THE WORLD is again out in its most angry mood-calling the editor of the ADVANCE vile names, because we said the statement that Mr. Stewart had bought that paper from the Company was untrue. MATRIMONIAL. - The Summerside Journal contains the following interesting notice in reference to a young lady quite well known on the Miramichi,

"Rev. Thomas Pierce, of Fredericton. N. B., and Miss Eliza J. Duff, one of Summerside's attractive young ladies, were married vesterday morning, at 9 o'clock. in the Methodist church by Rev. John Burwash, assisted by Rev. J. S. Allen. After the imposing ceremony was over and breakfast partaken of at the residence of the bride's father the happy couple took passage on the good steamer "Princess of Wales," amid the happy congratulations of many friends."

A GREAT BAZAAR.—The preparations being made for the R. C. Bazaar at the Chatham Skating Rink-to commence on Monday next-warrant the belief that it will be second to none ever held on Miramichi. ## Fall Races at Chatham Driving

The Directors of the Chatham Driving Park have already arranged their programme of fall races, which is a very attractive one. They have increased the amount of money offered-making it \$500, instead of \$460 as last fall, and by dispensing with the running race making two business. trotting races for each afternoon. The dates are Thursday and Friday, Sept. 4th and 5th.

The first day's racing will be a trot for 3 minute horses for a purse of \$90divided into prizes of \$55, \$25 and \$10; and one for 2.38 horses for a purse of \$125 -divided into prizes of \$75, \$35 and \$15. #### A Small Business.

It will be seen, by the report of the Northumberland Municipal Council, July proceedings, that Coun. Bamford of Blissfield, introduced a resolution censuring the editor of the ADVANCE. The sure of such persons as Mr. Bamford amounts to very little, and anything he may do when in Newcastle, is to be consid. ered with an amount of allowance to be gauged by the condition he may happen to be in. We are informed that when he was induced by Councillor Freeze to move the resolution in question he was in his most accomadating mood and may, therefore, be looked upon as more sinned against than sinning.

We are informed that Councillor Freeze asked at least one other member of the Council to move his resolution, but the man was sober and refused to do so. It is, therefore, interesting-considering the fact that he lacked the courage to openly move in the matter himself-to find that he should endeavor to induce his fellow members to vote the desired censure by telling them-as he did-that they would do so if they were not afraid of the gentleman he was attacking. It is an additional evidence of the kind of pluck he possesses that he induced poor Enoch Bamford to move the resolution when he found that the editor of the ADVANCE was not present at the Council. It is the same kind of courage which prevents Councillor Freeze, in his capacity as Fishery Warden, from properly discharging of the safest on the Miramichi for those who illegally net and spear salmon. He is as bold as the fabled ass in the lion's skin in putting such poor creatures as Bamford forward to move a slanderous resolution; he is glib in backing it up when the man be pursues with his accustomed vindictive cowardice is not present, but when the law-breakers are netting and spearing the salmon he is paid to protect his pluck oozes out at his finger-ends and his courage is not equal to the requirements of the public duty devolving on

So far as the merits of his resolution are concerned the editor of the ADVANCE will discuss them with him at shorter range, but, in the meantime, we advise him to be less of the poltroon in such matters than he has been, for there is no DALHOUSIE LIQUOR PROSECUTION. - A creature so despicable as him who takes telegram of 1st inst. to the Sun says .- A advantage of the weaknesses of others by suit against Thos. The monkey who used the cat's paws to pull his burning ches. nuts out of the fire was as mean perhaps as Councillor Freeze, but Councillor Bamford was meaner than the cat, for the cat was too weak physically to resist.

The Council made a mistake in entertaining the resolution. If it proposes to ty by Thos. Murphy, convicted to-day for make of itself a dispensary for salving the sores which such meddlesome fellows as Freeze acquire by being caught where tice Sadler was asked by Murphy if he they have no business, it will soon become a bear-garden and laughing-stock Bassett said he should do his duty, and if | Characters like Freeze and Bamford ought to be "sat upon" in time.

AN IMPORTANT INDUSTRY. One of the most enterprising men I met with at the north was Mr. C. G. Beckett. of Beckettville. He has built up a post mill, dry house and fourteen houses connected therewith, located about three miles from Jacquet River Station. SHUTTING DOWN.—The lumbermen of the Northwest are considering a proposition to shut down all mills on Sept. 15 The Moncton Capital, referring to Camp next for the rest of the year. They say. at the present prices, it is impossible for lumbermen to make anything, and that some such movement as this is not only needed, but demanded to restore prices. The proposition has been talked of by lumbermen all over the Northwest, and, if agreed upon, all the manufacturers will go into it. The Duluth lumbermen held a meeting last night to talk the matter over, but no decision was made or is expeeted to be made at present. All the Duluth lumbermen, so far as heard from, favor the project. Reports from other places show the lumbermen heartily favor the project .- Am. Ex.
