#### Miramichi and the North Shore, etc,

BAND NIGHT at the Chatham rink will be on Friday, instead of Thursday this week.

"STUMBLING-BLOCKS" was the subject a very interesting and earnest temperance lecture delivered in Mission Hall, Newcastle, on Friday evening last to a large and appreciative audience.

REAL ESTATE SALES :- W. S. Loggie, Esq. offers two properties for sale, which ought to attract attention. The fine farm opposite Chatham is one of the best in the vicinity, while the Henderson Street property is very desirable for many kinds of business.

AN INTERESTING LECTURE:-Rev. C. H. Paisley, A. M., will give a Lecture in Lake's Church, on Monday evening, under the auspices of the Epworth League: Subject, "What the Earth teaches of its History."

MR. MITCHELL'S MEETING:-All who are favorable to the candidature of Hon. Mitchell are invited to the meeting of the Liberal Association to be held in Masonic Hall this, Thursday, evening. As Mr. Mitchell's supporters in all parts of County have been notified, the gathering will, no doubt, represent the full working strength of his party.

VOTERS' LISTS:-The Revising Officer, Hon, Judge Wilkinson, has on sale the Dominion electoral lists for each polling place in the County, and has been instructed to furnish them at the rate of five and a half cents each to applicants. Full lists for the whole County, neatly stitched to- ted from the assessment roll. gether and with cloth backs, are furnished at \$1.70 each.

THE RACES at Chatham rink on Tuesday evening drew a fair number of spectators. The principal race of 3 miles, the first of a series of three races for a silver medal which is to become the property of the party winning it three times, was taken by Burciay Wyse, whose opponents were Jardine and Wm. Murray. There were also a number of boys' races.

ORGANIZING :- Hon. Mr. Adams' committees are thoroughly organized in Chatham and Newcastle, and Hon. Mr. Mitchell's are also holding meetings nightly in both places. Good feeling seems to exist between the respective working forces, the non-resiheavy forces ranged on the side of a rational taxes. trade policy and resident representation.

A LARGE AND VARIED STOCK :- We call the attention of our readers to the advertisement of Mr. Alex. Robinson which accompanies this issue of the AVANCE. Mr. Robinson's reputation for good work as a carriage builder and painter is well known throughout the North Shore, He can also supply the farmers with all kinds of implements as well as wagons carts &c. and they will find it to their advantage to give him a call. Mr Robinson has lately added to his business the sale of pianos and organs, and as they are direct from the manufacturers, they can be sold at lower prices and better time than ever before offered here. No more oldfashioned prices. Call and examine Mr. Robinson's varied stock.

HYMENEAL:-At half past six o'clock Tuesday morning a quiet little wedding took place at St. Dunstan's church in this city. It was the marriage of James F. Connors of Chatham to Louisa J. Duffy daughter of Charles Daffy of this city. Frank Griffin of Chatham was best man, and Miss Tresa C. Duffy supported the bride. The ceremony was performed by the Rev. Father McDevitt in the presence of the immediate relatives and friends of the happy couple. After the service, all proceeded to the residence of the brides's parents where a sumptnous breakfast was served and all present joined in wishing long life and happiness to the bride and bridegroom. The presents were numerous and costly and consisted of a number of very useful articles. Mr. and Mrs Connors will reside in Chatham .- F'ton. Herald 9th inst.

## The Bathurst Schools Matter.

To the Editor of the Advance : SIR: - A communication in your issue of

29th ult , under the nom de plume "Truth," exacts a little attention from me, and I ask a portion of your valuable space to reply to some assertions made therein. Had the writer prefixed the words, "an

economiser of," before "Truth," he would have described himself much more accurately, as his communication is a tissue of falsehoods from first to last.

He attempts to criticize the standing of the fair-minded Protestants of Bathurst town School District, No. 2, who signed a memorial to the Board of Education stating that they were perfectly satisfied with the arrangement made by the trustees in the employment of Sisters of Charity to teach in the district under the New Brunswick School Law; and in doing so endeavors to belittle their standing, prominence and influence in the community, and for the purpose of doing so he makes a number of misstatements of facts, (some would call them downright lies) for the purpose bolstering up the position he has assumed.

I will take up his misstatements, one by one, and show conclusively to your readers | Hole Creek. that there is not one grain of truth in any of his alleged facts.

It will be remembered, that certain persans presuming is their arrogance to speak for the Protestants of Bithurst, addressed a smemorial to the Board of Elucation, which was published in the Sun, protesting against the public schools being taught by the Sisters of Charity. The names were not appended to this precious document, consequently, I am unable to make a comparison between them and those Protestants who signed the other memorial to the Board. am informed, however, that there were only eight names to this document, the more fair minded and intelligent Protestants refusing to have anything to do with such

"Truth" when it is learned that he never referred to the registry books at all, (probably because there is a small "fee" for doing so) but sent his lawyer-tenant to the Registrar to enquire whether three of the signers owned property "in fee." This was the extent of that search.

On the other hand a diligent search has been made of the records, and it is found that not 6, as alleged, but 14 if not 15 of those who signed the fair-minded memorial are owners of property "in fee." There are, it is true, some of the signers who are not owners of real estate, but who are owners of personal property, and in receipt of good incomes, and who pay their due share of taxes, and are recognized as among the best and most public spirited citizens of Bathurst. The person who signs himself "Truth' knows this, but is too prejudiced and bigoted to admit it. ## Political Notes.

