For an instant Yolande hesitated; then she laughed, and put the letter in

"Come, get on your things," said she not heeding. "And perhaps when we are seeking for the fur I might get a winter cloak for Jane. Does he not deserve a little present? She has been very attentive—has she not, do you think?"

"When she has had the chance, Yolande," the mother said, with a smile. "But you do everything yourself,

The alteration in the girl's manner after the receipt of that letter was eyes, and spoke in her voice. She grew so hopeful, too, about her mother's health, that now, when they went out for a morning stroll among the shops, she would buy this or the other small article likely to be of use to them in travelling. That was partly why she presented Jane with that winter cloak; Jane was to be their sole attendant. And now all her talk was about orange groves and palms, and marble terraces shaded from the sun, and the summerblue waters of the south.

Well, they had no explanations to offer. If it were true, Lord Lynn said indifferently, it was a very good thing; but he did not choose to bother his head about it. Then pretty Mrs. Graham had a few words verging on warmth, with her Aunt Colquhoun; but she quickly saw that would not mend matters. Thereupon she thought she would appeal to Yolande herself; and

The Most Successful Remedy ever discovered, as it is certain in its effects and does not blister. READ PROOF BELOW. &c., Saved Him 1,800 Dollars!

ADAMS, N. Y., Jan. 30. 1882.

DR. B. J. KENDALL & Co., Gents: Having used a good deal of your Kendall's Spavin Cure with great success, I thought I would let you know what it has done for me. Two years ago I had as speedy a colt as was ever raised in Jefferson County. When I was breaking him, he kicked over the cross bar and got fast and tore one of his hind legs all to pieces. I employed the best farriers, but they all said he was spoiled. He had a very large thorough-pin, and I used two bottles of your Kendall's Spavin Cure, and it took the bunch entirely of, and he sold afterwards for \$1800 (dollars.) I have used it for bone spavins and wind galls, and it has always cured completely and left the leg smooth.

galls, and it has always cured completely and left the leg smooth.

It is a splendid medicine for rheumatism. I have recommended it to a good many, and they all say it does the work. I was in Witherington & Kneeland's drug store, in Adams, the other day and saw a very fine picture you sent them. I tried to buy it, but could not; they said if I would write to you that you would send me one. I wish you would, and I will do you all the good I can.

Very recpectfully, E. S. LYMAN. From the Akron Commercial,

Ohio, of Nov. 25th, 1882.

Readers of the Commercial can not well forge that a large space has for years been taken up by Kendall's advertisements—especially of a certain Spavin Cure. We have had dealings with Dr. Kendall for many years, and we know of some large business houses in cities near by who have also dealt with him for many years, and the truth is fully and faithfully proven, not only that he is a good honest man, and that his celebrated Spavin Cure is not only all that it is recommended to be, but that the English Language is not capable of recommending it too highly.

Kendall's Spavin Cure will cure spavins. There are hundreds of cases in which that has been proven to our certain knowledge, but, after all, if any person coufines the usefulness of this celebrated medicine to curing spavins alone, they make a big mistake. It is the best medicine known as an outward application for rheumatism in the human family. It is good for pains and aches, swellings, lameness, and is just as safely applied to men, women and children as it is to horses. We know that there are other good liniments, but we do believe this spavin cure to be far better than any ever invented.

Mar. 5th, 1883.

Dr. B. J. Kendall, & Co., Gents:—For the past three years I have used Kendall's Spavin Cure. In every case of spavin, of which I have treated five, t has killed them all, and entirely removed three. In case of splint I find it has no equal, one case I had was of three years standing and the Spavin Cure removed it entirely. I had a cow get spavined and it entirely cured her. One year ago a two hundred pound block of ice fell out of a wagon striking my foot on instep and toes, it would be

hundred pound block of ice fell out of a wagon striking my foot on instep and toes, it would be mpossible to mash a foot worse without breaking any bones. I was taken home and carried into the house. I do not think amputation of the leg would cause any more pain. I sent for Kendall's Spavin Cure, it was all I used, and in six days I could walk around. About three weeks ago my team ran away and threw me out of the wagon, the hind wheel struck my knee. After applying several highly recommended liniments without obtaining any relief, I went for Kendall's Spavin Cure. My leg was drawn up and my knee swollen badly. In three days I was able to walk to the barn. I could go into details more fully and make this a very long letter, but will not weary you.

I am very respectfully yours,

Oscar F. Hutchinson.

P. O. Lock Box, 2362, Denver City, Col. KENDALL'S SPAVIN CURE. Santa Rosa, Cal., Feb. 9th, 1883.

B. J. Kendall & Co., Gents:—I feel it a duty to others suffering with the piles and falling of the rectum to write you. I have had the piles and prolapsus of the rectum for five years, for the past three years I have suffered the most agonizing pain. Tried everything without relief, but after ten days use of Kendall's Spavin Cure I have not seen nor heard of the piles since. One who has not suffered as I have cannot comprehend the great joy that I feel at being cured of a disease almost worse than death. I had a valuable young horse that had a large bunch gather on his breast bone. I tried all kinds of liniments and had it cut open without any benefit. Saw your advertisement and bought a bottle of Kendall's Spavin Cure and ordered my teamster to use as directed. In Parasols, Sunshades, Umbriellas, Carpets,
