Medical. Vegetine. J. Bentley, M. D., says, It has done more good than all medical treatment. NEWMARKET, ONT., Feb. 9, 1880. MR. H. R. STEVENS, Boston, Mass.: SIR-I have sold during the past year, a consider able quantity of your VEGETINE, and I believe, in

all cases it has given satisfaction. In one case, a delicate young lady of about 17 years, was much benefitted by its use. Her parents informed me that it had done her more good than all the medical treatment to which she had previously been subjected. Yours respectfully Yours respectfully, J. BENTLEY, M. D.

Vegetine. GOOD FOR THE AGED. WILL YOU READ THIS CLIFTON, ONT., Jan. 16, 1880.

H. R. STEVENS : Dear Sir-I advise good results your VEGETINE. My wife's father, now nearly eighty-five years old, was attacked with erysipelus in its worst form. His head and face were swollen so that he was blind, and one of his limbs was badly swollen and discolored, and broke out in several places and discharged. His physician said there was no remedy that could cure him, as was such an old man. To gratify a son-in-law, he was persuaded to take your VEGETINE. Seven bottles cured him, and he is now a healthy old man. - Last Spring I was troubled, with a disordered stomach, with a sallow skin, want of appetite, cold extremities and headache. Satisfied this condition of things arose from poverty of the blood, I took two bottles of VEGETINE; it cured me, and I am satisfied it is the best tonic and blood purifier in the market, and am only to happy to make known these facts to the world.

Yours very truly, A. MENZIE.

Vegetine. I have Much Pleasure in Testifying to its Efficacy.

TORONTO, ONT., Feb. 23, 1880. MR. H. R. STEVENS, Boston, Mass.: Dear Sir-I have much pleasure in testifying the efficacy of your VEGETINE for the cure of Rheumatism. Having been persuaded by a friend to try it, I took four bottles, from which I derived great benefit, and strongly recommend any person suffering from the same afflicting malady to try a course of VEGETINE. ours respectfully

JOSIAH GREEN, Chemist, 604 Queen St. and Cooksville. On

A good deal is said about the exodus. just now, and while it may be overrated in some instances, the fact remains that many persons born and reared in the Province leave it to swell the populations of other countries. A very large proportion of those who leave their New Brunswick homes in the hope of bettering their fortunes abroad, go to pendent, and conscientious manner. the United States. This is because that

country is the nearest to us, and its great resources and capabilities, together with the enterprise of its people. furnish better chances for employment to all-comers than any other country. It cannot be denied, however, that the best aspect of things is almost always presented to outsiders in regard to the conditions of life in the States, and to the young of both sexes, who have

a Colored Plate in every number, and many fine Engravings. Price \$1.25 a year; Five Copies for \$5.00. Specimen Numbers sent for 10 cents; 3 rtal copies for 25 cents. Address, JAMES VICK, ROCHESTER, N. Y.

ed his or her condition in life by going to the States, another who has re turned . convinced that "there is place like home," may be called to mind. A few who have gone away have met with success, and the fact has been

duly published at home, but how little do we hear of those who fail to better their condition? There are few in portant centres of industry in the States without their quota of toilers from the

provinces. Most of these work for scant wages.and many of them at kinds of labor which they would not engage

in at home. Of these we hear little .-Then, there is a class which may be numbered by the thousand--young men

who drift about the cities • and towns half employed or on an endless search for work. They write to their friends while hope of realising the expectations

with which they left home still clings to them, and then comes silence or only Chief Justice of Nova Scotia has re an occasional line, indicating disappointment and despondency. There are thousands of homes in the provinces today to which absent members would

gladly return from the United States but for poverty and pride, while thousands more have vacant seats at the fireside, because those who once filled JOHN W. NICHOLSON. them are content to do drudgery abroad which they would despise at home. It is true that there is much to dis-

courage the aspirations of our young people, among whom there is a natural desire to see and learn something of the outside world, concerning which they hear so much. They are, however, always reaching out after the impossible,

and picturing conditions of life which are never realized. Those who know how little there is to be gained by promoting the exodus of our young people, should, therefore, set their faces against it, and strive to make them realise the

advantage of their own homes and country. It may be urged that its tariff does not favor those who wish to live by industry, that its rulers see to make the cost of living high to workpeople, and that the burdens of taxation

are such as to discourage the enterprises calculated to keep our people at home. This, though, to a great extent, true, **PAPER** ought not to cause us to lose heart. The country is a good one. Its funda-

country's purse-strings, nor can he order the Government Engineers to make the survey promised by the Minister. Suc being the facts, the Advocate will do well to avoid making mention of the Escuminac Breakwater, until it is prepared to inform its readers why its friend, the Minister of Public Works, has broken the fireplace. The discovery of the rule, his pledge to Mr. Snowball respecting the survey of the work.
