IT IS BECAUSE OF THE VOTES largely, and not in spite of them, that this motion is made, Tell it not, Mr. Bourinot, on the 12th of July. Name it not in the ledges of the Orangemen, but so it is. Such is the situation, and such being the situation, I extend in advance my hearty congratulations to my fellow-Englishmen...

THE MOTION PASSED. The resolution was put and carried unanimously. The new Speaker was conducted to the chair amidst cheers. Before taking his seat he returned thanks briefly for the honor done him, and assured the members that he would do all in his power to maintain the dignity and privileges of the House and the fairness of debate. He spoke both in English and in French, saying in each language substantially the same.

A HOUSE RESOLUTION. Mr. Curran, M. P., Montreal, has placed on the notice paper the following notice: "That the Parliament of Canada, in 1852, adopted an humble address to the Queen, expressing the hope that a just measure of Home Rule would be granted to the people of Ireland."

"That the Parliament of Canada, in 1852, adopted an humble address to the Queen, expressing the hope that a just measure of Home Rule would be granted to the people of Ireland. He read an affidavit to show that a poll was taken and that Mr. King, and not Mr. Baird, received a majority of the votes. Authorities were next quoted to show that the duties of a returning officer are simply ministerial and that he has no right to decide upon questions of law. It was urged that Mr. Weldon, who had been introduced into the Imperial House of Commons by Her Majesty's Government, a coercive measure for Ireland by which the rights of the people would be deprived of the rights most dear to all British subjects."

"That this House has learned with profound regret the introduction into the Imperial Parliament of the contract bill already mentioned and protests against its adoption as subversive of the rights and liberties of Her Majesty's subjects in Ireland."

"That this House again expresses the hope that there may be granted to Ireland such a measure of Home Rule as is set forth in the resolution which was introduced into the Imperial House of Commons by the late Sir John Lubbock, and which is consistent with the integrity of the Empire as a whole."

"That the printing of Home Rule in Ireland will bring down the already exhausted resources of the Queen's exchequer, and will come to the aid of the Government in their efforts to carry out the policy of the late Sir John Lubbock, and which is consistent with the integrity of the Empire as a whole."

of petitions, mainly from western Ontario labor organizations, asking for anti-Chinese anti-migration, anti-assisted immigration and factory act legislation, were presented. Mr. Davin's bill respecting territories was read the first time.

Mr. Weldon, St. John, gives notice that he will move for a resolution of censure respecting the Intercolonial railway of contracts, Intercolonial railway stock purchases, respecting Intercolonial casualties and an appropriation of money for the purchase of land for the railway.

Mr. Weldon, St. John, will also move for a return against the mode of gauging molasses at St. Stephen and St. John. Mr. Peter Mitchell will interpose the question of an extension of the bringing down of fisheries negotiations; also copies of instructions to commanders of cruisers.

Legislative Sketches. Mr. Weldon, St. John's paper—in paying special attention to our celebrities in the local legislature. Its illustrations of the subject are fairly produced, although it has not succeeded, altogether, in making faithful likenesses of Messrs. Tweedie and Park. It gives Mr. Tweedie the position of "the acknowledged wit of the House," but opens its pen and ink sketches with the handsome member from Kent.

THE LADIES OF ST. The music will be by the Battalion Band and the affair will, no doubt, be one of the successes of the season.

THE INDIAN BRANCH Railway is now open, after being temporarily closed by the snow blockade. In our references to the railway last week we conveyed the impression that this road had been closed longer than it appears to have been, our idea of the matter having been taken from the local government organ, which stated in February that it was to be closed, an announcement which the Advertiser, later on, seemed to justify. Hereafter we hope to avoid being so misled.

GYMNASIUM.—The class in the Gymnasium now numbers sixty-two, a great deal of enthusiasm is manifested since the Managing Committee engaged the services of Mr. Howe of Liverpool, England, who shows marked ability in his position. It is the intention to start juvenile class for boys from ten years of age upwards. Mr. Howe will instruct them between the hours of five and six o'clock on the afternoons of Tuesdays and Thursdays and on Saturdays from 3 to 4:30.

HESS.—The Advertiser has published a government advertisement and, lest some might suppose it was a mistake, the printer hastens to announce that the printing is given gratis. This is what might be called receiving the books of patronage. It is a most modest and unassuming notice. No wonder the Advertiser is disappointed and desolate. We recommend to consideration the course of the little ton-tit that ran by the river singing "Willow, Willow, Willow."

Why not recommend the leader with the newspaper man halfway up, and the little dog below holding the fort. THE CHURCH OFFICERS.—The following officers were elected on Easter Monday for St. Peter's Church, Dalry, for the ensuing year:—Wardens, Messrs. Wm. T. Crocker and David S. Betts; Vestrymen, Messrs. John Betts, Allan Brown, David Carson, Allan A. M. Anderson, James Carmichael, John McFarlane, James G. F. W. W. Chief George Chiff, John Chiff, Delegates to Synod, Messrs. Wm. T. Crocker and David S. Betts. The receipts for the current year were \$187 72 and expenses \$144 47, leaving a balance in hand of the Treasurer of \$23 25. During the past year the sum of \$742.79 has also in addition to the above been spent upon the fabric of the Church.

THE ICE.—An old subscriber who has kept the record of the opening of the Miramichi River since the year 1830 sends us the following list of dates, by which it may be seen that there has not been an ice season that year was in 1846 when it went out on April 1. In 1865 it broke up on the 8th. The latest date of the clearing of the river was on May 6, which occurred in 1847. The following is the list:
