When are Spectacles Required?

When more light is required than formerly. When the letters of a book appear to blend with one another When the lamp has to be placed between the eye and the object.

When objects cannot be seen without holding them at an increased distance.

When black specks seem floating in the sight. When any of the above indications arise all affectation should be laid aside and a pair of Laurences Spectacle's or eye Glasses should be worn immediately. Good fitting glasses are a great comfort. Our facilities for testing
