The above is very suggestive in connection with the present agitation of the Miramichi Valley Railway question. Many of our readers know what excellent water powers there are along the route of the proposed line and how cheaply manufacturing could be carried on by means of them. If the proposed road were built there would soon be outside capital seeking investment here and there along the Valley, which must, in a very few years, become a very rich centre because of its rare combination of agricultural and manufacturing capabilities.

FURNITURE EMPORIUM

The Golden Ball Boot and Shoe Store is the oldest established in Miramichi. It is now fifteen years since we commenced business exclusively in the above line, and we can now point with pleasure, to hosts of patrons, who have invariably, purchased from us, during that length of time. The reason is plain. We buy entirely from the best manufacturers, consequently our goods give satisfaction. We might purchase cheap, shoddy goods (that are only meant to sell and not to wear) but by pursuing that policy, it would be impossible to retain our customers. The best goods are the cheapest in the end.

We have full lines of

at the lowest possible price compatible with good quality.

Also a large assortment of Trunks, Valises, and Hand Bags, Sole Leather and Shoe Findings.

Seven years ago we opened our FURNITURE EMPORIUM, and have witnessed a steadily increasing business.
