

Miramichi and the North Shore, etc.

HOUSE TO LET:—See advt. THE CHURCH OF ENGLAND SYNOD is in session at St. John and will be reported in next week's issue.

THE PRESBYTERY of Miramichi is to meet at Dalhousie on Tuesday next, 8th July. N. McKAY, Clerk.

THE MILITARY Camp is being held at Moncton and it is said the ground there is very unsuitable. We shall have a report of the camp for next week.

HARRY LINDLEY and his deservingly popular company are delighting Newcastle audiences this week. They will be in Chatham about the end of the month.

STURGEON CAUGHT:—Mr. Alex. Murdoch, Lower Napan, found a sturgeon, seven feet long, and weighing about two hundred pounds, entangled in the tail of his salmon net, a few days ago.

PERSONAL:—Hon. Chief Commissioner Ryan and A. G. Beckwith, Esq., Chief Engineer, of the Public Works Department are visiting Northumberland.

STRAWBERRY FESTIVAL:—The ladies of St. Andrew's Church, Chatham, purpose holding a Strawberry Festival in the Park, on Tuesday, the 15th inst.

REV. AND MRS. D. V. GWYLM, of Houlton, have been in the city, this week, on their way to Lewiston, where Rev. Mr. Gwyll is to be rector of Trinity Episcopal parish.—Bangor Commercial.

A JUVENILE PICNIC, in celebration of little Miss Gertie Robinson's birthday, was held at Rosebank on Wednesday. Mr. Alex. and Mrs. Robinson had charge of the little ones, who spent a very pleasant outing.

A RETURN MATCH between the little ladies of Chatham and Newcastle was played on Wednesday at Newcastle, and resulted in victory for Chatham by just one run. Our little Newcastle friends will, no doubt, win next time, as they improved very much on their former scoring.

PROF. ASHLEY, the "King of Dentists," who will extract teeth without pain—no gas, on either, nothing but science—will be at Canada House for one week commencing July 5th where he can be consulted.

A free concert every night at Ritchie's wharf commencing at 8 o'clock.—Avt.

FIRE:—The residence of Mr. Alex. Fitzgerald, at Redbank, caught fire about six o'clock on the morning of Tuesday, June 24th. The house, with barn and wood shed, was totally destroyed.

THE RENONS PICNIC is reported as a great success, in every way, by those who attended. There was a very large attendance especially from up-river points and Father Murdoch, the earnest young pastor of the Renons congregation, is to be congratulated on the manner in which his efforts to make the affair a success were seconded by his people. The music by St. Michael's band was highly appreciated.

THE WEEKS-SUTHERLAND CASE:—The Grand Jury at Charlottetown found no bill against Mrs. Weeks, who was arrested in St. John some months ago on the charge of attempting to administer poison to Mrs. Sutherland. There was no evidence to connect Mrs. Weeks with the poisoning, though there was no doubt that someone put poison into the whiskey which Mrs. Sutherland took medicinally. It is said that Mrs. Weeks is not on the island at the present time.

PAUL'S GUILD SALE:—The ladies of St. Paul's Chapter of the Guild of S. Mary and S. Paul will (D. V.) hold a sale of useful needlework, fancy articles, etc., at the home formerly occupied by the late Mr. Wm. Morrison, near the residence of Alex. Morrison, Esq., Chatham, on Tuesday, 15th July instant: The Steamer "Nelson" will call at the wharf immediately in front of the place of sale, so that its patrons, of whom we hope there will be many, may conveniently attend. Tea and refreshments will be supplied during the afternoon and evening. The sale will begin at 2 o'clock, p.m.

IF A "CRACKER":—It is not a matter of great importance, but we think the *Advocate* might confine its exhibition of ignorance and bad taste within reasonable lines, and stop short of such innocent affairs as the base ball match between the little girls of Chatham and Newcastle, in its efforts to assail the correctness of other papers' statements. The score in the match referred to was exactly as we stated, 40 to 28. What good purpose the *Advocate* hopes to serve by misrepresenting such a matter, it is hard to discern, so as to save his face, as far as possible, T. P. slowly walked up to his master, to be relieved from the hook. "Break it off, captain, break it off!" said one of the party. "No, no," replied the captain, "I am going to do nothing this time. Would you have me destroy my best fly?" And so quietly taking a sharp pen knife out of his pocket and slitting the robe of his servant's ear, he thus safely rendered the favorite fly injured. The story was related to me by the sufferer, who bore on his body confirmatory evidence of the truth of his statement.

