Chatham-bound Barque Ashore.

The barque Eliza Smeed, Captain Williams, went ashore on Monday night, 20th inst., at Egemont Bay, P. E. I., where she will, probably, remain all winter. The Captain reports that he was inside of Escuminac, near the Bar for some time, but as there was no pilot to be seen, and he did not like to run the risk of venturing up the river without one, he was obliged to stand off, and a storm coming on he went ashore as stated. The vessel is making considerable water and there is, it is said, no insurance on her.

Lecture Course.

The first lecture of the Chatham course appounced a short time since was delivered in Temperance Hall on Tuesday evening last. Rev. Mr. Chapman explained that the lecture was brought on a week earlier than was first anticipated, owing to a double arrangement in which Rev. Mr. Weddall, of Bathurst, had a part. In consequence of this, season tickets would be reduced in price one sixth or seventh. He also announced that the next lecturer would be Rev. Robert Wilson, of Baie Verte, whose subject would be "The Typical Irishman." He then called D. Ferguson, Esq., to the chair, who in a few appropriate words, introduc. ed the lecturer of the evening, Rev. D. D. Currie, of Centenary Church, St. John, who, it is needless to say, treated the subject of his lecture, -"Eloquence and Oratory," in a masterly manner The audience was one of the largest we have seen at a lecture in Chatham, and it was

Gubb. From the time of his arrival in bove that of the main building is cymashaped in front from each side to the Chatham Mr. Sanborn had, by his cour-

His remarks were received with applause.

> Horse and cattle powders if unadulterated are of immense advantage, but the large packs now sold are trash, only one kind now known in this country are abso-

A cough or cold taken between now and Christmas frequently lasts all winter. This is certainly the case with people who have weak lungs. The most convenient. reliable and inexpensive remedy is Johnson's Anodyne Liniment. It is to be used nternally and externally.

A western paper says that "by this time all down easters have got their houses banked up and have laid in a supply of Johnson's Auodyne Liniment." It would be a wise thing for people hereabouts to lay in the Anodyne. It is the most valuable medicine in the world.

Last winter we warned our readers against buying the large packs of worthless horse and cattle powders, and as it is now time to use them, we again urge them not to throw away their money. Sheri dan's Powders are strictly pure, but we know of no others that are.

P. M. Markell, West Jeddore, N. S. writes : I wish to inform you of the won derful qualities of Dr. Thomas' Eclectric Oil. I had a horse so lame that he could scarcely walk ; the trouble was in the Art. knee; and two or three applications com-

> > Robert Lubbuck, Cedar Rapids, Iowa, writes : I have used Dr. Thomas' Eclectric Oil both for myself and family for diphtheria, with the very best results. I regard it as the best remedy for this disease. and would use no other.

A claim for \$1.000.000 is about to be preferred against the United States from Ontario, for wrongfully charging twenty when the proper duty was only ten per

The following trotters have been added to the 2.20 list during the season of 1882 Jerome Eddy, 2.161; Pickard, 2.183 Rosa Wilkes, 2.181; William H., 2.181; Cleora, 2.183; Adele Gould, 2.19; Jay 2.194; Von Arnim, 2.191; and Dr. Norman, 2.193; (all Hambletonians,) with Black Cloud, 2.171, a Mambrino ; and Minnie R., 2.19; and Romero, 2.193; of unknown blood.

> The investigation into the Poor Asylum disaster was finished on Tuesday night of last week. The jury found that the fire was accidental, but censure the Asylum authorities for want of forethought in not providing for the escape of the helpless inmates in the hospital ward at the top of appointment of a special commission by the Provincial government to inquire into
