

Miramichi and the North Shore, etc.

FOUND—A bunch of keys—to be had at the ADVANCE Office.

THE HITCHCOCK MEDAL competition is now on at the Chatham Curling Rink.

THE HARRIS CUP competition between regular rinks of the Chatham Club, resulted in a final victory for the President's Rink, which was skippered by Mr. Arthur Johnston.

TWO LICENSED FISHERS are now located at Bathurst Railway Station. The "Beaver Brook" arms would be an appropriate name for one and they might call the other the "Special" retreat.

RESTORED.—Mr. Edward Jack has resigned his situation in connection with the Crown Land office, and his place has been supplied by the appointment of Mr. R. Melville Jack, to whom we extend our congratulations. Globe.

INCREASE OF PAY.—A number of clerks in the I. C. R. Office at Moncton have received official notification of an increase in their salaries. In some cases one hundred dollars, one hundred and fifty dollars and two hundred dollars were added. Globe.

CURLING.—An interesting curling match took place at the St. Andrew's club Rink on Saturday evening between skips Geo. McAvity and A. W. Barker for an oyster supper, with the following result: C. Y. Gregory, H. B. Masters, W. S. Miller, S. J. DeForest, Geo. McAvity—skip 14; A. W. Barker—skip 10.—St. John Globe.

DEATH OF REV. ROBT. TWEEDE.—We regret to have to announce the death of the Rev. Robert Tweede, a devoted Wesleyan minister, who is known and loved for his works' sake all over the Province. He has recently been in failing health, but was not considered to be dangerously ill. He died at Hampton on Tuesday.—Telegraph.

STAGE BETWEEN CHATHAM AND NEW CASTLE.—Mr. John A. Ward of Chatham, whose stable is on W. northward, near the corner of Duke Street, has commenced running a stage line between Chatham and Newcastle, as will be seen by advt. The time of leaving Chatham and Newcastle respectively ought to suit the public admirably, and we hope Mr. Ward's enterprise will be well supported.

FIREWARDS.—The new Board of Firewards have appointed Wm. Muirhead Jr., Esq., Chairman, Thomas Crimmon, Esq., Secretary and L. J. Tweede, Esq., Treasurer. Messrs. Wilson and Wyse have charge of placing the Steam Engine at fires. Messrs. Connors and Muirhead have charge of the Hose, and Messrs. McLaughlin and Crimmon of the Hand Engines. It is the intention of the Fireward place No. 2 Engine on the Shipyard Hill, where a building has been rented for the purpose.

ANOTHER RAILWAY.—A Moncton deponent of last Thursday says, "The prospect of the proposed railway between Kingston, New Brunswick, and Moncton, looks very encouraging. To-day Edward Wassell, Esq., C. E. of Digby, completed a survey of the proposed railway, arriving in Moncton with his assistants. He reports the line practicable and easy of construction, with no heavy grading required. It is proposed to run the line near the proposed harbor improvements, thus giving Kent County shippers the advantage of shipping their lumber after navigation closes in the gulf. The promoters of the line deserve great credit for their energetic manner of grasping with the undertaking."

Musical Entertainment.—A musical entertainment of great variety and considerable merit was given in Masonic Hall, Chatham, on Monday evening last. The programme consisted of orchestral music, which was very creditably performed, and other concerted pieces by a choir embracing some of the best vocal talent in town, some of which were very acceptably sung, duets and trios which were fairly rendered and a grand olio by the "Musical Merry-makers," a local burlesque combination, whose members made a decided hit—so much so that they were twice recalled after the curtain had gone down on their part of the entertainment. After the musical exercises were concluded, oysters were served up stairs.

