

Miramichi and the North Shore, etc.

FISH EXPRESS.—See advt. RICHIBUCTO has a new Fish Engine. DON'T FORGET the performance in Masonic Hall to-night.

THE LAMONT MILL is offered for sale.—See advt. WHELFLEY'S SEAT.—See Messrs. Clark, Kerr and Thorne's advt.

DIPHTHERIA prevails in town and country and a good many sad cases of death are occurring.

NAPAN BRIDGES.—The attention of the Commissioner of the Richibucto Road is directed to the dangerous condition of the Napan Bridges.

OWLS.—Mr. Carnall has received for stuffing some fine specimens of owls from Squire Thomas B. Williston, of Newcastle—N. B.

I. C. R.—The winter freight tariff on the I. C. R. takes effect December 1st. The winter arrangement of trains commences on Monday next.

BIGAMY.—An alleged case of bigamy has recently come to light in Moncton. The parties names are not made public, and it does not appear likely that any immediate action will be taken by any of those interested.—News.

THE FIRST STEAMER that has ever been chartered to load deals at Miramichi is the "Malabar," 1,263 tons, which has been fixed by Messrs. Samuel H. Lee, at 65c. a d., for Barrow, Liverpool, Glasgow, Cardiff, Newport. Messrs. R. A. & J. Stewart are to supply the cargo.

A BIO BLAZE took place in St. John on last Friday night, by which Messrs. Christie & Co's wood working establishment and some other buildings were almost totally destroyed. There was no insurance on the Christie property and the loss thereon amounted to as much as \$15,000.

PHYSICIAN'S PRESCRIPTIONS.—The Physicians of Chatham, with one exception, have agreed to, hereafter, compound no prescriptions, but having prescribed, leave the apothecaries' work to the drug stores. This is the practice in all places large enough to support drug stores and is, therefore, a move in the right direction.

SALE OF GOVERNMENT STOCK.—The Government stock imported last summer, which has been in quarantine at Point Levi, for the past ninety days, according to Dominion Government Regulations, will be taken to St. John, and sold at the agricultural grounds on Friday the 18th inst., at 11 o'clock, a. m.

THE CAMPBELL.—A movement is on foot to present the Marquis of Lorne with an address from the Clan Campbell in Canada. During his absence in England forms of the address will be despatched to all the Campbells in the Dominion for signature, and on his return the address will be presented to him with all the signatures attached.

HON. PETER MITCHELL arrived at Newcastle last Wednesday night from the North. He was met at the station by a number of friends, and a supper was given in his honor by his brother, Jas. Mitchell, Esq. It is needless to say that his many old friends here were glad to see him, as he had not been among them for some three years.

SMELT FISHING.—We are informed that a petition has been forwarded to the Minister of Fisheries, asking that smelt fishing off Chatham be restored. We sincerely hope the prayer of the petition will be granted, as it is a great hardship and inconvenience to Chatham and Moorfield fishermen to be obliged to go two or three miles from home for privileges which are available off their own shores.

MARINE DISASTERS.—Among recent Marine disasters we notice the following: The German bark "Hutness," from Dalhousie to Glasgow, had 22nd, water-logged. Several wrecks are reported northward. No particulars.

LONDON, Nov. 2.—The French bark "Soudary," Capt. Martin, from Galle, Aug. 23rd, for Chatham, N. B., was abandoned in lat. 45 north, lon. 44 west. The crew have been landed at Dieppe.

NEW BANK NOTES.—Samples of the new note issue of the Maritime Bank have reached the ADVANCE office in the shape of a pair of fives, and considering the encouraging assurances under which the institution resumed business, we shall not object to any quantity of such handsome money finding its way into our exchequer. This bank makes an announcement in our advertising columns to which we direct attention, and we may add that as it is now reorganised under thorough-going and competent business management we hope it will meet with plenty of encouragement.

A BATHURST GIRL'S FLICKY SHOT.—Miss Emily Carter, of Bathurst, shot three wood ducks in a flock of about ten, in the river in front of her father's residence on Monday last, Oct. 31st. She noticed the ducks in the river, loaded an ordinary breech-loader, and waiting her chance, got three in a row and took them in at one shot. She afterwards went out in a canoe and brought them ashore. Miss Carter is a sister of the station master at Bathurst, Mr. Payne. She is to be congratulated on her success, but must not be too hard on her male friends who are less fortunate.—Moncton Times.

