JOB-PRINTING LOWER Water St. Chatham, MIRMICHI

Having completed the removal of the ADVANCE establishment to the building next N. B. Trading Co's. office, Lower Water Street, we are now prepared to execute all kinds of

BOOK AND JOB-PRINTING in first class style. This establishment was the only one in the Province in a position to enter into competition with the city offices at the

Dominion Centennial Exhibition MEDAL AND DIPLOMA for "Book and Job Printing" and "Letter-Press Printing." This is good evidence of the fine character of its work.

We have also, constantly on sale a large line of blank-forms such as: RAILWAY SHIPPING RECEIPTS, FISH INVOICES, (newest form), MAGISTRATE'S BLANKS, DEEDS AND MORTGAGES, SUPREME AND COUNTY COURT BLANKS, SHERIFF'S BLANKS, TEACHER'S AGREEMENTS, SCHOOL ASSESSMENT FORMS, ETC.; ETC., ETC.

Miramichi Advance, THE JUBILEE ODE.

Lord Tennyson's Jubilee Ode comes to us in Macmillan's Magazine and while there does not seem to be much merit in it, some of our readers will, no doubt, like to read it for themselves.

Queen, as true to womanhood as Queenhood glorying in her robes and her crown, serving with the sermons of the lowest!

You, the Patriotic Ardor, Sings a stately measure, Make it really gorgeous, Save Imperial honors, Rich in gold, in ornament, Which may speak to the centuries, Let the world be confounded, Let the world be confounded, Let the world be confounded, At this year of Jubilee.

Fifty years of ever-brightening Commerce Fifty years of ever-brightening Science! Fifty years of ever-mingling Empire!

You, the Mighty, the Fortunate, You, the Lord-blessed, You, the Lord-blessed, You, the Lord-blessed, Patient children of Albion, You, Canadian, Indian, Australian, African, All your voices in unison, Singing "Hail to the Queen" Golden year of Jubilee.

Are there thinkers moving in the distance? Are there speculators in the distance? Trust the Lord of Light to guide her people, Till the thinkers pass, and the speculators vanish, And the Lord of Light, and the darkness Dawns into the Jubilee of the Ages.

The Rearing of Calves on Skim Milk. Below we give the method of rearing calves from skim milk as recommended by Prof. J. M. Robertson, of the Ontario Agricultural College, Guelph: It is better, in the opinion of the professor, to take the calf away from the cow as soon as dry. For about two weeks it is fed new milk three times a day, giving two quarts at each feed, and the calf is kept in any place that will be comfortable. At the end of two weeks skim milk is substituted for new milk, but gradually, the process of transition extending over but one week. This change is brought about by pouring some new milk into the ordinary skimmed milk rather than by skimming the new milk at lengthening periods of setting.

At the age of two or three months the milk is fed but twice a day, about four quarts at each feed, the change in increase in quantity always being gradual. The milk should always be fed sweet, and when young should be fed at a temperature of about 90°, and never at a temperature less than 60°. A good guide in that degree of heat which feels comfortable to the sense of touch of the finger. The milk may be most conveniently heated by pouring in hot water. They should have access to a small quantity of meal, one half bran the other half bruised or ground oats. A small handful of linseed meal is put into every peck of the mixture. The quantity of the meal should be so increased that they may have all they want of the meal the first season. Always keep the steer calves in the first season to secure more growth, and the heifer calves out save when the sun is warm, to secure constitution and vital force. Proper treatment during the first six months, the second six months, and the third six months, is greatly important, and important in the order named.

GENERAL NOTES AND NEWS. Russia is reported to have declined France's offer of an alliance.

Children troubled with Worms will find sure relief by using that pleasant and efficient remedy, McLean's Vegetable Worm Syrup, Sold by all dealers. Price 25 cents.

Several lives have been lost in the storm on the Newfoundland coast.

