

Miramichi and the North Shore, etc.

SALT for the fisheries.—See advt. SALMON are reported a poor run down river.

CLERK WANTED in a general store. One who can speak French as well as English preferred. See advt.

Pro's cure for Consumption and Pilo's remedy for Catarrh are sold by J. D. B. F. MacKenzie, Druggist, Chatham.

SMOKE THE OREGON, the best ten cent cigar in the market. For sale wholesale and retail. J. Z. Tingley, Chatham.

MR. JAMES BROWN of Newcastle advertises a very large and varied stock of new goods for summer.

THE FROST was sufficiently heavy on Saturday and Sunday nights to damage the more tender plants in this locality.

THE BAZAR at the hall advertised to be held on the 24th of May was postponed until Thursday, the 6th of June.

HEAVY FROST in Fredericton and vicinity Saturday and Sunday nights cut down all the early vegetables and it is said seriously injured the fruit crop in some localities.—Globe.

INSURED at ONCE.—Mr. Warren C. Winslow has been authorized by the British American Assurance Company to accept all classes of fire risks, issue policies and make endorsements, without delay or reference to the head office.

GOOD WORK.—On Tuesday the crews of stevedores John Wood and Benj. Flood—numbering 16 men—put 168 standards of deals into the S "Persian Prince" which is being loaded by Mr. Snowball. The work was done in ten hours.

A DUCKING.—While moving his steamer from Watt's wharf the other day Mr. Jas. Neilson, sr., was tripped and fell overboard, but he swam like a duck and suffered no ill consequences save a wetting.

EARLY SALMON.—Since publishing the report of the first salmon being taken at Kouchibouguac on 15th we have heard of half a dozen that were captured at earlier dates. Mr. Loggie of Black Brook took one on the 10th, Mr. Vital Savoy of Neguac one on the 11th and so on.

CARDING MILL.—Wm. Fenton of Chatham advertises his agency for the Doaktown Carding Mill, where they card wool in a superior manner. He also makes an announcement in reference to his excellent stock of groceries and provisions, and will buy butter and eggs.

EXCURSION rates are to be the order of the day on the Northern and Western Railway every Saturday—good to return the following Monday—commencing this week. This arrangement will afford excellent opportunities for making Saturday trips to points of interest along the line.—See advt.

FOUND.—The body of the little son of ferryman Cunningham, who was drowned as reported in last week's ADVANCE, was found a few days since—9 days after the drowning—near Watt's wharf. It had therefore been carried across the river and a mile down stream from where the drowning took place.

PLAIN AND FAIR WORK.—The ladies of St. Mary's Guild, Chatham, are prepared to receive orders for all kinds of plain and fancy sewing, knitting, etc. and to promptly execute the same. They will supply all materials and work, or make up materials furnished by patrons. Orders will be received by Mrs. Blair, President, or any other of the ladies of the Guild.

ASCENSION DAY.—Today, being the Festival of Our Lord's Ascension, there will be Morning Prayer, Holy Communion and Sermon at 11 a. m., and Evening Prayer and Sermon at 7.30 p. m., in St. Mary's Chapel. There will also be an early Celebration of the Holy Eucharist at 7.30 a. m.

FATAL ACCIDENT.—William McGeehan, of Ty Crook, who had been engaged on Mr. Gibson's drive on the Nashwaak, was crushed in a log jam, and sustained injuries from which he died on Friday last. Deceased leaves a large family. His sad death will be learned with deep regret by a large number of friends and acquaintances throughout the country. Much sympathy is expressed for the sorrowing family.

SPECIAL.—All subscribers will please take notice that the terms of the ADVANCE are as advertised in our regular business notice for years viz.—\$1.50 a year, if paid in advance and \$2 a year if not so paid. When subscribers do not take credit for the paper, they do so with the understanding that they are to pay at the rate of two dollars a year. Any subscriber who does not wish to pay \$2 a year for the paper must pay in advance.

COWS appear to have pastured quite freely on the streets this spring, notwithstanding the by-law against their being allowed to do so, but hog reeve Green got on the cow path and on Monday morning had five of the offending animals in the public pound. It turned out that four of them belonged to a resident outside of the pound limits, whose cattle, however, had a taste for urban scenes and the flavor of the grass of the public square, while the fifth belonged to Councillor Flanagan, who had to "pay up and look pleasant," or go without milk for his Monday morning coffee.