THE UMBRELLA MENDER, Mr. Joseph Montroi, requests us to inform the people of Chatham that he is going away on Monday evening next. He says he has a number of articles, such as umbrellas, parasols, scissors, etc., in his hands, entrusted to him to be repaired, but not yet called for. He will be at home every evening until Monday, to deliver the articles referred to, but will take all pay called for at all, therefore, any time after six p. m. at his boarding house in the south end of the house known as "the barracks," Queen street, south of Wellington.

NEW PAPER.—The Liberals in the western portion of the Province have manifested their sense of the requirements of the people by encouraging the establishment at Fredericton, during the present month, of a paper to be called the "Herald." The new journal will be published by Mr. C. H. Lagrin, an experienced journalist, late of the Capital—the paper which abandoned its professed principles on the occasion of the visit of the Minister of Finance to Fredericton. The "Herald" will be published tri-weekly—on Mondays, Wednesdays and Fridays, and the weekly will be issued on Saturdays. The tri-weekly will be \$3 a year and the weekly

ly one dollar. We wish Mr. Lagrin and his venture every success.

RESTIGOUCHE MUNICIPAL ELECTIONS resulted as follows.—D'Almeida—James Moffat and John McNeish, Jr., returned by acclamation. Colborne—Geo. White and Donald Kerr, do.

Admission.—There was a contest in this parish between Messrs. W. W. Doherty, John Jardine and John Mair. Mr. Jardine was handsomely supported and while there was a close contest between Messrs. Doherty and Mair, the former was successful for the second place.

Durham—Four Candidates were nominated for this parish, viz., Messrs. Thos. Hayes, Jr., John Culligan, Robert Connor and Archibald McNeil. Messrs. Hayes and Culligan were returned, the vote standing—Hayes 145, Culligan 123, Connor 93 and McNeil 58.

LOSS OF THE "EMMA"—A Halifax despatch of Monday last says "the ship Emma, Congdon, from Flushing, September 24th, bound to Philadelphia in ballast, arrived yesterday morning to repair rudder and land a shipwrecked crew. The captain reports having experienced very heavy weather since leaving port, in which they broke rudder traces. October 27, lat. 37. 12, lon. 43. 10, saw a barque apparently in distress; bore down and found her to be the Norwegian barque Emma, of Drammen, Capt. Sorensen, from Miramichi, bound to Ayr, dead laden, completely waterlogged, with rudder gone and topmast cut away. The crew were clinging to the tops of the masts in an exhausted condition, having been there for six hours. The vessel was completely helpless and at the mercy of the waves; took them off and made for this port where they were landed and taken in charge by the Norwegian consul, Capt. Sorensen, reports having encountered a terrific gale October 18th, in which the rudder was carried away and the vessel hove down on her beam ends; cut topmasts away to right her; she was then completely water logged and the crew had to take to the tops."

French Classes.—Mlle. Pouliot has opened her classes for teaching the French language in the house corner of Duke and St. John streets, lately occupied by Dr. Benson. The general male class meets on the evenings of Monday, Wednesday and Friday at 8 o'clock, and the ladies' class meet on the same day of the week—hours from 2.30 to 4 p. m. Mlle. Pouliot will also give private lessons to either ladies or gentlemen to whom it is not convenient to attend the regular classes. The terms are \$8 per quarter for gentlemen and \$6 for ladies. Special arrangements are made in respect of private lessons. From what we learn of Mlle. Pouliot, we believe she is an excellent and competent teacher.

Curling.—At the Annual meeting of the Chatham Curling Club, held on 31st ult., there was a larger attendance than usual and a most encouraging interest was manifested in the affairs of the organization. Very satisfactory reports were submitted by Wm. Wilson, Esq., Secretary, and John Brown, Esq., Treasurer. It was shown, however, that the efforts of the Club to afford skating facilities in the Rink had not been either profitable or satisfactory, for while it involved much additional expense which the money raised was not adequate to cover, it also materially affected the ice for curling. It was, therefore, determined that the Club could not again share their Rink privileges with skaters, a matter which many of the members regretted, as they were satisfied the skaters had thoroughly enjoyed the facilities afforded to them last winter.

