

Miramichi and the North Shore, etc.

FURNITURE at Fairy's. See advt. PROVISIONS AND GROCERIES at Alex. McKinnon's. See advt. RIFLE Association meeting is advertised in another column.

FEMALE COMPOSITOR WANTED—Apply immediately, writing experience and wages expected. S. B. Paterson Jr. Richibucto, N. B.

SMOKE THE PIPER, the best ten cent cigar in the market. For sale wholesale and retail. Tingley's, Chatham.

INSECT POWDER—A two-year old child of John Mallory of Halifax, died on Saturday from the effects of eating insect powder carelessly exposed.

Piso's cure for Consumption and Piso's remedy for Catarrh are sold by J. D. B. F. MacKenzie, Druggist, Chatham.

INSURED AT ONCE—Mr. Warren C. Winslow has been authorized by the British America Assurance Company to accept all classes of fire risks, issue policies and make endorsements, without delay or reference to the head office.

SPECIAL NOTICE—Owing to the train arrangements, which obligate us to go to press earlier on Wednesday than usual, no matter received after Tuesday at 6 p. m. can appear in the ADVANCE of that week.

PERSONAL—A Quebec despatch of the 9th inst. to the Montreal Herald says:—"Hon. P. Mitchell, M. P. for Northumberland, is in town on his way home from a political tour through his county."

Mr. J. W. Gilmour, manager of the Telegraph was in town on Saturday. Mr. R. F. Waddleton has been visiting this Miramichi friends.

NEW SCHOONER—A fine new schooner, built at Burnt Church by Messrs J. W. & J. Anderson, was launched on Monday last. Her dimensions are 62 feet keel and 22 feet beam and her measurement 79 tons. The sails are being completed by Mr. Wm. Wilson of Chatham.

BARN BURNED—The barn of Mr. Hugh Parker, Dorby, was entirely consumed by fire on Friday last. All his hay crop, a pig and some agricultural implements were destroyed. Children and matches are said to have caused the fire. Probably no insurance.

PLAIN AND FANCY WORK—The ladies of St. Mary's Guild, Chatham, are prepared to receive orders for all kinds of plain and fancy sewing, knitting, etc. and to promptly execute the same. They will supply both materials and work, or make up materials furnished by patrons. Orders will be received by Mrs. Blair, President, or any other of the ladies of the Guild.

A TWO DAYS PIC-NIC will be held on the R. C. Church grounds at Rogersville on Wednesday and Thursday next, August 21st and 22nd. A brass band will be in attendance. Various amusements will be offered to interest visitors. No charge for admission to grounds. A grand concert will be given each evening. Satisfactory arrangements are expected to be made to convey passengers over the I. C. R. R. and branch railways.

DISMISSAL—Mr. Thomas Lewis who has been the keeper of the Preston lights for about 20 years complains that Mr. Stanislaus Preston endeavored to take charge of the lights several times of late and that, at last, he, Mr. Lewis, was notified that he was to give them up to Mr. Preston. He says there was never any complaint made against him and he cannot say why he was dismissed. If Mr. Lewis' story is entirely correct he has, at least, been treated very discourteously.

SPECIAL—All subscribers will please take notice that the terms of the ADVANCE are as advertised in our regular business notice for years viz:—\$1.50 a year, if paid in advance and \$2 a year if not so paid. When subscribers do not choose to pay in advance, but take credit for the paper, they do so with the understanding that they are to pay at the rate of two dollars a year. Any subscriber who does not wish to pay \$2 a year for the paper must pay in advance.

evening they were lighted with chinese lanterns, etc., so that the scene was as attractive as the occasion throughout was enjoyable. Chatham friends were on hand in good force as usual. A good many went by the "Nelson" and in the evening the Chatham Methodist church choir and a number of others went up on Mrs. Snowball's invitation to the St. Nicholas.

DISGRACEFUL—A number of young rowdies were endeavoring to force their way into Francis' saloon, Chatham, on Friday night last, when a revolver-shot was fired by one of the inmates of the place, which perforated the clothes of one of the party named Charles Bernard, who created quite a commotion by declaring he was shot. Disturbances of this dangerous character are of far too frequent occurrence in and about the place where this scene took place, and the police, who have been instructed to pay particular attention to it, as well as others of a similar character, will we hope increase their endeavors to enforce more respect for law and order than has been observed there in the past.

