A FINE SLFIGH, -A very fine double sleigh has just been completed at Mr. Alex Robinson's Factory, Chatham, for J. B. Snowball, Esq. In design, material and finish it is equal to anything that can be imported and it is gratifying to know that such excellent work can be turned out at home.

HANDSOME PRESENT .- A few of the Derby and Upper Nelsou friends of Rev. T. G. Johnstone of Blackville presented him, not long since, with a purse of \$175 | Murray, Willie which was to assist him in procuring a horse and buggy. He now has the horse and a sleigh as a result of the gift and gratefully acknowledges the kindness of heart and liberality which actuated those who so thoughtfully enabled him to pro. cure the outfit.

PERSONAL,-The removal of Dr. Mc Learn from Newcastle to Fredericton, which took place this week, is a matter of regret to that gentleman's friends, who are to be found among all classes here A presentation was made to him by number of leading citizens on the eve his departure. In his new field he will no doubt, find a good practice and make many friends. His skill entitles him the one and his excellent qualities as a gentleman, to the other.

CHATHAM AND NEWCASTLE. -The veteran stage driver, Mr. James C. Brown, made his appearance in Chatham on Monday with a substantial double team that would carry six persons easily. He informed our reporter that it was his intention to run it regularly every day between Chatham and Newcastle during the win. ter leaving Newcastle at eight o'clock a. m. and two p. m. and Chatham at eleven a. m. and four p. m. This is a public accommodation and deserves encouragement.

LECTURE. - The fourth lecture of the Chatham course was delivered on Tuesday evening by Rev. Mr. Dobson of Centenary Church, St. John, his subject. being, "Wickliffe the Reformer." It was a lecture hardly suited to a general audience, although excellent from the theological stand-point of the lecturer and the church in which he is so prominent a clergyman, and deserving of the vote of thanks which, on motion of Rev. D Chapman, seconded by Mr. John Haviland, was given to Mr. Dobson at the close. The Chairman, Mr. D. G. Smith, stated that the next lecture of the Course would be delivered by Professor Kennedy, Principal of Sackville Ladies' Academy, whose subject would be. Scenes in Switzerland. Mr. Kennedy's lecture, will no doubt, be one of the best of the course

Although Monday evening last was owing to the glare-ice covering the streets. nearly all the reserved and a fair proportion of the general seats at the Masonic Hall, Chatham, were filled by an excellent audience, gathered to witness the presentation of "Our Boys" by the Ulysses Amateur Dramatic Company of Newcastle. JAN. 13, 1885. CARNIVAL. - The first carnival of the eason was held in the Rink on Thursday evening last and was quite a success in every particular. There were about eighty skaters on the ice which was in fine condition. The spectators numbered about three hundred. The Rink tastefully decorated and well lighted-in fact the enterprising and obliging proprietor, Mr. Basset, spared no pains to make the evening an enjoyable one to all. The music by the band was very fair and showed a marked improvement on last winter. With a little more practice the Band will be quite up to the average of our Provincial Bands. (York Gleaner.) The Sunbury Election

The election in Sunbury yesterday passed off quietly, but there was a good deal of interest taken in it. The government party in the city seemed to feel quite easy as to the result; but on the other hand it was evident that the Opposition expected to succeed, for they assembled in force at the Western Union Office A farmer living in the Northern part and were very merry over the first returns received. Later in the evening they were neither numerous nor conspicuous. The following are the returns.

Majority for Glasier 221. The total number of votes thrown was 951. At the last election 982 votes were polled and Mr. Glasier's majority was 234. The following from the Sun is decided-

It is a significant sign of the times that Mr. Glasier polled the largest vote in those parishes where he was least known and that on his side of the river he lost considerably. Sunbury in evidently becoming sick of the Blair regime.

Mr. Glasier lives in Lincoln; he had rotes there to Mr. Morrow's 42. Mr. Mor row lives in Burton; he had 91 votes there to Mr. Glasier's 172. That is to say, in the parishes in which they reside Mr. Gla sier had 253 votes as against 133 for Mr Morrow or nearly two to one. Lincoln and Burton adjoin each other and both candidates are equally well known in both parishes. The extract is interesting as showing the sort of stuff the Opposition organ serves up to its readers.

Dr. Buttolph has returned from the Superintendency of the State Lunatic Asylum, and the new regime has been asked this winter. Dr. W. L. He stands next in rank to the medical head of the great retreat for the after a competetive examination by an and skill. Dr. Edward K. Morton,

House Surgeon in the Chalmers street Hospital, is to be the second assistant. The Asylum above referred to is in Morristown, N. J. There are five doctors and about 100 employees. It is the most finely equipped asylum in the world Every ward has a parlour, with in many cases, a piano. There is a small theatre attached and a chapel and there are at present about 800 or more patients.

Dr. Russell is a son of Mr. William Russell, Jr. of Douglastown and is now only in his 22nd year. His success in his profession is creditable to himself and must be very gratifying to his family and numerous friends. The position he occupies is an illustration of what is possible to young men of talent who improve their opportunities, instead of spending their best years in aimless pursuits or wasting them on the allurements which bring shipwreck to so many youths who start in life with as good chances of success as Dr. Russell did.