NARROW ESCAPE.—Mr. Simon Simpson of Neguac narrowly escaped drowning Saturday last. As he was going to the island his boat was capsized off the island, and he was nearly half an hour clinging to the bottom of the craft and almost exhausted when rescued by Capt. Sonier of the schooner Lorne. Mr. Simpson is the third man saved from drowning by Capt. Sonier and his men this spring, they having picked up two men who were adrift in a dory off Shippon a short time since.

PERSONAL.—Mr. John W. Gilmer, Business Manager of the St. John Telegraph, accompanied by Mrs. Gilmer, was in Chatham on Tuesday, and left for Fredericton by the N. & W. Express yesterday morning.

Mr. Richard Attridge of Doaktown, was in town on Tuesday. John Stuart, Esq., President of the Maritime Chemical Pump Company and M. August Kaindler of Paris, the engineer under whose direction the Chatham Pump Works have been established, are in town. Thos. Temple, Esq., M. P. for York was in town yesterday.

Mr. J. H. Crockett, proprietor of the

Fredericton Advance was amongst this week's visitors to Chatham.

SERIOUS SHOOTING ACCIDENT.—On Tuesday Angus McInnis of Douglas-town, about 20 years old, was about to have some target-practice with a revolver near his home. He was seen to fix the target and make preparations for firing at it and soon a shot was heard. No one was with him just at the time, but soon after he was found unconscious with a bullet hole back of the right ear. Drs. Baxter and Desmond found McInnis unconscious and that the course of the bullet had been pretty squarely in line towards the upper end of the spine. At last accounts the man was alive, but he may die at any moment. Just how the wounding occurred may never be known.

COLLISION.—On Monday morning last, as one of Mr. W. S. Loggie's schooners, the Wm. Sinclair, was proceeding down the river, and was off Fox Island, she was met by the S. S. Surobosco from Philadelphia, bound inward. There was a fog at the time and the two vessels collided, the schooner's bowsprit being broken off and the butts of her planking on one side of the stem being started off from the coveringboard nearly down to the water line. The steamer, which was in charge of Pilot Wm. Tait at the time, passed on without stopping to ascertain what damage had been done, or those on board of her knowing whether the schooner would sink or not. The Sinclair, which was proceeding to some of Mr. Loggie's fishing establishments on the coast with a load of supplies, was obliged to return to Chatham for repairs. The matter of damages has been amicably settled between the Captain of the steamer and Mr. Loggie, the latter accepting a compensation which was very moderate under the circumstances.

THE ARMY OF CATERPILLARS which is causing so much trouble on the Canadian Pacific Railway is advancing in a north-easterly direction between Brownville Junction and Mattawankeag. A well known Bangor man, who had much experience in that direction told us that their devastations are not at all new in that section. For several years they have frequented the country and seem to prefer especially upon the poplar trees. Last year a crew of men which was sent in to cut a spool of wood upon Township No. 3, Range 8, was obliged to leave the woods on account of the enormous number of caterpillars which would fall upon the heads of the axmen. The same thing has been noticed there too in other years. Thursday the train was delayed five hours by the caterpillars. Men were obliged to go ahead of the engines and keep the pests from the tracks with brooms before progress was possible. The worms have made great devastation in that region, having eaten everything in their way, stripping bare all the poplar trees especially. The army is composed of millions, and is causing great excitement in that locality.—Bangor Commercial.

The Red Color of the blood is caused by the iron it contains. Supply the iron when lacking by using Milburn's Beef, Iron and Wine.

"STIRRING INCIDENTS IN THE LIFE OF A BRITISH SOLDIER," an autobiography by Thomas Faughan, late C. Sergt. 6th Royal Regiment.

The above is the title of a handsomely bound volume, which we have had the pleasure to peruse, and can therefore candidly assert that it is a well written account of the life of a British soldier, from a standpoint of thorough converseance with its pleasures and privileges, its hardships and compensations. The battles, sorties, night attacks and hair-bread escapes during that memorable campaign in the Crimea war in which the author took an active part are graphically delineated. The account of that historic land of Egypt and home of the Pharaohs, with its hoary ruins of palaces, mosques and temples; and the mutiny in the West Indies is also vividly portrayed.

