKay, Fred Green, Bessie Crighton, Annie Muirhead, Catherine Benson, Jessie R. Martin, Annie Vanstone, Ada Most and Annie Loudon.

There was quite a number of visitors, chiefly ladies, among whom were several of the teachers from other schools. The Trustees who attended were G. A. Blair, Esq., and Thomas Crimmen, Esq. There were also present Mr. Roberts, Principal of the High School, Mr. James McKay and Mr. D. Martin. The exercises commenced with the pupils singing the "Spring Song."

Upon the table were laid the drawing books of the pupils, which showed some very neat work in number 1 Series. The exercises of the different grades, so far as the time allowed, consisted of reading, with dictation and spelling, maps of Ontario, Nova Scotia and Northumberland County, drawn from memory on the slate, and the elementary rules of Arithmetic, in which the pupils evinced satisfactory progress, as shown by the late report of the Inspector. Several of the branches taught had to be omitted for want of time.

The more serious portion of the examination was diversified by several songs by the pupils and a number of recitations as follows:—"The Life Book," Gertie Jackson. "The Hunt," Le Baron Shirreff. "The New-boy," Freddy Howard. "The Milkmaid," Clara McCurdy. "The Young Sailor's Letter," Alex. Cormack. "Giant and Dwarf," Alfred Steeves, Geo. Howard. "Seasoned with a Kiss," Maggie McNaught. G. A. Blair Esq., at the conclusion, briefly

addressed the children, saying no doubt they expected a holiday, and he would give them a half holiday, the day to be fixed by the teacher. The trustees were always pleased with the examinations at this school, which were creditable to the teacher, and showed that the children had been well instructed and profited by it. Not that the school was perfection, but if they were told they had done well, they ought to try to do better, and it was, indeed, apparent at each examination, that they did the best they could.

T. Crimmen, Esq., said he did not intend to say anything as it was not long since he had attended an examination.—He felt much pleasure in the result of the Inspector's examination, the report of which showed that nearly the whole of the school would be graded. This showed that they profited by the instruction given, though there were some instances in which pupils had suffered from irregular attendance. The children of the three grades would therefore, soon march a step forward, and they were glad to meet children each year coming into the advanced departments. He would not detain them longer but hoped Miss Haviland would give them a holiday as soon as possible. The school was then dismissed.

The names of the children of this school who obtained over 1000 out of a possible 1070 were as follows:—Maggie McNaught, 1067 1/2. Gertie Jackson, 1047 1/2. Maggie Walls, 1044. Minnie Carmichael, 1023 1/2. Carrie Cherry, 1013.

The primary department in charge of Miss M. Davidson, was examined on Monday morning in the branches taught in these grades. Messrs. Duncan Davidson and Thomas McLaughlan, Trustees, present. The discipline of the school was excellent and the result of the examination very satisfactory. THE ADVANCED DEPARTMENT, NO. 9, in charge of Miss Shanahan, was examined on Tuesday morning. The Trustees present were Messrs. Duncan Davidson and Thomas McLaughlan, the school was examined in the subjects belonging to the first two grades of the Advanced Department. Miss Shanahan has only been a short time in charge of the school. (To be continued next week.)

That "Unfortunate" Paper.—Referring to the Telegraph's article, which we reproduce to-day, the Advocate of yesterday says:—"What about the Advance? Has Mr. Snowball discovered that his reckless manager of his organ at Chatham is damaging his interests in the County so far as his chances at the next election are concerned, by his profligate and ungenerous opposition to all who dare to dispute the Snowball regime, and is therefore seeking another and more reliable paper friend to aid him in his effort to maintain his weakening hold upon this constituency. Whatever may be the cause—it is not at all flattering to Mr. Snowball to admit that he has been driven from the little as if afraid of some contagion. We do not pity him as far as pity can go in that kind of reaction."

