Editor of the Miramichi Advance. Sir:-While some of Dr. J. S. We have all looked upon the Doctor as one who desired to keep himself free from politica entanglements, and it is well known that when the party to which he has now s pointedly asserted his allegiance was in the ascendent, he never was considered a very strong adherent of it. #### How two New Brunswickers spent the 4th of July in the West.

EAU CLARE, WISCONSIN, July 5th, '81 The Anniversary of American independence drew near; a day that is specially observed for recreation and enjoyment, from Maine to Florida, and from Ocean to Ocean. For days previous, especially among the juveniles, the topic of conversation was, where are you going to enjoy the fourth? My friend and I concluded, as Eau Clare was the western boundary of our experience in the West, to still enhance it by availing ourselves of excursion tickets to the two far-famed cities of the West, viz., St. Paul and Minneapolis. So as trains would be running until seven in the evening, my friend and I concluded we would also spend the remaining portion of the afternoon there. would presume from appearance there were 2,000 people there, enjoying themselves in an orderly way, principally on seats under shade trees, listening to music of the city band, which was situated on an elevation in the centre of the park : although I may say the centre of attraction consisted of 13 elephants belonging to a circus and menagerie that was passing through the country, but those animals were feeding there at this time. There is also a tower or staging as it may be called 100 ft. high, where quite a commanding themselves. Boarding the train again, we were soon to the end of our destination, the city of Minneapolis, which contains a population of 50,000. As it was Sunday evening all was comparatively quiet. After enjoying comfortable accommodations for the night and breakfast over, we commenced the parade of view again. After scanning the immense blocks of call from Mr. Burns, gave three hearty brick and granite buildings, we directed our attention to the Suspenson bridge which crosses the river at the head of St. Anthony Falls, where there is an immense water power utilized in the manufacture of flour and lumber, and where, on behalf of the Municipality and Mr. according to reputation, the largest flour mill in the world is located, which we Sir Hector replied separately to each-to | brought within our circle of observation, the latter in French. From every prominent point the national banner was unfurled to float in the breeze, and from the small boy to the man of maturer years all seemed bent for a day of amusement.-The bustling two and fro was truly wonderful. Waggons decorated with evergreens and horses heads ornamented with the stars and stripes presented quite a joyous appearance. Besides these, the circus referred to, conducted by A. Forepaugh, paraded the streets and drew thousands to witness it. It was certainly the grandest display of the kind I have yet seen. One very pleasing feature was the steam piano, which seem to impress all with a marked enthusiasm, as some of the favorite National Airs were played .-Yet on all, from the newsboys to the statesman, the topic of private conversation was concerning the shadow of an awful calamity that occurred on the 2nd inst., viz., the President of this vast republic being struck down by the hand of an assasin. As the day was drawing to a close, we obtained some souvenirs of what we had witnessed, and then began the return journey, changing our route from the former one, and coming to St. Paul by way of Minnehana Falls and Fort Snell ing. The former place is the famous home of the pleasure seeker, where there are two commodious hotels with very attractive surroundings, including the view of the falls. Arriving at St. Paul some time before the Eastern train would start, we occupied our time in taking a farewell view of the City. With some tokens of

Some of the smaller and less important of the Conservative organs are endeavoring RECEIVED THIS DAY, to impress their readers with the idea, that because Sir Leonard Tilley and Sir Charles Tupper were not permitted to participate in the Blake Huntington demonsraation in Queens County, some wrong was done to them. The circumstances attending the request made by Sir Leonard were thus publicly stated at the demonstration referred to. by Mr. King, M. P .:-

When Mr. King stepped forward, he was met with tremendous cheering. He said it was not his intention to inflict a speech on them. The time was so short that it would be all taken up by the gentleman who had come such a long distance to address the electors of Queens County. It had been said that the people of Queens County were not willing to hear both sides of the question, because liberty was not granted to Sir Leonard Tilley and Sir Charles Tupper to occupy part of the time at this meeting, In relation to this question, he read the following correspondence between Sir Leonard and him-

self, which is self-explanatory:-St. John, N. B., July 6th 1881. DEAR SIR: I understand that Mr. Blake is to address the electors of Queens County at Gagetown July 18th, on the public questions of the day; and believing that it would be generally satisfactory to the electors of that county to have the as well as from the Opposition standpoint, I take the liberty of asking you, as the chairman of the committee of arrangements, if Sir Charles Tupper or myself will be permitted to occupy half the time to be devoted to the consideration of such subjects. Such an arrangement will be the less difficult if, as I am informed, the chair is to be taken and the speaking to commence early in the afternoon. Your early reply will greatly oblige

Your obedient servant, Geo. King, Esq., M. P.

