

Miramichi and the North Shore, etc.

THE GAME AND FISH PROTECTIVE Association meets at the Waverley, Newcastle, to-morrow evening.

DRY AND FANCY GOODS in great variety are offered by Mr. Brown at his well known centre of trade in Newcastle.

MESSRS Sutherland and Creighton announce large spring importations brought so as to enable them to give buyers extra bargains.

PAINTS ETC.—Mr. Watt offers seasonable goods for sale. He is just now, making a specialty of paints, oils, glass etc.

SPRING STOCKS.—Readers of the ADVANCE are now looking for the announcements of Spring Goods.

NEW GOODS.—Mr. Murray is opening a very large lot of staple and other Dry Goods, including importations from London and Glasgow, as well as Dominion Manufactures.

ACCIDENT.—Master Thos. Lawlor, son of Mr. Wm. Lawlor, and lately engaged as a clerk in the Chatham post office fell on the sidewalk Monday evening and broke one of his legs.

NEW BUSINESS.—Mr. Albert Patterson is about to open a jewelry and tobacco store in the shop formerly occupied by the late Mr. Blair. Mr. Patterson has a large circle of friends and will, probably, do well.

PERSONAL.—Mr. R. F. B. Joyce is a welcome visitor amongst his Chatham friends.

Mr. Jas. A. Girvan of Bathurst village was in town yesterday.

HORSES.—Northumberland Agricultural Society is offering bonuses for approved horses of both trotting and draft classes to travel in the district the coming season, and will be seen by the Committee's advertisement in another column.

INCIDENT.—Owing to the heavy rains, some of Fredericton's back streets are covered several feet with water, and communication has to be maintained by boats. The cellars are all full and in many cases there are two feet of water on the ground flats. A school house has been closed because it is surrounded by water and the children cannot reach it.

THE RINK.—Chatham Skating Rink will be opened on Tuesday Evening next. The Board will be in attendance. Admission 10 cents. This is the caretaker's benefit night and all the patrons of the Rink should attend as the establishment has been well looked after during the season and the beneficiary deserves well of all patrons.

SRVICES IN ST. MARY'S AND ST. PAUL'S.—The daily services commemorative of the Holy Redeemer's Passion are being held in St. Mary's Chapel during this week. To-morrow being Good Friday there will be Morning Prayer, Litany, ante-Communion Service and Sermon in St. Mary's at 11 and Evening Prayer with Sermon at 7.30. There will be Evening Prayer with Sermon at St. Paul's at 3. The Easter services will begin with Evening Prayer, Easter Hymns, &c., at 7.30 p. m., on Saturday (Easter eve.) On Easter Sunday there will be a celebration of the Holy Communion at St. Paul's at 8 a. m. and Evening Prayer with Sermon at 3 p. m. There will be Morning Prayer, Holy Communion and Sermon at St. Mary's at 11, and Evening Prayer and Sermon at 6.30.

The offerings will be in aid of the sick and needy.

"POOR PILGRIM."—The Advocate seems to have "Post Office" on the brain, and its craze on that particular subject is another illustration of "man's inhumanity to man." It has turned from the Dominion Post Office Report, in which it was so much interested three weeks ago, as from the Dead Sea Apple, which has turned to ashes on its lips, and sought refuge in that of the United States, which seems to indicate that the Louisiana State Lottery is not an honest enterprise, as such things go. All we know of it is that the leading commercial agency of the United States, in reply to an inquiry from this office, reports to us that the drawings take place and the prizes are paid as advertised and that it is as honest an enterprise as any lottery can be. Such being the case we do not decline its advertisements. It does not offer its advertisements to the Advocate or other papers not up to a certain standard among the journals of the United States and Canada, hence their jealousy and abuse of the ADVANCE. We are, however, no more to blame for their ravings over the position and success of the ADVANCE than we are for their disappointments over past office and other matters, and we really wish they would confine their attentions to matters on their own level and interests that are not far beyond their reach.

THE PUBLIC WORKS REPORT.—The Advocate pretends it cannot ascertain what the Chatham printing office it detests so much received for printing the Public Works Report of the Province last year. Perhaps its ignorance of the public accounts is as dense as the statement indicates, but what a reflection it is on those who edit the paper. For its information we may state that up to two years ago the printing office in question was paid at exactly the same rate for the work that it cost under the late government, the gross sum being larger, because of the general increase in prices. At the present time the number of copies furnished by the ADVANCE office is nearly one-third more than under the former government, while the price received for the work is \$50 less. It is hardly possible the Advocate is not correctly informed on the subject. As the Advocate has accused the editor of the ADVANCE personally of "barfaced lies" in the matter we suggest that it submit our statement herein made to the chief commissioner. If he does not verify it we consent to bear the imputation; otherwise we expect a retraction, while the public will expect the Advocate to be less ready in its employment of vulgar and offensive language. This really a regrettable fact that notwithstanding the progress of education and the general increase of refining agencies, certain public journals continue their old-time coarseness and vulgarity of expression. It is discredit to journalism as well as the community at large.