How very easy it is to set a certain class of people wondering! The Telegraph could, we presume, refer to Mr. Snowball in connection with the proposed visit of Mr. Blake without seeming to go very far out of the way. Imagine our feelings when the Advocate tells us what Mr. Snowball has done and what his sentiments are respecting newspapers. It seems, then, that the poor ADVANCE is (according to the Advocate) to be moved to a second or third place in the affections of the Liberals of Northumberland. What a chance for the Advocate! Who knows, now, but that that offer to remove its office to Chatham and publish it in Mr. Snowball's interest for a thousand dollars, were renewed, it might meet with more encouragement than before? Such an arrangement would be all the more pleasant for the Advocate people, no doubt, in view of the fact that it has, for some time, been playing "second fiddle" as a local organ of its party. If it can effect the arrangement we promise that we shall, at once, leave the field, because if the leaders of the political party which we prefer in Northumberland were to go about deploring our weakness and imbecility and encouraging the establishment of a second paper in our field—as the Advocate's "friends" have done in respect of it—we would have self-respect and pluck enough not to interfere with their success in their new departure. The Advocate does not know a great deal, but it ought to know enough not to interfere unduly with the ADVANCE and its affairs, which were never in better position than at present.

Pass him Around.—A clever fellow, in a small way, has given several citizens cause to remember him during the past week or two. His name is Anthony Perry and he is a Frenchman, belonging to it is said at one time to Kent County. He worked for Mr. John McEabern in the woods as cook in the winter, and came out to civilization some three weeks or more ago. Since that time he has been doing quite a stroke of business in the forgery line. He induced a Chatham merchant to fill in the body of a check for him for twenty five dollars and he afterwards signed the name of F. E. Winslow, Esq., Manager of the Bank of Montreal at Chatham to it. The signature was not even an imitation of that of Mr. Winslow, but he got \$10 in cash and \$10 in trade for the check from Mr. McIntosh of the Dominion House. He also tried to get a check for ten dollars signed "Isaac (his mark) Scofield" and witnessed by Mr. John U. Loggie and drawn on the Bank of Montreal, Newcastle, which he cashed in Chatham. It appears he took the check, partially filled in, to Mr. Loggie, told him a story about having been in the woods all winter, and that he wished to get work from him. He represented himself as Isaac Scofield and said he could not write, so got Mr. Loggie to sign his name while he made his mark and then induced Mr. Loggie to also write his own name as witness of his signature, the check being drawn in favor of "Anthony Perry." Perry presented the check to W. B. Howard, Esq., to have it cashed, but the latter gentleman simply took it to be forwarded for collection to Newcastle. Perry obtained money and goods to the value of some \$7 on it, before its worthlessness was discovered. Perry, it seems, has also been forging an order for goods on the store of R. P. Whitney, Esq., Northack, and several drafts and checks besides those above mentioned. He is said to have been in the American war, and is now in receipt of a pension, having been wounded in the hand and also in one leg, from the effects of which he is quite lame. He is very much "wanted" in both Chatham and Newcastle and stands a fair chance for shipment to Dorchester should he be caught.

Fredrikson Post Office Robbed.—On Monday night a most daring robbery was perpetrated at the Fredrikson Post Office, which was forcibly entered,

and the contents, stamps, and money that were lying around loose were abstracted. The office was entered from the rear, a pane of glass broken and the catch of the window lifted, which offered an easy entrance. All the drop letters during the evening, with the late mails, both coming and going out, were taken. The English mail had only arrived some twelve hours before and a great many had not had their letters delivered. No one has yet been found to the perpetrators, but every effort is being made to hunt them up. It is impossible to ascertain the amount of the loss as no account of the money in the stamp drawer was kept, and there was also a large number of stamps missing. The loss will fall mainly on those who foolishly send their money in drop letters without registering. No registered letters were taken as they were securely kept in the safe.

NOTES AND NEWS.—"HEM"—The Sun says that "Legra" who endeavored to "Beat Sugar" the Press recently, is a "Baron." There is quite a flourishing crop of titles raised under the N. P. and Baron Legra is not the first of the best genes. DIED FROM HOME.—A. F. Randolph, Esq., of Fredericton received, on Tuesday of last week, the sad news of the death of his brother, J. H. F. Randolph, which occurred at Aiken, South Carolina, early the previous morning. The deceased had gone there with his family last fall to recuperate from a lengthened illness.

THE POOR CLERGY.—The first Reformed Church of Newark, New Jersey, has given a call to Rev. Dr. Waters, of this city, offering a salary of \$6,000. The people of St. David's Church and our citizens generally would be sorry to lose Dr. Waters, but the risk of their doing so seems considerable.—St. John Telegraph.