The story, which bears truth on its surface, is told with such an agreeable amount of facetious effusions of buoyancy of spirit, native wit and humor that lends a charm to every page, which only an Irishman and a British soldier can produce.

It is dedicated to the Marquis of Lorne, who was much pleased with it. Most of the leading men of Canada, we are told, have subscribed to the book, and its subject should insure it a cordial reception from all classes. Its perusal will cause a hearty laugh, at very little expense, for the price is only \$1.50. We have much pleasure in recommending it to the public.

Arbor-Day in Lower Napan.

A Napan correspondent writes:—With much success Arbor Day was held at the school in Dist. No. 5, Lower Napan. Several ladies and gentlemen, besides school children and teacher were present. While the men put up a good paling fence, the girls worked diligently inside the school-room, which, with the exception of their work, was beautifully decorated with evergreens, showing great skill on their part. Pupils and others from the Dist. were engaged in planting trees (4 in all) consisting of willow, birch, spruce, pine, cedar, juniper, etc., which helped to beautify and make the grounds look quite attractive.

"Many Men, Many Minds, but all men and all minds agree as to the merits of Burdock Pills, small and sugar-coated.

Kont County Notes.

RICHIBUCTO, May 28. Frost on Saturday and Sunday night did much damage to vegetables in many of the gardens. The blossoms on the fruit trees were also more or less damaged.

Dr. Thomas L. Bourque has opened an office in Mrs. John H. Bourque's building, next south of the "Union House." Dr. B. is already meeting with much encouragement and gives promise of working up an extended practice.

Detients from abroad appear to have "struck in" well in this latitude. Dr. P. Doherty, of Somers & Doherty, Moncton, has been here for some days and Dr. Thomson of Chatham is billed for this week. Dr. Arnold, who practised here some years ago, is "on the road" and daily expected as per bills.

Square rigged vessels are dropping in already. It is to be dated that three have arrived: the "MacLeod" to G. K. McLeod and "Cathiana" and "Zippora" to Edward Walker.

George McLeod, Esq., is in town today. It is said one of our local doctors seriously contemplates removing to Yarmouth, N. S.

Farmers have made good progress with their farming operations and all admit

Children Cry for

Pitcher's Castoria.

SYMPTOMS.—Moisture, intense itching and stinging most at night; worse by scratching. If allowed to continue tumors

Children Cry for

Pitcher's Castoria.

SYMPTOMS.—Moisture, intense itching and stinging most at night; worse by scratching. If allowed to continue tumors

this has been the earliest season known hereabouts for many years.

O. J. LeBlanc, Esq., M. P. Recently spent a couple of days in town.

Doaktown Notes.

There has been heavy frost here. Potatoes, corn and beans that were up were nipped off. Rains of to-day are very timely in putting out forest-fires that were beginning to start; also helping the grass and grain, as well as the river drivers.

The Southwest R. R. Bridge has been cleared of logs by a crew of about 40 men on a running derrick.

Mr. Wm. Richards has been letting contracts to the settlers to clear the logs of certain hard places along the river.

Inspector of schools, Mr. Meserene, has moved his family to the old family homestead, 3 miles below Doaktown.

Mr. Valentine Mitchell lost a valuable cow last week within a short stone-throw of the house, the animal being killed by a huge bear.

Our school teacher, Mr. Museral, has taken extra pains to decorate the school grounds by tree-planting. Some nine trees down and otherwise injured them. A reward of \$20 has been offered by the trustees to bring the perpetrators to justice.

Mr. W. Russell, Senr; died last week and was buried in the McNamee burying ground.

All the small boys of this town are busy gathering bones to supply the new boulevards to be erected in Chatham by Mr. Snowball.

The express trains and number of freight trains running over the N. W. R. R. make things quite lively about here, and a very great accommodation to the travelling public.

The site for the New Episcopal Church has been located directly north of the R. R. station.

Several new dwelling houses are to be put up in Doaktown this present summer.

Mr. Allen Doak having become mentally deranged was sent to the asylum at St. John, leaving his wife and family in needy circumstances. They deserve the sympathy of all.