The business of electing officers having come on, the President, Dan'l Ferguson, Esq., thanked the Club for having elected him as chief officer for so many years and said he realized that for a year or two he had not been able to attend to the duties of the position as thoroughly as he would wish. He would like to see another old and enthusiastic curler in his place and therefore nominated John Brown, Esq. This being seconded, Mr. Brown was unanimously chosen President. The other officers were also balloted for and duly elected, the complete list being as follows:—John Brown, Pres. Ernest Hutchison, Vice Pres. Andrew Brown, Treasurer. Wm. Wilson, Secretary. Skips: J. G. M. Wilson, W. S. Morris, John Johnston, Ernest Hutchison, Geo. L. Wilson, Geo. L. Brittain, John Brown, T. S. Desbrisy.

Ex-President Ferguson, Ex-Vice President Jas. Neilson, and Ernest Hutchison, Esq., were made honorary members of the Club.

The membership fee was made \$3 for the current year, instead of \$2.50 as before.

The Managing Committee will meet in a few days to make arrangements for the season's play and the Skips to choose their rinks.

Quite a nice lot of new curling stones have been imported from Glasgow for members of the club and the season promises to afford great enjoyment for the "brothers of the stone and besom."

The Rink has also been improved and the ante-room moved from the Public Square to the north side of the building.

More "Me Too".—AN OMISSION.—When the Advance published the prize list at the recent Ploughing Match and Cattle Show of the Northumberland Agricultural Society, it stated that Mr. Snowball donated his prize money to the Society, for which he received the thanks of the Board. Not a word about another prize winner, Charles Sargent, Esq., who also donated his prize money. The fact was worthy of notice, yet it was hardly fair to omit Mr. Snowball for a praiseworthy act and ignore another who had done the same thing.—Advocate.

Mr. Sargent was one of the gentlemen officially connected with the work of paying the prizes and our reporter heard Mr. Stapledon, when Mr. Snowball's name was called, say that gentleman had instructed him to say he desired to donate his prizes to the Society. Had a similar statement been made by Mr. Sargent it would not have been overlooked by us at the time. The fact that Mr. Sargent had also made a contribution to his prizes to the Society's funds came to our knowledge only last week and we intended to supply the above "Omission" this week.

The Advocate ought not to challenge us with sins of omission in connection with reporting local events. In the matter of the Exhibition referred to, it ignored it altogether, publishing nothing whatever on the subject until it was embodied in copy of the ADVANCE's report thereof nearly two weeks after the event took place.

Between copying from the Sun and other papers any little things they may include in the ADVANCE, and putting the most possible construction on anything connected with this paper that may be open to criticism, the Advocate appears to think it finds immense advantage, but a critic whose efforts are composed of second

hand opinions and discoveries made already used by others, is only a "me too" kind of magpie who is passed along at what its chattering is worth.

Bathurst Notes.—Nov. 8th, 1881. COUNTY COURT.—The November term of the Gloucester County Court opened on Tuesday the 1st inst., His Honor Judge Wilkinson presiding. There being no business there, there was no grand jury in attendance. The following is the docket:—John S. Wright, John Kerr, and William J. Debois vs. Onesiphore Turgeon. Desbrisy files record.

Mary Sutherland vs. Charles Ross. Desbrisy files record.

Robert Miller vs. Matthew Smith. Desbrisy files record.

Peter Ryan vs. James Hayden. Desbrisy files record.

George W. Morseau vs. Desbrisy files record.

In the case of Stewart et al vs. Turgeon, Cognovit was given. Desbrisy for Piffs, MacLaughlan for Defs.

Mary Sutherland vs. Charles Ross et al. Assumpsit on a promissory note for \$100. Plea general issue and offer to suffer judgment for \$65.00. The question involved was one of application of payments. The case was settled before the close of the plaintiffs case. Desbrisy for Piff, Davidson for Defs.

Robert Miller vs. Matthew Smith. Cognovit given. Lawlor for Piff, MacLaughlan for Defs.

