#### Rev. Dr. Lin Isay Parker, of New York

A power Lathe with back motion in good positions at the will of the party in the Commissioner Ryan was in Chat aum for a short time on Monday even power, shall be continued in office so and proceeded to St. John the

should not be continued in office by

the new Government. They will

probably, "go down with the ship,"

like true political heroes. It will be

some other sections of the Province.

Men who stood up against the late

Government and bore patiently the

defeats and persecutions incidental to

the continued campaign which nearly

every independent and honest man

in the Province felt it his duty to en-

gage in against them, have had their

contempt challenged by the manner

in which their late opponents have

deserted the defeated leaders and en-

deavored to steal places in the ranks

of the victorious side. If Mr

Inches were a man of such contempti-

zan of the late Government, and,

then, to turn around and pretend he

was glad of the change that has taken

patronage he has so long enjoyed, but

everybody save those who worship

only success, would think he was a

very mean-spirited fellow, and they

would also think the new Govern .

ment was very little better, to be im-

posed upon by him. So of Mr

Black and Mr. Vanwart and so, also, of

Sheriff Temple, who has had to walk

the political plank over which the side

he has worked for has gone. The

turn of these gentlemen will come

will be able to look their political

opponents squarely in the face and

litical brethren elsewhere are doing

to desert their leaders in order to

save their offices and the patronage

they have enjoyed-they deserve

neither respect nor pity. A politi.

cian may get on the political fence

when he has tricky and patronage-

loving supporters to retain at a time

when parties seem pretty evenly bal-

anced, but he can never do so with-

it is not safe. It ought to be so in

St. John, in Charlotte, Northumber-

land, Gloucester, Westmorland and

the other Counties. There are al

ready indications that a healthy tone

pervades Gloucester in this respect,

and it will, no doubt, be manifested

shaken off in other places besides

York; we have a new Government

-if they have betrayed a disposition (

tific American.

March 29 -In the Commons, to-day, led. The policy of the Government had al nost the whole afternoon was spent created a handsome surplus, and to-day discussing a bill to provide that persons our position in the estimation of English charged with misdemeanor shall be compeople was higher than ever before. The tariff had succeeded both in producing petent as witnesses, with a bill respecting revenue and affording protection to native procedure in crimial cases, and a bill industries. New industries were spring declare it a misdemeanor to leave un. ing up every where and manufacturers had guarded and exposed holes cut in the i more orders on hand than they could well in any navigable or frequented water. This last measure was finally lost in com fil. The development of the coal indus try under this policy was marvellous, and

87 per cent of the sugar manufactured in Canada last year was imported direct from the sugar producing countries. This was proof positive that our trade with the West Indies was reviving. Moreover, our people now obtained then sugar cheaper than if they had to buy inported refined sugar under the tariff i orce under the late administration. Never in the history of the country was the poyment of taxation easier than at present. No grumbing was heard, for while people are prosperous they did not complain of necessary taxation. With eference to the proposed changes in th tariff they were submitted with a view of relieving the country of \$1,250.00) of taxaion, and also to give our manufacturers their raw materials free. That policy would have been adopted in 1879 had the Government known that the tariff would have yielded revenue enough without taxes being levied upon raw material. The Government were determined to re-