LUMBERMEN'S "BLACK LEG"—The Canadian Lumbermen says that in some sections of Ontario and Quebec, trouble is experienced by lumbermen owing to a disease called "black leg" breaking out among the men. A lumberer was lately in the hospital at Baie des Peres, Quebec, and several men engaged in rafting at the foot of the Quinze rapids had to quit work. The disease is said to be caused by a too long continued diet of salt pork, &c., without and adequate supply of vegetables; it is not at all dangerous and ceases on the return to vegetable diet.

MR. THERE—Margaret Emma Ditto writes thus cruelly in August "Wide Awake":—"A lady makes herself a slave to an elegant wardrobe—and she looks like what she subjects herself to; she conveys some definite impression of the supremacy of clothes and the subordination of herself. She can never have the subtle air of distinction which a woman has who does not think of clothes, who can look right without spending great and constant thought upon her garments."

Base Ball. The Douglass and Indianton Base Ball clubs had a match game on Saturday—the Douglass winning. The Aces of Chatham and Athletes of Newcastle have a game in progress on the Chatham grounds as we go to press. Later—Chatham won, 22 to 5.

Escuminate Notes. Mackerel last week were very fair catch; but this week it has been poor. Small boats with two and three fishermen in each are used here for catching mackerel. The fish are close in along the shore, in shoal water. The Indians at the Farewell Bony, Miramichi Bar, are getting a few. The mackerel are all put in freezers as fast as caught.

PERSONAL—Alex. Morrison, Esq., of Clark's Cove, is paying his friends at the lighthouse a visit.

Bay du Vin Notes. THE WILLISTON FAMILY. In the obituary notice of the death of the late ex-Judge Williston, the ADVANCE, as well as the other papers in the County made the mistake of saying that the late Judge was born in the Parish of Glemec. Such was not the case. He was born in Hardwicke, about one hundred yards from the English Church of St. John the Evangelist. The cellar of the old Williston homestead can plainly be seen to-day where the founder of the large Williston family, John P. Williston, built the old homestead. The Willistons now in Hardwicke can be counted by hundreds, and, besides these, they have scattered into other lands. The father of the late Judge came to Hardwicke at the close of the Revolutionary War and resided there up to the time of his death. He left nine sons; four of whom left families behind them. There was Joseph, John T. George, Luther, Benjamin, Phineas, Alexander and William, (twins), and Edward, the late Judge. He also left two daughters, Mary—married to John Goodfellow of the North Ek and Abigail—married to a man named Bullman, who resided for a number of years below Chatham, and moved to Ontario where Mrs. Bullman died.

The late Judge was the sole survivor of his generation of the Williston family. In his death the old stock has gone from the earth. Three widows still survive—the widow of the late Judge, the widow of Phineas (who resides with her daughter, Mrs. Blair, in Chatham), and the widow of Alexander, who still resides on the old Williston farm at Bay du Vin. Aunt Phoebe, as she is generally called, seems to be growing young as she advances in years and is always ready to "feed the hungry, clothe the naked or defend the faith once delivered to the saints." Joseph was the eldest of the Williston brothers. He died quite a young man. He left two sons—James and John—both of whom are dead. John was very well known in the County. He was always known as "Squire" John. On the old Williston farm, William and Alexander resided. Four of their sons now live here. Joseph B. and Thomas B.—Alexander's sons—comprise the firm of J. & T. Williston. T. B. is the managing partner and he resides near the Bay shore. His residence is a very handsome one and is near the mouth of Bay du Vin River. Henry C. and John G.—William's sons—also reside on the old Williston farm and have a handsome residence near the great road. John G. is the Fishery Overseer of the Parish. Henry C.—unlike his cousin T. B.—will not, like T. B., be responsible for the perpetration of the Williston family, as he is a bachelor and says he intends to remain so.

At the last Dominion election there were over twenty elections of the name of Williston on the Hardwicke voters' list, and as often as the lists are revised there are new elections of that name added. The last of the old generation has passed with the judge. Still, they have left their "footprints in the sands of time."

PERSONAL. Mr. S. S. Carmichael has left Bay du Vin, having accepted a situation with Messrs. Puddington & Merritt, of St. John N. B. Mrs. R. M. Jack and children are visiting their friends at Hanford House, Bay du Vin River. Mr. John Carmichael is expected home from the East Indies this week. The Misses Brown of Charlottetown, are about bidding their Bay du Vin friends good-bye. They have made hosts of friends while here. Miss Brown played the organ in the Church of St. John

Evangelist, Sunday last, the 4th. She is an accomplished organist and the worshippers on that occasion had quite a musical treat. Miss Fotheringham has taken charge of the Bay du Vin school.

All kinds of crops are looking well about Bay du Vin. Potatoes and late oats promise to be much above an average crop. The "White Wings," with T. B. Williston in command is away on a mackerel hunt.

