

Miramichi and the North Shore, etc.

LECTURE.—Mr. W. H. Murray, ("Adriatic") will on his lecture in Moncton on the commercial and political unity of the continent.

REV. MR. TAIT OF CHATHAM preached with much acceptance to good congregations at the Moncton Methodist Church yesterday morning and evening.—Times.

GEORGE FRANCIS TRAIN has redeemed his gold watch which he pawned here for money to buy his ticket to St. John. He writes to parties here that he was thoroughly disgusted with the city, but he shall do our best to survive the shock.—Bangor Commercial.

A BETHUNE GIRL named Susanne LeBlanc was crushed to death between two cars at the Fitchburg, Mass., railway depot on Sunday evening, 27th ult. Her companion, a girl named Cormier, was also badly injured.

METRODISTIC.—Rev. R. S. Crisp, Moncton, has received a cordial invitation from the Quarterly Board of St. Luke's, Chatham, to take the pastoral charge of that church at the end of the conference year, when Rev. Mr. Harrison's term will expire.

POPULAR ENTERTAINMENT.—An Entertainment under the auspices of St. Mary's Juvenile Temperance Guild, will be held in St. Mary's School Room on Tuesday evening, the 13th inst. at half past 7 o'clock. There should be a full house. Admission 10 cents.

L'EVANGELISME is the name of a new French paper, published at Bigby, N. S. by Mr. V. A. Landry, late of the Courier, Bathurst. It presents a very creditable appearance, claims to be independent in politics, and is well edited. There ought to be a good field for such a journal in Nova Scotia.

SUPPER.—The ladies of St. Andrew's Church gave a supper in Masonic Hall on Wednesday evening last week, partly in honor of the patron saint of Scotland, but with a friendly regard also for the funds of the church. The affair was a success, the amount realized being \$70, above expenses.

APPOINTMENTS.—James R. Landry is appointed by the Local Government to be chief inspector in the County of Gloucester, under the provisions of the Act of Assembly, 50th Vic., chap. 5, intituled "An Act respecting the Sale of intoxicating Liquors."

THE CHRISTMAS NUMBER of the "Illustrated London News," American edition, is now out. It contains three reproductions in oil of colored pictures and one in water color, a full page Evangelical, and a great variety of Christmas reading in poetry and sketches, with appropriate pictures. The Christmas issues of this great London weekly are famous, but that of this year is the greatest number yet made.

OF COURSE.—The Advocate says "the Liberal Conservative party can be relied on to protect the interests of Canada."

In this part of Canada, those who speak and act for the Liberal Conservative party are doing the best they can to make rebels of loyal subjects. Witness the treatment the fishermen are receiving in the lower part of the county and that accorded to the people generally along the Southwest in the matter of mill accommodation.

AN EQUITY SUIT, Leson vs. Johnson, to try which Judge Palmer came from St. John on Tuesday, accompanied by stenographer Fry, was suddenly ended for the present by Mr. Tweedie, for the defendant, directing His Honor's attention to the fact that the writ for summoning the jury had been placed by plaintiff's attorney in the hands of a very near relation of defendant. The judge and stenographer left at once for St. John.

LONDON "TIMBER" of Nov. 26th has the following notices of dividends:—

Byvan, L. L. (separate estate) Fenwick Street, London, and Rehill, Surrey, timber merchant late a partner in the firm of George Guy & Co. of Fenwick Street, London, and Guy, Hevan and Co., of St. John, New Brunswick, timber merchants—first div. of 20s, Nov. 24, Walbrook, E. C.

Mr. Geo. Francis Train, the well known political agitator and agitator, who has been entertaining audiences along the railway line between St. John and Miramichi, was in Chatham two evenings last week, appearing before a small audience in Masonic Hall the first night and a larger one in Temperance Hall the second. He was successful in entertaining his auditors. He stated that they were not taken for granted that they were not, under the circumstances, hard to please.