HE SAID THE FLY:—Forest and Stream says: Captain—of the Royal Artillery, was salmon fishing on the southwest Miramichi, about Boiestown. In an unlucky and unguarded moment he was rattled by a fly, and he was swinging around his salmon rod preparatory to casting, his large hook caught in the thin part of an ear of T. P., who was one of the captain's men, who, as ardent and a better fisherman than his master, was intently watching the motions of a large salmon, which the captain was endeavoring to secure. Seeing the line with both hands, so as to save his ear, as far as possible, T. P. slowly walked up to his master, to be relieved from the hook. "Break it off, captain, break it off!" said one of the party. "No, no," replied the captain, "I am going to do nothing this time. Would you have me destroy my best fly?" And so quietly taking a sharp pen knife out of his pocket and slitting the robe of his servant's ear, he thus safely rendered the favorite fly injured. The story was related to me by the sufferer, who bore on his body confirmatory evidence of the truth of his statement.

DEAR ADVANCE:—I have no doubt but some of your readers will wonder where Flatsburg is. Well, it is the name of a

new village which is springing up around the Brick Works of Messrs. G. A. & H. S. Fleet. The firm are doing a pushing business in the manufacture of bricks this season. They have two large kilns burned and ready for delivery—one here and one at Napa. This is a fortnight earlier than usual. They will manufacture about 3,000,000 this season and are prepared to fill all orders with promptness and have unequalled facilities for shipping, either by rail or vessel.

Couns. Kerr, Betts and Fowlie were present, in addition to those at the morning session. Adjourned until 3 p. m. for committee work.

Reassembled at 3 p. m. Couns. McNaughton and Uilock were present together with members already recorded.

Comp. Campbell said that there was a rule providing that a fine of \$10 be enforced upon absentees, unless sufficient excuse for absence be given and he moved that it be enforced.

The matter was debated for some time and the motion, being put, it was declared lost.

Coun. Adams from the petition committee reported, recommending that Charles Barnett of Douglastown be assessed on \$250 only. Adopted.

In the matter of James Yoeman, recommended that the prayer of his petition that he be assessed only on an income of \$250 be granted. Adopted.

Chatham Police Committee 1 year's rent of lock-up building, \$62.00. Coun. Perry submitted report of John Burk, Com. Highways, Rogersville, passed—also, return of Savin Arsenault, col. rates do. Passed.

Coun. Campbell enquired what had been done in the matter of boring the artesian well at the jail.

Coun. Coleman, of the Jail Committee, said the committee had inspected the grounds at the jail; that Mr. Gremley had promised to begin the work; subsequently he wanted a bigger price than the committee felt should be paid, but to-day Mr. Gremley said he was to commence boring the well next week.

The committee found that Mr. Bridges of Chatham wasn't in a position to do the work. If Council was not satisfied they might discharge the committee.

Coun. Kerr said the Secretary had informed him that no more than \$40 per day could be collected as County fee for public exhibitions. He moved that the by-laws be amended so as to provide for fees as follows:

Circus and Menageries and all other outdoor shows, generally, \$40 each per day. Show exhibit or concert in public Hall, \$2.00.

For each day continuation, \$1.00. Adopted. Coun. Kerr, from the committee to whom was referred the petition of Messrs. Gillespie and others, submitted to the January Session, asking for a renewal of their lease of the public wharf, known as the Ferry Wharf, Chatham, submitted a report, stating that they found the property capable of yielding an income of \$150 a year.