Peter Ryan vs. James Hayden. Assumpsit on a promissory note for \$47.00. Plea general issue. Twelve protested against case proceeding on ground of insufficiency of notice—four terms having elapsed without any proceedings had in the case, there was not sufficient notice of the hearing to proceed. The plaintiff's attorney proffered the making and presentment of the note, and the action being undefended, His Honor directed the jury to find a verdict for the plaintiff for the amount of the note and interest. Desbrisy for Piff, Tweedie for Defs.

George Smith and Charles H. Mann vs. George W. Morseau. Assumpsit. Plea general issue. This action was brought to recover \$22.72 amount of a settled account. The evidence of the piff. Smith showed that deft. settled accounts with him as agent of the trustees of George Smith & Co., in October, 1880, and he then acknowledged the above amount to be due and promised to pay the same. The deft. denied that before the execution of the note, there was any settlement of accounts by a note of hand given to the piff. Mann, but there was no settlement of accounts at the time. He also claimed not having received credit for an amount of \$20 which he claimed to have paid the piff. Mann. Mann testified on behalf of the deft. to having received the \$20, but there was no entry made in it in any of the books of George Smith & Co. The jury returned a verdict for the piff for the full amount claimed. Desbrisy for Piffs, Tweedie for Defs.

Cont'd adjourned sine die.

THE GALE.—The Northwest gale of the 26th ult. was the heaviest that has been felt here for many years. Considerable damage was done to small shipping along the coast. The schooner "Mattie D." Mosher Capt., owned by W. & H. Nauffus, of Halifax, N. S., and loaded with 175 tons of granitones founded at the Clifton Breakwater. It is feared the vessel will be a total loss. The cargo was insured for \$15 per ton. The vessel was also insured. A small schooner, the "Belle," owned by Hon. R. Young and loaded with dry codfish was seriously injured at the same place. Two of the large vessels lying off the harbour broke ground and dragged their anchors. One drifted nearly five miles and it was feared she would go ashore, but both escaped without injury. A large number of fishing boats were lost in Caraqueet and Shippegan.

PERSONAL.—Thomas Hanford, Esq., of the Inland Revenue Department is in town.

James T. Griffin, Esq., of your town, was in town on Saturday.

Edward Jack, Esq., of the Crown Land Department visited the Nigadoo Silver Mines last week in company with R. R. Call, Esq.

Jas. A. Freeze, late Principal of the St. Stephen Schools, and wife are visiting their friends here.

A CENTENARIAN.—Mrs. Knight, an inmate of the Bathurst almshouse died at that institution a few days ago aged 105 years. She was able to read and sew, till within a short time of her death, without glasses.

THE LAST.—The last vessel of the season sailed on Saturday last. Messrs. Stewart's mill is running yet. They are wintering a large quantity of deals and have quite a number of logs on hand yet. Messrs. Burns & Co's mill stopped sawing some days ago.

WANTED.—Bathurst wants a barber. None but a good one need apply.

Lumber Lords and Cotton Lords.—The Finance Minister's home organ indulges in a column of hysterical abuse of "lumber lords" and "cotton kings," because they complain of the effect of the tariff in making their supplies dearer than they would be but for its operation. Of course, the dearer the supplies, the smaller the profits and the lower the wages the lumberman can afford to pay. Hence the lumberman has to make it appear that a deliberate conspiracy on the part of the lumbermen to keep down wages and hold the tariff accountable. When one remembers that, while very many of the articles the lumberman has to buy have been made dearer by the present excessive taxes, the tariff does not even pretend to protect him, the Sun's tirade will appear as senseless as it is abusive. Why should the Government do more for a cotton lord than for a lumber king or a farmer? This is one of the questions the people want to have answered just now.—Toronto Globe.

An interesting "Personal".—The last issue of The Argosy, the organ of the Eucharistarian Society of Mt. Allison College and University, contains interesting sketches of its last year's graduates. That of one of the number, Mr. H. A. McKown, formerly of Chatham, and now of St. John, is as follows:—Harry McKown is destined for "bawling courts and dusty parlours of the law." Like his better known, though probably no more respected namesake, "The Old Harry," he was wont to go about "seeking what he might devour." An extensive and select assortment of widows' houses will no doubt fall to his lot. In the ball court he excelled. At cricket he had health until with a fortnight of her death. For a considerable time she had the care of her eldest son, an interesting boy of twelve

years, who had been an invalid for upwards of a year. She retained strong hopes of his recovery until the Monday week previous to her death, when he, thinking he was dying, called the family around him and said each one farewell.

