Richard that the course he has pursued in this matter is calculated to add nothing to his influence and the effectiveness of his real mission among us. He is deceived by falsehood and has been entrapped into committing himself to a partisan position in a matter which could as well have been allowed to work itself out without his interference.

Confession and Absolution.

DEAR SIR,—Much has been said recently upon "Confession and Absolution," and as it was the subject of a sermon delivered in Chatham a short time ago— which sermon seems not to have been properly understood—may I ask for a space in your paper to speak in any way for the reverend preacher, as he is quite able to do so for himself, if he thinks proper, and needs no assistance from me or any one else, but I am permitted to say that the sermon in question broached no new doctrine, nor stated anything that was not in accordance with the teaching of the Church of England, as I have always understood and believed from my youth up, until now. In regard to the power of the Priest to absolve penitents, it is only necessary to quote briefly from the Scriptures.

which all satellites should revolve, and potentia-like, sit on the golden throne I dispense favors as he pleased! But I can never let Mr. "Critic" and his best friend Mr. "Little" miss their mission by sending to your school districts, and leaving the politics of the country in the hands of those who understand it. I am, &c., JOHN DEKKER, Inkerman, Dec. 1st, 1888.

MISSIONARY AND TEMPERANCE MEETINGS.—The Annual Missionary Meeting, under the auspices of the Missionary Society of the Methodist Church of Canada, will be held in the Methodist Church, Newcastle, on Sunday evening next, Dec. 16, commencing at half past six. Addresses will be delivered by the following clergymen who have kindly consented to attend—Rev. D. Chapman, I. N. Parker, and I. E. Bill. Collection in aid of the Missionary Fund. A public Temperance Meeting will be held on the following evening (Monday) in the same place, when speeches will be delivered on the subject of Temperance by Rev. D. Chapman, I. N. Parker and T. Hicks. All are cordially invited to attend.

Turning to St. John's Gospel, XX, chap. 22, and 23, verses, we find these words, "And when He had said this He breathed on them and saith unto them, Receive ye the Holy Ghost. Whosoever sins ye remit, they are remitted unto them and whosoever sins ye retain they are retained"—and this, coupled with our Saviour's declaration in Matthew XXVII, chap. 20, verse, "Lo I am with you always, even unto the end of the world", show, conclusively, that power and authority was given to the Apostles to do certain things. Now, unless we are prepared to accept as our own views and reject what does not suit us, we must admit that power was not expressly given to the Apostles to forgive sins. The Apostles were only men and if this power was given to them (and it must have been given for the purpose of exercising it) why is it monstrous to say the like power is possessed by their successors? If it is monstrous in the one case it must be monstrous in the other, and you thus convict Christ of having done something monstrous. This is the logical deduction from such reasoning and you cannot get away from it.

When Mr. A. A. Richard was solicited to run for Councillor, it was not to oppose Mr. Cormier nor Mr. Thibedeau in particular. The desire was to break the undesirable alliance between the two.

Neither Dominic Power nor Germain T. Goss was present when the proposition was made for Mr. A. A. Richard to be a candidate. I was present with the person who made the proposition and there were but three of us, including Mr. Richard. What, therefore, can Comm or Power know about the matter? They may tell Father Richard what somebody told them or pronounce my statements based on what I am personally cognizant of, clamorous, but unfortunately for the rev. gentleman, he has to rely on too much of that kind of testimony. When Mr. A. A. Richard refused to be nominated we assumed it was because Mr. Cormier's influence was used to secure him from the appointment of Crown Land Commissioner. It was a legitimate conclusion at which a good many besides my friend and I arrived. Our object in endeavoring to have Mr. Richard for Councillor was because it is to him, and not to Cormier or Thibedeau, that the people of Rogersville mainly apply for information in law or Municipal matters.

Mr. A. A. Richard was not an impartial chairman, if I am capable of forming a correct judgment in the matter, for it was quite evident that it was much easier for him to accept the votes of a certain class of men, while he was very particular and stringent with others.

A DISGRACEFUL AFFAIR.—A Dalhousie correspondent of the News writes an account of a "disgraceful affair" which took place on the day of an aged resident of the town on Friday last. On Sunday a crowd of youths of the town, of some of whom better things might well be expected, gathered at the house of mourning, having with them a good supply of fireworks. After having partaken rather freely themselves, they poured liquor down the dead man's throat, and then suggested that it would be a "good thing" to sprinkle the corpse with their favorite liquid and set it on fire. The suggestion would probably have been carried out, had it not been for the interference of one who was not so "far gone" as his companions.