Bain's French Ointment will cure the Itch in a few days, cure Salt Rheum, Chapped Hands, Scald Head, Ointment, Sores and Wounds. Sold by dealers.

There are many remedies for coughs and colds, but there are few that prove so satisfactory as Hagar's Pectoral Balsam, French remedy. Sold by all dealers. Ointment, Sores and Wounds. Sold by dealers.

Several landlords in Russian Poland have been murdered by peasants.

"I never felt better in my life than I have since taking Burdock Blood Bitters. I had a severe bilious attack, I could not eat for several days, and was unable to work. One bottle cured me." John M. Richards, Sr., Tara, Ont. For all bilious troubles use K. B. B.

For Children Starving to Death. On account of their inability to digest ordinary food, Scott's Emulsion can be digested and give strength and flesh when all other food fails. See what Dr. A. H. Peck, Penn. Med. College, Pettitodoc, says: "I have used and prescribed Scott's Emulsion of Cod Liver Oil, and find it an excellent preparation, agreeing well with the Stomach, and its continued use adding greatly to the strength and comfort of the patient." Put up in 30c. and \$1 size.

Over 3,000 Nonconformists have signed a protest against the Coercion Bill.

George Legault, of Tyside, Ont., says he can heartily recommend Yellow Oil as the best reliever of rheumatic pain, his father and mother having suffered for years with the disease, and all remedies failed except Yellow Oil.

There has been a considerable break-up among the followers of the Malld.

A Good Life Preserver. T. Milburn & Co., March 16th 1886. I was completely relieved from that dreadful disease dyspepsia, with only four bottles of that life preserver...

Overworked. "My husband strained himself with overwork, causing a large swelling in the groin. He suffered great agony which doctors failed to relieve; he could not eat nor sleep. E. B. F. quickly cured him. He says he never had such quick relief in his life." Extract from a letter from Mrs. George Cook, Cooksville, Ont.

A Common Occurrence. Many bad joints, by which people are crippled for life, are made by neglected or badly treated rheumatism. Ida Plant, of Stratroy, Ont., was afflicted with rheumatism for years, and could not walk, until she took Yellow Oil. She writes: "I cheerfully recommend it to any one subject to such disease."

The Gladstonians have been successful in the elections in John Bright's constituency for officers of the Liberal Association.

Pro Trade. The reduction of internal revenue and the taking off of revenue stamps from Proprietary Medicines, no doubt has largely benefited the consumer, as well as relieving the burden of manufacturers. Especially is this the case with Green's August Flower and Booke's German Syrup, as the reduction of thirty-six cents per dozen, has been added to increase the size of the bottles containing these remedies, thereby giving one-fifth more medicine in the 75 cent size.

Alex Sullivan, ex-President of the Irish League in America, does not subscribe to Labouche's advocacy of the adoption of violent measures.

Assassination of a wild conclusion occurred in the British House of Commons on Friday last owing to some offensive remarks on the Parliaments made by Major Sanderson. Mr. Hestly called the Major a liar and was suspended after which there was more of the same kind of thing, followed by retractions and a return to decency.

Vital Questions. Ask the most eminent physician. Of any school, what is the best thing in the world for quieting and allaying all irritation of the nerves and curing all forms of nervous complaints, giving natural, childlike refreshing sleep always? And they will tell you unhesitatingly "Some form of Hops!"

Ask any or all of the most eminent physicians: "What is the best and only remedy that can be relied on to cure all diseases of the kidneys and urinary organs; such as Bright's disease, diabetes, retention or inability to retain urine and all the diseases and ailments peculiar to women?" "And they will tell you explicitly and emphatically, "Buchu!"

Ask the same physician: "What is the most reliable and surest cure for all diseases of dyspepsia, constipation, indigestion, biliousness, malarial fever, ague, &c.," and they will tell you: "Mandrake or Dandelion!"

Hence, when these remedies are combined with others equally valuable, and compounded into Hop Bitters such as [Concluded next week.]