His "Good by, Ma," was "I am dying," was very affecting to every one, but particularly so to his devoted mother, who finding all her bright hopes crushed, gave away to uncontrollable grief. This, with her loss of rest, so affected her reason, that it became necessary for her friends to have her removed to the Asylum, where she died of inflammation of the brain, but five days after leaving home.

For a day or two previous to her death, there were intervals in which her mind became comparatively clear; she then spoke of her children; asking particularly for "Addie," her babe. When she was aware that death was approaching, she consigned her children into the hands of a Merciful God.

On the reception of a despatch from the doctor, her husband—leaving his unburied son—hastened to St. John with the hopes of seeing her once more before her death; but he was too late; and could only perform the painful duty of bringing her remains to her former home, from which they were removed the following day to their final resting place. Mother and son now lie side by side in St. Stephen's church cemetery. She survived him but twenty-five hours. A large concourse of relations, friends and acquaintances followed her remains to their last resting place.

The deceased was the daughter of Mr. Samuel McKnight, Napan, and had, at the time of her decease, the age of thirty-eight years. She was of a kind, benevolent and lovable disposition, and will be sadly missed; not only by her bereaved partner in life and her sorrowing children, but by her beloved parents and other relatives, and her many friends and acquaintances;—for, "None named her but to praise."

"None named her but to praise." Through the entire community the deepest sympathy prevailed for Mr. Fowle and his family, as he is the sad dispensation of an All-wise Providence, he has been bereft of his beloved wife and son, and they mourn the loss of a loving husband and kind father. His end was peace.

COM. Shipping Intelligence. Port of Chatham. CLEARED. Nov. 4-Bk. Westendorland, Ebbesen, Port Vendre, deals, Guy, Bevan & Co. 5-Bk. Fugio, Steinf, London, deals, J. B. Snowball.

NEW ADVERTISEMENTS. Notice. All persons having any legal claim against the Estate of the late Miss Corbett, of Bathurst, are required to render the same fully attested to the undersigned within 3 months of date, and all persons indebted to the said estate are required to pay the same immediately.

ANDREW CAMPBELL, Administrator. Miramichi, Nov. 5, 1881.

IRON PIPE AND FITTINGS. GLOBE AND ANGLE VALVES; STEAM COCKS; GLASS WATER GAUGES; STEAM GAUGES; INJECTORS, STEAM PUMPS; RUBBER AND LEATHER BELTING.

And a Full Line of Machinists' Supplies. WISDOM & FISH, 41 Dock Street, St. John, N. B.

For Sale. The property at Bay du Vin, known as the BAY DU VIN MILL PROPERTY.

Farm consists of about 300 acres, a large portion is cleared, well fenced and under good cultivation.—The Water Power is excellent, and is now being used to saw over 30,000 feet of lumber per day.—The property has a good dwelling, barn and other buildings. Possession given immediately if required. Also two million feet of spruce and pine saw logs will be sold with the property if the purchaser wishes.

Trans-For Mill one-fifth down and balance in equal annual payments extending over four years. For the full particulars apply to the undersigned as customary. J. B. SNOWBALL.

Medical Notice. We the undersigned, have agreed to dispense no medicine in General Practice after Nov. 10th, 1881, unless in consultation with prescription if required will be charged for.

JOHN THOMPSON, C. M. JOHN McCRUDY, M. D. JAMES BAXTER, M. D. JOHN McDONALD, M. D.

WHELPLEY'S EMPRESS SKATES. The Most Reliable, Durable, and Convenient self-adjusting Skates ever invented.

No Wrenches, Keys, Screws or Nuts to Lose. Patented in England, the United States & Germany.

Read the following testimonial from Mr. John Cummings, Champion Skater of the Maritime Provinces:—I have skated at six different places giving exhibitions, and used your skates, (the Empress) with such good effect that they seem and feel young again, although over 70 years old. We think there is no other medicine fit to use in the family.—A lady in Providence, R. I.—

Almost young Again. My mother was afflicted a long time with Neuralgia and a dull, heavy inactive condition of the whole system; headache, nervous prostration, and was almost helpless. No physicians or medicines did her to use Hop Bitters, with such good effect that she seems and feels young again, although over 70 years old. We think there is no other medicine fit to use in the family.—A lady in Providence, R. I.—

Quantity and Quality. Are at their best among animals and poultry that have their food mixed with HARVELL'S CONDITON POWDERS, which destroy

all disease and result in health, strength, fatness and prolificness. Make your stables and barn yards pay. These great specifics are for sale everywhere.

