

standing for judgment, it is believed will lead to a decision that Provincial legislatures have not power to charter boom companies to build booms on navigable waters.

General Business.

CLEARANCE SALE.

OWING to the small room in premises now occupied by the subscriber being so limited, he has decided to make a complete CLEARANCE of his stock.

GLASSWARE, EARTHENWARE, CHINA TEA SETS, LAMPS, WRINGERS, COAL HODS AT COST.

—STOCK OF—

Shelf and Heavy Hardware

will be kept up to standard and at LOWEST PRICES.

Come Early and Secure Bargains.

GEO. STOTHART.

FARM FOR SALE.

THE Subscriber offers for sale the property known as the "old Curry Farm," (now owned by Mr. Robert Wall) Bartheleme, containing 100 acres, 20 acres of which are under cultivation.

MAY FIRST.

will be offered by public auction. For terms apply to DANIEL WALL, Bartheleme.

HORSES FOR SALE.

Also for sale—a good mare, gentle, kind, 6 years old, "Old" or "New" stock, and can trace a mile in three minutes; also a young colt from "Island" blood, very fine.

DANIEL WALL.

SPRING 883.

CLARKE, KERR & THORNE, PRINCE WILLIAM ST., ST. JOHN, N. B.

WE ARE PREPARING ACTIVELY FOR THE SPRING CAMPAIGN.

Full line of Samples,

Our Stock is ordered from Europe, the United States and elsewhere, and with increased facilities for business, we hope to keep all our old customers and make many new ones.

BUYERS

WHEN IN ST. JOHN, are respectfully invited to inspect our

WAREHOUSES AND SAMPLE ROOMS,

where they will see the large variety we keep of

HARDWARE, CUTLERY,

GLASS, OILS, TAR, PITCH.

AGRICULTURAL TOOLS, FANCY GOODS, ETC.

Orders by Mail Promptly attended to

CLARKE, KERR & THORNE.

BEFORE USING. AFTER USING.

"Don't buy 'Hot Worms' if I had 'em too, but 'yer' Oh! my, I'm sick." All don away now.

PLEASANT WORM SYRUP.

The most eminent Physicians are agreed that about FIFTY per cent of all Children, before reaching the tenth year of life, are afflicted with worms.

A child with a sickly countenance, irregularity of appetite, or great voracity, had breath, foul tongue, great thirst, and a constant desire to pick the dirt from the corners of the mouth, or to pick the nose, are all symptoms indicating the presence of WORMS.

If any of these symptoms are noticed, or if the child is restless, procure a bottle of Pleasant Worm Syrup, which costs but 25 cts., and give it according to directions. If any worms are present they will soon be expelled and your child restored to health again. If there are no worms present the remedy will do no harm, but will remove the lowest germ and leave the system in a healthy condition.

PREPARED BY THE MEDICAL HALL, J. D. B. F. MACKENZIE.

Sheriff's Sale.

To be sold at PUBLIC AUCTION, on Saturday, the 12th day of May next, in front of the Post Office in Chatham, between the hours of 12 noon and 5 o'clock, p. m.

All the right title and interest of Nicholas Barden in and to all that piece or parcel of land situate lying and being in the town and Parish of Chatham, in the County of Northumberland, and bounded as follows, viz:—Commencing on the easterly side of St. John Street at the north-west corner of a field at present occupied by the Right Rev. Bishop Rogers, thence northerly along the easterly side of the said street to the north-east corner of the lot owned and occupied by the said Nicholas Barden, thence southerly along the easterly side of the said street to the place of beginning, being all that lot of land conveyed to the said Nicholas Barden by Edward Johnson, and Jessie his wife by deed bearing date the 18th day of May, A. D. 1881, and being the land and premises at present occupied by the said Nicholas Barden.

The same having been set out and by the Northumberland County Court against the said Nicholas Barden.

JOHN SHIRREFF, Sheriff of Northumberland County. Sheriff's Office, Newcastle, 21st January, A. D. 1883.

Beans and Pot Barley.

In store and to arrive:

100 Bbls. Hand Picked Beans;

60 Bbls. Pot Barley,

FOR SALE BY

C. M. BOSTWICK & Co.

St. John, Feb. 20th, 1883.