Highland Society's Curling Cup.—The Committee appointed by the Highland Society of N. B. at Miramichi to make rules to govern the matches for the cup offered for competition among the curlers of the County, have about completed their work. The stipulations are as follows: 1. The competition shall take place each year before 20th February, each club playing not less than six rinks a side. Should the Curling Clubs fail to agree upon a time for play, before 10th February, the President of the Highland Society shall fix the time for them. 2. The Club making the highest aggregate score to be declared the winner of the cup. 3. In each competition, part of the play to be at Newcastle and part at Chatham, simultaneously. 4. Play to be conducted under the rules of the Royal Caledonia Curling Club. 5. The scores of competitions, signed by the Presidents and Secretaries of competing clubs, to be forwarded to the Secretary of the Highland Society, who is to notify the President thereof in order that he may present the cup to the winning club. 6. The cup to be held by the winning club until the day before the next annual competition thereof, when it is to be returned to the President of the Highland Society. 7. The above rules to be subject to revision by the Highland Society's committee, in the event of a new Curling Club being formed or other necessary arising.

Go-As-You-Please Matches at Newcastle.—On Monday these Go-as-you-please Skating Matches took place in the Rink here. The course was laid off up and down the curling rink and around the band stand, 13 laps to the mile. The first race was for boys of twelve years and under; three prizes, \$3, \$2, \$1. There were four entries—Finlay Russell, Mont. Russell, Bertie Russell, Fred. Copeland. The little fellows skated one hour, and made the following distances: 1. Fred Copeland, 19 miles, 3 laps, 2. Finlay Russell, 17 " 7 " 3. Mont. Russell, 15 " 1 " 4. Bertie Russell, 13 " 11 " SECOND RACE. Boys over 12 and under 18, two hours. Prizes, \$6, \$3, \$2. There were five entries, the boys having the following distances to their credit when time was called: 1. Bertie Wyse, 19 miles, 9 laps, 2. Wilson Murray, 18 " 2 " 3. W. W. Whiston, 15 " 4 " 4. Joseph Patten, 13 " 8 " The two last named were not on the ice during a portion of the time.

Prizes, \$10, \$5, \$3. There were only three entries. Arch. Wright, James Sheagreen, J. R. Lawlor, which robbed the contest of much of the interest which would otherwise have existed. Wright showed excellent speed. He donned the "Acme" skate for the first time in his life, fell behind at the commencement, and had two or three falls, but when he became better acquainted with the skates, he gradually forged ahead skating very gracefully. Lawlor forged ahead of Sheagreen during the last hour; the latter skated evenly, never attempting to regain the lost ground. They made scores as follows: 1. Arch. Wright, 23 miles, 2. J. R. Lawlor, 22 " 2 laps, 3. James Sheagreen, 21 " 10 " The skaters lost fully one minute in each mile in making the turns at either end of the course.

Something to Boast of.—It seems that a local paper has hit upon the idea of filling its columns by publishing the following paragraph, week after week: "The Advance has at least four times as much circulation in Chatham and Newcastle as any other paper; at least twice as much in the County; and nearly twice as much on the North Shore. As the object of advertising is to reach as large a number of readers as possible, an advertisement in the Advance is worth more than in any other paper. Advertisers are welcome to inspect our books and see for themselves that our circulation in Chatham, Newcastle, Black Brook, Hartsville, Glenora, Glenora, Glenora, North East, Nelson, Blisfield, Derby, Ladlow, Richibucto, Kingston, Bathurst, Tracadie, Carleton Place, and other places, is very large."

