THE SOCIAL EVENT OF THE SEASON THERE. MONCTON, Jan. 8. - The second annual ball given by Geo. McSweeney, the genial proprietor of the Brunswick House in this town, to his guests and friends, took place last night, and was the social event of the season. Upwards of 1100 invitations had been sent out to all parts of New Brunswick, and nearly 300 guests put in an appearance, taxing to the utmost the capacity charge of the spacious Fotel. The ball was a success in every respect and the dancing

GETTING "SQUARE."-On 30th ult the Advocate stated that Lady Tilley was stituting the first toboggan slide in the province. The ADVANCE of 31st said, -We are quite sure that Lady Tilley does not desire to have the Advocate publish such incorrect statements. The O.ceola Club of Chatham had its slide completed nearly two months ago, and there is also a toboggan slide at St. John.

Aud the ADVANCE of 7th 1nst said,-THE FIRST toboggan-slide in the prevince is much older than those mentioned by the ADVANCE last week. It is that built last winter at Mortimore by Mr. Jas. Miller and others and since then, much enjoyed by the young people of that locanty. The Chatham slide is therefore the second erected in New Brunswick though the first owned by a

## said, -REALLY, Now!-The Advance, ever ready to point out the slightest mistake made by a contemporary, thought it necessary to say the ADVOCATE was in error when it stated that the first toboggan slide in the Province was instibeen erected at Chatha.n. We'll call it square. That's about the way the Advocate gets square, generally, and it is as near square as it ever gets. It steals from us its formation and tries to cover the theft by square heel and toe falsifying. It will be observed that we did not say the Chatham slide was the first erected in the provcounties, -ince, while we referred to the Miller slide a week before the Advocate woke up. The way the Advocate manufactures statements for us and them presents us Clancy, E. Ada as admitting their incorrectness and calls Doucet, S it all square is a characteristic sample of its self-sufficiency and the ease with Hodgins, D. which it tickles itself while everybody Mann, Mabel is wondering how it maintains its insipid Paulin, Basil G. and uninteresting existence. An Ottawa despatch to the Telegraph says it is generally believed, in Conservative circles. that parliament will be summoned to meet for the despatch of business about March 3rd or 4th, but at the present the date is undetermined. Stress is being laid upon the statement by Mr. Costigan that a general election will take place after, and not before, the session of parliament. This looks as if the government will meet parliament and appeal to the country some time this summer, whether they are sustained or not. So strong is the impression that a general election is pending, that Ottawa Tories are holding caucus meeting after meeting. Both central and ward associations, and both political parties ADVANCE office throughout the province, are equally active. In Centre Wellington, where
