

Miramichi and the North Shore, etc.

APPLIES—See advt. BOY WANTED—See advt. SNOW and seem to have visited the North Shore unusually early this season.

THREE INCHES of snow fell at Campbellton on Wednesday of last week and the sleighing was quite good.

THE LOSS by the blowing down of Father Michaud's church at Bouchette amounts to the large sum of \$2,000.

CAMPBELLTON—A public meeting in Campbellton has voted in favor of incorporating that town—a step in the right direction.

A GOSPEL TEMPERANCE MEETING will be held in the Hall of the Sons of Temperance on Sabbath evening after the close of the Services in the Churches.

CHARLOTTETOWN will decide in one month whether or not to retain the Scott Act. Three yeas and a vote was taken on the petition for the repeal of the act, when the law was sustained by a vote of 755 to 715.

TEMPERANCE.—A Meeting of the Temperance Alliance will be held in the Hall of the Sons of Temperance on Tuesday evening the 8th inst. at 8.50 p. m. A full attendance is requested.

POSTAL.—New Post Offices have been opened as follows:—Parquetteville, Inkerman, Gloucester, Joseph A. Poirer; Yongehal, Bathurst, Robt. Anderson. The name of Sovill's Mt. P. O., Kent., has been changed to Notre Dame.

LEG BROKEN.—Rev John McCarter, of the Presbyterian Church, Redbank, had his leg broken in a cattle guard at Campbellton on 19th ult. and is now laid up at the residence of John McAllister, Esq.

THE CHATHAM Telephone Exchange is making good progress in the work of erecting their posts and placing the wires thereon. They have already about twenty-five subscribers. The wire is of tinned steel and the best ever used on the North Shore.

NOVA SCOTIA'S BISHOP.—The adjourned meeting of the Episcopal Synod of Nova Scotia for the election of a bishop will be held on the second Tuesday in November. It is expected that a name will be submitted by the English bishops to that meeting.

ACCIDENT.—A despatch of 26th ult. says—"Professor McKnight, ex-moderator of the general assembly of the Presbyterian Church, while attempting to board a car at Campbellton, fell into a cattle guard and broke one of his legs but it turns out that nothing of the kind has happened to him.

FATAL ACCIDENT.—We regret to learn that Mr. Goreham, late of the Merchants' Bank, Newcastle, met death by falling into a cellar of one of the buildings connected with the Commercial Cable Company's offices at Canoe, N. S., where he was manager of a branch of the same Bank.

N. B. T. Co.—An Ottawa despatch says: "Negotiations are said to be in progress for the purchase of Grier & Co's entire concern—mills, limits, works, etc., by the New Brunswick Trading Company. A prominent lumberman said, this morning, that the sale would probably be closed in a few months. There is considerably over three-quarters of a million involved."

CARCIN.—One of the heaviest lumber operators on the upper St. John, it is reported, is in serious trouble with the American customs authorities for making alleged false entries at the customs office, Fort Kent. It is said it will cost some thousands of dollars to rectify, and the operator may have to spend the rest of his days in some distant clime. The average American collector is a terror when he gets his war paint on.—Gleaner.

THE CURRIE CASE.—President Wilson, of the Methodist conference, was served on Friday last with a rule of a judge of the supreme court for a writ of certiorari to remove all proceedings in the D. D. Currie case to the supreme court. For the purpose of quashing them and setting aside and annulling the decision of the conference and Mr. Currie's expulsion from the church and ministry.

SEVERAL FIRES.—A despatch of 29th ult. says—A fire took place at the points, across the river from Bathurst, about midnight last night. Mr. Geo. C. Sutherland's barn and all its contents, including six cows, four horses, all the farming implements, and it is said, the total sum of \$3,000 and \$4,000. Great sympathy is felt for Mr. Sutherland. The house near the barn was saved. Insurance could not be known.

JAMES BROWN.—The Town Clerk of Chatham, Mr. Wm. T. Connor, has received a letter asking information respecting the late James Brown, who married Elizabeth Sibley and resided in Chatham. The reply making the enquiry asks for information respecting any son or daughter of said James Brown, or concerning the family in any way. He says he is informed that J. S. Brown is now deceased, although his information may be incorrect. If living Brown would be over 70 years of age.