Our neighbor is just the journal to publish that kind of thing and to delude with the expectation that its patrons will believe its statements. They won't do it, however, because they have a "general average" idea of the relative facts. We are thinking that if small papers can indulge in such attempts to fill the public mind with a notion that they are popular, we ought to get out a startling statement of the kind of paper we happen to be. We won't do it seriously just now, because the small papers are in the business, but when they have found that brag won't do, the world (no ungenerally allusion intended) will be startled. We shall not be contented with stating that we have the largest circulation in the Maritime Provinces, for "no pent up Utica" is our motto, but we shall cover the whole region of empty brag, and entirely eclipse all previous efforts in the line of self-glorification. We shall claim to have killed off five or six papers started by friends of our opponents, just for fun, and thereby outshine the man who killed two papers in St. John by his colossal inability. As an advertising medium we shall base our claim on the fact that when we shall have put on our Scotch-cross barrel-Ananias-Tom-pepper-and-salt suit, we shall take it for granted that our readers will swallow the statement—simply because we make it—that we have 75,000 cash paying subscribers, besides those who pay in kind, and each one of whom lends the paper to his neighbors, who would also subscribe but for the rigor of the climate preventing us from keeping steam on night and day in order to strike off more papers. We shall make the poor, simple, soft headed public believe that we pay our foreman \$17,500 a year, our reporters \$30,000 each, and that our proof-reader has obtained, at a cost of \$300,000, a cyclopedic electric light for an eye; the editor in chief will be presented as the only live Goliath of the sanctum, with genuine brains and fighting weight between 14 cwt and a ton, having ten fists on each arm, revolvers for fingers, bowie knives for finger nails and writing with the hand; the bar-tender, Martin-Henri sporting rifle. We shall be doing all this, organize a joint stock company composed of eight of the wealthiest men of the country, who value glory and their enemies' political gore above fifty lucas, and one of them dares to look as if he thought the \$12,000,000 editor was not a Hercules of politico-logy, newology and bi-ology we shall kill him at sight, put his body in our pocket and trim our gory ulster with his presuming scalp. Advertisers, knowing how far we transcend other papers in the bewildering ramifications of our staff and general equipage, in the brass band volume with which we blow our own trumpet, and our ability to claim our hundred times the circulation of all the combined journals that have outlined the startling fact that we exist, will insist on begging on bonded knees in trembling tones of appeal, for space in our columns at \$1,000 per square inch per week. When we fully make up our ponderous mind that the public have been sufficiently educated in the duty of swallowing whoppers, we shall get up a moderately exaggerated statement of the kind of paper we are, based on the above outline of simple facts, and publish it in our columns, so that it will have the largest circulation possible within a radius of about 50,000 miles. And, in imitation of other papers, which make sickly little attempts in the above line, we shall append to it the mystic and symbolic sign of the sanctum—L.F.

[L. F.—The World and Advance need not copy the above at our expense.]

Chatham Skating Rink.—THE CHILDREN'S CARNIVAL. Nearly sixty lads and misses appeared in costume at the Chatham Skating Rink on Tuesday evening last and the industry and taste displayed in the dresses and general make-up of the various characters reflected great credit upon those who prepared the little ones for the occasion. The attendance of spectators was not large, but the occasion seemed none the less enjoyable to the three or four hundred who were present, and it was felt that those who did not attend missed a very enjoyable spectacle. The management was very satisfactory, though as sometimes happens, even in the best-regulated rinks, the decision of the judges did not meet with general approval in every respect. The ice was occupied by the following:—

Benson J. S., Darkey Sots, Henson Stewart, Cupid (prize). Blair Frank, Lacrosse. Blair Rupert, Sailor Boy. Blair First, Patent Medicines. Connors, T. F., Mickey Mahar, driver of jaunting car. Davidson Jas., Robin Hood. Fleizer Harry, Newkay. Flegger Roger, Newkay. Grogan Stafford, Grog West. Griffin Willie, Stars. Gillies of Frank, Hays Artilleryman. Hutchison R. J., Snow Shoe Costume. Howard George, Dandy. Howard Willie, Snow Shoe. Jarline Theodore, Jockey. Johnson Charlie, Soldier Boy. Loggie Geo. W., Sailor Boy. Murray C. Ernest, Football. Murray Willie, Highland Laddie. Murray R. Stanley, Pirate Chief.

At half past nine the spectators and season ticket-holders, generally, were admitted to the ice and enjoyed skating until half past ten, the ice being still in excellent condition.

At the next Carnival, which will be for all ages, some entirely new attractions are in contemplation by the management. It will probably be the most brilliant ever held on the North Shore.