\$72 A week made at home by the industrious. Capital not needed. We will give you the full particulars before you start. You can work in spare time, or give your whole time to the business. No other business will pay you nearly as well. No one can fail to make enormous profits, by engaging at once. Costly outfit and terms free. Money made fast, easily, and honorably. Address TRUS & Co., Agents, Montreal.

Miramichi Advance.

CHATHAM. MARCH 15, 1883.

Political Notes.

The Moncton Times' leader of 7th inst. was devoted to Mr. Hanington, whom it contrasted favorably with Hon. Mr. Blake. From the Times' standpoint Mr. Hanington is the greatest of great men, but the article may be intended as a bit of sly fun-poking at the gentleman who was willing to lead a party while it was in power, but backed down from the position as soon as he had carried it to defeat.

Hon. Wm. M. Kelly, M. L. C., who has been in Toronto since the last session of the legislature, is now in Chatham, from which he makes excursions into the different parishes in order to keep himself acquainted with the requirements of the County. He will remain here for a month, when he will again proceed to Fredericton and occupy his place in the Legislative Council.

THE NEXT GOVERNOR-GENERAL.—It is now stated that in all probability there is truth in the rumor that the Marquis of Lorne will be succeeded by the Right Hon. W. E. Forster as Governor-General.

PROVINCIAL PARTRIDGES.—A box containing about fifty partridges passed through this city by train last evening en route from the Provinces to New York. It would be advisable for our New Brunswick neighbors to better enter their game laws.—Bangor Whig.

AN IMPORTANT MATTER.—The following is from the Ottawa correspondence of the Halifax Chronicle:—The delegates of the Government of Prince Edward Island who have been here for some days have gone home. They obtained the desired object of their mission, viz., a refund from the Dominion Government for money spent by the Province on wharves, etc. It seems that the Local Government, under the proposition it owned the foreshore, granted letters patent allowing the erection of wharves. The first intimation they had to the contrary was when the case of Robert T. Holman et al, appellants, and Charles Green, respondent, was decided in the Supreme Court of Canada, coming before that body on May 4th, 1881, on an appeal from the Supreme Court of Prince Edward Island. The facts of the case cited are:—"An action of ejectment was brought by the appellants against the respondent to recover possession of a piece of land, being part of the foreshore, between high and low water mark of Summerside, lying out, side of and to the Westward of the Queen's Wharf. The appellants claimed title to the place under a grant to them from the Crown in fee, under the great seal of Prince Edward Island, 25 vic., chap. 19, enabling the Lieutenant Governor-in-Council to issue grants of certain parts of the sea shore of the Island. The jury found a verdict for the appellants for all the lands in issue. From the decision the respondent appealed, claiming among other things the point upon which the judgment of the Supreme Court of Canada proceeded, that the grant was void on the ground that by the British North America Act all public harbors are vested in Canada, and Summerside is a public harbor. After the argument of Davies, Q. C., for the appellant, and Peters for the respondent, Chief Justice Ritchie said one of the points raised, and one on which the case must turn, was that Summerside Harbor was a public harbor, as vested in Canada under the B. N. A. Act of 1867, section 108, and 3rd schedule, and that the making of grants of the foreshore or land between high and low water by the Lieutenant-Governor of Prince Edward Island is inconsistent with the rights of the Dominion Government in the harbor, and therefore the grant under which the plaintiff claims is void. The place in question was between high and low water mark in Summerside harbor, which is a public harbor, and under the B. N. A. Act this was too clear to admit of doubt. It was contended that public harbors referred to in the B. N. A. Act were only such public harbors (if any) as Local Governments, as such, had acquired as actual property, that is to say artificial harbors constructed by the outlay of money and not natural harbors. He found nothing in the Act to justify this restriction being placed on the clear word of the statute, and Parliament intended to use the term in its full grammatical sense, as the harbor in question is applicable to all harbors. It applied to P. E. Island as though originally united by the Act of 1867, and the Local Government ceased to have supervision over the works in question. Therefore he found the grant to the plaintiff under the great seal of P. E. Island, and the plaintiff has right of action against the defendants though a wrong-doer. The Chief Justice concurred and the appeal was dismissed with costs. The judgment takes the foreshores out of the control of the Local Government of P. E. Island, as well as all provinces. The P. E. Island Government sought for a refund, and today it was announced that they were to get \$125,000 as a refund for the moneys expended. It is openly reported that the Governments of several other provinces are about to make similar applications for a refund.