ABUSIVE LANGUAGE in Moncton does not seem to be monopolized by Volcan Street. A lawyer was complaining in a case the other day before Justice Wortman, of that progressive town, and "if there was any law for us" there is no doubt that all respectable citizens would be complainants in the case of Times vs. Transcript, in order that both might be punished for their outrages on the public taste. There must be some duty discharging element in Petticoat land at low tide which finds expression through the papers as "The Band."

THE "ADVOCATE" is very much excited over our expression of approval about the construction of the express train, and gets, with the apparent certainty of a cabinet minister, what Mr. Schriber did and did not intend to do. The Advocate will pardon us for saying that it doesn't know anything about such matters, but is far too ready to become the mouthpiece of persons in position, who after they have made use of it through indirect and unethical channels, only laugh over its being so easily manipulated.

Another Lucky Omaha Boy Wins a Prize. Oscar Grosbell in Richardson's drug house was the lucky holder of No. 46,856 which drew one-tenth, \$2,000 of the \$20,000 capital prize in the drawing of the Louisiana State Lottery on the 9th ult. He held a representative of the Bee that he had held tickets in the lottery since last

January and drew a prize at each drawing. He is not alone in the tickets but that the young men of the house have formed a syndicate and have invested \$150 in tickets this month.—Omaha (Neb.) Bee, Sept. 10.

A Moncton Boy's Romance. The Fredericton Gleaner says: Some time ago an item appeared in the Ottawa papers which seemed somewhat romantic. A gentleman and a lady were about to be married at Ottawa, and the invitations to number including, at that time, a civil service employe and a fascinating young lady from New York. They met, and a case of love at first sight was the result. The young lady had barely returned to New York when the young man resigned his position under the government and sought pastures new in the United States. He arrived in New York, secured employment, and is now drawing over 2,000 in salary per annum. As a climax to the whole proceeding, a New Brighton, New York, paper in a late issue says: "A handsome wedding took place at the handsome residence of Dr. McDougall, at which a large number of persons were present. The bride was Miss Minnie Ford, sister of Mrs. Dr. McDougall, and the groom Mr. E. Weldon, B. A., late of Ottawa. A superb breakfast was served. After the ceremony the happy couple started on a wedding tour to Boston and other points. Among the presents given the bride were a brilliant pair of diamond earrings by Messrs. Doran & Wright, a diamond crescent pin, a diamond brooch from Mrs. W. Champlain, a solid silver car receiver and stand from Mr. H. Alexander and \$5,000 cheque from Mr. S. G. Duran. The ceremony was a grand event and caused quite a flutter in aristocratic circles."

The happy and lucky young groom of the above sketch is none other says the Gleaner, than our old friend Mr. Ed. Weldon, college "Tim," who is well known in Fredericton. He went to high school here for a number of years and afterward graduated at the University with the class of '82. Shortly after leaving college and the city he received a civil service appointment at Ottawa. He belonged to Moncton. "Tim" has seen and enjoyed little romances before in his life, but none have loved quite so happily as this his "love at first sight" Mr. Weldon and bride were recently in Moncton.

Municipal Elections. KENT COUNTY. Frederick S. Peters and David McAlmon were elected for the Parish of Richibucto. The vote stood: Richibucto Town, 45 91 78 27 10 Kingston, 55 50 3 5 8 Northwest, 19 6 3 12 0 Village, 133 29 6 27 0 242 176 90 71 18

In Carleton Hugh Arthur Caie and Keady O'Leary, Jr., were returned. There were five candidates in Harcourt: Messrs. Bailey, Briggs, Atkinson, Brown and Arsenau. Briggs and Bailey were elected.

In St. Mary's, Gilbert Richard and Dr. Lamotte defeated Caixte LeBlanc and John McKee.

All the Councilors from the different Parishes were returned without opposition, viz:—

Addington, Adam Duncan and Wm. McKee. Colborne, Donald McLean and John McNeill. Durham, Thos. Hayes Jr. and John McGarr. Messrs. Melzac and McNeill are the only new men at the Board.

NORTHUMBERLAND. The votes polled for the different candidates at the Municipal Election in the Parish of Southwick were as follows:—

BLACKWATER. Cousins R. N. T. Underhill and Dan Sullivan were returned by acclamation.