A TERRIBLE ACCIDENT occurred at Stellarton N. S. on Monday morning last, when L. C. engine No. 170 exploded, killing W. Eastwood, trackmaster, of New Glasgow; D. Robinson, trackmaster of Hopewell; and A. Fraser, machinist, Acadia Coal Company. Fireman A. Murray was seriously injured. Conductor Grant, brakeman McLean and a man named McLean were slightly injured. The new station house was badly wrecked. Fraser leaves a wife and nine children, Robinson a wife and six children, Eastwood, a wife and four children.

OBITUARY.—Mr. Robert Wilson, the well known ferryman at Douglastown, died at his home, on Thursday last. He was an obliging, honest man and his familiar presence will be much missed by patrons of the ferry, as well as his friends and neighbors generally.

Lawrence Murphy, son of Mr. Timothy Murphy of Barnaby River, crossing watchman at Chatham Junction, died at Chicago last week. His remains were brought home for interment.

It is only a few months since the remains of another son of Mr. Murphy were brought from the west for burial.

PERSONAL.—Mr. Alex. Gibson and Mr. Tho. Temple, M. P. visited Chatham on Saturday last arriving at 3 a. m., having come from Montreal on the night Express. They left about half past eight the same morning for Fredericton. While here they were the guests of J. B. Snowball, Esq. Mr. D. J. Johnston, Jr., who has been seriously ill for several weeks is recovering.

Mr. Charles Thomson of Newcastle has been very ill at Ottawa with typhoid fever. We regret to learn that Mrs. Waits, wife of the pastor of St. Andrew's church, Chatham, continues quite ill, from what is thought to be the rupture of one of the blood-vessels of the brain.

MIRAMICHI ADVANCE

master is enjoying a trip to the west. Mr. Edward Sinclair is visiting Quebec. Mrs. McKay, wife of the pastor of St. John's church, Chatham, is convalescing after her recent serious illness.

The editor of the ADVANCE is much improved in health since last week. THE ADVOCATE publishes an alleged letter in which there is about as much taffy for Mr. O'Brien as there is in Mr. O'Brien's card for Mr. Park. The Tory organ's writer heads it "What to do in the election" and says:—

"Vote for O'Brien who is an honest, upright man, true to his friends, true to himself." Well, "they do say," that Mr. O'Brien's greatest friends are Mr. James Robinson, who nominated him, and Mr. John O'Brien who was nominated, and that these friends of his have a big claim for extras on the Southwest Bridge, and that, if elected, he intended to let them have it, and himself, Mr. Morrisey, is an honest, upright man, but he has no claim for extras.

A "DOUBLE-BARRELED" SHOT.—The mission of Hon. Mr. Ritchie and Mr. Tibbitts to the Miramichi the other day was to make an investigation, as to the returns of the number of bears slaughtered in Northumberland last year, there being a suspicion that the returns from some of the districts were crooked. The returns show that 271 bears were killed in that district in 1886, or 87 more than the preceding year. The alleged crookedness is said to have been located at Cain's River. The man who, it is said, made one snout do for a number of bears was away from home at the time and the investigation proceedings have been adjourned until his return.—Gleaner.

THE "GHOST" OF THE SQUANDO.—Bathurst correspondent of the Transcript says: "No more will Bathurst be agitated by the headless man of the 'haunted' Squando. She met her fate during the heavy storm, and after lying stranded in the mud for over a year she has been dashed ashore by the fury of the gales, and is now all broken up."

Capt. Leel, who purchased the hull of this last summer for \$10 is now at work saving the wreckage, and it is expected he will clear a nice little sum by its disposition. The men engaged at the work were somewhat surprised to find, in between the timbers of the vessel, two cooking pots and an old metal ax. No reason as to their presence there can be given; perhaps the "headless man" used them for cooking and chopping wood.