Wiggins and his Storm.

It is not probable that Surveyor-General Mitchell will be opposed in Charlotte and not improbable that Mr. Estabrooks will retire from the contest in York.

The Carleton Sentinel remarks that as Hon. Mr. Lindsay's resignation of his seat in the Legislative Council had been so long delayed the late Government might have restored him to his former seat. Mr. Lindsay was at Fredericton for some days endeavoring to get the Local Government not to accept his resignation. But the exigencies of the Government made it necessary to fill the seat vacated by the death of the late Mr. Seely. Then, as Mr. Davidson had been appointed to fill Mr. Kelly's place, but as Mr. Kelly's place was not vacant, the number of the Council was made up, and there was no alternative but to let Mr. Lindsay walk.

Hon. Wm. M. Kelly, M. L. C., who has been in Toronto since the last session of the legislature, is now in Chatham, from which he makes excursions into the different parishes in order to keep himself acquainted with the requirements of the County. He will remain here for a month, when he will again proceed to Fredericton and occupy his place in the Legislative Council.

The despatch of the late Governor-General, Mr. W. E. Forster, as Governor-General, is now stated that in all probability there is truth in the rumor that the Marquis of Lorne will be succeeded by the Right Hon. W. E. Forster as Governor-General.

A prominent shipping merchant estimates the damage caused to the commerce of New York by the Wiggins' scare at a round million dollars. It seems a pity that some arrangement was not made with the Canadian charterers. We have an idea that he would have proffered fair weather for half the money.

Provincial Partridges.—A box containing about fifty partridges passed through this city by train last evening en route from the Provinces to New York. It would be advisable for our New Brunswick neighbors to better enter their game laws.—Bangor Whig.

The Wiggins' wrath will, probably, be appeased when it learns that thousands of partridges are killed on the North Shore of New Brunswick every autumn in the proper season and kept in freezers until the people of Boston, New York and other American cities are so partridge-hungry that we ship them to those places at a snug profit. If the Whig knew more about our enterprising ways it would not presume to lecture its New Brunswick neighbors on the enforcement of their game laws.

An Important Matter.—The following is from the Ottawa correspondence of the Halifax Chronicle:—The delegates of the Government of Prince Edward Island who have been here for some days have gone home. They obtained the desired object of their mission, viz., a refund from the Dominion Government for money spent by the Province on wharves, etc. It seems that the Local Government, under the proposition it owned the foreshore, granted letters patent allowing the erection of wharves. The first intimation they had to the contrary was when the case of Robert T. Holman et al, appellants, and Charles Green, respondent, was decided in the Supreme Court of Canada, coming before that body on May 4th, 1881, on an appeal from the Supreme Court of Prince Edward Island. The facts of the case cited are:—"An action of ejectment was brought by the appellants against the respondent to recover possession of a piece of land, being part of the foreshore, between high and low water mark of Summerside, lying out, side of and to the Westward of the Queen's Wharf. The appellants claimed title to the place under a grant to them from the Crown in fee, under the great seal of Prince Edward Island, 25 vic., chap. 19, enabling the Lieutenant Governor-in-Council to issue grants of certain parts of the sea shore of the Island. The jury found a verdict for the appellants for all the lands in issue. From the decision the respondent appealed, claiming among other things the point upon which the judgment of the Supreme Court of Canada proceeded, that the grant was void on the ground that by the British North America Act all public harbors are vested in Canada, and Summerside is a public harbor. After the argument of Davies, Q. C., for the appellant, and Peters for the respondent, Chief Justice Ritchie said one of the points raised, and one on which the case must turn, was that Summerside Harbor was a public harbor, as vested in Canada under the B. N. A. Act of 1867, section 108, and 3rd schedule, and that the making of grants of the foreshore or land between high and low water by the Lieutenant-Governor of Prince Edward Island is inconsistent with the rights of the Dominion Government in the harbor, and therefore the grant under which the plaintiff claims is void. The place in question was between high and low water mark in Summerside harbor, which is a public harbor, and under the B. N. A. Act this was too clear to admit of doubt. It was contended that public harbors referred to in the B. N. A. Act were only such public harbors (if any) as Local Governments, as such, had acquired as actual property, that is to say artificial harbors constructed by the outlay of money and not natural harbors. He found nothing in the Act to justify this restriction being placed on the clear word of the statute, and Parliament intended to use the term in its full grammatical sense, as the harbor in question is applicable to all harbors. It applied to P. E. Island as though originally united by the Act of 1867, and the Local Government ceased to have supervision over the works in question. Therefore he found the grant to the plaintiff under the great seal of P. E. Island, and the plaintiff has right of action against the defendants though a wrong-doer. The Chief Justice concurred and the appeal was dismissed with costs. The judgment takes the foreshores out of the control of the Local Government of P. E. Island, as well as all provinces. The P. E. Island Government sought for a refund, and today it was announced that they were to get \$125,000 as a refund for the moneys expended. It is openly reported that the Governments of several other provinces are about to make similar applications for a refund.