BLISSFIELD. Cousins Messers and Bamford, returned by acclamation.

DERBY. Councilors John Betts and Jas. Robinson are returned by acclamation.

DOAKTOWN'S NEW HALL.—A TRIP TO CHATHAM.—SOMETHING ABOUT MR. SNOWBALL'S ENTERPRISES.—PULP FACTORY.—CHATHAM BRANCH. DOAKTOWN, N. B., Oct. 25.—A. P. Young has been here from Houlton and succeeded in making old horses pretty scarce about here by buying up all kinds.

Potatoes are a poor turn out owing to bugs and rust. Some are being bought and sent to Toronto from further down the river where the crop is better.

The Royal Templars of Temperance of Doaktown have finished the hall over the school which has remained in an unfinished condition since the building was erected about nine years ago.

An entertainment was given in the new hall on the evening of the 21st, the proceeds to be given to help the Methodist minister's salary out. Although the night was wet and windy the entertainment was a perfect success for which the committee deserve credit.

Doaktown has long felt the need of a public hall, of which her citizens are justly proud.

Your correspondent has just returned from a trip on the N. W. railway from Chatham and other points, and feels satisfied that if times are dull in this country there is at least one man that has an abiding faith in the country, and especially in the town of Chatham, namely, J. B. Snowball, who is the moving spirit of that place. He seems to be full of push and energy. His saw mill is a perfect hive of industry. Large ships were loading with various kinds of lumber for different parts of Europe. The mill yards and boom are lighted up with electricity. The same kind of light has been placed in his office, store and dwelling house, the motive power being the engine of the sawmill. Nothing is wasted about the mill. Slabs and edgings are made into palings and firewood for the town and the ashes of the refuse is taken to his extensive farm back of the town to be converted into potatoes, hay and oats. Next year Mr. Snowball

will furnish the pulp factory with material from the mill to be converted into paper.

The pulp factory which stands near the mill is of very extensive brick structure and is about ready to receive the machinery which has been imported from Germany and is of the most improved kind. A large force of men are engaged in cutting a ditch to tap the lake below the town for the purpose of supplying the factory with water. Borings to the depth of several hundred feet have been effected. The water proved very salt which may be evaporated and turned to very good use.

Your correspondent was taken for a paper maker or something of that sort as Mr. Fisher, the superintendent, wished to engage him for that purpose.

Mr. Snowball is now extending his Chatham Branch R. R. from back of the town to the river and his mill, with a switch to the pulp factory. A fine church has been erected by the Methodist body of that town, in which Mr. Snowball is the moving spirit, and in which he takes a great interest. It is well seated, light, furnished with a spin, clock, bell, stained windows, the most improved heating furnace in the basement, and a beautiful and costly pipe organ. Rev. Dr. Sutherland Secretary and Treasurer of the Methodist mission society. He started on foreign missions in the church on the evening of 21st, and especially on a mission work on the Pacific Coast of British Columbia and Alaska. Your correspondent could follow the learned Doctor from point to point with much interest, as he had been over the country during its occupancy by the Hudson Bay Company all some years after.

The Rev. gentleman was accompanied by the Rev. Yoshiyama Hiraiva, the first native ordained Methodist minister from Japan, who gave a history of mission work in his own country and also of the social and religious condition and progress, as well as the politics of his country. He appeared in his native costume, and sang and spoke in his native tongue, which he interpreted at the close of the meeting.

Your correspondent was introduced to both the Rev. gentlemen, and enjoyed a few minutes' pleasant chat. We dispersed to our different abodes, although it rained and blew without, the kindly greetings and pleasant faces of many of the people of Chatham leave a warming and cheering effect within, especially when tempered with christian kindness. In the morning we got on board of the Northern & Western and arrived home safe and well, much the better of our trip.

Doaktown Notes. DOAKTOWN, Oct. 25. Farmers have about finished potato digging and there is, generally, a poor crop. Oats are also poor, very rusty.

There are a good many men going in the woods to get logs and many young men are going out of the country, not because there is no work but to carry out the idea, "go west, young man."

Yesterday morning about an inch of snow fell but it went away before noon, followed by rain, then warm sunshine and next, high wind and thunder.