The Quebec Carnival.—The Carnival at Quebec was not as great a success as its promoters expected it to be—not that the games, exercises, etc., failed to be enjoyed by those who participated in them, but because they did not

attract as large a number of visitors as anticipated. The scores made at the Curling games were given in the Chronicle and differ somewhat from those published here. We assume that the Chronicle's record is the correct one. It is as follows:—

The Curling matches took place on the ice of the Quebec Curling Rink and attracted quite a large number of spectators, being in order to enable the other representatives to conclude the competition in one day by playing in the afternoon as well as in the morning, to which the Quebecers assented, thus enabling their friends to finish the game and return home with in their arranged time:—

Quebec Rink No. 1. Chatham. Trevor Sewell, A. H. Johnson, W. J. Deane, J. Johnston, H. H. Sewell, (skip) 12. E. Hutchinson, (skip) 12. Majority for Chatham—18 shots.

Quebec Rink No. 2. Pictou. W. S. Bennett, D. Sutherland, J. Mackay, W. C. Phillips, J. Mackay, J. Mackay, W. Brodie, (skip) 21. E. Hutchinson, (skip) 12. Majority for Quebec—2 shots.

The visitors were entertained by the Quebec Club at a curler's dinner at the club rooms at 2 p. m., after which the two winning clubs played off for the cup which was offered for competition, with the following result, viz:—

Quebec. Chatham. W. S. Bennett, A. H. Johnson, J. Mackay, J. Mackay, J. Mackay, W. Brodie, (skip) 21. E. Hutchinson, (skip) 12. Majority for Chatham—18 shots.

The duration of each game was three hours, half time being played with iron and half with granite stones, as the latter are exclusively used in the Maritime Provinces with like manner, iron only is played with here. A singular feature of the competition was that the visitors, in one event, gained an advantage of two shots over our men with the iron, leading to the result which was practically a draw, his showing how soon "keen curlers" will do good work with a stone to which they are quite unaccustomed, the average weight of the iron being 62 lb., whilst the granites are about 43 lb.

Friendly games were played in the evening with the visitors.

After the above was in type we received the following from a gentleman officially connected with the Carnival in Quebec, in whose statements we have every confidence:—

THE RETURN OF THE CURLERS.—E. Hutchinson, A. H. Johnson, John Hutchinson, and Andrew Brown, the last of the curling delegation to Montreal, returned this morning by the 10 o'clock train, and were met at the station by Mr. J. D. B. Mackenzie, who accompanied them to the hotel. The curlers were met by a delegation of the curling club, and were treated to a dinner at the hotel. The curlers were met by a delegation of the curling club, and were treated to a dinner at the hotel.

THE RETURN OF THE CURLERS.—E. Hutchinson, A. H. Johnson, John Hutchinson, and Andrew Brown, the last of the curling delegation to Montreal, returned this morning by the 10 o'clock train, and were met at the station by Mr. J. D. B. Mackenzie, who accompanied them to the hotel. The curlers were met by a delegation of the curling club, and were treated to a dinner at the hotel.

By order of the Firewards, THOMAS CRIMMON, Secretary, Chatham, N. B., 6th February, 1933.

addresses, etc., and indicated a prosperous and happy condition of Mr. McBain's new charge. Better than all we learn that the change of location has been very beneficial to Mr. McBain's health, which is now quite good.

ITS CERTAINTY.—To cure Dyspepsia and Biliousness is not speculation, but is proved with letters from persons of high respectability constantly coming in. Z. PESA is an absolute cure. Sold by J. D. B. F. Mackenzie, Chatham, N. B.

In Trouble Again.—A Moncton despatch of 5th says.—The attention of Police Magistrate Wortman is at present engaged with an abduction case. Mrs. A. H. Abel, formerly of Moncton, and daughter of O. R. Gardner, of this town, being the prisoner in the case, and A. H. Abel, of St. John, the prosecutor. It appears that a family quarrel between Mr. and Mrs. Abel in St. John a few days ago caused their separation, when Mrs. Abel left St. John and came to Moncton and was stopping with her parents. This morning Mr. Abel and several other persons entered Mr. Gardner's house and demanded that Mrs. Abel go to St. John with them which she refused to do. Her father appeared on the scene and a general fight took place, after which the general fight took place, after which the general fight took place, after which the general fight took place.