Biggest Lathes in the World. Perhaps one of the most marked novelties in the Machinery hall at the Paris exhibition is the monster lathes shown by Messrs. Greenwood & Batley of Leeds. This extraordinary machine tool weighs nearly 300 tons, and has been made for Schneider's steel works, at Le Creusot. It is intended for rough boring and turning steel ingots of the largest dimensions, such as those used in the manufacture of heavy gun tubes and jackets. I am told it is the most powerful lathe in the world. The space it occupies is about seventy-five feet by twenty feet. An ingot fifty-two feet long and eight feet in diameter can be turned by this "leviathan." It has four independent saddles, each of which carries two tools, eight tools being set to work if required at one time. Each tool takes a cut 1 1/2 inches in depth, and advances at the rate of four to five cuts per inch. A hole 40 inches diameter may be bored through an ingot 32 feet long.

Ecceza. Itchy, oaly, Skin Torture. The simple application of "SWAYNE'S OINTMENT," without any internal medicine, will cure any case of Tetter, Salt Rheum, Ringworm, Scabies, Itch, Sores, Pimples, Eczema, all Piles, Itchy Skin Eruptions, no matter how obstinate or long standing. It is potent, effective, and costs but a trifle.

received pay, did the personating. It does not appear that Commissioner O'Neil asked any awkward questions, Mr. Lockhart had no representative, and Ald. Connor, who worked for Mr. Jones, did not interfere to prevent the fraud. Newspapers refer to ballot-box stuffing in the Southern States; can Stanley Ward record be excelled anywhere?

The following certificate is copied from the poll clerk's book: I hereby certify that Daniel O'Neill, the commissioner appointed to hold the poll for Stanley Ward, at the election for Mayor on Tuesday, the sixth day of August, was duly sworn in the full hall of the City of St. John, New Brunswick, this fifth day of August, A. D. 1889, before me.

A Parson in Trouble. LANSING, Mich., Aug. 10.—Rev. Frederick Mayer, pastor of the Evangelical church, is a liberal-minded gentleman, but his congregation was shocked to hear that he had been investing in Louisiana lottery tickets, and, dumfounded when they learned he had gambled \$5,000 in a recent drawing. Rev. Mr. Mayer is about 27 years old and well educated. He says he bought the ticket just as he would get married or take any other hazardous step, and he was overwhelmed when he discovered that he had won a big prize. He declares that he can see nothing sinful in acquiring money in this way, and he has put the money in a bank until he can find a suitable investment. On the other hand, the church society sees considerable harm in the transaction, and there is likely to be an early vacancy in the pulpit.

Extraordinary Gun Accident. A CANNON SHOT STARTLED THE TOWN OF YARMOUTH AND CAUSED DEATH AND DESTRUCTION. HALIFAX, Aug. 7.—A special from Yarmouth says. A most startling and remarkable fatal accident occurred here last night about 9 o'clock, the streets were filled with people when the sound of a discharging cannon was heard in the centre of the town. It was found that one of the old thirty-two pounder cannon in the drill shed had been discharged and the shot had killed a man named James Cosman in Wilson's stable in the next street. The artillery company met in the drill shed for gun drill every Tuesday evening. They go through the exercise of loading and firing the cannon, using the regular large iron shot but only having a bag of sawdust for powder. Last Tuesday night when drill commenced an obstruction was found in one of the guns, which proved to be a shot jammed in tightly in some way near the breach. Various means were tried to get it out but without success, and the gun was then left until last night, when Capt. T. R. Jolly tried to blow the shot out by putting in powder at the touch hole and firing. The breach was previously riddled with a drift, apparently showing that the gun was empty save for the shot. A small quantity of rifle powder was put in the breach and a friction tube exploded, but there was no effect until the third attempt, when there was a starting report, and the drill shed was filled with smoke. The shot tore through a heavy rolled up gymnasium mattress, through the doors of the rifle rack, through the end wall of the building, entered the back of Wilson's stable where a stableman was cleaning a horse, struck him a glancing blow, breaking his neck, and then passed through four heavy board stall partitions before it was spent. The report of the gun and the effect produced was out of all keeping with the amount of powder poured into the touch hole, and the cause of the accident is a mystery. It is believed by many that whoever jammed the shot in the cannon had first got some powder and put in.

