CAUTION

While we recognise the fact that "imitation incerest flattery" we wish our friends and customers and intending buyers of

Mowers and Rakes

succeed in making as good an article as the one they copy ous of the quality of an imitation which is pressed for sale from. Especially we wish to impress buyers to be suspicion the score of cheapness. With price below the average,

one is sure to get quality below the average. Imitations of the celebrated Horse Hay Rakes and new mproved Buckeye Mowing Machines made by G. M. Cossitt & Bro., and sold in this province for the past seven-

teen years, are being offered to buyers. Some manufacturers having fought the Cossitt Buckeye for years with many other styles of Mowers, and been completely beaten, now hope to secure trade away from us by making a cheap Buckeye.

BEWARE OF SUCH!

Buy the genuine and be safe. Some dealers have bought cheap imitations of Cossitt's celebrated Rakes which are not branded with the name of any manufacturer, and are trying to sell them as Cossitt Rakes.

What is likely to be the quality of a Rake which has no maker's name on it?

Fair minded reader what do you think of the character of men who will try to secure business by such means?

When ready to buy a Mower or Rake look for the

maker's name and select a Cossit and you will get good value for your dollars. Our Branches are handy and our agents are in every county. All sell at the same prices and on similar terms.

Buy old established favourites from an old established House and be safe. Our Branches are handy and our agents are in every

Henry M. Stanley,

perhaps the foremost explorer in pluck, endurance and achievement, has just completed successfully his last and greatest undertaking, rescue of Emin. The story of his adve and discoveries, "In Darkest Africa," will be published shortly by Messrs. Charles Scribner's Sons. It will be a thrilling and instructive narrative. Stanley is entitled to the fruit of his labors, and this the general sense of justice will secure to him by purchasing

'In Darkest Africa"

the only book in which he will have a personal interest. Intelligent and well-meaning people will not buy the bogus "Stanley books" offered under false and misleading representations, to no one of which has Stanley contributed a line. They will wait for the only authentic book on this subject, written by Stanley himself, and in buying it they will put into his pocket a share of the proceeds of its sale. "In Darkest Africa" will be in two octavo volumes, replete with maps and amply illustrated from Mr. Stanley's own photographs and sketches Price \$3.75 per
