PARSONS' PURGATIVE PILLS
MAKE NEW RICH BLOOD

Thirty years study and experiment have been given to perfecting the formula for Parsons' Pills, and the universal judgment of the highest medical authorities, scientists, and men of learning, is that our formula is the best yet devised by the brain of man, and should rank with the wonderful discoveries of the world. No family should be without them, for there is no other remedy in the world capable of conferring so much benefit, excepting, possibly Johnson's Anodyne Liniment. The information contained in the wrapper around each box is worth ten times the cost of a box of pills; it shows how to avoid and how to cure all manner of diseases, and how to correctly interpret the symptoms thereof. Sold everywhere, or sent by mail for 25 cents in stamps. A valuable illustrated medical book sent free to all who send their address.

The Advertisement.
The ad. when first looked at, is not seen at all and again on the floor unnoted will fall; The third time it assumes a familiar face, and the fourth time is seen in its own proper place; The fifth time it's looked at, the looker half reads it; The sixth time it's "Pshaw! why, nobody needs it"; The seventh ad. is a source of great pain; At the eighth he blurts out: "There's that darned thing again!" The ninth time he wonders if there's anything in it; The tenth time he reads it in less than a minute. At the eleventh he says he will see "cross the way" if he sees it a twelfth, how such stuff can pay! Thirteen times makes him think it may be a good thing; While a fourteenth perusal the longing thought springs; Fifteen times he has read and thinks he will try it; He, on the sixteenth, entrusts him to buy it; The seventeenth day 'tis the theme of the home. On the eighteenth he's told that "pay-day" is come. The nineteenth comes he reads it, it is ordered and paid for. And this, gentle reader, is what ad's are made for.