Our bridge at this place appears no nearer being built than ever. Tenders were asked by the Government. Mr. Kilam of Sunbury was awarded the contract at \$3,600. The season for taking up the old piles is passing and no effort is being put forth to commence the work. Ramor says Mr. Killam has backed out on account of taking the job too low. In the meantime the public are anxiously awaiting the building of the bridge. It is to be hoped the government will not delay any longer.

Rev. Mr. Allan, the Methodist minister, was presented with a package containing \$51, being the proceeds of the Sociable held in the new Hall last Friday night, which was well attended although the night was a wet and stormy one.

One Hundred Dollars in Gold. It is not often that farmers and farm-holders, or people generally who keep hens, have an opportunity to make from ten to fifty dollars in eight weeks' time, besides increasing the number of eggs from their hens from two to five hundred per cent. But like fourth of July it does come once a year, and now is the time.

For three years, I. S. Johnson & Co., 222 North House Street, Boston, Mass., have offered several premiums payable in gold coin for the best results from the use of Sheridan's Powder to make hens lay. These premiums have become so popular among people who keep hens, that Johnson & Co. offer still larger premiums this year. They hereby authorize us to say that they will pay one hundred dollars in gold coin, in four separate premiums, for the four best results from eight weeks' trial of Sheridan's Powder to make hens lay. The premiums are as follows: Fifty dollars for first best result; Twenty-five dollars for the second; Fifteen dollars for third, and ten dollars for fourth best result.

Of course every person who competes cannot get a premium, but the following letter from a party who took only a small premium last year, shows that every one can make money by the use of Sheridan's Powder, for the increase of eggs alone, even if they do not get a premium.

I. S. JOHNSON & CO., Boston, Mass. I was disappointed at receiving the \$60.00 premium. I got well paid for the \$1.25 I spent for Sheridan's Powder in increase of eggs from eight to 125, more than I should have got if I had not had the Powder. I am well satisfied.

Yours very truly, L. D. ALEXANDER. Any person can compete who desires. Johnson & Co. will send full particulars free to any address. The sooner one commences the better, as the more eggs they get during the season of high prices, the more money they will make out of the trial. If you wish to commence at once it would be better to send for some Powder and particularly both at the same time.

For 50 cents in stamps Johnson & Co. will send you a P. O. order for two 25 cent stamps, five packs for \$1.00, or for \$1.20, a 25 cent pack of Powder will be sent postpaid; or six cents for any express office for \$5.00, express prepaid. You cannot make a mistake by ordering at once.

In Brief And To The Point. Dyspepsia is dreadful. Disordered liver is misery. Indigestion is a foe to good nature.

The human digestive apparatus is one of the most complicated and wonderful things in existence. It is easily put out of order.

Greasy food, tough food, sloppy food bad cookery, mental worry, late hours, irregular habits, and many other things which ought not to be, have made the American people a nation of dyspeptics.

But Green's August flower has done a wonderful work in reforming this sad business and making the American people

so healthy that they can enjoy their meals and be happy.

Remember—No happiness without health. But Green's August flower brings health and happiness to the dyspeptic. Ask your druggist for a bottle. Seventy-five cents.

Presbytery of Miramichi. A pro re nata meeting of this Presbytery was held in the hall of St. Andrew's Church, Chatham, on Friday, Oct. 28th and duly constituted. The Moderator, Rev. Neil McKay, presided, with whom were present Rev. William Aitken and the Clerk. The Moderator's conduct in calling the meeting was approved and the clerk proceeded to the consideration of the business specified in the circular.

Mr. Aitken reported that he had moderated in a call at Redbank, which was unanimously in favor of Rev. J. D. Murray of Bouchette. It was signed by 62 members and 59 adherents, with a guarantee of stipend amounting to \$500 and manse, with the expectation of its being supplemented to \$750, from the Augmentation fund. The call was sustained and ordered to be transmitted by the Clerk to the Presbytery of St. John. Provisional arrangements were made for the induction, in view of Mr. Murray's acceptance of the call and the Rev. Edward Thorpe was appointed to preach at Redbank on the 27th Nov. and 4th Dec. and if necessary serve the office for the induction. The reports from the various Mission Stations were read and approved, and the amounts due the Catechists were recommended to be paid by the Home Mission Board. The meeting was closed with the benediction.