In reply to Couns. Betts and Campbell, who directed attention to the fact that the committee had made no recommendation, Coun. Kerr showed that the committee had not been appointed to make a recommendation, but merely to ascertain facts and report. He proceeded to state, at some length, the facts ascertained, showing that the property fronted some 200 feet on Water Street, with about 40 feet off its westerly side for a ferry slip, and that it extended some 300 to 370 feet from Water Street to the river, with a right of way for a public slip on the east side which he said, had never been sufficiently kept open by the lessees. The ground rent of three building lots fronting on Water Street was \$40 each per year, there was an engine house, also, for which the lessees charged no rental to the town. \$200 a year had been the rental of the mill site until a short time ago

and he believed it was now \$50. Then there were some rents for lumber landing privileges, etc. One well-informed man whom he had consulted valued the property at \$400 a year while another whom he thought equally competent to appraise it, placed it at \$20 a year—showing the different ideas people had of its value. In saying it was capable of bringing in a rental of \$150, the committee did not mean to say that all it was worth, for it might be much more.

Coun. Coleman agreed with Coun. Kerr in his statement of the ascertained facts connected with the lease in question, and said it would not be objectionable, should the Council and lessees fail to agree upon a new lease of the whole property, to let them have say 100 feet of it, at a fair rental, to put their buildings on.

Hon. Mr. Tweedie was, on motion, heard in behalf of the lessees. He said all the lessees asked was to be equitably dealt with. It was easy to say that the property in question was worth so much per year, but it must be remembered that the lessees took it when it was worth nothing to the county and, by an expenditure of thousands of dollars, all paid out of their own pockets, made it what it is. What they now asked was that the same treatment be accorded to them by the council as was given to Mr. Call, the lessee of the public wharf at Newcastle, and that other persons whose motives might simply be to take undue advantage of them be not allowed to come in and, by taking advantage of the lessees' enterprise, be permitted to reap where they had not sown and gather when they had had not sown.

At the mill site referred to it must be remembered that its value was dependent almost entirely on the fact of its contiguity to the Mainhead Lumber. As to the public slip, it was thought that as a ferry landing was taken off the west side the other public landing on the east side, referred to in the lease, was not necessary.

Coun. Kerr said Mr. Tweedie hadn't stated what the revenue of the property was. Mr. Tweedie said it wasn't \$100 over and above the taxes.

Coun. Kerr contended that in any new lease, the public slip on the east side must be opened from Water Street to the river and kept open. The public landings of Chatham were being gradually closed and it should be prevented.

Coun. Campbell moved that a renewal of the lease, be given to the present lessees for \$40 a year.

Coun. Kerr moved that the lease be offered at public competition. This was opposed by Couns. Campbell, Betts and Bransfield, on the ground that it would enable outsiders to take advantage of the lessees' enterprise in creating a valuable property.

Coun. Coleman said if the lessees would pay \$150 for a renewal it might be accepted, provided they opened the public landing on the east side.

Coun. Betts moved a renewal for 10 years to the present lessees at \$50.

Coun. Kerr contended for an absolute provision for a public slip on the east side.

Mr. Tweedie said that the lessees would open slip 200 feet wide from Water Street to the river if they had a 21 year lease.

A motion to adjourn was negatived. After further discussion the motion already passed was reconsidered and a motion was made by Coun. Betts to authorize a lease for 21 years at \$50 a year, with the requirement of a public landing on the east side of the wharf.

Coun. Adams moved that the rental be \$150 a year. This was not seconded, and Coun. Betts' motion passed.

Bills for payment of Councillors' mileage, etc., were then passed and council adjourned sine die.

Welcome Home at Millerton. Mr. John W. Miller and bride, to whom marriage at Jamaica Plain were referred a fortnight since, have completed their wedding tour and are now at home in Millerton. Their home-coming was celebrated on Saturday 21st ult. by the whole village of Millerton, in a manner which attested the young couple's popularity. The train on which they arrived was decked with flags and the residences and stores of Millerton were gay with bunting.

On the arrival of the train the steam whistle of the extract factory, as well as those of the steamers, proclaimed their welcome, and the Derby band, of which Mr. Miller has long been a valued member, played its choicest selections. In the evening there were bon-fires, and a fair display of fire-works which had been imported from Boston for the occasion. There was also a serenade by the band, under the soft light of Chinese lanterns, which were hung about the grounds, and the band had supper, followed by ice cream. Altogether the event called forth every possible exhibition of the good will of the neighbors and employees of Messrs. Miller, not only towards the bride and bridegroom, but also the father of the groom, Mr. John C. Miller, than whom no man on the Miramichi better deserves the best wishes of the whole community.