Diarrhoea and Dysentery are perhaps the most common of our every day ills, and every person nearly has some special cure of their own. Ours is Perry Davis' Pain-killer, and having used it for many years we can confidently recommend it.

Among the many desirable results of pure blood are, an elastic step, buoyant spirits, and clear complexions. The possessor of healthy blood has his faculties at command, and enjoys a clear and quick perception which is impossible when the blood is heavy and sluggish with impurities. Ayer's Sarsaparilla is the best blood purifier and vitalizer known.

For impaired digestion, and, in fact, for debility from any cause, I know of nothing equal to Fells' Hypophosphites. Its direct effect in strengthening the nervous system renders it suitable for the majority of diseases.

W. M. S. HOWE, M. D., Pittsfield, Me.

MARRIED. At St. James' Church, Newcastle, on the 1st inst., by the Rev. T. G. Johnston, Thomas M. McEwen, Esq., to Miss Mary, daughter of Charles Marshall, Esq., all of Newcastle.

At Chatham on the 3rd inst., by the Rev. John McCarter, Rev. John Ritchie, Mr. John G. Campbell of Beulah.

At the residence of the bride's father, on the 1st inst., by the Rev. T. G. Johnston, Thomas M. McEwen, Esq., to Miss Mary, daughter of Charles Marshall, Esq., all of Newcastle.

DIED. At Blackville, on Wednesday the 2nd inst., after a short illness, Maria Dean, beloved wife of Charles McLaughlan, aged 27 years.

On the 4th inst. at St. John of diphtheria, Anne Esther Wilcox, eldest daughter of Samuel and Christina Wilcox, aged 7 years and 6 months.

Also on the 5th inst. of diphtheria, Linda Webster Wilcox, aged 5 years.

At Chatham, on October 27th, of inflammation of the lungs, Horton Isaac Chalmers Currie, youngest son of John and Margaret Currie, aged 3 years and 10 months.

At St. John, on the 1st inst., of inflammation of the bowels, Mr. Ferzuz McEachern, formerly of Richibucto, Kent Co., aged 3 years and 10 months, and child to mourn the loss of a loving husband and kind father. His end was peace.

COM. British American Book and Tract Society. To the Editor of the Miramichi Advance. SIR.—Permit me through your columns to return thanks to the friends of the above Society for all the kindness received in my late tour through a portion of New Brunswick. I left Halifax on October 1st and returned on the 29th, having travelled 1060 miles. The places visited and subscriptions received were as follows:—St. John, \$206.50; St. Stephens, \$66.36; Milltown, \$61; St. Andrews, \$13.20; Sussex, \$19.49; Kingston, \$29; Richibucto, \$31.50; Chatham, \$22.30; Newcastle, \$21.30; Bathurst, \$30; Dalhousie, \$18.50 and Campbellton, \$31.75, making a total of \$549.45 in cash and \$41.50 in subscriptions, to be paid before the close of the year. Full details will appear in our annual report.

As a stranger visiting a new field, I was deeply impressed with the marked courtesy and kindness with which I was received, and the very favourable response made to my application for aid to the Society which I have the honour to represent. I made these facts known to the Committee upon my return, and I have now the pleasure to state that it has been resolved to commission another Colporteur for New Brunswick to be first employed in Charlotte and St. John counties. I have also arranged to meet the desires of the Western section by a visit for a few months to the counties of York and Carleton by our veteran Colporteur, Mr. Joseph Tweedie, and what you do for every where to extend to our Colporters in God's work. Permit me to call the special attention of your readers to the following appeal issued by our Colporteur Committee in 1879.

