About seven years ago I had a humor break out upon my face; it started in a small blotch and looked like a ringworm, and became very painful. I at once went to one of the best doctors in the city, and he could do me no good. No tess than tweive of the best doctors have had a trial at my face, and all of them failed. I will not give you a list of their names, but will say that they were from Boston, New York, and Maine, also from Engiand, France, and Canada. I have been a hotel cook and steward for years. In the summer I cook at watering places; that is why I have had en opportunity of being among good doctors. They could not cure my face, and I had given up all hopes of ever being any better. Last June, I went to Moosehead Lake, Maine, to cook for the season. My face was so bad I did not like to be seen. At the lake I met a gentleman from England. He told me to use your Curicura Remedies.
