The Governm nt fully appreciate the great necessity of having the evils arising out of the overcrowded condition of the jails remedied without delay, but are nevertheless reluctant to assume any responsibility which they believe, under the laws, does not devolve upon them. It has been their desire that the true interpretation of the British North America Act, fixing the responsibility for the maining of prisoners sentenced under two years, under the criminal laws of Canada, should be determined by the Supreme Court of Canada; and to attain that end, the delegates, when at Ottawa, submitted a memorial to His Excellency the Governor-General in Council, through the Minister of Justice, praying for the immediate submitting of a case to the Supreme Court of Canada, whereby the question may be set at rest and the responsi-

Hon. Mr. Hanington-Yes, but a reason was then given for the withdrawal of confidence in the Government. The project was not sprung on the Executive like the present one. Hon. Mr. Hanington continuing, said he did not speak in the way he did because he had any fear for the result of the amendment. (Cries of "oh! oh!") But the Government of which he was the leader had been put on its defence; and had he not a right to inquire what crime it had committed to justify such a measure as this? It would be unjust to condemn the Government unheard; and, though he was inexperienced as a leader, he thought the leader of the Opposition, who would have the right of reply, should allow him to meet whatever charges he (Mr. Blair) intended to formulate at the close of the debate and which he refused to make

The Opposition had taken the wind out of his (Hanington's) sails, by letting him have no ground to lay hold of for his defence; but he would ask what part of the policy of the Government, as shadowed in the Governor's bill of fare, failed to meet their approval. Did not the holding of the Centennial Exhibition or the Subsidy Act meet with their approbation ?-or the stock farm ?--or the intention to procure better information as to the country's resources in order to encourage immigration? Perhaps the journey to Ottawa of three Government members at the public expense was offensive to them. One opposition paper had called it a pleasure excussion; but he would not call it so. He would say for the delegation that he thought it had reason to hope that a satisfactory settlement of the Eastern Extension Railway claims would be effected. Besides attending to this matter, the delegation had asked the Dominion Government to help to pay for certain prisoners sentenced under the criminal laws-

D. Sullivan, Malcolm, Ontario, writes "I have been selling Dr. Thomas's Eclectric Oil for some nine years, and have no hesitation in saying that it has given better satisfaction than any other medicine I have ever sold. I consider it the only patient medicine that cures more than it is reccommended to cure." Mr. George Tolen, Druggist, Graven-

hurst, Ont, writes: "My customers who have used Northrop & Lyman's Vegetable Discovery and Dyspeptic Cure say that it has done them more good than anything they have ever used." It has indeed a wonderful influence in purifying the blood and curing diseases of the Digestive Organs, the Liver, Kidneys, and all disorders of the system. In the debate on Irish affairs in the

House of Commons Mr. O'Brien declared that crime in Ireland was distinctly traceable to evictions and to bad ad ministration of the law. Be advised in time, and do not allow what may appear to you as a simple backache now, to run into a disease of the

Kidneys, which invariably proves fatal in

the end. Dr. Van Buren's Kidney Cure will at once ease your pain and positively prevent these unfortunate results. Take it at once. Any Druggist will have it. Sold by J. D. B. F. Mackenzie, Chatham, N. B. William G. Smith, an express messenger, fought a robber on an Albany and Susquehanna train, and though wounded

twice beat off the thief and saved the \$40,000 in his charge. It took a million dollars to run the civil government of Canada the last fiscal year. Roughly speaking this is at the rate of twenty-five cents per head of the population. The machine is too costly

for the service it renders. A London despatch says that since the disclosures made by the infamous Carey at the hearing of the conspirators a number of Irish-Americans and farmers' sons in counties Armagh, Monaghan and Louth have been secretly leaving for America. The Dublin Mail says it learns that the first letter of condolence received by Miss Burke after the murder of her brother, Under Secretary Burke, was from James Carey. [See first page.]

Mr. W. A. Wing, Westport, writes "I wish to inform you of the wonderful results which followed the use of Northrop & Lyman's Emulsion of Cod Liver Oil and Hypophosphites of Lime and Soda. A cough of six months standing had reduced me to such an extant that I was unable to work. I tried many remedies without effect : at last I used this Emulsion and before three bottles were used I am giad to say I was restored to perfect
