

high people. Suppose Parliament proposed in their bill to question...

is very small, and the speaker went on to show the fallacy of the Minister's arguments.

The tariff is objectionable because of the way it has been adjusted. It takes all the necessities of life...

are relieved to a large extent. Was it the intention to make the tariff bear heavily on the poor man...

is not unpopular in Mr. Blake's Province, yet he states that he always been opposed to it because he believes that such a staple article should not be taxed.

is injurious to our industries, as it increases the cost of the raw material, pig iron for instance.

is a moderate tariff lessens all these evils. The speaker hoped there would soon be a change...

is a free exchange of products, exchanging what we have for what we can get the most for it.

is a tariff that benefits the few at the expense of the masses. We wish to minimize the evil...

consider his remarks well and consider the tariff. He said, and see whether it is not a question...

gain, or a force for satisfying political or private spite. In the end, they have, in many cases...

Blake and those who accompany him have left us, to contrast the local management, in this respect...

There will, no doubt, be an address presented to Mr. Blake and, it is his intention to discuss before the people the public questions of the day...

Opportunity to hear Mr. Huntington and Mr. Laurier will, no doubt, be afforded, also, for the party will, all probably, remain two days with us.

We understand that Sir Hector and party were to have been met at Chatham Railway Station, on their arrival on Thursday morning...

It is to be hoped that Sir Hector Langevin and the gentlemen who accompanied him are not impressed with the idea that, in his reception and treatment here on Thursday last...

The breakfast at Mrs. Bowers's was, we presume, a pleasant affair, enough for those who partook of it, but, even here there was evidence of mismanagement...

Those who met and were presented to Sir Hector at Mrs. Bowers's and elsewhere during the day were much pleased with his affability and courtesy...

several citizens that "an address ought to be prepared"—as if it had not been, for days, in his power to have a public meeting called for the purpose...

Conservatives present, the names read by the Doctor as appended to the Address, were Wm. Muirhead, John Sadler, J. E. Collins and T. P. Kearny.

say, with great emphasis, that the age of disability with the French in Canada was past and should be forgotten in their endeavor to cultivate a loyal sentiment...

After visiting the Custom House drive in which two carriages participated, ended at Senator Muirhead's residence, where Sir Hector partook of refreshments.

In the afternoon there was an excursion on the Andover, which was participated in by a number of those who were invited the previous day...

Major Call informed those present that owing to a severe cold, Senator Muirhead found himself unable to make a speech, and he called upon Senator Carvell, who was present to do so.

Dean Stanley is dead. President Garfield is now considered out of danger. BATHURST gave a very creditable reception to Sir Hector, as will be seen by our correspondence from that town.

GOOD FOR MR. McLEOD.—The St. John Sun says Mr. Geo. McLeod made the speech of the evening, when introducing Hon. Messrs. Blake and Huntington to the immense St. John audience of last Friday night.

Calling for Help. The Sun says that Sir Charles Tupper and Sir Leonard Tilley will speak in St. John, on Monday evening, 25th inst.

made in Paris. A tramcar conveyed forty persons at the rate of six miles an hour, the motive power being supplied by 160 Faure accumulators of eighteen pounds weight each.

In a recent letter, M. de Thiersant records a curious phenomenon witnessed last February. For some three hours about midday, if one looked in the direction of the sun, there would be seen, at a little distance above the ground, multitudes of small bodies like snowflakes floating past, appearing and vanishing instantaneously.

In a most interesting paper in the Popular Science Monthly for July, Dr. Thomas D. Spencer reviews what is known of the end of life, and endeavors to prove the painlessness of death.

The Standard Medicine. It is well known that I inform you that Vegetine is sold by all Druggists. It is a most reliable and safe medicine.