Marriage of Dr. Ferguson and Miss Sinclair. A social event of more than usual interest was the marriage at Bridgetown, at 11 a. m., on Tuesday, of James Ferguson, Esq., M. D. and Miss Bertha Sinclair, eldest daughter of Edward Sinclair, Esq. The ceremony was performed at the residence of the bride's father by Rev. Wm. Aitken, pastor of St. James' Presbyterian Church, Newcastle, whose daughter, Miss Rahno Aitken, was bridesmaid, Mr. Allan Parsons of being groomsmen.

The happy event was the occasion of quite a family reunion, and was witnessed by only a limited number of the immediate relatives and friends of the contracting parties. Amongst the honored guests were Miss Ruth Pentland of Quebec, who visited Miramichi a year or two ago, and comes again with Miss Flossie Sinclair to help that young lady spend her vacation as a pupil of the Ursuline Convent School, Quebec.

It was an interesting time for the mother of Mr. Sinclair and grandmother of the bride, who went from her home in Douglastown, of Richibucto, father of the groom, might be congratulated on being the youngest-appearing gentleman of the party, yet it was not for the presence of the ever-youthful father of the bride, on whom time and increasing business and family responsibilities seem only to have the effect of increasing his vivacious geniality. The mother of the bride, too, discharged the duties of the important occasion with befitting dignity and grace, and it may be said that no event of the kind could well pass off more smoothly or under more happy auspices. The bride has hosts of friends here and abroad, while Dr. Ferguson is recognized as possessing a genius for and skill in his

profession that are above the average displayed at his age. We join in the general wish for their happiness in the important relationship just entered into and hope that their journey through life may be as bright and brilliant as the auspices of weather and surroundings under which they left on Tuesday for their honeymoon trip to the "garden of the Gulf of St. Lawrence."

Redbank School. An obliging correspondent sends us the following:—School examination was held in Redbank school, District No. 3, on Friday last. There was quite a number of visitors present. The examination was conducted by the Rev. J. D. Murray. The classes were examined in History, Geography, Grammar, Reading, Spelling and Arithmetic, and from the manner in which the pupils acquitted themselves, the trustees and visitors were of the opinion that the teacher had spared no pains with her pupils.

This school is taught by Miss Emily F. Frecker, of Richibucto, assisted by Tessa Gullis. The pupils are all very sorry to part with this most popular teacher, as she has endeavored them all to her by her kindness and cannot be induced to remain, as she intends taking a rest after the examination was over and the prizes given. Master Herbert T. D. Parks, on behalf of the school, presented the teacher with a beautiful Jewel-Case, and address as follows:—

Dear Teacher:—In behalf of the pupils of Redbank school I take pleasure in presenting you this token of regard, not for its intrinsic value, but to show the love and esteem we have for you and our teachers. We are glad to show that we appreciate your labor among us, and in wishing you good bye with regret, we hope your next situation will be as pleasant to both teacher and pupils.

Crockett, Therefore Resolved That while we bow in humble submission to the will of Divine Providence, we deeply mourn the death of a Brother whose life and course of conduct will long be remembered by every member of the Lodge.

Some Things Never in Fashion. (Mrs. Malton's column in Ladies' Home Journal.) There are some things that are never in fashion, although the enterprising shopman may fill his windows with them. One is green gloves; if one green glove can be worse than another it is that kind with V-shaped sections of white kid set in them. These never were and never will be fashionable, and do not let anybody induce you to spend your money on them. Then while scarlet crepe bouquets and scarlet trimmings are in good taste, leave all red hats, especially the largest ones to the people in the nursery. Arrange your red coloring in some other way and do not have it all in a hat. Lx Mode never appears. Do not believe that blacks, grays and browns are to be forgotten for some old shade of green, pink, or blue; the first are always in good taste. Faint tints are never to be called "faint" (Home Journal).