Eczema, Itchy, Scaly, Skin Torture. The simple application of "SWAYNE'S OINTMENT," without any internal medicine, will cure any case of Tetter, Salt Rheum, Ringworm, Itch, Sores, Pimples, Eczema, all Scaly, Itchy Skin Eruptions, no matter how obstinate or long standing. It is potent, effective, and costs but a trifle.

Death of Mr. Jonathan Noble.

VILLAGE HARDWICK, May 27th. It is with feelings of the deepest sorrow that I, this week, record the death of the above named gentleman, which occurred at the Village, Hardwick, on Sunday, the 26th inst., after an illness of seven years, which he bore with christian resignation, knowing that it was caused by Him, "who doeth all things well."

The deceased has been known as one of Hardwick's most popular residents, respected for his truthful and Christian character. He is sincerely mourned by all classes and creeds, not only in his own native Parish, but by hosts of friends in the adjoining ones.

Decased never took a very active part in political matters. He left that for others, but in any question of a local character, such as education, he was always found in the foremost ranks, helping along any good work that was beneficial to the Parish in which he dwelt.

As an Aid to internal remedies for skin diseases, Dr. Loew's Sulphur Soap proves very valuable.

Honesty and Intelligence.

It pays to be honest, you say. Granted. Yet how many are dishonest through ignorance, expediency, or intentionally. One can be dishonest and yet say nothing. A clerk who lets a customer buy a damaged piece of goods, a witness who holds back the truth which would clear a prisoner, a medical practitioner who takes his patient's money when he knows he is doing him no good,—all are culpably dishonest.

It is generally known that doctors bind themselves by codes, resolutions and oaths not to use any advertised medicines. Now, there is a medicine on the market which, for the past ten years, has accomplished a marvelous amount of good in the cure of Kidney and Liver diseases, and diseases arising from the derangement of these great organs,—we refer to Warner's Safe Cure. So widespread are the merits of this medicine that the majority of the doctors of this country know from actual evidence that it will cure Advanced Kidney Disease, which is but another name for Bright's Disease.

The medical profession admit that there is no cure for this terrible malady, yet there are physicians dishonest enough to procure Warner's Safe Cure, put the same into plain, four-ounce vials, and charge their patients \$2.00 per vial, when a six-ounce bottle of the remedy, in its original package, can be bought at any drug store in the world for \$1.25.

form, which often bleed and alternate becoming very sore. SWAYNE'S OINTMENT stops the itching and bleeding, heals ulceration, and in most cases removes the tumors. At druggists, or by mail, for 50 cents. Dr. Swayne & Son, Philadelphia.

Temperance Meeting.

The Masonic Hall was filled on Tuesday night for a lecture on temperance by Mr. J. A. Nichols of Ontario. The meeting was held under the auspices of the W. T. C. U., whose president, Mrs. Leishman, occupied the chair. The lecturer was highly appreciated by the audience if one judged from the frequent bursts of applause. The lecturer gave as his reason for taking the platform the assertion that the liquor traffic was the great social question of the day. It was an old subject and yet ever new, and then without further apology plunged right into his subject. He claimed that men and newspapers, not at all fanciful on the question, had used as strong language in denunciation of the traffic as any temperance man had ever done, confirming his statement by quotations from the American press and Hon. W. E. Gladstone.

He then took the ground that the use of alcoholic liquors never did any good, giving no nourishment to the individual, conferring no benefit on the community and never elevating the nation. On the other hand, what harm had they done or rather not done? They had destroyed the peace of many a home, ruined many an individual who never touched the liquors themselves, for what mother could see her boy go to ruin and be happy? The lecturer here paused and challenged any person in the audience to name a single reason why the traffic should not be condemned forever, stating that he invited discussion and was not afraid to meet his opponents on the open platform. After discussing the question, "shall we legalize the traffic?" and paying an eloquent tribute to the W. T. C. U. Union's work he resumed his seat amid great applause.

Bald heads are too many when they may be covered with a luxuriant growth of hair by using the best of all restorers, Hall's Hair Renewer.

Warning!

Complaint is made that the Municipal by-laws relating to public safety and the preservation of public property are being violated, a fact of which we have no doubt. The police of Chatham have, therefore, been instructed to see that in this town, at least, a better regard shall be paid thereto. We publish the by-laws referred to:—

1.—That whoever shall cut, scratch, write or post bills or notices upon, or otherwise mutilate, disgrace or destroy any wall, fence, or building of any kind whatsoever, shall be liable to a penalty of \$2 for each and every offence.