"The Colporters of the Society are laborers in the cause of the Gospel, disseminating in the families and neighborhoods their visit by printed truth and personal effort, a knowledge of Christ and His salvation. They are sent forth by a religious, benevolent and unselfish society, whose single aim is to promote the highest welfare of those among whose agents labor. They are supported by the free contributions of the friends of the cause. While many thus contribute, the great majority of those for whose benefit the work is carried on have not the opportunity of aiding in this way; but you can often render equally important service by extending your kindness and hospitality to our Colporters, cheering their hearts, helping them in your prayerful cooperation in promoting the beneficent objects of the Society. In the name and on behalf of the directors of the Society, we tender our warmest thanks to all who have thus helped us in the past. May Heaven richly reward you! Our Colporters come to you in the name of our blessed Saviour, and what you do for them you do for Him. We commend them to you in every way you can in your labor for the Master, remembering the highest of all motives in every good work.—For my sake." "In as much as ye did it unto one of the least of these my brethren, ye did it unto me."

In conclusion I may add, that in reviewing my work I have reason to thank God and take courage. As far as mere human instruments are concerned, my success was largely due to the kind and favourable notices of the press, to whose general managers I desire to return my warmest thanks. Yours faithfully,

A. N. ARCHIBALD, Secretary and Supt. of Colportage, 133, Granville St., Halifax, Nov. 3rd, '81.

LITERARY NOTE.—With its next Number Harper's Young People begins its third volume. The two a year series of books for young people, and to this end they have secured the services of a large number of writers, and this fact has been recognized by the Chantanooga "Young People's Union," which has invited the members of the Union to be invited to contribute to the new volume of Harper's Young People a story called "Mr. Stubbs' Boy." The boys and girls who have read "Toby Tiger" need not be told who Mr. Stubbs' boy, and they are sure to welcome his brother with open arms.

Correspondence. A Disinfectant for Diphtheria. To the Editor of the Miramichi Advance. SIR.—In 1857 I commanded the John Owens, of St. John, owned by J. R. Reed, and sailed from Liverpool with 460 passengers for Australia, and about 4 of a crew. One month after sailing the small box broke out among the crew. The doctor commenced at once with disinfecting fluid, and had the man taken from among the crew and placed in the hospital, which all passenger ships are obliged to have. The doctor finding the hospital too close removed the patient in the main hatch, and there kept up a continual use of carbolic acid as a disinfecting fluid both in bed and bedding and the patient often washed with the same, and we had no other case on board, which was something wonderful, as men, women and children were continually passing the patient. I often think the same might be used to advantage in the cases of diphtheria that are occurring around. The proper mixture is about one tablespoon full to a bucket of water. Yours, J. J. BROWN.

In Memoriam. It becomes our painful duty to record the death of Mrs. Jane K. Fowle, beloved wife of George Fowle Esq., of Chatham, who died on Saturday the 22nd ult., under painful circumstances.

The deceased had been in her usual health until with a fortnight of her death. For a considerable time she had the care of her eldest son, an interesting boy of twelve

years, who had been an invalid for upwards of a year. She retained strong hopes of his recovery until the Monday week previous to her death, when he, thinking he was dying, called the family around him and said each one farewell.

His "Good by, Ma," was "I am dying," was very affecting to every one, but particularly so to his devoted mother, who finding all her bright hopes crushed, gave away to uncontrollable grief. This, with her loss of rest, so affected her reason, that it became necessary for her friends to have her removed to the Asylum, where she died of inflammation of the brain, but five days after leaving home.

For a day or two previous to her death, there were intervals in which her mind became comparatively clear; she then spoke of her children; asking particularly for "Addie," her babe. When she was aware that death was approaching, she consigned her children into the hands of a Merciful God.

On the reception of a despatch from the doctor, her husband—leaving his unburied son—hastened to St. John with the hopes of seeing her once more before her death; but he was too late; and could only perform the painful duty of bringing her remains to her former home, from which they were removed the following day to their final resting place. Mother and son now lie side by side in St. Stephen's church cemetery. She survived him but twenty-five hours. A large concourse of relations, friends and acquaintances followed her remains to their last resting place.

The deceased was the daughter of Mr. Samuel McKnight, Napan, and had, at the time of her decease, the age of thirty-eight years. She was of a kind, benevolent and lovable disposition, and will be sadly missed; not only by her bereaved partner in life and her sorrowing children, but by her beloved parents and other relatives, and her many friends and acquaintances;—for, "None named her but to praise."