A Great Loss of Cattle. Provisions, etc., on Belle Isle. FATHER POINT, Aug. 7.—The steamship Montreal, Capt. Wall, of the Dominion Line, from Montreal and Quebec, sailed from the latter port at 7 p. m. of the 1st inst., with passengers, general cargo, cattle and sheep, bound for Liverpool, passing Father Point, outward, on the 2nd inst., at 10 a. m., in a dense fog. From a private letter received from Capt. Bentley, steamship Assyrin, Allan Line, from London and Havre, that passed inward to Quebec, it is learned that the steamship Montreal went ashore near the landing at Belle Isle, in a dense fog, at 10.30 p. m., on the 11th inst., but that all hands were saved and plenty of provisions taken from the ship. The passengers and crew are still on the island awaiting a passenger steamer to take them to Liverpool. Some of the cattlemen are on the steamship Assyrin going to Quebec. The captain reports that the ship is a total wreck, and no chance of salvage. The cattle were all drowned, but a few sheep were landed alive.

Belle Isle, the place on which the steamer was wrecked, is a small island at the northeast entrance to the straits of Belle Isle, at the northern extremity of Newfoundland, lying about midway between the coast and the shore of Labrador, lat. 52° 1' 10" N., long. 55° 19' 4" W. The lighthouse and lunatic station for shipwrecked sailors is at South Point, about four and a half miles from where the steamer went ashore.

The Montreal was one of the pioneer boats of the Dominion Line, and like her twin ship, the Quebec, was valued at \$50,000 sterling. She was fully insured, as also her cargo. Captain Watt was in command and had under him a crew of 25 officers and men, also 10 first class passengers and 16 cattle men.

The cargo consisted of the following: 362 head of cattle, 560 sheep, 24,000 bushels of grain, 1,700 sacks of cake, 1,200 sacks flour, 500 cases provisions, ham, etc., 11,992 boxes cheese, 250 standard alleys, 329 tons phosphate, and a lot of sundries.

The vessel had quite an exciting trip down the gulf and had many narrow escapes in the heavy fog. Before the time she struck she had passed 130 icebergs.

Robinson's Carriage Works and Agricultural Implement Depot. CHATHAM, N. B., July 14, 1889. While thanking my numerous customers for their liberal support in the past, I again invite the attention of the community to my stock of carriages of different kinds.

Having spared no pains to secure skillful workmen and first-class material, I feel confident that the carriages of my manufacturers are not surpassed in durability, simplicity, convenience, workmanship, and finish. I solicit a continuance of your patronage.

For the special benefit of the farmers I will keep constantly on hand a choice stock of farming implements and extra parts of all kinds. Farmers will save the travelling agent's commission, and get the

articles at practically wholesale prices, by buying Agricultural Implements of me. Yours respectfully, ALEX. ROBINSON.

General Notes and News. The English Lords Day Observance society has begun a vigorous effort against the cheap Sunday travel offered to the public by the various railways running out of London.

A paper on the aardine read by M. Boncher before the Paris Academy of Sciences expresses the opinion that it is a young fish which has not attained its full development.

According to the Dnjevnik, a paper published at Saratoff, Russia, there is living there a man who is 140 years old. His name is Daniel Samoiloff, and he was born at Saratoff in 1749.

The White Hart, of Southwark, one of England's most famous inns, whose history goes back five centuries, is being pulled down. It has been associated with Jack Cade and Mr. Pickwick.

Great Britain and Ireland's estimated population is 35,000,000, and the public revenue for the fiscal year ending March 31, 1888, was \$449,011,270.

The greatest house in London before long will perhaps be Lord Portman's proposed reproduction of Woolsey's famous palace at Hampton court.

The Rome Opinions, on a semi-official organ, says that there is an understanding between Italy and England whereby their combined fleets would be used against France if necessary.

Shoe buckles came into England with the restoration, and became so large, costly and popular that at one time their manufacture gave employment to 4,000 people in Birmingham alone.

An ingenious contrivance is about to be brought out by Capt. Woodward, of the royal mail steamer Don, by which it is proposed to do away with oars as a means of propelling ships' lifeboats.

A Bombay newspaper announces two marriages, in one case the bride being aged 2 years and in the other 15 months, while the bridegroom was 30. This is the system which Pandita Ramabai is struggling against.

A mania for monograms now pervades London. They figure everywhere—on window curtains, portiers, carriage rugs, furniture and drinking glasses, and even on jewelry. The fashion is stupid and will not last long.

The famous Schiller archives, which were long kept at Castle Greifenstein, were presented recently to the Grand Duchess Sophie, of Sachsen-Weimar, by the nephew of Schiller, the Freiherr Ludwig of Gleichen-Russwurm.

Good work beyond doubt must be credited to the Missionary Society of China. In Canton during the past year the society attended to 39,442 cases and performed 2,839 surgical operations at an expense of only \$4,637.