"SCIENTIFIC AMERICAN." We have made arrangements with the publishers of the Scientific American to receive subscriptions therefor in Chatham, as to those patrons of that useful paper who do not wish to send their orders through the ADVANCE office will be mailed direct to the publishers from the New York office. Every number contains large pages, beautifully printed, and is a valuable and important addition to the library of the student, the scientist, the inventor, the manufacturer, the agriculturist, the mechanic, the chemist, the metallurgist, the electrician, the light, heat, architecture, domestic economy, agriculture, natural history, etc.

It should have a place in every Dwelling, Shop, Office, School or Library. Workmen, Farmers, Engineers, Officials, Merchants, Foremen, Teachers, Lawyers, Physicians, Clergymen—people in every walk and profession in life, will derive satisfaction and benefit from a regular reading of The Scientific American.

The prices of the different forms of the Scientific American are as follows: Scientific American, 1 year, \$3.00. Scientific American Supplement, 1 year, \$3.00. Scientific American and Supplement, both to one address, 1 year, \$5.00. Scientific American, Architect and Builder's edition, 1 year \$2.50.

Orders must invariably be accompanied by the cash.

Circuit Court.

The session of the Circuit Court was to have begun at ten o'clock on Tuesday morning last at the Court House, Newcastle, but although the jurors and other persons summoned were on hand at that hour, the opening did not take place until after eleven, no explanation of the delay being offered. The Grand Jury was composed of D. G. Smith, foreman; Robert Ritchie, Thos. W. Flett, Jas. H. Phinney, Geo. E. Fisher, Thos. Quigley, Alex. Bown, Thos. Russell, Wm. A. Hickson, John F. Hayes, Angus Ullock, Geo. Stable, E. M. Archibald, M. O. Thomson, Geo. Hildebrand, M. S. Hocken, Myer Moss, J. R. Brown, Wm. C. Johnson, Jr., His Honor, Judge Wetmore, in directing the jury, congratulated them and the county on the fact that there was no criminal business to be dealt with, also on the appearance and efficiency of the new jail. He suggested that the Court House did not compare favorably with the new jail and thought it might, with advantage, receive some attention in the way of repairing and in other respects, lest strangers having business at the Courts might go to jail instead on account of the superiority of that building.

Referring to two grand jurors who were about to be sworn, he let them know in the matter of finding them and he must do so unless sufficient excuse for non-attendance was made by affidavit in their behalf. He supposed there was good reason for the absence of the jurors and would rather be placed in a position to excuse them than impose a penalty, as the law required.

There being no business of any kind before the Grand Jury was discharged. The case of Jas. W. Girvan vs. the New Brunswick Trading Company—an action of assumpsit for balance of wages claimed to be due—was called. The lawyers engaged were Dr. Barker and H. H. McLean of St. John and R. A. Lawlor for plaintiff, and Messrs C. N. Skinner, of St. John, W. Adams of Newcastle and W. C. Winslow of Chatham for defendants. A postponement was had until 2 o'clock p. m., when an arrangement for settlement was made, the defendants giving a confession of judgment for \$700, each party paying their own costs.

Two other causes, Hamel & Co. vs. Edward Gordon of Dalhousie and W. & R. Brodie vs. the same, were postponed on application of Mr. Samuel Thomson, acting for J. C. Barbarie, def't., attorney, because of the illness of the defendant, certified by Dr. Diabrow of Dalhousie. Mr. McAllister of Campbellton appeared and opposed the postponement in behalf of plaintiff.

No other business offering the court adjourned sine die.

Railway Tactics.

The people of the South side of the Miramichi will, no doubt, be disappointed over the fate of the Newcastle, Neguac and Tabusintac railway bill, which, in amended form, passed the Assembly, but, on request of the original promoters, is not to be proceeded with in the Legislative Council. Under all the circumstances some such result as this must follow the tactics adopted in connection with the bill. We have no doubt that the railway will eventually be built, but that will be when there is more unity, sincerity and capital and less political finess, strategy and humbug underlying the scheme.

