## A BAD FACE HUMOR. Covering the Face with Disfiguring, Painful Blotches, Cured by Cuticura Remedies,

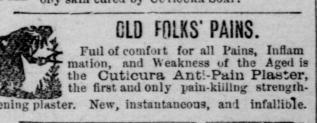

About seven years ago I had a humor break out upon my face; it started in a small blotch and looked like the sting of a bee, then it spread and looked like a ringworm, and became very painful. I at once went to one of the best doctors in the city, and he could do me no good. No less than twelve of the best docrors have had a trial at my face, and all of York, and Maine, also from England, France, and Canada. I have leen a hotel cook and steward for years. In the summer I cook at watering places; that is why I have had an opportunity of bei g among good loctors. They could not cure my face, and l given up all hopes of ever being any better. Last June, I went to Moosehead Lake, Maine, to cook for the season. My face was so bad I did not like to be seen. At the lake I met a gentleman from England
