Dominion Day Races.

Monday was celebrated as Dominion Day at Chatham, by the closing of nearly all the stores and a general enjoyment of the holiday. The great attraction was the races at the Chatham Driving Park which were witnessed by about 1,300 people. The track was in fine condition and the weather, though cloudy and at times threatening rain, just suitable for such an occasion. The Andover ran in connection with the races and brought quite a large contingent from points upriver, while a large number also came by private teams.

There were three races on the programme, all for Northumberland County horses, the 1st being a trot for 3-year olds, the second a trot for all ages and the last a running race.

The judges were Dr. McDonald, D. G. Smith and Angus Ullock. The first race was called at about half past two, three colts coming to the score. It was not a sufficiently close contest to be exciting, A CURE FOR CHOLERA - MORBUS. - A although some good work was done, positive cure for this dangerous complaint, especially by the winning mare. He had a the costly works which are necessary to lively brush with Charley, coming up with him handily on the back stretch, but falling back on a break from which he recovered handsomely. He went by Charley and took the lead when swinging into the home stretch on the last half and maintained his position pluckily to the end. He had the advantage of losing less on his breaks than either Frank or Charley, Frank being an especially bad breaker. All the drivers did their best to keep their horses on their feet, but there was a good deal of sympathy for those whose breaks lost them so much ground. Wild Harry won this heat in 3.03, Charley

On the last half however, Wild Harry collared and passed Frank just after the latter had crowded Charley's wheel on the bank beside the track, and passed him. Harry won in 3.0 3, Frank second. There were claims of foul all round, but the judges, after hearing the drivers, decided to place the horses as they came in.

In the sixth heat, Frank did not put in an appearance, and there was a good race between Harry and Charley. There was some breaking on the part of both, but it was good work all round, and a neck and neck race for the wire at the finish. Charley got under half a neck in advance, and race in 3.021. Pedigree, etc of Abdallah Messenger Abdallah Messenger is by Jupiter Abdallah, bred by Peter Vandervier, Esq., of Flatbush, Long high and weighed 1,200 lbs at 4 years old. He trotted a mile in 2.30, and was never trained. He was sired by Jupiter Abdallah, he by old Jupiter, he by Long Island Black Hawk, he by Andrew Jupiter Abdallah's dam was by old Abdallah, grand dam sired by Engineer, he by Mambrino, he by Imported Messenger. Old Jupiter's dam was by Almack, he by Mam brino, he by Imported Messenger. All of Jupiter Abdallah's blood runs back te Imported Messenger, except the Bashaw, which is considered the best stock of trotting blood in the country. Abdallah Messenger's dam was sired by Hogland's Grey Messenger—the sire of the New

York Ledger Privateer, Young America, Stonewall Jackson-raised and owned by James Weaver, Esq. Long Island-Blonde and many other cele than the Abdallah Messenger; he traces back to two of the best bloods in existence, viz: Abdallab and Messenger. While we do not wish to question the qualities of other good horses, we are correct in aaying that the blood of Abdallah Messenger together withihis fine size, symmetrical formation and great muscular power, stamp him at once as one

of the best and first stock horse for all purposes that now stands in America Abdallah Messenger's Colts more trotters than any other horse imported to P. E. Island of the same age. He came from Long Island, New York, May 14th, 1877. Captain Ivring's colt, 2 years old, took first money Somer-set Track last fall and John O'Ronaghan's mare also took first money, and John Dobson's colt, 2 years old, took first money on Tryon ice last win-ter; several other of Abdallah Messenger's colts have taken first money in races and also at several of our exhibitions on P.E. Island. They cannot be eaten for style, muscular power and speed. The

Abdallah Messenger's stock has taken and is taking higher and more prizes than any other stock that can be produced on P. E. Island. JOHN O'RONAGHAN,

Owner of Abdallah Messenger, Somerset Lot 21. JOHN O'RONAGHAN, ESQ. DEAR SIR .- As I thought you would like to hear how Abdallah Messenger stock is turning out, I might say I purchased one from George Cud Esq., which is a credit to Abdallah and his owner. He is rising four years old and can trot a mile inside of three minutes, has never been trained, and if he is properly handled he will make one of the fastest horses ever raised on P. E. Island. His weight is about ten hundred pounds; color, dark brown. There are several other colts around here sired by Abdallah Messenger which give every prospect of fast trotting and I consider Abdallah