ITS CERTAINTY.—To cure Dyspepsia and Biliousness is not speculation, but is proved with letters from persons of high respectability constantly coming in. Z. PESA is an absolute cure. Sold by J. D. B. F. Mackenzie, Chatham, N. B.

It is claimed that Johnson's Anodyne Liniment is almost infallible in the cure of diphtheria, pneumonia, influenza, bronchitis, congestion of the lungs, and hard dry coughs. This may all be true. We know it will prevent diphtheria and that it will cure the cough instantly.

RECHERCHE.—Not only the most exquisite thing for the teeth and breath extant, but "TEABERRY" is a beautiful little ornament and finish to the toilet. 5 cent samples. Sold by J. D. B. F. Mackenzie, Chatham, N. B.

MARRIED.—At Douglastown, on 31st January, by Rev. James Murray, Mr. John Scott of Lower Newcastle and Miss Douglas of Loyalton.

DIED.—Suddenly, at the residence of Wm. Ferguson, Tracadie, N. B., Thursday February 1st, Archibald Russell, aged 75.

WM. WYSE, Auctioneer. Chatham, 6th Feb., 1933.

ABILITY TO THIS PAPER. THE ONLY ABSOLUTE CURE FOR BRUISES, SWELLINGS, BURNS, SCALDS, AND ALL OTHER AFFECTIONS OF THE SKIN. THE ONLY ABSOLUTE CURE FOR BRUISES, SWELLINGS, BURNS, SCALDS, AND ALL OTHER AFFECTIONS OF THE SKIN.

FOO CHOO'S BALM OF SHARK'S OIL. Positively Restores the Hearing, and is the ONLY ABSOLUTE CURE FOR Deafness Known.

HEAR WHAT THE DEAF SAY! It has performed a miracle in my case. I have no unearthy noises in my head and hear much better. My deafness helped a great deal—think another deaf will cure me.

It is virtuous and unquestionable and its curative character is proved, as the writer can testify, both from experience and observation. Write for a circular, and you will receive a remedy that will enable you to hear like any other person. Its cure was so numerous and many so severely afflicted, that the remedy was officially proclaimed over the entire Empire. Its use became so universal that for some time the deafness has existed among the deaf. Send charges prepaid, to any address at \$1.00 per bottle.

Write for a circular, and you will receive a remedy that will enable you to hear like any other person. Its cure was so numerous and many so severely afflicted, that the remedy was officially proclaimed over the entire Empire. Its use became so universal that for some time the deafness has existed among the deaf. Send charges prepaid, to any address at \$1.00 per bottle.

WM. WYSE, Auctioneer. Chatham, 6th Feb., 1933.

ABILITY TO THIS PAPER. THE ONLY ABSOLUTE CURE FOR BRUISES, SWELLINGS, BURNS, SCALDS, AND ALL OTHER AFFECTIONS OF THE SKIN. THE ONLY ABSOLUTE CURE FOR BRUISES, SWELLINGS, BURNS, SCALDS, AND ALL OTHER AFFECTIONS OF THE SKIN.

FOO CHOO'S BALM OF SHARK'S OIL. Positively Restores the Hearing, and is the ONLY ABSOLUTE CURE FOR Deafness Known.

HEAR WHAT THE DEAF SAY! It has performed a miracle in my case. I have no unearthy noises in my head and hear much better. My deafness helped a great deal—think another deaf will cure me.

It is virtuous and unquestionable and its curative character is proved, as the writer can testify, both from experience and observation. Write for a circular, and you will receive a remedy that will enable you to hear like any other person. Its cure was so numerous and many so severely afflicted, that the remedy was officially proclaimed over the entire Empire. Its use became so universal that for some time the deafness has existed among the deaf. Send charges prepaid, to any address at \$1.00 per bottle.