Dealing with this matter the Ottawa

correspondent of the Moncton Transcript writes:—

The decision has a much wider range than this. Other provinces having wharves, which were built, owned or assisted by local government money, must, in the nature of things, be placed upon a like footing. In this New Brunswick must share, and as our province has been in the union for a number of years longer than the Island, the arrangements have been longer accumulating. There are, if memory serves me, public wharves such as must be included in the category of St. John, Grand Lake, one or two points on the St. John River, as well as in Albert County. I am not sure but the wharf at Shediac is also a public wharf. It is confidently expected that these will be a Dominion charge. At the first blush it might appear that this would be of advantage to the province, but when it is remembered that all the provinces must, in like manner, be cared for, this becomes more than doubtful. Nova Scotia, with its extensive coast-line, Quebec, with its numerous wharves in Gulf and river; Ontario, with its great length of lake shore, and far off British Columbia, with its great length of seacoast, will, in the aggregate swell up a large expenditure for public wharves, if, as is supposed, the system becomes general. It looks like a scheme to give new patronage to the Central Government. They may acquire private wharves, by purchase of their friends who own them, thus giving new openings for favoritism. Possibly an excuse will be found for the appointment of new officials with salaries and perquisites for Tory hangers on. The scheme will afford further pretext for keeping in the present enormous burden of taxation, by providing ready means to expand another considerable portion of the surplus. It is said the concession to Prince Edward Island was made on recommendation of a committee of the Privy Council, consisting of Messrs. Tilley, Langevin and McLellan, to whom the Island claims were referred. On their report an order in Council was passed, as above indicated, if report speaks true.

A Halifax despatch says:—

The success of the late delegation from Prince Edward Island to Ottawa in securing promises from the Dominion Government of the return to that Province of expenditures on navigation securities, causes much satisfaction to politicians here. This Province having expended on such work upwards of \$180,000 since Confederation.

General Notes and News.

Maine legislators have passed a law forbidding the killing of birds and game on Sunday, but an amendment to prohibit fishing was voted down.

An American newspaper is responsible for the story that "Queen Victoria is a large real estate owner in New York. An advance in rents by her agents has changed the tenants in a large block on Broadway near Eighteenth street."

Alexander H. Stephens once challenged Ben Hill to fight a duel. Hill declined, saying he "had a family to care for and a soul to save, and that Stephens had neither." Stephens didn't fight, but he never forgave the imputation that he had no soul.

A "sign of the times" is to be found in the union between aristocracy and commerce, which daily becomes more close. Of twenty-one persons admitted to act as brokers within the city of London and its liberties, a few weeks ago, two are sons of peers.

A splendid salmon, weighing 55 lbs., and measuring 47 in. in length, and 28 in. in girth, which had been caught in the Tay, near Perth, has been exhibited in London. This fish is the heaviest salmon which has been taken in the Tay for many years past.

The Avon Bridge at Windsor, the only toll bridge in the Maritime Provinces, last year yielded a dividend to the company of 10 per cent. For three years previously no dividend had been declared. The shares are valued at \$100 each. The bridge was built in 1836, and cost \$40,000.