INDIANTOWN, July 7, 1881. To Sir Leonard Tilley : Sir, Your letter of the 6th reached here this morning just on the eve of my leaving for home. I quite agree with you that it would be generally satisfactory to the electors of Queens Co., who attend our meeting on the 18th inst., to have the arguments presented from the Government as well as from the Opposition standpoint. However, in the absence of other members of the committee, I do not feel myself at liberty to make the change in programme you suggest, viz., allowing Sir Charles Tupper or yourself one half the time at our disposal that afternoon. The arrangement with the steamer on Washadmoak and Grand Lake is made with the understandadmit of their getting over the difficult parts of their routes before dark.

The meeting is announced on the bills to

be taken up in the presentation of an address to Mr. Blake, after which speaking will begin; it is expected that at least one more prominent men of the Liberal party from the Upper Provinces, will accompany Mr. Blake, and the time at our lisposal will probably be less than three ours, which would, in my opinion, if divided, be scarcely sufficient to do either

make it convenient, but regret that, a part of the business portion of the city, for reasons above stated, we are at present unable to accede to your proposition. When he had finished reading, Mr. King appealed to the audience to say if this corespondence disclosed a disposition not to hear the other side. He said Sir Leonard had forgotten the time, three years ago, when he had been listened to in the Court House by the electors of Queens, and on concluding had said that it was not expected that the Government candidate (Mr. King) should reply. The Liberal party were not afraid of discussion. They would have been pleased to have met Sir

Leonard Tilley or Sir Charles Tupper had time permitted. In any case it seems a little "cheeky for Sir Leonard to wish the Liberals to have the work of getting up their demonstration and gathering an assemblage which Sir Leonard or Sir Charles have not the influence to gather, and then for them to walk in in a cheap way and advertise sides represented, they should have communicated with Mr. King months ago when it was first announced that Mr. Blake was to visit Queens County. Sir Leonard has evidently become one of the "me too " politicians.

HON. MR. POPE :- We regret to have to note that the Hon. J. C. Pope, of Charlottetown, P. E. I., an extensive shipowner and brewer, and at present Minister of Marine and Fisheries in the Dominion Cabinet, is in a position of financial embarassment. His affairs have not been in easy shape for several years past, and it was hoped that his appointment to a position in the Government might have told in his favor; but owing to his enforced abdoubt acted rather the reverse, and there is now no recourse but suspension. His liabilities on mortgage and to local banks are placed at \$138,000; besides which he owes about \$12,400 general liabilities. His property under mortgage is scheduled at \$102,600, subject to material depreciation if brought to forced sale, other assets believe a proposition has been made that the secured creditors take the property and give him a discharge, but thus far nothing definite in the way of a settlement has been arrived at .- Toronto Monetary

It is a matter of still greater regret that Mr. Pope's health is so bad that he is still sent all the comfort expected from this confined to his bed and it is very uncertain when he may be in condition to leave it.

### GENERAL BUSINESS.

# Golden Ball, Shoe Store

## FURNITURE EMPORIUM

The Golden Ball Boot and Shoe Store is the oldest established in Miramichi. It is now fifteen years since we commenced business exclusively in the above line, and we can now point with pleasure, to hosts of patrons, who have invariably, purchased from us, during that length of time. The reason is plain. We buy entirely from the best manufacturers, consequently our goods give satisfaction. We might purchase cheap, shoddy goods (that are only meant to sell and not to wear) but by pursuing that policy, it would be impossible to retain our customers. The best goods are the cheapest in the end.

We have full lines of

Infant's. Children's Misses', Youth's, Boy's Women's and Men's Boots Shoes, Slippers. etc.,

at the lowest possible price compatible with good quality.

Also a large assortment of