2. That whoever shall kindle any fire in any woods, field or other open place, or in any building, or on any land, or in any part and leave the same burning, and shall not either extinguish the same by water, or otherwise secure it, so that it may not communicate with any woods, underwoods or brush whereby damage may ensue either to any private property or to any unlocated lands in the County, shall for each offence, though no damage ensue, be liable to the sum of not exceeding \$20, in addition to all damages sustained in consequence of such fire.

3. That no person shall set on fire or kindle any combustible materials, in any of the towns or villages in the County, or within one hundred feet of any fence or building, or kindle a fire, or set on fire any combustible materials, nor carry or suffer to be carried by their servants or children a lighted candle or lamp, or fire from house to house, or from one building to another, or from a covered vessel, or otherwise secure from falling or from being blown about by the wind; and any person who shall be guilty of any of the provisions of this section shall for each offence be liable to a penalty of \$5.

It is reported that fires have been kindled in yards very near to buildings in Chatham on dry days, when the wind was blowing hard enough to carry sparks about—and that by people who ought rather to show a good example than to be found breaking the laws made for the protection of them and their neighbors equally. Whoever is found thus respecting the laws at defiance in this respect hereafter will be prosecuted.

As an Aid to internal remedies for skin diseases, Dr. Loew's Sulphur Soap proves very valuable.

It pays to be honest, you say. Granted. Yet how many are dishonest through ignorance, expediency, or intentionally. One can be dishonest and yet say nothing. A clerk who lets a customer buy a damaged piece of goods, a witness who holds back the truth which would clear a prisoner, a medical practitioner who takes his patient's money when he knows he is doing him no good,—all are culpably dishonest.

It is generally known that doctors bind themselves by codes, resolutions and oaths not to use any advertised medicines. Now, there is a medicine on the market which, for the past ten years, has accomplished a marvelous amount of good in the cure of Kidney and Liver diseases, and diseases arising from the derangement of these great organs,—we refer to Warner's Safe Cure. So widespread are the merits of this medicine that the majority of the doctors of this country know from actual evidence that it will cure Advanced Kidney Disease, which is but another name for Bright's Disease.

The medical profession admit that there is no cure for this terrible malady, yet there are physicians dishonest enough to procure Warner's Safe Cure, put the same into plain, four-ounce vials, and charge their patients \$2.00 per vial, when a six-ounce bottle of the remedy, in its original package, can be bought at any drug store in the world for \$1.25.

Perhaps the doctor argues that the cure of the patient justifies his dishonesty, yet he will boldly stand up at the next local medical meeting and denounce Warner's Safe Cure as a patent medicine, and to the people are waking up to the truth that the medical profession is far from honest, and that it does not possess a monopoly of wisdom in the curing of disease, doctoring the many symptoms of kidney disease, instead of striking at the seat of disease—the kidneys themselves,—allowing patients to die rather than use a remedy known to be a specific, simply because it has been advertised, and when patients are dead from Advanced Kidney Disease, still practicing deception by giving the cause of death in their certificate

as pneumonia, droupy, heart disease, or some other accompanying effect of Bright's Disease.

Agricultural.

WARBLE MAGGOT. An eminent English authority, says mercurial ointment is the most certainly effective remedy that can possibly be applied. Its effects are so rapid, that he safely and generally uses it, that she much prefers the general use of a mixture of lard and sulphur which is ultimately as effective as the other.

PLANTING FOREST TREE SEED. We have frequent inquiries as to when forest trees should be planted. The rule will not apply to all seeds. It is a general rule that the seed should be planted very soon after ripening. As we recently saw a sign that has a horn like covering, like the locust retain their vitality for some time while seeds like the maple and elm are not long-lived. Black walnut is the most obstinate and butternut should be planted the first year. The excelsior will retain its vitality for several years.

ROSE SHOEG. Dr. Fleming, C. B., chief veterinary surgeon to the British forces, concluded a lecture on horse shoeing recently as follows. He leaves a nail and five claugers and one nail to mourn the loss of a loving husband and father.

COMMENCING the 1st of JUNE, and during the Summer Months, the Northern and Western Railway will issue
