Burdock Blood Bitters Is a purely vegetable compound, possessing perfect regulating powers over all the organs of the system, and controlling their secretions. It so purifies the blood that it

All blood humors and diseases, from a common pimple to the worst scrofulous sore, and this combined with its unrivalled regulating, cleansing and purifying influence on the secretions of the liver, kidneys, bowels and skin, render it unequalled as a cure for all

diseases of the

From one to two bottles will cure boils, pimples, blotches, nettle rash, scurf, tetter, and all the simple forms of skin disease. From two to four bottles will cure saltrheum or eczema, shingles, erysipelas, ulcers, abscesses, running sores, and all skin eruptions.

DISEASES

It is noticeable that sufferers from skin

Are nearly always aggravated by intolerable itching, but this quickly subsides on the removal of the disease by B.B.B. Passing on to graver yet prevalent diseases, such as scrofulous swellings, humors and

SCROFULA

We have undoubted proof that from three to six bottles used internally and by outward application (diluted if the skin is broken) to the affected parts, will effect a cure. The great mission of B. B. B. is to regulate the liver, kidneys, bowels and blood, to correct acidity and wrong action of the stomach and to open the sluice-ways of the system to carry off all clogged and impure secretions, allowing nature thus to aid recovery and remove without fail

BAD BLOOD

Liver complaint, biliousness, dyspepsia, sick headache, dropsy, rheumatism, and every species of disease arising from disordered liver, kidneys, stomach, bowels and blood We guarantee every bottle of B. B. B. Should any person be dissatisfied after using the first bottle, we will refund the money on application personally or by letter. We will also be glad to send testimonials and information proving the effects of B. B. in the above named diseases, on application to T. MILBURN & CO., Toronto, Ont.

1880---1889

Government vs Opposition!

The above does not mean the result of voting on election day, but that I have decided to make a change in my business at the and of ten years-1st May next. You will be advised later what; it all means. At present I am offering my whole stock at prices that cannot be met by any opposition.

This will enable the Public to procure what they require at prices to suit.

Call and be Convinced.

Bear in mind these prices are only for CASH. All goods charged will be at regular prices.

BRAINY BLIND MEN.

Thomas Blacklock, D. D., one of the most learned men of the Eighteenth century, was blind at the age of three months. Francis Huber, the Swiss naturalist, lost

his sight at an early age, became an eminent entomologist and wrote on bees, ants and In 1685 lived Nicholas Sanderson, who, although he became blind at the age of 3 years, actually became learned in two of the most

Hermann Torrentius, a blind Swiss, born in 1520, became one of the principals of the

University of Berne, the author of a poetical

and botany. David Macbeth, the inventor of the string alphabet for the blind, was born blind. He was an accomplished musician, a perfect prodigy in mathematics, and an inventor of year of its existence. no mean order of merit.

John Metcalf, blind at the age of 4 years,

and a most wonderful production of the last

century, was born at Knaresborough, Yorkshire, England, in 1717. He was the most expert violinist in all England when only 12 Vidal, the blind sculptor, is one of the wonders of the French capital. He has been blind since his 21st year. By slowly passing

his hands over an object he notes its external

proportions, and imitates them in clay in a

manner which strikes the beholder dumb with Henry Fawcett, the blind English post master general, who died in 1884, was a greater man by half after the unfortunate accident which deprived him of sight than he ever was before. He was born in 1833

John Gough, totally blind from the age of 3 years, became quite celebrated as a botanist and writer on subjects pertaining to natural philosophy. He arranged, by the sense of touch alone, and without the least aid from any living human being, one of the largest and most valuable collections of dried herbs and grasses at that time (1780) known in Britain. Mr. Herreshoff, the blind president of the Herreshoff Manufacturing company, of Bristol, R. I., seems as much out of his element in his present capacity as either the blind sculptor or the blind postmaster general.