THE MINISTERS.—An Ottawa despatch of 25th, says:—"Sir John Macdonald's health does not improve. His physician has prescribed entire rest and a change of climate, the south of France preferred. Sir John's condition causes much anxiety. Mr. Carson, Minister of Militia, and Mr. McDonald, Minister of Justice, have returned to Ottawa. Sir Charles Tupper is wholly recovered and sails for Canada on the 28th.

KNIGHTS IN CHECK.—We are one with the Toronto World that Sir John Macdonald and Sir Charles Tupper may be still the Conservative leaders in 1883, when the Liberals clear the field. A victory over a chief like Sir Alexander Galt would be no victory at all, and would seem more like tipping down our own men. Here's speedy good health to both the gallant knights.—St. John Globe.

MARINE INSURANCE.—John Tucker, Esq., late agent of Lloyd's, goes to Dorchester to-day, and will proceed to Miramichi in the interest of the new marine insurance association which he represents. Mr. Tucker's thorough knowledge of shipping, and his allusion was made in an address recently presented to him at Pictou, will be of great service to the Marine Insurance Association.—Tel.

SIMONED HOME.—Mr. John W. Nicholson and two daughters arrived in St. John Monday evening. They had been on a trip to the United States, and were summoned home by telegraph in consequence of the serious illness of Mrs. Nicholson. During part of Monday the accounts of her condition were more favorable than they had been on Saturday, and it is earnestly hoped they may continue to be so. If the good wishes and the deep and loving sympathies and aspirations of all classes could avail anything in that regard, Mrs. Nicholson would be immediately restored to perfect health.—Tel.

ARRANGEMENTS have been made for reduced railway fares by which country graduates of McGill University and others interested, may attend the approaching University dinner at the Windsor Hotel at a minimum of expense. The Grand Trunk, Central Vermont and Occidental lines will all give return tickets free under certain regulations, and the South Eastern will give the double ticket at one and a third. This language is, we understand, on no way exclusive should any persons outside of the University desire to share in it.—Montreal Daily Witness, Monday, 18th April.

RUSSIA.—Despatches from St. Petersburg say there are grave rumors relating to the health of the Empress. Ever since the assassination she has been seriously ill, suffering from great attacks of hysteria, which cause the severest apprehension. She has received letters from the revolutionary committee threatening her with death should her horrible desecration should Sophie Psiofsky and Hessay Helfmann, the two women implicated in the assassination, be executed. She had made most strenuous efforts to obtain their pardon and received a promise to that effect. She did not discover the deceptive character of it until after the execution of Psiofsky. The discovery threw her into violent paroxysms.

MARRIAGE.—On Tuesday last week at the University, Fredericton, Miss Helen Forbes, daughter of Dr. W. Brydson Esq., President of the University, was united in marriage to Chas. E. Mowat, Esq., of St. Andrews, Rev. Mr. Mowat, of St. Paul's Church, performing the ceremony. The bride was attended by her sister, Miss Rosa Jack, and the groom by Mr. W. Whitlock, of St. Andrews. The bride was attired in a tasteful travelling suit of old gold serge, with poke bonnet to match and looked really handsome. After the ceremony breakfast was served to the guests, among whom were His Honor the Lieut. Governor and Mrs. Wilmot, Henry Wilnot and Mrs. Wilnot, and Miss Wilnot, who are relatives of the groom. The happy couple departed from the University amid a shower of rice, old slippers, etc., from the students, and took the 9 a. m. train for Boston, where they will spend the honeymoon. The bride was the recipient of a large number of elegant and costly presents.

Ladies! Will find Dr. L. R. HERRICK'S SUGAR-COATED VEGETABLE PILLS possessed of wondrous virtues, in certain cases, as well as an infallible cure for coughs, colds, pains, and all cutaneous affections. They are the greatest remedy of the age, and are sold everywhere.

If people who are troubled with colds would make use of Ayer's Cherry Pectoral before attending church or public lectures, they would avoid coughing, and the comfort of hearers and speaker would be greatly promoted. The Pectoral enables public speakers to speak clearly and without fatigue, having an immediate and wonderful effect in increasing the power and flexibility of the voice.

FOR WHITLAW'S FELLOWS AND BOILS.—Keep the parts affected covered with a cloth kept moist with Perry Davis' Pain-Killer till the pain is relieved. Take the medicine internally at the same time.
