Thirty years study and experiment have been given to perfecting the formula for Parsons' Pills, and the universal judgment of the highest medical authorities, scientists, and men of learning, is that our formula is the best yet devised by the brain of man, and should rank with the wonderful discoveries of the world. No family should be without them, for there is no other remedy in the world capable of conferring so much benefit, excepting, possibly Johnson's Anodyne Liniment. The information contained in the wrapper around each box is worth ten times the cost of a box of pills; it shows how to avoid and how to cure all manner of diseases, and how to correctly interpret the symptoms thereof. In the Dominion Tariff Act of 1879 is a provisional Reciprocity clause, in which are enumerated twenty-five articles-natural products of Canada and the United States: and the Governor-in-Council was authorized to place the whole or any of

whenever similar articles were made free by the American tariff. Of those twentyfive the United States tariff of 1883 placed on the free list the following :- Fruit trees; seeds and bulbous roots for agricultural purposes; green fruit; trees, shrubs, and plants for shade and ornamental purposes, and anthracite coal. Why has not the Canadian Government given effect to its own Act, keeping faith with the people of this country, and meeting the United States fairly in any steps they take Reciprocity ward? The action of the Gov. ernment is a deliberate breaking of a pledge given to the people in the solemn words of an Act of Parliament, Now let us see what has been the value of articles | regardless of cost, imported from the United States which should have been on our free list since the

Pain from indigestion, dyspepsia, and too hearty eating is relieved at once by taking one of Carter's Little Liver Pills immediately after dinner. Don't forget

The emigrant train of the Pensylvania R. R. which left Jersey City at 9.50 p. m., on Saturday night, stopped at the coal shute and at the side of Hackensack river bridge. The western express which left at 8.15 o'clock, crashed into the caboose of the emigrant train, and threw the caboose and passenger car upon the east bound track. Near Fossil, a station on the Oregon Short Line, 895 miles from Portland, many curious fossils are found on a mountain 8.000 feet above the level of the sea. A crocodile, tweive feet in length and compleie in every detail from feet to eyes, was recently discovered, and has been sold to a St. Louis museum for the trifling sum of \$110. Many varieties of fish in a perfect state of preservation are taken from this great bed of fossils, and are sold as curi. osities to travelers at from seventy-five cents to \$3 each, according to their beauty as specimens. Even unscientific people who cannot be made to believe that the Rocky Mountains were once at the bottom of the sea, and for ages formed the western shore of the Pacific Ocean, will hardly dare assert that this lonely crocodile and those once frisky fish traveled nearly a thousand miles inland, climbed that mountain and lay down to be turned into stone.