A hail storm in Villafranca, Piedmont, was of such enormous stones that more than one hundred persons were badly hurt, and a boy and a girl had their skulls fractured. The weight of some hailstones was estimated at two pounds.

English Proverbs. He that is warm thinks all are so. He's gone upon a sleeveless errand. He that is angry is seldom at ease. He that runs fast must not run long. He that blows in the dust fills his eyes. He that plants not corn plants thistles. He that has no shame has no conscience. He must stop low that hath a low door. He that always complains is never pitied. He loves roast beef well that licks the spit. He that goes a-borrowing goes a-sorrowing. He that liveth wickedly can hardly die honestly. He plays well that wins. He's Jack in office. He loses his thanks who promises and delayeth. He loses nothing that keeps God for his friend. He that lives not well one year sorrows for it seven years.

He that reckons without his host must reckon again. He that licks honey from thorns pays too dear for it. He that lies down with dogs must expect to rise up with fleas. He that falls in an evil cause falls in the devil's frying pan. He may well be contented who needs neither borrow nor flatter. He giveth twice that giveth' in a trice. He has a bee in his bonnet. He that hath a good harvest may be content with some thistles. He lacks most that longs most. Help the lame dog over the stile. He that hath no silver in his purse should have silver on his tongue. He that lendeth loses double (loses both his money and his friend.) He smiles his gift who gives in time. He has bought his noble for nine pence. He has had a bite upon his tridle. Hear twice before you speak one. He dances well to whom fortune plays. He is a wise man who speaks little. He is proper who hath proper conditions. He knows not a hawk from a hand saw. He liveth long and liveth well. He'll find some hole to creep out at. He loses nothing for the taking.—Unidentified.

Piles! Piles! Itching, Itching and stinging; most at night; worse by scratching. If allowed to continue tumors form, which often bleed and ulcerate becoming very sore. SWAYNE'S OINTMENT stops the itching and bleeding, heals ulcers, and in most cases removes the tumors. At druggists, or by mail, for 50 cents. Dr. Swayne & Son, Philadelphia.

Mother's! Castoria is recommended by physicians or children's best friend. It is a purely vegetable preparation, its ingredients are plant-like around each child. It is pleasant to the taste and absolutely harmless. It relieves constipation, regulates the bowels, cures pain, cures diarrhoea and wind colic, alleviates feverishness, destroys worms, and prevents convulsions, soothes the child and gives it refreshing and natural sleep. Castoria is the children's panacea—the mother's friend. 35 doses, 35 cents.

MARRIED. On the 6th inst., at the residence of P. L. Thel, Sussex, by the Rev. Thos. Stewart, Andrew Brown, of Chatham, N. B., to Miss Madeline, daughter of the late William Madeline, merchant of same place.

DIED. At the manse, Belleville, on the 7th inst., by the Rev. J. G. Johnson, Mr. Elijah Mountain, to Miss Annie Curtis, both of Belleville.

New Advertisements. PROVISIONS & GROCERIES. TO ARRIVE THIS WEEK. ONE CAR OF FLOUR. Oatmeal, Cornmeal, Beans, Peas, Barley and Rice always in stock.

Plain and Fancy Biscuits, Canned Goods in variety, Teas a speciality from 20c upwards, Glass and Barthenware, Table Cutlery, Paints and Oils.

ALL sold at lowest cash prices. Alex. McKinnon. Chatham, 13th August, 1889.

N. C. R. A. The annual meeting of the Northumberland and County of Cumberland Association, at the office of Robert Mearns Esq., on Wednesday Evening 21st inst., at 8 o'clock.

Servant Wanted. WANTED:—A general house servant. Apply to Chatham, Aug. 15, 1889. Mrs. W. B. Snowball.

Remember That—A stone used by grocers, is equal to 14 pounds. To find the amount of hay in a mow allow 512 cubic feet for a ton. A box 16 inches square and 8 2-5 inches deep will contain one bushel. It takes from 1 1/2 to 2 bushels of wheat to sow one acre of ground. A cord of stone, three bushels of lime and a cubic yard of sand will lay 100 cubic feet of wall. One cent saved each day and put out at 6 per cent. interest will accumulate to \$200 in fifty years. A thousand laths will cover seventy yards of surface, and 11 pounds of lath nails will nail them on. Eight bushels of good lime, 16 bushels of sand and 1 bushel of hair will make enough good mortar to plaster 100 square yards.

When Baby was sick, we gave her Castoria. When she was a Child, she cried for Castoria. When she became Miss, she clung to Castoria. When she had Children, she gave them Castoria.