One cannot place much confidence either the statements of fact or prophecies of victory made by the party papers while for instance says :-

"Hon. Peter Mitchell received a telegram from Newcastle, Northumberland County, informing him that he had been unani mously selected as their can lidate by the Liberals of that county. The Liberal party of that county is more solidified than at any time since 1867. Men who opposed Mr. Mitchell at last election are with him now. Residents of Northumberland "smile audibly" over the foregoing statement.

is a fact that gentlemen who formerly supported Mr. Mitchell and have been asked by interested parties here to join in extending him an invitation to come and contest the County have declined to do so. It is als well known that oll supporters, by hunthe County will convince Mr. Mitchell of this. Many who like him personally and glad to see him as a friend and to extend that welcome and good treatment always entrust the representation of the County in his hands. While it is true that the Liberals of the County compose the great majorare at all "solidified." They are all fully alive to the fact that their organization has been unduly used for the purpose of promoting his single aim, which is to use Northum. berlan lat his convenience for providing him with a seat at Ottawa. That is what has practically killed the organization. The party is still in vigor, and full of life, but it will not follow Mr. Mitchell, this time.

If Mr. Mitchell were in touch with the him, should he face the electors. people of the County, he would not be so castle, thence in a westerly direction to the people of the County, he would not be so mouth of the Big Sevogle River, thence misled by those who are now promoting his candidacy as to make the mistake of forcing his former supporters to desert him almost in a body. He seems to care little formerly owned and occupied by the late for the interests of the Liberal party of Northumberland, and has been the means of introducing into its ranks the "rule or ruin" element by which it is suffering shipwreck. A significent indication of the No. 19-Comprising all that part of the complex on of Mr. Mitchell's support is members. Messrs. George McAvity, Dr. has previously omitted. There are many-especially old men-in the county, who, because of old associations, find it hard to refuse him their vote, but the number of this class is rapilly diminishing, simply because they believe it is time he tried some constituency nearer where he has so long resided, and gave Northumbe land's own men an opportunity to contend for the honor of representing their County.

It must be clear to Mr. Mitchell that he cannot expect Northumberland to elect his again. It has already becom: a reproach to the County that its electors have not chosen one of their own resident number as their Ottawa representative, especially in view the fact that Mr. Mitchell is far from having his old-time influence in the House of Com mons. He made himself obnoxious to the Liberals when they were in power, and is even worse than that in his attitude towards the Conse vative government. "Is he really going to run," said "No," said an old time friend, on Saturday. "He's only going to walk, for he must be walking, as the Globe says he start: ed from Campbellton for Newcastle three sion, as the following shows :days ago." Those supposed to be in communication with him assured their friends that he would be here on Thursday, then on Friday, then, on Saturday, then, on Sunday, then, on Monday, then, on Tuesday, then, on Wednesday. The utter absurdity of the statements made is apparent when it is known that the great majority of the influential men who supported Mr. Mitchell in 1887, when his majority was 746, have abandone i him. What chance can he have with old supporters like Messrs. Ritchie, Barchill, Snowball, R. Fianagan, Tweedie, Jas. Robinson, Wm. Richards, Wm. Park, H. S. Miller, and the thousand or more who have always acted with them, ready to tell him squarely that they cannot longer countenance his candidacy. In 1887 he had three of the County's members in the Local Legislature on his side now, the whole four are against him. On that occasion, too, he had a majority of the Municipal Councillors with him. Now nineteen out of the twenty-six have signed the requisition for Mr. Adams and three of the remaining seven have declared they will support that gentleman. Does this state of things not indicate that Mr. Mitchell's candidacy is ill advised and hopeless Chatham which, in 1887, gave bim a majority of 403, will return him something like the misority of 250, which it gave him in 1878, whilst Newcastle Nelson cally snow him under. Liberals and conservatives alike are determined to join in affirming the principle of resident representation for Northumberland, Mr. Mitchell should have gracefully retired on this occasion. As he has not done so, the electors are determined () assert themselves and remove the reproach that we have to go to Montreal for a representative.

Here is another effort with the ear marks of the same correspondent upon it

Mr. Mitchell-I would like to ask that this item stand until I am able to examine the basis on which it is put in the Estimates. I was in this public building last year, and I could see no necessity for any repairs at all. I do not want to see money expended even in my own county if it is not asked for : I certainly have not asked for this, and I do not see on what principle the hon. Minister County has not asked for it.

Sir Hector Lungevin-It is not necessary that we should ask the member for a county whether repairs are called for or not; these things are done, not by the members, but by the officers of my Department. They go and enquire, and then they report whether uch repairs are necessary or not. Of course, if I thought the money was being squandered, I would ask that the vote be struck out; but I have a duty to perform, and I believe these repairs are required. Sir Hector Langevin-The Post Office Inspector has also reported that the building required repairs, and that is the reason for this vote. Of course, if the hon. gentleman will insist absolutely that my officers must and the other parishes will practi- not go into his county, I will have to consider whether the repairs should be made or not; but, I think, my hon, friend will see that he is on a false track in finding fault with me, or my Department, because we take care of a building in his county, but I am in duty bound to take care of that building as all others, and I state on my responsibility, that the building requires these re-

Mr. Mitchell-I have endeavored to find out what the repairs are, and I have not found out yet. The hon, gentleman has undertaken to give me some advice as to what my county wants; but I may say to him, that not a single request that I have ever made on behalf of my county has been as I know, is not required at all, simply because the gentleman who opposed me in the last election has asked for it. I hope the hon, member for Northumber and will not say anything more, but allow this grant to pass, because I think the explanation very satisfactory-at all events to me.