DESERVED RECOGNITION.—Last Monday evening before Mr. Hugh McLeod left for his new position at Campbellton, forty of the teachers and office-bearers of the Presbyterian Sunday School, met him at the Mansie to do good by. After supper Rev. Mr. H. C. McLeod, and Mr. McCallister, spoke in very complimentary terms of Mr. McLeod's work and worth in the Church and in the community and expressed their regret with others at his removal, and congratulated him on his well earned promotion in the I. C. R. service. Mr. McLeod replied in a manner that showed his appreciation of the regret and good wishes of his fellow workers in the church.—Transcript of 2d.

ARCHBISHOP-CARMICHAEL.—At the church of St. John the Evangelist, Bay St. Vincent, on Monday evening, 5th inst. by the Rector, Rev. W. J. Wilkinson, Esq., M. P., third son of Senator T. D. Archibald, North Sydney, C. B., to Eliza Caroline, Esq., formerly of H. M. Customs, Chatham. Owing to the illness of the bride, the wedding was a quiet one. The bride was given away by her brother, Sydney. She was attired in a neat travelling suit of navy blue cloth with bonnet to match, and was the recipient of some very handsome presents, the groom's being an elegant set of jewelry with diamonds, pearls and emerald settings. Immediately after the ceremony, and amidst the firing of guns, ringing of bells and showers of rice and oil slips, the happy couple left for Chatham where they took the midnight train for Halifax.

It appears that we were married in October, 1885, to George A. Bernard, by Rev. Dr. McLeod, and that Bernard is still alive and in the city. It is said that the woman, whose name is Mary Ann Bates, was deserted by her first husband on account of her unfaithfulness. She led a reckless life for a time and then joined the salvation army here. Then she met Walsh, who proposed after one day's courtship, was accepted and immediately married. They boarded in a house at the junction and repeated at leisure of their infatuation. They began to fight and in a short time the woman Bates desisted with all Walsh's property. Hence his anxiety to find her.

Showing Their True Colors. The Advocate which has heretofore been "as meek as Moses" over the local election came yesterday in full war paint. Knowing that the leaders of the Liberal Conservative party, who have managed to alienate most of the independent men who have supported it in the County, have overdone the wire letter business, in overdoing Mr. O'Brien's election, the Newcastle organ is forced to show its colors. It dared not say "hooray" before, but now, in order to induce as many Conservatives as possible to do the best of the "blunders" of the Newcastle Club, it endeavors to make it appear that Mr. Morrisey is nominated as the Liberal party's candidate. The liberals have not nominated or chosen any candidate. They have learned, however, that Mr. O'Brien's candidature was brought about by the leader of the Liberal-Conservative party—or what is left of it—directing him to get ready to run for Mr. Park's place. This is Mr. O'Brien's own statement to several liberals as well as conservatives. Mr. O'Brien, after deciding to obey this direction, endeavored to secure the support of leading liberals, claiming that he had always been a liberal, etc., although he voted against the Liberal candidate in last Spring's Dominion election. He was plainly told and knows that Mr. Snowball, as well as the officers of the liberal associations—county and parish—are opposed to him and are supporting Mr. Morrisey. The reason is because they do not propose to be made cats-paws of to pull certain political wire-pullers' chestnuts out of the fire. Mr. O'Brien has secured promises of votes from a few liberals, and those will, no doubt keep their word, but if he be true, as reported, that he is claiming to have the support of any appreciable number of leading liberals he is simply drawing on his imagination, or attempting to deceive both himself and others. We hope the good sense and independence of Northumberland will heartily support Mr. Morrisey. There is no necessity, based on either honesty or good policy in mining the matter. The duty of every man in the County at this time is

to administer a reproof to the parties who are using Mr. O'Brien for their own purposes, and are evidently ashamed to father their own wrong. The open, manly way is the best and it is on the side of those who prefer it that the ADVANCE will always be found. Vote for the independent man—Morrisey!