Mr. T. C. Adams, of New London, P. E. Island, caught quite a large haul of lobsters through the ice in the harbor, at that place, a short time ago. This is a new departure, as it has always been understood that lobsters went into deep water during the winter months.—Journal.

The recent carnival at Malta was unusually exciting. An effigy of the Governor, Sir Arthur Barton, was paraded through the Strand Beale in a coffin. On reaching the square in front of the palace it was taken out and hanged on a gibbet, amid tremendous cheering from the mob. An effigy of Lord Alcester (Admiral Seymour) was also treated with contumely.

A petition has been presented to Parliament by J. S. Carvell, Peter Mitchell, Josiah Wood, W. W. Sullivan, A. C. Macdonald, Frederick Crocker and L. H. Davies, praying to be incorporated as the Canadian Rapid Telegraph Company, for the purpose of using recent discoveries in electric communication between New Brunswick, Nova Scotia and P. E. I., and to establish a new system of telegraph between these Provinces.

The full returns of the Ontario elections give the following as the strength of parties:—Ministerial, 48; Opposition, 36; Independents, 2, with almost identical held. These totals are almost identical with those of the election of 1875, when they were as follows:—Ministerial, 48; Opposition, 36; Independent, 4. It is clearly that Mr. Mowat has a good working majority, and that in all probability he is safe for the next four years.

The Galion mail steamer Alaska, "the greyhound of the Atlantic," left Liverpool for New York on January 21st, and arrived back at Liverpool on February 11th, making the voyage out and home in 21 days, 3 hours, including all detention in discharging and loading at New York, and several hours detention at sea through fog. The passage home was made in 6 days, 23 hours, 42 minutes. The following are the distances run daily: 326, 430, 469, 396, 381, 378 and 136 miles.

At Millford, Mass., thirteen school children were thrown from a double runner sled, which struck a tree, and nearly all of them were picked up unconscious. Mamie Murray had a leg broken necessitating its amputation. Edward Hogan also had his leg broken and was injured internally. Lewis Crane and Willie Hickey were badly bruised about the head and perhaps severely injured to her legs and back, and Mary Doherty was badly injured about the face and head.

A Dublin despatch of 5th inst. says:—The prevailing impression among the detective officers here who have been working up the assassination conspiracy case, and endeavoring to trace the mem-

Tilley, Langevin and McLellan, to whom the Island claims were referred. On their report an order in Council was passed, as above indicated, if report speaks true.

A Halifax despatch says:—

The success of the late delegation from Prince Edward Island to Ottawa in securing promises from the Dominion Government of the return to that Province of expenditures on navigation securities, causes much satisfaction to politicians here. This Province having expended on such work upwards of \$180,000 since Confederation.

General Notes and News.

Maine legislators have passed a law forbidding the killing of birds and game on Sunday, but an amendment to prohibit fishing was voted down.

An American newspaper is responsible for the story that "Queen Victoria is a large real estate owner in New York. An advance in rents by her agents has changed the tenants in a large block on Broadway near Eighteenth street."

Alexander H. Stephens once challenged Ben Hill to fight a duel. Hill declined, saying he "had a family to care for and a soul to save, and that Stephens had neither." Stephens didn't fight, but he never forgave the imputation that he had no soul.

A "sign of the times" is to be found in the union between aristocracy and commerce, which daily becomes more close. Of twenty-one persons admitted to act as brokers within the city of London and its liberties, a few weeks ago, two are sons of peers.

A splendid salmon, weighing 55 lbs., and measuring 47 in. in length, and 28 in. in girth, which had been caught in the Tay, near Perth, has been exhibited in London. This fish is the heaviest salmon which has been taken in the Tay for many years past.

The Avon Bridge at Windsor, the only toll bridge in the Maritime Provinces, last year yielded a dividend to the company of 10 per cent. For three years previously no dividend had been declared. The shares are valued at \$100 each. The bridge was built in 1836, and cost \$40,000.

Mr. T. C. Adams, of New London, P. E. Island, caught quite a large haul of lobsters through the ice in the harbor, at that place, a short time ago. This is a new departure, as it has always been understood that lobsters went into deep water during the winter months.—Journal.