Tragic Notes.

A Tragic correspondent writes that the geese have made their appearance; also that:

James Davidson Esq., is getting a large fishing boat by Capt. Driscoll; C. C. Turner, Esq., also is getting a large boat by Capt. Driscoll; Mr. Prosper Savoy is building a Schooner of about 15 tons.

W. Ferguson, Esq., of Ferguson's Point has laid the keel of a Schooner of about 20 tons.

Kent County Notes.

RICHMOND, MARCH 27. PERSONAL.

There is considerable sickness in town and Kingston. Mrs. Beattie and Mrs. James A. Jardine (wife of Harbor Master Jardine) are seriously ill, with slight prospects of recovery. Mr. John Cochran, ex-Tide Water, was taken suddenly ill on Saturday, and is unable to leave his room.

Mr. Connell replies to "Cariboo."

MR. EDITOR—I have, I think, been quite patient with the writer of the letters in the Advocate and World signed "Cariboo," principally because it is not my habit to quarrel with a man for being a pot-hunter, but I am sure your readers will admit that when the writer I refer to attacks me as he does, he proves himself a pot-hunter by nature and what men recognize as a coward.

I propose to reply to him openly, on matters in which he has misrepresented me, also to state a few facts concerning his doings as a sportsman and, by and by, should he have the impudence to again assail me, to invite a comparison of his and my discharge of our public duties. I challenge him, however, to throw off his sneaking pot-hunter's garb, and come out, like a man (as I do) over his own name.

He says the ex-Warden of Newcastle and I slaughtered a whole herd of cariboo in the forest. Well, I have heard of cariboo being caught in the forest? Does he think we could not shoot cariboo unless they are first caught for us? If he does, let him go hunting with the ex-warden or myself and we will teach him how to kill cariboo, as sportsmen ought to do, and not, like him, wait others to shoot them for us in order to gain us credit we would not deserve, were we of his stripe.

Mr. Joseph Weeks, of Amherst, N. S., on whom it reflects the highest credit. The late hawk has made excellent travelling on the river and farmers have been taking every advantage of it in hauling mud and shells as fertilizers for their farms.

Mr. John Henry Beattie, who has resided in Boston for the past eight or nine years, arrived in town this morning accompanied by his brother George. They came to see their mother who lies in a very critical state.

Capt. George H. Long has a gang of men working at his vessel which he expects to launch about the first of June. Herbert Irving, will dispose of all his household and farming effects on Saturday next at his farm on the Butocheau Road or to the North-Western Territories.

Fatal Fire at Bathurst.

BATHURST, March 26.—News of a heart-rending nature reached town last night from St. Eloi's, in the Province of Quebec. The oldest girl in the town, Peter Bertin started to attend divine services at 10 o'clock, leaving in the house three children—one boy and two girls. The services over, the people started for home and when passing Bertin's home saw that it was burned nearly to the ground, they hurried to the building but the sight that met their gaze was appalling. Hearlon Lavigne, who was the first to reach the burning building, the boy had just turned 13, in the doorway, burning to death, and after several attempts succeeded in extricating her by the hair. Her legs were entirely buried. She lived three hours in the agonizing pain. The youngest girl, aged 11, the charred remains were discovered after the building was burned down and the heat had subsided. The heart and liver were found, but all the rest of the body was burned to a crisp. The boy had left the house some time before the fire to go to a neighbor's, and he says his sister was lighting the fire in the stove when he left. No clue to the origin of the fire has yet been discovered. The unfortunate family was discovered in the woods in January last, frozen to death, having taken a fit, and while in this state perished.

Public Wharf at Neguac.

The Department of Public Works has decided to construct a block 100 x 30 ft at Neguac for the accommodation of the large freight passenger traffic at that place passing between Chatham and Newcastle, etc. and points in the lower part of the Miramichi. The wharf will be placed in eight feet of water at low tide and, for the present, temporary connection will be made with the shore. We are quite sure that the efforts of the local government in going thus far towards needed accommodation of the kind down river, will be appreciated by the merchants who are situated at Church Point, Bay du Vin and elsewhere, which is true, but we cannot have all we want, it is well to know that one of the best of the people interested will appreciate the efforts of the local government in going thus far towards needed accommodation of the kind down river. We think that similar facilities are needed at Church Point, Bay du Vin and elsewhere, which is true, but we cannot have all we want, it is well to know that one of the best of the people interested will appreciate the efforts of the local government in going thus far towards needed accommodation of the kind down river.