Correction. A somewhat sensational report which recently appeared in the Gleaner, and was copied in the Globe has called forth the following letter:—

DOAKTOWN, Nov. 30, 1887. In the St. John GLOBE of the 25th of November we noticed a very exaggerated report in connection with Rev. Mr. Montgomery's recent visit to Doaktown. The report says, the key of the Union church is held by the resident Baptist clergyman; that when Mr. Montgomery arrived he found the door locked upon him, and a zealous churchman broke open the door; that the Baptist minister threatened legal action, etc. These statements are not correct. The key of the church is held by the sexton of the church. When Mr. Montgomery arrived he found the door open and a large congregation waiting him. The door was not broken open, as reported, but opened by one of the first of the congregation who arrived at the house. We have no record of the Baptist minister threatening legal action nor do we think there is any intention on his part of doing so, as it is not at all probable he ever contemplated such a thing. The people here were much pleased to have Mr. Montgomery visit us; evidence being in the full house that he favored us with another visit (which we hope he will before many days), he will find a hearty welcome awaiting him. ROBERT SWIM & SON.

Very True. When the \$3 tax on smelt nets was announced, many persons who knew the tricks of Tory management in the County, did not hesitate to say that the outrageous net, was made so that it might be rescinded just before the next Dominion election, in order that the fishermen might be fooled into believing that our New-castle and Ottawa oppressors were especially favoring them. Even now the Advocate says:—

It is hoped that Mr. Adams or whoever he is, who has been so long at heart to hear him preach, should at least get this rectified, if only for this season, then in future smelt net fishermen would know what they have to pay. The blunders at Newcastle find they have overreached themselves. Their letters to friends—and others—implore them to vote for O'Brien and a liberal-Conservative victory in the pending election, read together with this order for a \$3 tax, on smelt nets will not hurt Morrisey a great deal.

Hon. Edward Blake is in London. He has decided to prolong his stay, and when the weather grows for him to visit the south of Europe. Mr. Blake has left Canada to join him, sailing on Nov. 30th. The rumours published about his seeking a place in the British house of commons are stated to be absurd.

An earthquake occurred in Ireland on Nov. 23. The shock seems to have been confined to the southern part of the island, and was very severe. The rock at Cape Reikinean, on which the lighthouse stands has been rent asunder, and the house considerably damaged.

A suit was entered last week on behalf of the Montreal Herald company to recover three thousand dollars from the Northern Assurance Co. The Herald, it is claimed, was insured in that company, but they now refuse to pay on the ground that the policy had expired at the time of the fire.

During the fishing season of 1887, Gloucester lost thirteen vessels, aggregating 843 tons of value of \$62,900, and eighty-four men. A great proportion of the lost fishermen were Provincetowners. The losses for all New England were 22 vessels, of 1448 tons, valued at 102,900, and 159 lives.

Dr. Robillard, medical health officer of Ottawa has presented a report to the Board of Health in which he states that the Ottawa River is contaminated by a creek running into it above the source whence the city water supply is obtained. The contamination, he believes, is the cause of a great deal of the fever existing in the city. It has been resolved to devote the course of the creek.

Among the reports which have reached Ottawa from Washington is one to the effect that the British commissioners have asked for the abolition of fishing by means of purse seines. It is the general opinion among those who are best informed upon that question that if the use of purse seines is continued the days of the Canadian mackerel fishery are numbered, and its end will not be far distant.

WASHINGTON, D. C., Dec. 1.—Representative Mills, of Texas, who will be chairman of the committee on ways and means, has prepared a tariff bill which is a complete revision of the existing tariff and adds to the free list salt, copper, anthracite and bituminous coal, iron, lead, ore, hair, wool, flax, lumber, jute, laths, shingles and empty barrels. There are strong hopes in government circles that the republicans will not strenuously oppose the bill.

New York Times. Millions of dollars are spent yearly upon dentifrices. They lead to the spending of millions more upon dentists. A large percentage of this vast outlay is unavoidable. The remainder could be saved if mankind, after reaching the age of reason and its last tooth would not persist in continuing fresh. Common table salt is all that is needed. There is none so simple and efficacious. It will eternally retard decay after we have filed off the enamel by using the fool's toothpick, which is a quill
